

NUVEEN GLOBAL CITIES REIT, INC.
SUPPLEMENT NO. 4 DATED SEPTEMBER 17, 2018
TO THE PROSPECTUS DATED APRIL 16, 2018

This prospectus supplement (the “Supplement”) is part of and should be read in conjunction with the prospectus of Nuveen Global Cities REIT, Inc. dated April 16, 2018 (the “Prospectus”), Supplement No. 1 dated July 13, 2018, Supplement dated July 16, 2018 and Supplement No. 3 dated August 16, 2018. Unless otherwise defined herein, capitalized terms used in this Supplement shall have the same meanings as in the Prospectus.

The purposes of this Supplement are as follows:

- to disclose the transaction price for each class of our common stock as of October 1, 2018;
- to disclose the calculation of our August 31, 2018 net asset value (“NAV”) per share for each class of our common stock; and
- to update the “Experts” section of the Prospectus.

October 1, 2018 Transaction Price

The transaction price for each share class of our common stock for subscriptions accepted as of October 1, 2018 (and repurchases as of September 30, 2018) is as follows:

	<u>Transaction Price (per share)</u>
Class T	\$10.29
Class S	10.29
Class D	10.29
Class I	10.29

The transaction price for our Class D and Class I shares is equal to such class’s NAV per share as of August 31, 2018. A detailed presentation of the NAV per share is set forth below.

As of August 31, 2018, we had not sold any Class T or Class S shares. The transaction price for our Class T and Class S shares is based on our aggregate NAV per share as of August 31, 2018. The purchase price of our common stock for each share class equals the transaction price of such class, plus applicable upfront selling commissions and dealer manager fees.

August 31, 2018 NAV Per Share

We calculate NAV per share in accordance with the valuation guidelines that have been approved by our board of directors. Our NAV per share, which is updated as of the last calendar day of each month, is posted on our website at www.nuveenglobalreit.com. Please refer to “Net Asset Value Calculation and Valuation Guidelines” in the Prospectus for information on how our NAV is determined. The Advisor is ultimately responsible for determining our NAV. As of August 31, 2018, our properties have been appraised in accordance with our valuation guidelines and such appraisals were reviewed by our independent valuation advisor.

The following tables provide a breakdown of the major components of our NAV as of August 31, 2018 (\$ and shares in thousands):

Debt obligations	—
Other liabilities	(3,499)

As of August 31, 2018, we have accrued under GAAP approximately \$23,000 of stockholder servicing fees payable to the Dealer Manager related to the Class D shares sold.

Set forth below are the weighted averages of the key assumptions in the discounted cash flow methodology used in the August 31, 2018 valuations, based on property types. Once we own more than one office and retail property, we will include the key assumptions for such property types.

<u>Property Type</u>	<u>Discount Rate</u>	<u>Exit Capitalization Rate</u>
