

Nuveen Core Plus Impact Fund Completes Preferred Share Issuance

August 19, 2022 – Nuveen today announced that the Nuveen Core Plus Impact Fund (NYSE: NPCT) has issued \$70 million of Taxable Fund Preferred Shares (TFP Shares) in a private placement through a private placement to a qualified institutional buyer, as defined in Rule 144A under the Securities Act of 1933. The Fund will use the net proceeds from the sale of the TFP Shares to repay a portion of the Fund's outstanding borrowings. The Fund and the amount of newly issued TFP Shares are as follows:

| Fund & Common Share Symbol | Series | Share Amount | Taxable Fund Preferred CUSIP |
|---|---------------|---------------------|-------------------------------------|
| Nuveen Core Plus Impact Fund (NYSE: NPCT) | Series A | 70,000 | 67080D 202 |

The TFP Shares of the Fund were issued with terms establishing an initial Variable Rate Mode subject to a rolling 90-day period and a term redemption date of May 2, 2033 subject to extension to not later than May 2, 2035. During the Variable Rate Mode, the dividend rate will be set periodically based on a predetermined formula. The TFP Shares are preferred shares of the Fund and are senior, with priority in all respects, to the Fund's common shares in liquidation and as to payments of dividends, rank junior to any borrowings of the Fund and rank on parity with other preferred shares of the Fund.

No TFP Shares have been registered under the Securities Act of 1933 (the Securities Act) or any state securities laws. Unless so registered, no TFP Shares may be offered or sold in the United States except pursuant to an exemption from the registration requirements of the Securities Act and applicable state securities laws. This announcement is neither an offer to sell nor a solicitation of an offer to buy any of these securities.
