Performance data shown represents past performance and does not predict or guarantee future results. Investment returns and principal value will fluctuate so that shares redeemed may be worth more or less than their original cost. Current performance may be higher or lower than the performance shown. Total returns for a period of less than one year are cumulative. Returns without sales charges would be lower if the sales charges were included. Returns assume reinvestment of dividends and capital gains. For performance current to the most recent month-end visit nuveen.com/global. Performance shown for benchmark since inception is as of the Fund's oldest share class. The base currency of the Fund is USD. Returns may increase or decrease as a result of currency and exchange rate fluctuations between the base currency of the Fund and the currency in which an investor subscribes.

The maximum sales charge for Class A & C shares is 5.00%. All other share classes have no sales charge.

Expense ratios (%)

Ratings shown are the highest rating given by one of the following national rating agencies: S&P, Moody's or Fitch. Credit ratings are subject to change. AAA, AA, A, and BBB are investment grade ratings; BB, B, CCC/CC/C and D are below-investment grade ratings. U.S. government securities, if owned by the Fund, are included in the U.S. Treasury/Agency category (included only if applicable). Holdings designated NR are not rated by these national rating agencies.

Fund description

The Fund seeks to provide current income and positive risk-adjusted capital appreciation by investing in corporate securities across the capital structure based on the team's assessment of relative value and risk.

The Fund is actively managed and is not managed in reference to a benchmark. Investors invest in shares of the Fund. The Fund is suitable for long-term investors that are prepared to accept a moderate to high level of volatility. Please see the Key Investor Information Document(s) for more information.

Important information on risk

Investing involves risk; principal loss is possible. There is no guarantee the Fund's investment objectives will be achieved. Debt and fixed income securities such as those held by the Fund, are subject to market risk, credit risk, interest rate risk, call risk, and income risk. As interest rates rise, bond prices fall. Below investment grade or high yield debt securities are subject to liquidity risk and heightened credit risk. Preferred securities are subordinate to bonds and other debt instruments in a company's capital structure and therefore are subject to greater credit risk. Foreign investments involve additional risks, including currency fluctuation, political and economic instability, lack of liquidity and differing legal and accounting standards. Asset-backed and mortgage-backed securities are subject to additional risks such as prepayment risk, liquidity risk and adverse economic developments. Concentration in the financial services sector may involve greater exposure to adverse economic or regulatory occurrences. Equity investments such as those held by the Fund, are subject to market risk, common stock risk, covered call risk, short sale risk, and derivatives risk. A complete description of the risks of investing in the Fund can be found in the Key Investor Information Document(s) (KIID) and the Prospectus.

This document does not constitute an offer or solicitation to invest in the Fund and it is intended that this document be circulated only to persons to whom it may lawfully be distributed in consultation with their professional legal, tax, and financial professionals as to the best interest of any investment in light of their particular circumstances and applicable citizenship, residence or domicile. Persons who do not fall within such description may not act upon the information contained herein. Any entity that forwards this material to other parties takes responsibility for ensuring compliance with local laws in connection with its distribution, and in particular any applicable financial promotion rules.
