Important Information Regarding Your Quarterly Distribution

May 14, 2019: This notice provides shareholders with information regarding fund distributions, as required by current securities laws. *THIS NOTICE IS FOR INFORMATIONAL PURPOSES ONLY. NO ACTION IS REQUIRED ON YOUR PART. If you would like to receive this notice and other shareholder information electronically, please visit www.investordelivery.com if you receive distributions and statements from your financial advisor or brokerage account. - The funds seek to establish a quarterly distribution that roughly corresponds to the net cash flow received from investments in portfolio securities.
- Cash flow received from certain investments in securities may be characterized differently for financial reporting than for tax reporting.
- The funds intend to distribute only the net cash flow received as opposed to a distribution rate based on long-term total return.
- Actual amounts and sources for tax reporting purposes will be determined as of the funds' fiscal year-end and reported to shareholders on Form 1099-DIV.

The figures in the table below attempt to provide an estimate of the sources of distributions based on net cash flows received from portfolio securities. As a result, the estimates below may include amounts attributed to realized gains and/or returns of capital. The funds attribute these estimates equally to each regular distribution throughout the fiscal year. Consequently, the estimated information shown below is for the current distribution, and also represents an updated estimate for all prior months in the fiscal year. These estimates should not be used for tax reporting purposes. The final determination for all distributions paid in 2019 will be made in early 2020 and reported to you on Form 1099-DIV. More details about the fund's distributions and the basis for these estimates are available on www.nuveen.com/CEFdistributions.
