Nuveen Taxable Mutual Funds

nuveen

A TIAA Company

Specific information regarding reportable taxable distributions of \$10.00 or more, if any, is provided on your IRS Form 1099-DIV. Such distributions are subject to federal taxation and are generally subject to state and local taxes. Annual taxable distributions in amounts less than \$10.00 are not required to be reported on Form 1099-DIV.

Income derived from U.S. government obligations:

The portion of dividends paid by your fund that is derived from direct U.S. government obligations and certain U.S. government agencies is generally exempt from state and local income taxes. The percentage of 2025 dividends paid by your fund attributable to U.S. government obligations is listed in the chart below.

Check with your local tax office or with your tax advisor to determine whether your state allows you to exclude some or all of the income you earn from mutual funds that invest in U.S. government obligations. To determine the portion of dividends that may be exempt from your state income tax, multiply the amount of "ordinary dividends" reported in Box 1a of Form 1099-DIV by the percentage listed in the following table.

In addition, certain states and municipalities require residents to pay intangible or personal property tax. If you are required to pay either of these taxes, refer to Column 3, "Percentage of fund held in U.S. government obligations as of December 31, 2025," for the percentage that may be excluded from these taxes for each fund you are invested in.
