Accelerated Gifting

Reduce Your Tax Burden While Boosting Education Funding

Accelerated gifting through the Scholars Choice Education Savings Plan® allows investors to make a single gift of up to \$160,000 for couples filing jointly (\$80,000 for individuals) per beneficiary – five times the annual gift tax exclusion – without any federal gift tax consequences.

Taking advantage of this unique tax provision can provide multiple benefits:

- Jump-start or quickly increase education savings for children or grandchildren
- Boost the potential investment earnings of your savings with the power of tax-free compounding
- Significantly reduce the size of one's taxable estate

Increase contributions, not gift tax

Due to a special forward gifting provision, 529 account owners who are married and filing jointly can contribute \$160,000 per beneficiary by making up to five years' worth of contributions in a single year, without owing gift tax on the contribution.¹

Give an educational legacy without giving up control

Grandparents can face unforeseen expenses. As with all 529 plans, account owners can liquidate the account – fully or partially – for any reason, at any time to help meet unexpected expenses.²

And because the account owner always retains control of 529 plan assets, the beneficiary can be changed to an eligible family member at any time – if, for example, the grandchild receives a scholarship or does not need the funds for education expenses.

¹ Contributions to an account for a beneficiary between \$16,000 and \$80,000 (\$32,000 and \$160,000 for a married couple filing jointly) made in a single calendar year can be prorated over a five-year period without incurring federal gift taxes or reducing an investor's unified estate and lifetime gift tax credit. However, if the account owner perishes before the fifth year, a prorated portion of the contribution will be included in his or her taxable estate.

² As a non-qualified withdrawal, the earnings portion would be subject to ordinary income tax plus an additional 10% federal tax penalty.

Why Scholars Choice?

Distinctive experience – With Scholars Choice, you access the capabilities of two world-class financial organizations, TIAA and Nuveen. TIAA³ is a pioneer in the 529 industry that brings deep knowledge and demonstrated experience in managing every aspect of a successful 529 program. Nuveen, investment manager of TIAA, offers capabilities that span public and private markets, over five decades of leadership in responsible investing and a 120-year history of helping clients meet their financial goals.
