

**IMPORTANT NOTICE TO HOLDERS OF
VARIABLE RATE DEMAND PREFERRED SHARES OF
NUVEEN OHIO QUALITY MUNICIPAL INCOME FUND (NUO)**

DECEMBER 20, 2022

Although we recommend that you read the complete Proxy Statement, for your convenience, we have provided a brief overview of the proposal to be voted on.

Q. Why am I receiving the enclosed Proxy Statement?

A. You are receiving the Proxy Statement as a holder of Variable Rate Demand Preferred Shares (“VRDP Shares”) of Nuveen Ohio Quality Municipal Income Fund (“Ohio Municipal”) in connection with the solicitation of proxies by Ohio Municipal’s Board of Trustees for use at a special meeting of shareholders of Ohio Municipal (the “Special Meeting”). At the Special Meeting, holders of outstanding VRDP Shares of Ohio Municipal will be asked to vote on an Agreement and Plan of Merger (the “Agreement”) pursuant to which the proposed combination of Ohio Municipal and Nuveen Municipal Credit Income Fund (the “Acquiring Fund”) will be effected. The proposed combination of Ohio Municipal with and into NMCIF Merger Sub, LLC, a Massachusetts limited liability company and wholly-owned subsidiary of the Acquiring Fund (“Merger Sub”), is referred to as the “Merger.” It is also being proposed to shareholders of Nuveen Georgia Quality Municipal Income Fund (“Georgia Municipal”) that Georgia Municipal merge with and into the Merger Sub under substantially similar terms. While the mergers are not conditioned on each other, if all requisite shareholder approvals are obtained, Georgia Municipal and Ohio Municipal would both be combined with the Acquiring Fund on or about the same time. Therefore, information about both mergers (each a “Merger” and together, the “Mergers”) is included in this Proxy Statement. Georgia Municipal and Ohio Municipal are each referred to as a “Target Fund” and collectively, as the “Target Funds.” The Acquiring Fund and the Target Funds are collectively referred to herein as the “Funds,” and each, a “Fund.” Each Fund’s Board of Trustees is herein referred to as a “Board” and each Trustee, a “Board Member.”

The Board of Ohio Municipal unanimously recommends that you vote FOR the proposal.

Q. Why has each Fund’s Board recommended the Merger proposal?

A. Nuveen Fund Advisors, LLC (“Nuveen Fund Advisors”), a subsidiary of Nuveen, LLC (“Nuveen”) and the Funds’ investment adviser, recommended the Merger proposal as part of an ongoing initiative to streamline Nuveen’s municipal closed-end fund line-up and eliminate overlapping products. Each Fund’s Board considered its Fund’s Merger(s) and determined that the Merger(s) would be in the best interests of its Fund. Based on information provided by Nuveen Fund Advisors, each Target Fund’s Board believes that its Fund’s proposed Merger may benefit the common shareholders of its Fund in a number of ways, including, among other things:

- The potential for higher common share net earnings and distribution levels following the Mergers, due in part to the Acquiring Fund’s ability to invest to a greater degree in lower rated securities and a geographically diverse national portfolio, as well as operating economies from the combined fund’s greater scale;
- Greater secondary market liquidity and improved secondary market trading for common shares as a result of the combined fund’s greater share volume, which may lead to narrower bid-ask spreads and smaller trade-to-trade price movements;

- The potential for a narrower trading discount as a result of the Acquiring Fund’s common shares trading at a discount that historically has been lower than that of each Target Fund’s common shares;
- Increased portfolio and leverage management flexibility due to the significantly larger asset base of the combined fund and the Acquiring Fund’s national mandate with greater flexibility to invest in lower rated securities; and
- Lower net operating expenses, excluding the costs of leverage, as certain fixed costs are spread over a larger asset base.

Each Target Fund’s Board considered that a greater percentage of the Acquiring Fund’s portfolio may be allocated to lower rated municipal securities relative to the amount permitted by the policies of the Target Fund, and recognized that investments in lower rated securities are subject to higher risks than investments in higher rated securities.

With respect to holders of preferred shares of each Target Fund, the Target Fund’s Board considered that, upon the closing of the applicable Merger, holders of any preferred shares outstanding immediately prior to the closing will receive, on a one-for-one basis, newly issued preferred shares of the Acquiring Fund having substantially similar terms, immediately prior to the closing of the Merger, to those of the preferred shares of the applicable Target Fund.

Based on information provided by Nuveen Fund Advisors, the Acquiring Fund’s Board considered that the Acquiring Fund may benefit in the near term from a modest increase in operating efficiencies and over the long term from increased investment capital, which allows the Acquiring Fund to pursue additional investment opportunities. With respect to holders of preferred shares of the Acquiring Fund, the Acquiring Fund’s Board considered that the outstanding preferred shares of the Acquiring Fund and any preferred shares of the Acquiring Fund to be issued in the Mergers would have equal priority with each other as to payment of dividends and distributions of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund.

For these reasons, each Fund’s Board has determined that its Fund’s Merger(s) are in the best interest of its Fund and has approved such Merger(s).

Q. How will holders of VRDP shares be affected by the Mergers?

- A.** The Acquiring Fund has three series of MuniFund Preferred Shares (“MFP Shares”) outstanding and three series of Variable Rate Demand Preferred Shares (“VRDP Shares”) outstanding, and these shares are expected to remain outstanding following the Mergers. Georgia Municipal has one series of Adjustable Rate MuniFund Term Preferred Shares (“AMTP Shares”) outstanding and Ohio Municipal has one series of VRDP Shares outstanding. Upon the closing of the Mergers, holders of any outstanding AMTP Shares of Georgia Municipal and holders of any outstanding VRDP Shares of Ohio Municipal will receive, on a one-for-one basis, newly issued AMTP Shares and VRDP Shares, respectively, of the Acquiring Fund having substantially similar terms, immediately prior to the closing of each Merger, to those of the AMTP Shares of Georgia Municipal or the VRDP Shares of Ohio Municipal, respectively. The outstanding preferred shares of the Acquiring Fund and any preferred shares to be issued by the Acquiring Fund in the Mergers will have equal priority with each other and with any other preferred shares that the Acquiring Fund may issue in the future as to the payment of dividends and the distribution of assets upon the dissolution, liquidation or winding up of the affairs of the Acquiring Fund.

Following the Mergers, to the extent the Acquiring Fund issues any new preferred shares in the Mergers, holders of preferred shares of the combined fund may hold a smaller percentage of the outstanding

preferred shares of the combined fund as compared to their percentage holdings of their respective Fund prior to the Mergers. Additionally, the combined fund will have multiple series and types of preferred shares outstanding. The different types of preferred shares have different characteristics and features, which are described in more detail in the Proxy Statement. See “Information About the Mergers—Description of AMTP Shares to Be Issued by the Acquiring Fund” beginning on page 33, Information About the Mergers—Description of VRDP Shares to Be Issued by the Acquiring Fund” beginning on page 35, “Additional Information About the Acquiring Fund—Description of Outstanding Acquiring Fund MFP Shares” beginning on page 51 and “Additional Information About the Acquiring Fund—Description of Outstanding Acquiring Fund VRDP Shares” beginning on page 53.

Q. Will the terms of the VRDP Shares to be issued by the Acquiring Fund as part of the Merger of Ohio Municipal be substantially similar to the terms of Ohio Municipal’s VRDP Shares currently outstanding?

A. Yes. The terms of the VRDP Shares to be issued by the Acquiring Fund as part of the Merger will be substantially similar, as of the closing of the Merger, to the terms of Ohio Municipal’s VRDP Shares outstanding as of immediately prior to the closing of the Merger including the same:

- dividend rate and dividend determination method, including applicable spread adjustments, and dividend amount adjustment provisions;
- mandatory and optional redemption terms, including the same final mandatory redemption date;
- voting and consent rights; and
- information delivery rights.

However, because of the Acquiring Fund’s policy of investing in a nationally diversified portfolio of municipal securities, its distributions will largely consist of income that is not exempt from Ohio individual income tax. As a result, the terms of the new VRDP Shares to be issued in connection with the Merger will not include a provision, currently applicable to Ohio Municipal’s VRDP Shares, that generally would require an additional payment to holders subject to Ohio individual income taxation in the event the Fund was required to allocate income subject to Ohio individual income tax, including capital gains and/or ordinary income, to a given month’s distribution in order to make such distribution equal, on an after-tax basis, to the amount of the distribution if it was excludable from Ohio individual income taxation (in addition to federal income taxation).

Q. Do the Funds have similar investment objectives, policies and risks?

A. The Funds have similar investment objectives, policies and risks, but there are differences. Each Fund seeks to provide tax-exempt current income by investing primarily in municipal securities. However, there are differences between the investment objectives, policies and risks of the Funds. The principal similarities and differences between the Funds’ investment objectives, policies and risks are as follows:

- The Target Funds are state-specific municipal funds that seek to provide current income exempt from both regular federal income tax and state income tax, while the Acquiring Fund is a national municipal fund that seeks to provide current income exempt from regular federal income tax. Following the Mergers, Ohio Municipal shareholders, as shareholders of the Acquiring Fund, will no longer benefit from a portfolio of municipal securities exempt from Ohio individual income tax.

- Under normal circumstances, the Target Funds invest primarily in municipal bonds of a specific state and are subject to economic, political and other risks of a single state, while the Acquiring Fund may invest in municipal obligations of any U.S. state or territory.
- Under normal circumstances, each Target Fund invests primarily in investment grade securities, while the Acquiring Fund may invest up to 55% of its managed assets in securities that, at the time of investment, are rated below the three highest grades (Baa or BBB or lower) by at least one nationally recognized statistical rating organization (“NRSRO”). A security is considered investment grade if it is rated within the four highest letter grades by at least one NRSRO that rates such security (even if rated lower by another), or if it is unrated but judged to be of comparable quality by the Fund’s investment adviser or sub-adviser. As discussed on page 23 of the Proxy Statement, investments in lower rated securities are subject to higher risks than investments in higher rated securities, including a higher risk that the issuer will be unable to pay interest or principal when due.
- Each Fund is a diversified, closed-end management investment company and currently employs leverage through the issuance of preferred shares and the use of inverse floating rate securities.

See “Proposal—A. Synopsis—Comparison of the Acquiring Fund and the Target Funds—Investment Objectives and Policies” and “Proposal—A. Synopsis—Comparative Risk Information” for more information.

Q. Will holders of VRDP Shares of Ohio Municipal have to pay any fees or expenses in connection with the Mergers?

- A.** No. The Funds, and indirectly their common shareholders, will bear the costs of the Mergers, whether or not the Mergers are consummated. The allocation of the costs of the Mergers to the Funds is based on the expected benefits of the Mergers to Fund common shareholders following the Mergers, including operating expense savings, improvements in the secondary trading market for common shares and the impact on common share net earnings. Preferred shareholders will not bear any costs of the Mergers.

The costs of the Mergers are estimated to be \$1,215,000, but the actual costs may be higher or lower than that amount. These costs represent the estimated nonrecurring expenses of the Funds in carrying out their obligations under the Agreement and consist of management’s estimate of professional service fees, printing costs and mailing charges related to the proposed Mergers. Based on the expected benefits of the Mergers to each Fund, each of Georgia Municipal, Ohio Municipal and the Acquiring Fund is expected to be allocated \$280,000, \$930,000 and \$5,000, respectively, of the estimated expenses in connection with the Mergers (0.20%, 0.30% and 0.00%, respectively, of Georgia Municipal’s, Ohio Municipal’s and the Acquiring Fund’s average net assets applicable to common shares for the six months ended April 30, 2022). If one or both Mergers is not consummated for any reason, including because the requisite shareholder approvals are not obtained, each of the Funds, and common shareholders of each of the Funds indirectly, will still bear the costs of the Mergers.

Q. Will the Mergers constitute a taxable event for holders of Ohio Municipal’s VRDP Shares?

- A.** No. As a non-waivable condition to closing, each Fund participating in a Merger will receive an opinion of counsel, subject to certain representations, assumptions and conditions, substantially to the effect that the proposed Merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended. It is expected that holders of Ohio Municipal’s VRDP Shares who receive VRDP Shares of the Acquiring Fund pursuant to the Merger of Ohio Municipal will recognize no gain or loss for federal income tax purposes as a direct result of the Merger. Prior to the closing of its Merger, Ohio Municipal expects to declare a distribution to its common shareholders of all

of its undistributed net investment income and net capital gains, if any. Ohio Municipal reports distributions to common and preferred shareholders as consisting of particular types of income (such as exempt interest, ordinary income and capital gain) based on each class's proportionate share of the total distributions paid by the Fund with respect to the year. **As a result, such distribution could cause a portion of the distributions received by holders of Ohio Municipal's VRDP Shares with respect to the year in which such distribution is made to be taxable for federal income tax and Ohio individual income tax purposes.** In addition, if the Mergers had occurred as of September 30, 2022, it is estimated that approximately 70% of Georgia Municipal's investment portfolio and approximately 57% of Ohio Municipal's investment portfolio would have been sold by the Acquiring Fund following the Mergers. To the extent the Acquiring Fund sells securities received from a Target Fund following the Mergers, the Acquiring Fund may recognize gains or losses, which may result in taxable distributions to Acquiring Fund shareholders (including former preferred shareholders of a Target Fund who hold preferred shares of the Acquiring Fund following the Mergers). If such sales had been completed as of September 30, 2022, the repositioning would not have generated net capital gain, taking into account capital loss carry forwards. Following the Mergers, the Acquiring Fund's ability to use capital loss carry forwards may be limited.

Q. What will happen if the required shareholder approvals are not obtained?

- A.** The closing of each Merger is subject to the satisfaction or waiver of certain closing conditions, which include customary closing conditions. In order for a Merger to occur, all requisite shareholder approvals must be obtained at the applicable Fund's shareholder meeting and certain other consents, confirmations and/or waivers from various third parties, including the liquidity providers and/or the initial purchasers with respect to outstanding preferred shares of the Acquiring Fund, must also be obtained. Because the closing of each Merger is contingent upon the applicable Target Fund and the Acquiring Fund obtaining such shareholder approvals and satisfying (or obtaining the waiver of) other closing conditions, it is possible that a Merger will not occur even if shareholders of a Fund entitled to vote approve the Merger and a Fund satisfies all of its closing conditions if the other Fund does not obtain its requisite shareholder approvals or satisfy (or obtain the waiver of) its closing conditions. If a Merger is not consummated, the Board of the Target Fund involved in that Merger may take such actions as it deems in the best interests of the Fund, including conducting additional solicitations with respect to the Merger proposal or continuing to operate the Target Fund as a standalone fund. The closing of each Merger is not contingent on the closing of the other Merger.

Each series of preferred shares was issued on a private placement basis to one or a small number of institutional holders. To the extent that one or more preferred shareholders of a Fund owns, holds or controls, individually or in the aggregate, all or a significant portion of a Fund's outstanding preferred shares, the approval by a Fund's preferred shareholders required for a Merger to occur may turn on the exercise of voting or consent rights by such particular shareholder(s) and its or their determination as to the favorable view of the Merger with respect to its or their interests. The Funds exercise no influence or control over the determinations of such shareholders with respect to the Mergers; there is no guarantee that such shareholders will vote to approve a Merger proposal.

Q. What is the timetable for the Mergers?

- A.** If the shareholder approvals and other conditions to closing are satisfied (or waived), the Mergers are expected to take effect on or about March 6, 2023, or such other date as the parties may agree.

Q. How does Ohio Municipal's Board recommend that holders of VRDP Shares vote on the Merger proposal?

- A.** After careful consideration, Ohio Municipal's Board has determined that the Merger proposal is in the best interests of Ohio Municipal and recommends that you vote FOR such proposal.

General

Q. Who do I call if I have questions?

- A.** If you need any assistance, or have any questions regarding the proposals or how to vote your shares, please call Computershare Fund Services, the proxy solicitor hired by your Fund, at 1-877-520-8548 on weekdays during its business hours of 9:00 a.m. to 11:00 p.m. and Saturdays 12:00 p.m. to 6:00 p.m. Eastern Time. Please have your proxy materials available when you call.

Q. How do I vote my shares?

- A.** You may vote by attending the Special Meeting, or by mail, by telephone or over the Internet:
- *To vote at the Special Meeting*, please follow the instructions below for attending the Special Meeting, which will be held virtually.
 - *To vote by mail*, please mark, sign, date and mail the enclosed proxy card. No postage is required if mailed in the United States.
 - *To vote by telephone*, please call the toll-free number located on your proxy card and follow the recorded instructions, using your proxy card as a guide.
 - *To vote over the Internet prior to the Special Meeting*, go to the Internet address provided on your proxy card and follow the instructions, using your proxy card as a guide.

Q. How can I attend the Special Meeting?

- A.** The Special Meeting will be a completely virtual meeting of shareholders, which will be conducted exclusively by webcast. You are entitled to participate in the Special Meeting only if you were a shareholder of record as of the close of business on November 10, 2022, or if you hold a valid proxy for the Special Meeting. There will be no physical location for the Special Meeting.

You will be able to attend the Special Meeting online and submit your questions during the Special Meeting by visiting meetnow.global/MXXWK2V. You also will be able to vote your shares online by attending the Special Meeting by webcast. To participate in the Special Meeting, you will need to log on using the control number from your proxy card or meeting notice. The control number can be found in the shaded box.

If you hold your shares through an intermediary, such as a bank or broker, you must register in advance using the instructions below.

The online meeting will begin promptly at 2:00 p.m., Central Time, on February 8, 2023. We encourage you to access the meeting prior to the start time leaving ample time for the check in. Please follow the access instructions as outlined herein.

Q. How do I register to attend the Special Meeting virtually on the Internet?

- A.** If your shares are registered in your name, you do not need to register to attend the Special Meeting virtually on the Internet. If you hold your shares through an intermediary, such as a bank or broker, you must register in advance to attend the Special Meeting virtually on the Internet.

To register to attend the Special Meeting online by webcast you must submit proof of your proxy power (legal proxy) reflecting your Fund holdings along with your name and email address to Computershare

Fund Services. You must contact the bank or broker who holds your shares to obtain your legal proxy. Requests for registration must be labeled as “Legal Proxy” and be received no later than 5:00 p.m., Eastern Time, three business days prior to the meeting date.

You will receive a confirmation of your registration by email after we receive your registration materials.

Requests for registration should be directed to us by emailing an image of your legal proxy to shareholdermeetings@computershare.com.

Q. Why hold a virtual meeting?

A. In light of the public health concerns regarding the coronavirus outbreak (COVID-19), we believe that hosting a virtual meeting is in the best interests of Ohio Municipal and its shareholders.

Q. Will anyone contact me?

A. You may receive a call from Computershare Fund Services, the proxy solicitor hired by your Fund, to verify that you received your proxy materials, to answer any questions you may have about the Mergers and to encourage you to vote your proxy.

We recognize the inconvenience of the proxy solicitation process and would not impose on you if we did not believe that the matter being proposed was important. Once your vote has been registered with the proxy solicitor, your name will be removed from the solicitor’s follow-up contact list.

Your vote is very important. We encourage you as a shareholder to participate in your Fund’s governance by returning your vote as soon as possible. If enough shareholders fail to cast their votes, Ohio Municipal may not be able to hold its Special Meeting or the vote on the Merger proposal, and will be required to incur additional solicitation costs in order to obtain sufficient shareholder participation.

DECEMBER 20, 2022

NUVEEN OHIO QUALITY MUNICIPAL INCOME FUND (NUO)

NOTICE OF SPECIAL MEETING OF SHAREHOLDERS
TO BE HELD ON FEBRUARY 8, 2023

To the Holders of Variable Rate Demand Preferred Shares:

Notice is hereby given that a Special Meeting of Shareholders (the “Special Meeting”) of Nuveen Ohio Quality Municipal Income Fund (“Ohio Municipal”) will be held on February 8, 2023 at 2:00 p.m., Central Time, for the following purpose:

- Agreement and Plan of Merger. The shareholders of Ohio Municipal voting as set forth below will vote on a proposal to approve an Agreement and Plan of Merger pursuant to which Ohio Municipal would be merged with and into NMCIF Merger Sub, LLC, a Massachusetts limited liability company and wholly-owned subsidiary of Nuveen Municipal Credit Income Fund (the “Acquiring Fund”), with the issued and outstanding common and preferred shares of Ohio Municipal being converted into newly issued common and preferred shares of the Acquiring Fund.
 - (a) The common and preferred shareholders voting together as a single class to approve the Agreement and Plan of Merger.
 - (b) The preferred shareholders voting separately as a single class to approve the Agreement and Plan of Merger.
- To transact such other business as may properly come before the Special Meeting.

In light of the public health concerns regarding the coronavirus outbreak (COVID-19), the Special Meeting will be held in a virtual meeting format only, which will be conducted online via live webcast. Shareholders may attend and vote at the virtual Special Meeting by following the instructions included in the Q&A and Proxy Statement.

Only shareholders of record of Ohio Municipal as of the close of business on November 10, 2022 are entitled to notice of and to vote at the Special Meeting and any and all adjournments or postponements thereof. The common shareholders of Ohio Municipal are being solicited to vote on the proposal described above pursuant to a separate joint proxy statement/prospectus.

All shareholders of Ohio Municipal entitled to vote at the Special Meeting are cordially invited to attend the virtual Special Meeting. In order to avoid delay and additional expense for Ohio Municipal and to assure that your shares are represented, please vote as promptly as possible, regardless of whether or not you plan to attend the virtual Special Meeting. You may vote by attending the Special Meeting or by mail, by telephone or over the Internet.

- *To vote at the Special Meeting*, please follow the instructions below for attending the Special Meeting, which will be held virtually.
- *To vote by mail*, please mark, sign, date and mail the enclosed proxy card. No postage is required if mailed in the United States.
- *To vote by telephone*, please call the toll-free number located on your proxy card and follow the recorded instructions, using your proxy card as a guide.

- *To vote over the Internet prior to the Special Meeting*, go to the Internet address provided on your proxy card and follow the instructions, using your proxy card as a guide.

You will be able to attend and participate in the Special Meeting online, vote your shares electronically and submit your questions during the Special Meeting by visiting: meetnow.global/MXXWK2V at the Special Meeting date and time described in the enclosed Proxy Statement. To participate in the Special Meeting, you will need to log on using the control number from your proxy card or meeting notice. The control number can be found in the shaded box. There is no physical location for the Special Meeting.

If you hold your shares through an intermediary, you will need to register at least three business days prior to the Special Meeting by following the instructions in the enclosed Proxy Statement.

PROXY STATEMENT
FOR HOLDERS OF VARIABLE RATE DEMAND PREFERRED SHARES

OF

NUVEEN OHIO QUALITY MUNICIPAL INCOME FUND (NUO)

DECEMBER 20, 2022

This Proxy Statement is being furnished by Nuveen Ohio Quality Municipal Income Fund (“Ohio Municipal”) to holders of Variable Rate Demand Preferred Shares (“VRDP Shares”) of Ohio Municipal in connection with the solicitation of proxies by the Board of Trustees of Ohio Municipal for use at the Special Meeting of Shareholders of Ohio Municipal to be held on February 8, 2023, at 2:00 p.m., Central Time, and at any and all adjournments or postponements thereof (the “Special Meeting”). At the Special Meeting, holders of VRDP Shares of Ohio Municipal will consider the proposal described below and discussed in greater detail elsewhere in this Proxy Statement. The enclosed proxy card and this Proxy Statement are first being sent to holders of VRDP Shares on or about December 23, 2022. Shareholders of record of Ohio Municipal as of the close of business on November 10, 2022 are entitled to notice of and to vote at the Special Meeting and any and all adjournments or postponements thereof. Shareholders of Ohio Municipal will vote on a proposal to approve an Agreement and Plan of Merger pursuant to which Ohio Municipal would be merged with and into NMCIF Merger Sub, LLC (the “Merger Sub”), a Massachusetts limited liability company and wholly-owned subsidiary of Nuveen Municipal Credit Income Fund, a Massachusetts business trust (the “Acquiring Fund”) (the “Merger”). It is also being proposed to shareholders of Nuveen Georgia Quality Municipal Income Fund (“Georgia Municipal”) that Georgia Municipal merge with and into the Merger Sub under substantially similar terms. While the mergers are not conditioned on each other, if all requisite shareholder approvals are obtained, Georgia Municipal and Ohio Municipal would both be combined with the Acquiring Fund on or about the same time. Therefore, information about both mergers (each a “Merger” and together, the “Mergers”) is included in this Proxy Statement. Georgia Municipal and Ohio Municipal are referred to as the “Target Funds” and each, a “Target Fund.” Each of the Acquiring Fund, Georgia Municipal and Ohio Municipal is referred to as a “Fund” and collectively, as the “Funds.” Each Fund is organized as a Massachusetts business trust. Each Fund’s Board of Trustees is referred to as a “Board” and collectively, the “Boards.” Each trustee is referred to as a “Board Member” and collectively, the “Board Members.”

The Special Meeting will be held in a virtual meeting format only, which will be conducted online via live webcast. There is no physical location for the Special Meeting. If your shares are registered in your name, you will be able to attend and participate in the Special Meeting online, vote your shares electronically and submit your questions during the meeting by visiting: meetnow.global/MXXWK2V at the Special Meeting date and time. To participate in the Special Meeting, you will need to log on using the control number from your proxy card or meeting notice. The control number can be found in the shaded box.

If your shares are held through an intermediary, you must register to participate in the virtual Special Meeting. To register to attend the Special Meeting online by webcast, you must submit proof of your proxy power (legal proxy) reflecting your Fund holdings along with your name and email address to Computershare. You must contact the bank or broker who holds your shares to obtain your legal proxy. Requests for registration must be labeled as “Legal Proxy” and be received no later than 5:00 p.m., Eastern Time, three business days prior to the meeting date. You will receive a confirmation of your registration by email after we receive your registration materials. Requests for registration should be directed to us by emailing an image of your legal proxy to shareholdermeetings@computershare.com.

This Proxy Statement explains concisely what you should know before voting on the proposal described in this Proxy Statement or investing in the Acquiring Fund. Please read it carefully and keep it for future reference.

On the matter coming before the Special Meeting as to which a choice has been specified by shareholders on the accompanying proxy card, the shares will be voted accordingly where such proxy card is properly executed, timely received and not properly revoked (pursuant to the instructions below). If a proxy is returned and no choice is specified, the shares will be voted FOR the proposal. Shareholders of Ohio Municipal who execute proxies or provide voting instructions by telephone or by Internet may revoke them at any time before a vote is taken on the proposal by filing with the Fund a written notice of revocation, by delivering a duly executed proxy bearing a later date or by attending and voting at the virtual Special Meeting. A prior proxy can also be revoked by voting again through the toll-free number or the Internet address listed in the proxy card. However, merely attending the virtual Special Meeting will not revoke any previously submitted proxy.

Holders of VRDP Shares of Ohio Municipal will vote on a proposal to approve an Agreement and Plan of Merger that provides for: (i) the merger of Ohio Municipal with and into the Merger Sub, and (ii) the conversion of the issued and outstanding common and preferred shares of beneficial interest of Ohio Municipal into newly issued common and preferred shares of beneficial interest, par value \$0.01 per share, of the Acquiring Fund.

In addition to common shares, Georgia Municipal has one series of Adjustable Rate MuniFund Term Preferred Shares (“AMTP Shares”) outstanding, and Ohio Municipal has one series of VRDP Shares outstanding. The Acquiring Fund has three series of MuniFund Preferred Shares (“MFP Shares”) outstanding and three series of VRDP Shares outstanding.

Only the holders of VRDP Shares of Ohio Municipal are being solicited to vote on the proposal described above pursuant to this Proxy Statement. The common shareholders of Ohio Municipal and the preferred shareholders of the Acquiring Fund are being solicited to vote on proposals that require the approval of those Funds’ common and preferred shareholders, as applicable, pursuant to a separate joint proxy statement/prospectus.

A quorum of shareholders of Ohio Municipal is required to take action at the Special Meeting. A majority (more than 50%) of the shares entitled to vote at the Special Meeting, represented in person (through participation by means of remote or “virtual” communication) or by proxy, will constitute a quorum of shareholders at the Special Meeting. Votes cast in person (through participation by means of remote or “virtual” communication) or by proxy at the Special Meeting will be tabulated by the inspectors of election appointed for the Special Meeting. The inspectors of election will determine whether or not a quorum is present at the Special Meeting. “Broker non-votes” are shares held by brokers or nominees, typically in “street name,” for which the broker or nominee properly submits a proxy but that are not voted because instructions have not been received from beneficial owners or persons entitled to vote and the broker or nominee does not have discretionary authority to vote such shares on a particular matter. For purposes of holding a meeting, all properly submitted proxies, including abstentions and broker non-votes, if any, will be counted as present for purposes of determining whether a quorum is present.

To be approved, the proposal must be approved by a majority (more than 50%) of Ohio Municipal’s outstanding common and preferred shares voting together as a single class, and by Ohio Municipal’s preferred shareholders voting separately.

Broker-dealer firms holding shares of Ohio Municipal in “street name” for the benefit of their customers and clients are generally required to request the instructions of such customers and clients on how to vote their shares before the Special Meeting. Ohio Municipal understands that, under the rules of the New York Stock Exchange (the “NYSE”), such broker-dealer firms may, for certain “routine” matters, grant discretionary authority to the proxies designated by the Board to vote without instructions from their customers and clients if no instructions have been received prior to the date specified in the broker-dealer firm’s request for voting instructions. Broker non-votes typically occur when both routine and non-routine proposals are being considered at a meeting. The proposal described in this Proxy Statement is considered a “non-routine” matter for which, under the rules of the NYSE, uninstructed shares may not be voted by broker-dealers. Because the proposal described in this Proxy Statement is a non-routine matter and the sole proposal at the Special Meeting, it is expected that there will be no broker non-votes at the Special Meeting.

Because the approval of the proposal described in this Proxy Statement requires the approval by the holders of at least 50% of Ohio Municipal’s outstanding shares and by the holders of at least 50% of Ohio Municipal’s outstanding preferred shares voting separately, abstentions and broker non-votes, if any, will have the same effect as a vote against the proposal.

Broker-dealers who are not members of the NYSE may be subject to other rules, which may or may not permit them to vote your shares without instruction. We urge you to provide instructions to your broker or nominee so that your votes may be counted.

Those persons who were shareholders of record of VRDP Shares of Ohio Municipal as of the close of business on November 10, 2022 and entitled to vote at Ohio Municipal’s Special Meeting will be entitled to one vote for each share held.

As of November 10, 2022 for each Fund, the shares of the Funds issued and outstanding are as follows:

Fund (Ticker Symbol)	Common Shares⁽¹⁾	MFP Shares⁽¹⁾	VRDP Shares⁽¹⁾	AMTP Shares⁽¹⁾
Georgia Municipal (NKG)	10,399,813	N/A	N/A	585 (Series 2028)
Ohio Municipal (NUO)	18,254,255	N/A	1,480 (Series 1)	N/A
Acquiring Fund (NZF)	165,390,401	1,500 (Series A)	2,688 (Series 1)	
		1,550 (Series B)	2,622 (Series 2)	
		3,360 (Series C)	1,960 (Series 3)	N/A

(1) The common shares of each Target Fund and the Acquiring Fund are listed on the NYSE. Upon the closing of the Mergers, it is expected that the common shares of the Acquiring Fund will continue to be listed on the NYSE. None of the preferred shares are currently listed on any exchange.

PROPOSAL—MERGER OF OHIO MUNICIPAL INTO THE ACQUIRING FUND

A. SYNOPSIS

The following is a summary of certain information contained elsewhere in this Proxy Statement with respect to the proposed Mergers. More complete information is contained elsewhere in this Proxy Statement and the appendices hereto. Shareholders should read the entire Proxy Statement carefully.

Background and Reasons for the Mergers

Nuveen Fund Advisors, LLC (“Nuveen Fund Advisors” or the “Adviser”), a subsidiary of Nuveen, LLC and the Funds’ investment adviser, recommended the Merger proposal as part of an ongoing initiative to streamline Nuveen’s municipal closed-end fund line-up and eliminate overlapping products. Each Fund’s Board considered its Fund’s Merger(s) and determined that the Merger(s) would be in the best interests of its Fund. Based on information provided by Nuveen Fund Advisors, each Target Fund’s Board believes that its Fund’s proposed Merger may benefit the common shareholders of its Fund in a number of ways, including, among other things:

- The potential for higher common share net earnings and distribution levels following the Mergers, due in part to the Acquiring Fund’s ability to invest to a greater degree in lower rated securities and a geographically diverse national portfolio, as well as operating economies from the combined fund’s greater scale;
- Greater secondary market liquidity and improved secondary market trading for common shares as a result of the combined fund’s greater share volume, which may lead to narrower bid-ask spreads and smaller trade-to-trade price movements;
- The potential for a narrower trading discount as a result of the Acquiring Fund’s common shares trading at a discount that historically has been lower than that of each Target Fund’s common shares;
- Increased portfolio and leverage management flexibility due to the significantly larger asset base of the combined fund and the Acquiring Fund’s national mandate with greater flexibility to invest in lower rated securities; and
- Lower net operating expenses, excluding the costs of leverage, as certain fixed costs are spread over a larger asset base.

Each Target Fund’s Board considered that a greater percentage of the Acquiring Fund’s portfolio may be allocated to lower rated municipal securities relative to the amount permitted by the policies of the Target Fund, and recognized that investments in lower rated securities are subject to higher risks than investments in higher rated securities.

With respect to holders of preferred shares of each Target Fund, the Target Fund’s Board considered that, upon the closing of the applicable Merger, holders of any preferred shares outstanding immediately prior to the closing will receive, on a one-for-one basis, newly issued preferred shares of the Acquiring Fund having substantially similar terms, immediately prior to the closing of the Merger, to those of the preferred shares of the applicable Target Fund.

Based on information provided by Nuveen Fund Advisors, the Acquiring Fund’s Board considered that the Acquiring Fund may benefit in the near term from a modest increase in operating efficiencies and over the long term from increased investment capital, which allows the Acquiring Fund to pursue additional investment opportunities. With respect to holders of preferred shares of the Acquiring Fund, the Acquiring Fund’s Board

considered that the outstanding preferred shares of the Acquiring Fund and any preferred shares of the Acquiring Fund to be issued in the Mergers would have equal priority with each other as to payment of dividends and distributions of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund.

For these reasons, each Fund's Board has determined that its Fund's Merger(s) are in the best interest of its Fund and has approved such Merger(s).

The closing of each Merger is subject to the satisfaction or waiver of certain closing conditions, which include customary closing conditions. In order for a Merger to occur, all requisite shareholder approvals must be obtained at the applicable Fund's shareholder meeting, and certain other consents, confirmations and/or waivers from various third parties, including the liquidity providers and/or the initial purchasers with respect to outstanding preferred shares of the Acquiring Fund, must also be obtained. Because the closing of each Merger is contingent upon the applicable Target Fund and the Acquiring Fund obtaining such shareholder approvals and satisfying (or obtaining the waiver of) other closing conditions, it is possible that a Merger will not occur even if shareholders of a Fund entitled to vote approve the Merger and a Fund satisfies all of its closing conditions if the other Fund does not obtain its requisite shareholder approvals or satisfy (or obtain the waiver of) its closing conditions. If a Merger is not consummated, the Board of the Target Fund involved in that Merger may take such actions as it deems in the best interests of the Fund, including conducting additional solicitations with respect to the Merger proposal or continuing to operate the Target Fund as a standalone fund. The closing of each Merger is not contingent on the closing of the other Merger.

Each series of preferred shares was issued on a private placement basis to one or a small number of institutional holders. To the extent that one or more preferred shareholders of a Fund owns, holds or controls, individually or in the aggregate, all or a significant portion of a Fund's outstanding preferred shares, the approval by a Fund's preferred shareholders required for a Merger to occur may turn on the exercise of voting or consent rights by such particular shareholder(s) and its or their determination as to the favorable view of the Merger with respect to its or their interests. The Funds exercise no influence or control over the determinations of such shareholders with respect to the Mergers; there is no guarantee that such shareholders will vote to approve a Merger proposal. For a fuller discussion of the Boards' considerations regarding the approval of the Mergers, see "C. Information About the Mergers—Reasons for the Mergers."

Material Federal Income Tax Consequences of the Mergers

As a non-waivable condition to closing, each Fund participating in a Merger will receive an opinion of Vedder Price P.C., subject to certain representations, assumptions and conditions, substantially to the effect that the proposed Merger will qualify as a "reorganization" under Section 368(a) of the Internal Revenue Code of 1986, as amended (the "Code"). Accordingly, it is expected that none of the Funds will generally recognize gain or loss for federal income tax purposes as a direct result of the Mergers. It is also expected that preferred shareholders of a Target Fund who receive Acquiring Fund preferred shares pursuant to a Merger will recognize no gain or loss for federal income tax purposes as a direct result of the Merger. Prior to the closing of its Merger, each Target Fund expects to declare a distribution to common shareholders of all of its undistributed net investment income and net capital gains, if any. Each Target Fund reports distributions to common and preferred shareholders as consisting of particular types of income (such as exempt interest, ordinary income and capital gain) based on each class's proportionate share of the total distributions paid by the Fund with respect to that year. As a result, such distribution could cause a portion of the distributions received by holders of Ohio Municipal's VRDP Shares with respect to the year in which such distribution is made to be taxable for federal income tax and Ohio individual income tax purposes. If the Mergers had occurred as of September 30, 2022, it is estimated that approximately 70% of Georgia Municipal's investment portfolio and approximately 57% of Ohio Municipal's investment portfolio would have been sold by the Acquiring Fund following the Mergers. To the extent the Acquiring Fund sells securities received from a Target Fund following the Mergers, the Acquiring Fund may recognize gains or losses, which may result in taxable distributions to Acquiring Fund preferred shareholders (including former preferred shareholders of a Target Fund who hold preferred shares of the Acquiring Fund following the Mergers). If such sales had been

completed as of September 30, 2022, the repositioning would not have generated net capital gain, taking into account capital loss carry forwards. Following the Mergers, the Acquiring Fund's ability to use capital loss carry forwards may be limited. Securities held by the Funds are purchased and sold on a principal rather than agency basis, and such transactions are not subject to separate brokerage commissions.

The foregoing discussion and the tax opinion discussed above to be received by the Funds regarding certain aspects of the Mergers, including that the Mergers will qualify as reorganizations under Section 368(a) of the Code, will rely on the position that the Acquiring Fund preferred shares to be issued in the Mergers, if any, will constitute equity of the Acquiring Fund for federal income tax purposes. See "C. Information About the Mergers—Material Federal Income Tax Consequences of the Mergers."

Comparison of the Acquiring Fund and the Target Funds

General. The Acquiring Fund and the Target Funds are diversified, closed-end management investment companies organized as Massachusetts business trusts. Set forth below is certain comparative information about the organization, capitalization and operation of the Funds.

Organization			
Fund	Organization Date	State of Organization	Entity Type
Georgia Municipal	October 26, 2001	Commonwealth of Massachusetts	Business Trust
Ohio Municipal	April 8, 2013 ⁽¹⁾	Commonwealth of Massachusetts	Business Trust
Acquiring Fund	March 21, 2001	Commonwealth of Massachusetts	Business Trust

(1) Previously organized as a Minnesota corporation on October 17, 1991.

Capitalization—Common Shares ⁽²⁾						
Fund	Authorized Shares	Shares Outstanding ⁽¹⁾	Par Value Per Share	Preemptive, Conversion or Exchange Rights	Rights to Cumulative Voting	Exchange on which Common Shares are Listed
Georgia Municipal	Unlimited	10,399,813	\$0.01	None	None	NYSE
Ohio Municipal	Unlimited	18,254,255	\$0.01	None	None	NYSE
Acquiring Fund	Unlimited	165,390,401	\$0.01	None	None	NYSE

(2) As of November 30, 2022.

As of November 30, 2022, the Funds had outstanding the following series of preferred shares, with the Acquiring Fund's MFP Shares and VRDP Shares expected to remain outstanding following the completion of the Mergers:

Georgia Municipal—Preferred Shares			
Series	Shares Outstanding	Par Value Per Share	Liquidation Preference Per Share
Series 2028 AMTP Shares	585	\$0.01	\$100,000

Ohio Municipal—Preferred Shares			
Series	Shares Outstanding	Par Value Per Share	Liquidation Preference Per Share
Series 1 VRDP Shares	1,480	\$0.01	\$100,000

Acquiring Fund—Preferred Shares

Series	Shares Outstanding	Par Value Per Share	Liquidation Preference Per Share
Series A MFP Shares	1,500	\$0.01	\$100,000
Series B MFP Shares	1,550	\$0.01	\$100,000
Series C MFP Shares	3,360	\$0.01	\$100,000
Series 1 VRDP Shares	2,688	\$0.01	\$100,000
Series 2 VRDP Shares	2,622	\$0.01	\$100,000
Series 3 VRDP Shares	1,460	\$0.01	\$100,000

Each Fund’s preferred shares are entitled to one vote per share. The AMTP Shares and VRDP Shares of the Acquiring Fund to be issued in connection with the Mergers, if any, will have equal priority with each other and with the Acquiring Fund’s other outstanding preferred shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund. In addition, the preferred shares of the Acquiring Fund, including any preferred shares of the Acquiring Fund to be issued in connection with the Mergers, will be senior in priority to the Acquiring Fund’s common shares as to payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund. Any preferred shares of the Acquiring Fund to be issued in connection with a Merger will have rights and preferences, including liquidation preferences, that are substantially similar to the preferred shares of the corresponding Target Fund in such Merger. The number of preferred shares currently outstanding may change due to market or other conditions.

Investment Objectives and Policies. The Funds have similar investment objectives, policies and risks, but there are differences. Each Target Fund is a state-specific municipal fund that seeks to provide current income exempt from regular federal income tax and the income tax of a single state. In contrast, the Acquiring Fund is a national municipal fund that seeks to provide current income exempt from regular federal income tax. Because Georgia Municipal and Ohio Municipal invest primarily in Georgia and Ohio municipal securities, respectively, they are subject to economic, political and other risks of a single state, while the Acquiring Fund, which may invest in municipal securities of any U.S. state or territory, is not subject to similar single state risk.

Georgia Municipal’s investment objectives are current income exempt from regular federal and Georgia income tax and the enhancement of portfolio value relative to the municipal bond market by investing in tax-exempt municipal bonds that the Fund’s investment adviser or sub-adviser believes are underrated or undervalued or that represent municipal market sectors that are undervalued.

Ohio Municipal’s primary investment objective is current income exempt from both regular federal income taxes and Ohio personal income taxes, and its secondary investment objective is the enhancement of portfolio value relative to the Ohio municipal bond market through investments in tax-exempt Ohio municipal obligations that, in the opinion of the Fund’s investment adviser or sub-adviser are underrated or undervalued or that represent municipal market sectors that are undervalued.

The Acquiring Fund’s investment objectives are to provide current income exempt from regular federal income tax and to enhance portfolio value relative to the municipal bond market by investing in tax-exempt municipal bonds that the Fund’s investment adviser or sub-adviser believes are underrated or undervalued or that represent municipal market sectors that are undervalued.

Each Target Fund invests primarily in investment grade securities, while the Acquiring Fund is permitted to allocate a greater percentage of its portfolio to lower rated municipal securities. Investments in lower rated securities are subject to higher risks than investments in higher rated securities, including a higher risk that the issuer will be unable to pay interest or principal when due.

Each Fund is a diversified, closed-end management investment company and currently employs leverage through the issuance of preferred shares and the use of inverse floating rate securities.

The following summary compares the current principal investment policies and strategies of the Acquiring Fund to the current principal investment policies and strategies of each Target Fund as of the date of this Proxy Statement.

<u>Georgia Municipal</u>	<u>Ohio Municipal</u>	<u>Acquiring Fund</u>	<u>Differences</u>
<p><i>Principal Investment Strategy:</i></p> <p>As a fundamental policy, under normal circumstances, the Fund will invest at least 80% of its Assets⁽¹⁾ in municipal securities and other related investments, the income from which is exempt from regular federal and Georgia income taxes.</p>	<p><i>Principal Investment Strategy:</i></p> <p>As a fundamental policy, under normal circumstances, the Fund will invest at least 80% of its Assets⁽¹⁾ in municipal securities and other related investments, the income from which is exempt from regular federal and Ohio income taxes.</p>	<p><i>Principal Investment Strategy:</i></p> <p>As a fundamental policy, under normal circumstances, the Fund will invest at least 80% of its Assets⁽¹⁾ in municipal securities and other related investments, the income from which is exempt from regular federal income taxes.</p>	<p>The Acquiring Fund is a national municipal fund, while the Target Funds are state-specific municipal Funds.</p>
<p><i>Alternative Minimum Tax Policy:</i></p> <p>Under normal circumstances, the Fund may invest up to 20% of its Managed Assets⁽²⁾ in municipal securities that pay interest that is taxable under the federal alternative minimum tax applicable to individuals (“AMT Bonds”).</p>	<p><i>Alternative Minimum Tax Policy:</i></p> <p>Under normal circumstances, the Fund may invest up to 20% of its Managed Assets⁽²⁾ in AMT Bonds.</p>	<p><i>Alternative Minimum Tax Policy:</i></p> <p>The Fund may invest up to 20% of its Managed Assets⁽²⁾ in AMT Bonds.</p>	<p>Identical.</p>
<p><i>Credit Quality:</i></p> <p>Under normal circumstances, the Fund will invest at least 80% of its Managed Assets in municipal securities that at the time of investment are investment grade quality. A security is considered investment grade quality if it is rated within the four highest letter grades (Baa or BBB or better) by at least one nationally recognized statistical ratings organization (“NRSRO”)</p>	<p><i>Credit Quality:</i></p> <p>Under normal circumstances, the Fund will invest at least 80% of its Managed Assets in investment grade municipal securities that, at the time of investment, are rated within the four highest grades (Baa or BBB or better) by at least one NRSRO or are unrated but judged to be of comparable quality by the Fund’s investment adviser.</p>	<p><i>Credit Quality:</i></p> <p>Under normal circumstances, the Fund may invest up to 55% of its Managed Assets in securities that, at the time of investment, are rated below the three highest grades (Baa or BBB or lower) by at least one NRSRO or are unrated but judged to be of comparable quality by the Fund’s sub-adviser.</p>	<p>The Acquiring Fund is permitted to allocate a greater percentage of its portfolio to lower rated municipal securities than the Target Funds.</p>

<u>Georgia Municipal</u>	<u>Ohio Municipal</u>	<u>Acquiring Fund</u>	<u>Differences</u>
<i>Temporary Defensive Periods:</i>	<i>Temporary Defensive Periods:</i>	<i>Temporary Defensive Periods:</i>	
<p>During temporary defensive periods (e.g., times when, in the Fund’s investment adviser’s and/or the Fund’s sub-adviser’s opinion, temporary imbalances of supply and demand or other temporary dislocations in the tax-exempt bond market adversely affect the price at which intermediate-term municipal securities are available), the Fund may invest up to 100% of its net assets in cash or cash equivalents, short-term investments or municipal bonds and deviate from its investment policies including the Fund’s 80% names rule policy.</p>	<p>During temporary defensive periods (e.g., times when, in the Fund’s investment adviser’s and/or the Fund’s sub-adviser’s opinion, temporary imbalances of supply and demand or other temporary dislocations in the tax-exempt bond market adversely affect the price at which long-term or intermediate-term municipal securities are available), the Fund may invest up to 100% of its net assets in cash or cash equivalents, short-term investments or municipal bonds and deviate from its investment policies including the Fund’s 80% names rule policy.</p>	<p>During temporary defensive periods (e.g., times when, in the Fund’s investment adviser’s and/or the Fund’s sub-adviser’s opinion, temporary imbalances of supply and demand or other temporary dislocations in the tax-exempt bond market adversely affect the price at which long-term or intermediate-term municipal securities are available), and in order to keep the Fund’s cash fully invested, the Fund may invest any percentage of its Managed Assets in short-term investments including high quality, short-term debt securities that may be either tax-exempt or taxable.</p>	<p>Substantially similar.</p>

- (1) Each Fund defines “Assets” as the net assets of the Fund plus the amount of any borrowings for investment purposes.
- (2) Each Fund defines “Managed Assets” as the total assets of the Fund, minus the sum of its accrued liabilities (other than Fund liabilities incurred for the express purpose of creating leverage). Total assets for this purpose shall include assets attributable to the Fund’s use of leverage (whether or not those assets are reflected in the Fund’s financial statements for purposes of generally accepted accounting principles), and derivatives will be valued at their market value.

Credit Quality. A comparison of the credit quality (as a percentage of total investment exposure, which includes the leveraged effect of the Funds' investments in inverse floating rate securities of tender option bond trusts) of the portfolios of each Target Fund and the Acquiring Fund, as of September 30, 2022, is set forth below.

- (1) Ratings shown are the highest rating given by one of the following national rating agencies: Standard & Poor's Group, Moody's Investors Service, Inc. or Fitch Ratings, Inc. Credit ratings are subject to change. AAA, AA, A, and BBB are investment-grade ratings; BB or lower are below investment-grade ratings. Certain bonds backed by U.S. government or agency securities are regarded as having an implied rating equal to the rating of such securities. Holdings designated N/R are not rated by these national rating agencies.
- (2) Ratings shown are the lowest rating given by one of the following national rating agencies: Standard & Poor's Group, Moody's Investors Service, Inc. or Fitch Ratings, Inc. Credit ratings are subject to change. AAA, AA, A, and BBB are investment-grade ratings; BB or lower are below investment-grade ratings. Certain bonds backed by U.S. government or agency securities are regarded as having an implied rating equal to the rating of such securities. Holdings designated N/R are not rated by these national rating agencies.

State Allocation. A comparison of the state allocation (as a percentage of total investment exposure, which includes the leveraged effect of the Funds' investments in inverse floating rate securities of tender option bond trusts) of the respective portfolios of each Target Fund and the Acquiring Fund, as of September 30, 2022, is set forth below.

Leverage. Each Fund may issue preferred shares and may utilize inverse floating rate securities, reverse repurchase agreements (effectively, a secured borrowing) and borrowings (subject to investment restrictions). Each Fund currently employs leverage through the issuance of preferred shares and the use of inverse floaters. In addition, each Fund may use derivatives and other portfolio instruments that have the economic effect of leverage. Certain important ratios related to each Fund's use of leverage for the last three fiscal years for which published financial statements are available are set forth below:

<u>Georgia Municipal</u>	<u>2022</u>	<u>2021</u>	<u>2020</u>
Asset Coverage Ratio ⁽¹⁾	318.58%	356.24%	348.06%
Regulatory Leverage Ratio ⁽²⁾	31.39%	28.07%	28.73%
Effective Leverage Ratio ⁽³⁾	39.10%	34.25%	34.99%

<u>Ohio Municipal</u>	<u>2022</u>	<u>2021</u>	<u>2020</u>
Asset Coverage Ratio ⁽¹⁾	305.29%	314.96%	320.46%
Regulatory Leverage Ratio ⁽²⁾	32.76%	31.75%	31.20%
Effective Leverage Ratio ⁽³⁾	35.61%	35.16%	34.58%
<u>Acquiring Fund</u>	<u>2021</u>	<u>2020</u>	<u>2019</u>
Asset Coverage Ratio ⁽¹⁾	276.47%	265.79%	272.81%
Regulatory Leverage Ratio ⁽²⁾	36.17%	37.62%	36.66%
Effective Leverage Ratio ⁽³⁾	36.50%	38.09%	37.24%

- (1) A Fund's asset coverage ratio is defined under the 1940 Act as the ratio that the value of the total assets of the Fund, less all liabilities and indebtedness not represented by preferred shares or senior securities representing indebtedness, bears to the aggregate amount of preferred shares and senior securities representing indebtedness issued by the Fund.
- (2) Regulatory leverage consists of preferred shares issued by or borrowings of a Fund. Both of these are part of a Fund's capital structure. A Fund, however, may from time to time borrow on a typically transient basis in connection with its day-to-day operations, primarily in connection with the need to settle portfolio trades. Such incidental borrowings are excluded from the calculation of a Fund's regulatory leverage and effective leverage ratios. Regulatory leverage is subject to asset coverage limits set forth in the 1940 Act.
- (3) Effective leverage is a Fund's effective economic leverage, and includes both regulatory leverage and the leverage effects of certain derivative and other investments in a Fund's portfolio that increase the Fund's investment exposure. Currently, the leverage effects of Tender Option Bond (TOB) inverse floater holdings are included in effective leverage values, in addition to any regulatory leverage.

Board Members and Officers. The Acquiring Fund and the Target Funds have the same Board Members and officers. The management of each Fund, including general oversight of the duties performed by the Fund's investment adviser under an investment management agreement between the investment adviser and such Fund (each, an "Investment Management Agreement"), is the responsibility of its Board. Each Fund currently has twelve (12) Board Members, each of whom is not considered an "interested person," as defined in the 1940 Act.

Pursuant to each Fund's by-laws, the Board of the Fund is divided into three classes (Class I, Class II and Class III) with staggered multi-year terms, such that only the members of one of the three classes stand for election each year; provided, however, that holders of preferred shares are entitled as a class to elect two Board Members at all times. The staggered board structure could delay for up to two years the election of a majority of the Board of each Fund. To the extent that one or more preferred shareholders owns, holds or controls, individually or in aggregate, all or a significant portion of a series of a Fund's outstanding preferred shares, a few holders could exert influence on the selection of the Board as a result of the requirement that holders of preferred shares be entitled to elect two Board Members at all times. The Acquiring Fund's board structure will remain in place following the closing of the Mergers.

Investment Adviser. Nuveen Fund Advisors, LLC (previously defined as "Nuveen Fund Advisors" or the "Adviser") is the investment adviser to each Fund and is responsible for overseeing each Fund's overall investment strategy, including the use of leverage, and its implementation. Nuveen Fund Advisors also is responsible for the ongoing monitoring of any sub-adviser to the Funds, managing each Fund's business affairs and providing certain clerical, bookkeeping and other administrative services to the Funds. Nuveen Fund Advisors is located at 333 West Wacker Drive, Chicago, Illinois 60606.

Nuveen Fund Advisors, a registered investment adviser, is a subsidiary of Nuveen, LLC ("Nuveen"), the investment management arm of Teachers Insurance and Annuity Association of America ("TIAA"). TIAA is a life insurance company founded in 1918 by the Carnegie Foundation for the Advancement of Teaching and is the companion organization of College Retirement Equities Fund. As of September 30, 2022, Nuveen managed approximately \$1.1 trillion in assets, of which approximately \$149.2 billion was managed by Nuveen Fund Advisors.

Unless earlier terminated as described below, each Fund's Investment Management Agreement with Nuveen Fund Advisors will remain in effect until August 1, 2023. Each Investment Management Agreement continues in effect from year to year so long as such continuation is approved at least annually by: (1) the Board

or the vote of a majority of the outstanding voting securities of the Fund; and (2) a majority of the Board Members who are not interested persons of any party to the Investment Management Agreement, cast in person at a meeting called for the purpose of voting on such approval. Each Investment Management Agreement may be terminated at any time, without penalty, by either the Fund or Nuveen Fund Advisors upon 60 days' written notice and is automatically terminated in the event of its assignment, as defined in the 1940 Act.

Pursuant to each Investment Management Agreement, each Fund has agreed to pay an annual management fee for the overall advisory and administrative services and general office facilities provided by Nuveen Fund Advisors. Each Fund's management fee consists of two components—a complex-level fee, based on the aggregate amount of all eligible fund assets of Nuveen-branded closed- and open-end registered investment companies organized in the United States, and a specific fund-level fee, based only on the amount of assets of such Fund. This pricing structure enables the Funds' shareholders to benefit from growth in assets within each individual Fund as well as from growth of complex-wide assets managed by Nuveen Fund Advisors.

For Georgia Municipal's fiscal year ended May 31, 2022, Ohio Municipal's fiscal year ended February 28, 2022 and the Acquiring Fund's fiscal year ended October 31, 2021, the effective management fee rates, expressed as a percentage of average total daily managed assets (including assets attributable to leverage), were 0.60%, 0.59% and 0.60%, respectively.

The annual fund-level fee rate for each Fund, payable monthly, is calculated according to the following schedules:

Current Fund-Level Fee Schedules for the Funds

Target Funds	
Average Total Daily Managed Assets*	Annual Fee Rate
For the first \$125 million	0.4500%
For the next \$125 million	0.4375%
For the next \$250 million	0.4250%
For the next \$500 million	0.4125%
For the next \$1 billion	0.4000%
For the next \$3 billion	0.3750%
For managed assets over \$5 billion	0.3625%
Acquiring Fund	
Average Total Daily Managed Assets*	Annual Fee Rate
For the first \$125 million	0.5000%
For the next \$125 million	0.4875%
For the next \$250 million	0.4750%
For the next \$500 million	0.4625%
For the next \$1 billion	0.4500%
For the next \$3 billion	0.4250%
For managed assets over \$5 billion	0.4125%

* For this purpose, managed assets means the total assets of the Fund, minus the sum of its accrued liabilities (other than Fund liabilities incurred for the express purpose of creating leverage). Total assets for this purpose shall include assets attributable to the Fund's use of effective leverage (whether or not those assets are reflected in the Fund's financial statements for purposes of U.S. generally accepted accounting principles).

The management fee compensates the Adviser for overall investment advisory and administrative services and general office facilities. Each Fund pays all of its other costs and expenses of its operations,

including compensation of its Board Members (other than those affiliated with the Adviser), custodian, transfer agency and dividend disbursing expenses, legal fees, expenses of independent auditors, expenses of repurchasing shares, expenses of issuing any preferred shares, expenses of preparing, printing and distributing shareholder reports, notices, proxy statements and reports to governmental agencies, listing fees and taxes, if any.

Each Fund also pays a complex-level fee to Nuveen Fund Advisors, which is payable monthly and is in addition to the fund-level fee. The complex-level fee is based on the aggregate daily amount of eligible assets for all Nuveen-branded closed- and open-end registered investment companies organized in the United States, as stated in the table below. As of September 30, 2022, the complex-level fee rate for each Fund was 0.1587%.

The annual complex-level fee for each Fund, payable monthly, is calculated by multiplying the current complex-wide fee rate, determined according to the following schedule by a Fund’s daily managed assets:

Complex-Level Fee Rates

<u>Complex-Level Managed Asset Breakpoint Level*</u>	<u>Effective Rate at Breakpoint Level</u>
\$55 billion	0.2000%
\$56 billion	0.1996%
\$57 billion	0.1989%
\$60 billion	0.1961%
\$63 billion	0.1931%
\$66 billion	0.1900%
\$71 billion	0.1851%
\$76 billion	0.1806%
\$80 billion	0.1773%
\$91 billion	0.1691%
\$125 billion	0.1599%
\$200 billion	0.1505%
\$250 billion	0.1469%
\$300 billion	0.1445%

* For the complex-level fees, managed assets include closed-end fund assets managed by the Adviser that are attributable to certain types of leverage. For these purposes, leverage includes the funds’ use of preferred stock and borrowings and certain investments in the residual interest certificates (also called inverse floating rate securities) in tender option bond (TOB) trusts, including the portion of assets held by a TOB trust that has been effectively financed by the trust’s issuance of floating rate securities, subject to an agreement by the Adviser as to certain funds to limit the amount of such assets for determining managed assets in certain circumstances. The complex-level fee is calculated based upon the aggregate daily managed assets of all Nuveen open-end and closed-end funds that constitute “eligible assets.” Eligible assets do not include assets attributable to investments in other Nuveen funds or assets in excess of a determined amount (originally \$2 billion) added to the Nuveen fund complex in connection with the Adviser’s assumption of the management of the former First American Funds effective January 1, 2011, but do include certain assets of certain Nuveen funds that were reorganized into funds advised by an affiliate of the Adviser during the 2019 calendar year.

Sub-Adviser. Nuveen Fund Advisors has selected its wholly owned subsidiary, Nuveen Asset Management, LLC (“Nuveen Asset Management” or the “Sub-Adviser”), located at 333 West Wacker Drive, Chicago, Illinois 60606, to serve as the sub-adviser to each of the Funds pursuant to a sub-advisory agreement between Nuveen Fund Advisors and Nuveen Asset Management (the “Sub-Advisory Agreement”). Nuveen Asset Management, a registered investment adviser, oversees day-to-day operations and manages the investment of the Funds’ assets on a discretionary basis, subject to the supervision of Nuveen Fund Advisors. Pursuant to each Sub-Advisory Agreement, Nuveen Asset Management is compensated for the services it provides to the Funds with a portion of the management fee Nuveen Fund Advisors receives from each Fund. Nuveen Fund Advisors and Nuveen Asset Management retain the right to reallocate investment advisory responsibilities and fees between themselves in the future.

For the services provided pursuant to Georgia Municipal's, Ohio Municipal's and the Acquiring Fund's Sub-Advisory Agreements, Nuveen Fund Advisors pays Nuveen Asset Management a portfolio management fee, payable monthly, equal to 38.4615%, 38.4615% and 42.8572%, respectively, of the management fee (net of applicable breakpoints, waivers and reimbursements) paid by the Funds to Nuveen Fund Advisors.

A discussion of the basis for the Board's most recent approval of the current Investment Management Agreement and Sub-Advisory Agreement for Georgia Municipal is included in Georgia Municipal's Annual Report for the fiscal year ended May 31, 2022. A discussion of the basis for the Board's most recent approval of the current Investment Management Agreement for and Sub-Advisory Agreement for Ohio Municipal is included in Ohio Municipal's Semi-Annual Report for the semi-annual period ended August 31, 2022. A discussion of the basis for the Board's most recent approval of the current Investment Management Agreement and Sub-Advisory Agreement for the Acquiring Fund will be included in the Acquiring Fund's Annual Report for the fiscal year ended October 31, 2022.

Portfolio Management. Subject to the supervision of Nuveen Fund Advisors, Nuveen Asset Management is responsible for execution of specific investment strategies and day-to-day investment operations. Nuveen Asset Management manages the portfolio of each Fund using a team of analysts and a portfolio manager that focuses on a specific group of funds. Daniel J. Close is the portfolio manager of each Target Fund and Scott R. Romans, PhD, is the portfolio manager of the Acquiring Fund. Mr. Close assumed portfolio management responsibility for Georgia Municipal and Ohio Municipal in 2007. Mr. Romans assumed portfolio management responsibility for the Acquiring Fund in 2016. Scott R. Romans, PhD, will manage the combined fund upon completion of the Mergers.

Daniel J. Close, CFA, Managing Director at Nuveen Asset Management, is a portfolio manager on the municipal fixed income team and the head of taxable municipals. He serves as lead portfolio manager and manages a team dedicated to taxable municipal fixed income strategies, which encompasses customized institutional portfolios and closed-end funds. In addition, Daniel also manages a number of intermediate and long duration tax-exempt state and national strategies for both open-end and closed-end funds. He also serves on the Custom Fixed Income Solutions team, which sets asset allocation across multi-sector portfolios. Prior to his current role, he served as a municipal fixed income research analyst covering the corporate-backed, energy, transportation and utility sectors. He received his BS in Business from Miami University and his MBA from Northwestern University's Kellogg School of Management. Mr. Close has earned the Chartered Financial Analyst designation and is a member of the CFA Institute and the CFA Society of Chicago.

Scott R. Romans, PhD, Managing Director of Nuveen Asset Management, is responsible for managing several state-specific, tax-exempt portfolios, including the California Municipal Bond and the New York Municipal Bond Strategies. He also serves as portfolio manager for a number of closed-end funds. Before moving to his portfolio management role in 2003, he was a senior research analyst in the firm's tax-exempt fixed income department, specializing in the education sector. He holds an undergraduate degree from the University of Pennsylvania, an M.S.F. in Finance from the Illinois Institute of Technology Stuart School of Business and an MA and PhD in Theology from the University of Chicago.

Comparative Risk Information

Risk is inherent in all investing. Investing in the Funds involves risk, including the risk that you may receive little or no return on your investment or that you may even lose part or all of your investment. An investment in the Funds is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Before you invest in a Fund, you should consider its principal risks.

Because each Fund invests primarily in municipal securities and other investments the income from which is exempt from regular federal income tax, the principal risks of an investment in each Fund are similar. However, there are differences between the Funds' investment policies that may affect their comparative risk

profiles. The Target Funds are subject to single-state risk, while the Acquiring Fund is not. Due to differences between the Target Funds’ policies on credit quality and those of the Acquiring Fund, an investment in the Acquiring Fund may be subject to credit risk and below investment grade risk to a greater degree than an investment in a Target Fund.

The principal risks of investing in the Acquiring Fund are described in more detail under the caption “Risk Factors” in the Confidential Information Memorandum accompanying this Proxy Statement as Appendix B (the “Memorandum”).

Comparative Expense Information

The purpose of the Comparative Fee Table is to assist you in understanding the various costs and expenses of investing in common shares of the Funds. The information in the table reflects the fees and expenses of Georgia Municipal for the fiscal year ended May 31, 2022, Ohio Municipal for the semi-annual period ended August 31, 2022 (annualized), the Acquiring Fund for the semi-annual period ended April 30, 2022 (annualized) and the pro forma fees and expenses of the combined fund following the Mergers for the six months ended April 30, 2022 (annualized) assuming both Mergers are completed and for each Merger separately.

The assets of the Funds will vary based on market conditions and other factors and may vary significantly during volatile market conditions. The figures in the Example are not necessarily indicative of past or future expenses, and actual expenses may be greater or less than those shown. The Funds’ actual rates of return may be greater or less than the hypothetical 5% annual return shown in the Example.

1. Comparative Fee Table⁽¹⁾—Mergers of Both Georgia Municipal and Ohio Municipal

	<u>Georgia Municipal</u>	<u>Ohio Municipal</u>	<u>Acquiring Fund⁽²⁾</u>	<u>Combined Fund Pro Forma⁽³⁾</u>
Annual Expenses (as a percentage of net assets attributable to common shares)				
Management Fees	0.93%	0.95%	0.94%	0.93%
Fees on Preferred Shares and Interest and Related Expenses from Inverse Floaters ⁽⁴⁾	0.51%	1.00%	0.64%	0.64%
Other Expenses	0.10% ⁽⁵⁾	0.08% ⁽⁵⁾	0.05% ⁽⁶⁾	0.05%
Total Annual Expenses	1.54%	2.03%	1.63%	1.62%

- (1) The table presented above estimates what the annual expenses of the combined fund following the Mergers would be stated as a percentage of the combined fund’s net assets attributable to common shares including the costs of leverage for the six month semi-annual period ended April 30, 2022 (annualized). Please see “Additional Information About the Acquiring Fund—Annual Expenses Excluding the Costs of Leverage” at page 51 for additional information.
- (2) Information for the Acquiring Fund has been adjusted to reflect the effects of the acquisition of another Nuveen Fund subsequent to the date of its most recent published financial statements and the redemption of \$50 million of VRDP shares in November 2022.
- (3) Assumes the issuance of preferred shares in the amounts set forth in the capitalization table. Such amounts may change prior to the closing date. Please see “C. Information About the Mergers—Capitalization” at page 25.
- (4) Fees on preferred shares assume annual dividends paid and amortization of offering costs for AMTP, MFP and VRDP Shares, where applicable, and annual liquidity and remarketing fees for Series 3 VRDP Shares for the Acquiring Fund. The MFP Shares of the Acquiring Fund, the AMTP Shares of Georgia Municipal, the Series 1 VRDP Shares of Ohio Municipal and the Series 1 and Series 2 VRDP Shares of the Acquiring Fund, which currently are in a Special Rate Period, currently do not incur liquidity or remarketing fees. Interest and Related Expenses from Inverse Floaters include interest expense attributable to inverse floating rate securities regardless of how such securities are treated for financial statement purposes. The actual fees on preferred shares and interest and related expenses from inverse floaters incurred in the future may be higher or lower. If short-term market interest rates rise in the future, and if the Funds continue to maintain leverage, the cost of which is tied to short-term interest rates, the Funds’ interest expense can be expected to rise in tandem. The Funds’ use of leverage will increase the amount of management fees paid to the Adviser and the Sub-Adviser.
- (5) Other Expenses are estimated based on actual expenses from the prior fiscal reporting period.
- (6) Other Expenses have been adjusted to reflect the effect of the acquisition of another Nuveen Fund in June 2022, excluding one-time expenses related to the acquisition of the Nuveen Fund.

Example: The following examples illustrate the expenses that a common shareholder would pay on a \$1,000 investment that is held for the time periods provided in the table. The examples assume that all dividends and other distributions are reinvested and that Total Annual Expenses remain the same. The examples also assume a 5% annual return. The examples should not be considered a representation of future expenses. Actual expenses may be greater or lesser than those shown.

	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
Georgia Municipal	\$16	\$49	\$ 84	\$183
Ohio Municipal	\$21	\$64	\$109	\$236
Acquiring Fund	\$17	\$51	\$ 89	\$193
Combined Fund Pro Forma	\$16	\$51	\$ 88	\$192

2. Comparative Fee Table⁽¹⁾—Merger of Ohio Municipal Only

	<u>Ohio Municipal</u>	<u>Acquiring Fund⁽²⁾</u>	<u>Combined Fund Pro Forma⁽³⁾</u>
Annual Expenses (as a percentage of net assets attributable to common shares)			
Management Fees	0.95%	0.94%	0.94%
Fees on Preferred Shares and Interest and Related Expenses from Inverse Floaters ⁽⁴⁾	1.00%	0.64%	0.65%
Other Expenses	0.08% ⁽⁵⁾	0.05% ⁽⁶⁾	0.04%
Total Annual Expenses	2.03%	1.63%	1.63%

- (1) The table presented above estimates what the annual expenses of the combined fund following the Merger would be stated as a percentage of the combined fund's net assets attributable to common shares including the costs of leverage for the six month semi-annual period ended April 30, 2022 (annualized). Please see "Additional Information About the Acquiring Fund—Annual Expenses Excluding the Costs of Leverage" at page 51 for additional information.
- (2) Information for the Acquiring Fund has been adjusted to reflect the effects of the acquisition of another Nuveen Fund subsequent to the date of its most recent published financial statements and the redemption of \$50 million of VRDP shares in November 2022.
- (3) Assumes the issuance of preferred shares in the amounts set forth in the capitalization table. Such amounts may change prior to the closing date. Please see "C. Information About the Mergers—Capitalization" at page 25.
- (4) Fees on preferred shares assume annual dividends paid and amortization of offering costs for MFP and VRDP Shares, where applicable, and annual liquidity and remarketing fees for Series 3 VRDP Shares for the Acquiring Fund. The MFP Shares of the Acquiring Fund, the Series 1 VRDP Shares of Ohio Municipal and the Series 1 and Series 2 VRDP Shares of the Acquiring Fund, which currently are in a Special Rate Period, currently do not incur liquidity or remarketing fees. Interest and Related Expenses from Inverse Floaters include interest expense attributable to inverse floating rate securities regardless of how such securities are treated for financial statement purposes. The actual fees on preferred shares and interest and related expenses from inverse floaters incurred in the future may be higher or lower. If short-term market interest rates rise in the future, and if the Funds continue to maintain leverage, the cost of which is tied to short-term interest rates, the Funds' interest expense can be expected to rise in tandem. The Funds' use of leverage will increase the amount of management fees paid to the Adviser and the Sub-Adviser.
- (5) Other Expenses are estimated based on actual expenses from the prior fiscal reporting period.
- (6) Other Expenses have been adjusted to reflect the effect of the acquisition of another Nuveen Fund in June 2022, excluding one-time expenses related to the acquisition of the Nuveen Fund.

Example: The following examples illustrate the expenses that a common shareholder would pay on a \$1,000 investment that is held for the time periods provided in the table. The examples assume that all dividends and other distributions are reinvested and that Total Annual Expenses remain the same. The examples also assume a 5% annual return. The examples should not be considered a representation of future expenses. Actual expenses may be greater or lesser than those shown.

	<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
Ohio Municipal	\$21	\$64	\$109	\$236
Acquiring Fund	\$17	\$51	\$ 89	\$193
Combined Fund Pro Forma	\$17	\$51	\$ 89	\$193

Comparative Performance Information

Comparative total return performance for the Funds for periods ended September 30, 2022:

	Average Annual Total Return on Net Asset Value			Average Annual Total Return on Market Value		
	One Year	Five Years	Ten Years	One Year	Five Years	Ten Years
Georgia Municipal	-19.50%	-0.87%	0.92%	-26.40%	-2.31%	0.00%
Ohio Municipal	-18.33%	-0.29%	1.99%	-22.85%	-0.96%	0.02%
Acquiring Fund	-22.33%	0.01%	2.69%	-28.38%	-0.61%	2.18%

Average Annual Total Return on Net Asset Value is the combination of changes in common share net asset value, reinvested dividend income at net asset value and reinvested capital gains distributions at net asset value, if any. The last dividend declared in the period, which is typically paid on the first business day of the following month, is assumed to be reinvested at the ending net asset value. The actual reinvestment price for the last dividend declared in the period may often be based on the Fund's market price (and not its net asset value), and therefore may be different from the price used in the calculation. Average Annual Total Return on Market Value is the combination of changes in the market price per share and the effect of reinvested dividend income and reinvested capital gains distributions, if any, at the average price paid per share at the time of reinvestment. The last dividend declared in the period, which is typically paid on the first business day of the following month, is assumed to be reinvested at the ending market price. The actual reinvestment for the last dividend declared in the period may take place over several days, and in some instances it may not be based on the market price, so the actual reinvestment price may be different from the price used in the calculation. Past performance information is not necessarily indicative of future results.

B. RISK FACTORS

An investment in the Acquiring Fund may not be appropriate for all investors. The Acquiring Fund is not intended to be a complete investment program and, due to the uncertainty inherent in all investments, there can be no assurance that the Acquiring Fund will achieve its investment objectives. Investors should consider their long-term investment goals and financial needs when making an investment decision with respect to shares of the Acquiring Fund. An investment in the Acquiring Fund is intended to be a long-term investment, and you should not view the Fund as a trading vehicle. Your shares at any point in time may be worth less than your original investment, even after taking into account the reinvestment of Fund dividends and distributions, if applicable.

The principal risks of investing in VRDP Shares of the Acquiring Fund are described under the caption "Risk Factors" in the Memorandum accompanying this Proxy Statement as Appendix B. An investment in VRDP Shares of Ohio Municipal is also generally subject to these principal risks. The risks and special considerations discussed in the Memorandum should be considered by holders of VRDP Shares of Ohio Municipal in their evaluation of their Fund's Merger.

C. INFORMATION ABOUT THE MERGERS

General

Nuveen Fund Advisors, LLC, a subsidiary of Nuveen, LLC and the Funds' investment adviser, recommended the Merger proposal as part of an ongoing initiative to streamline Nuveen's municipal closed-end fund line-up and eliminate overlapping products. Each Fund's Board considered its Fund's Merger(s) and determined that the Merger(s) would be in the best interests of its Fund. Based on information provided by Nuveen Fund Advisors, each Target Fund's Board believes that its Fund's proposed Merger may benefit the common shareholders of its Fund in a number of ways, including, among other things:

- The potential for higher common share net earnings and distribution levels following the Mergers, due in part to the Acquiring Fund's ability to invest to a greater degree in lower rated securities and a geographically diverse national portfolio, as well as operating economies from the combined fund's greater scale;
- Greater secondary market liquidity and improved secondary market trading for common shares as a result of the combined fund's greater share volume, which may lead to narrower bid-ask spreads and smaller trade-to-trade price movements;
- The potential for a narrower trading discount as a result of the Acquiring Fund's common shares trading at a discount that historically has been lower than that of each Target Fund's common shares;
- Increased portfolio and leverage management flexibility due to the significantly larger asset base of the combined fund and the Acquiring Fund's national mandate with greater flexibility to invest in lower rated securities; and
- Lower net operating expenses, excluding the costs of leverage, as certain fixed costs are spread over a larger asset base.

Each Target Fund's Board considered that a greater percentage of the Acquiring Fund's portfolio may be allocated to lower rated municipal securities relative to the amount permitted by the policies of the Target Fund, and recognized that investments in lower rated securities are subject to higher risks than investments in higher rated securities.

With respect to holders of preferred shares of each Target Fund, the Target Fund's Board considered that, upon the closing of the applicable Merger, holders of any preferred shares outstanding immediately prior to the closing will receive, on a one-for-one basis, newly issued preferred shares of the Acquiring Fund having substantially similar terms, immediately prior to the closing of the Merger, to those of the preferred shares of the applicable Target Fund.

Based on information provided by Nuveen Fund Advisors, the Acquiring Fund's Board considered that the Acquiring Fund may benefit in the near term from a modest increase in operating efficiencies and over the long term from increased investment capital, which allows the Acquiring Fund to pursue additional investment opportunities. With respect to holders of preferred shares of the Acquiring Fund, the Acquiring Fund's Board considered that the outstanding preferred shares of the Acquiring Fund and any preferred shares of the Acquiring Fund to be issued in the Mergers would have equal priority with each other as to payment of dividends and distributions of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund.

For these reasons, each Fund's Board has determined that its Fund's Merger(s) are in the best interest of its Fund and has approved such Merger(s).

The closing of each Merger is subject to the satisfaction or waiver of certain closing conditions, which include customary closing conditions. In order for a Merger to occur, all requisite shareholder approvals must be obtained at the applicable Fund's shareholder meeting, and certain other consents, confirmations and/or waivers from various third parties, including the liquidity providers and/or the initial purchasers with respect to outstanding preferred shares of the Acquiring Fund, must also be obtained. Because the closing of each Merger is contingent upon the applicable Target Fund and the Acquiring Fund obtaining such shareholder approvals and satisfying (or obtaining the waiver of) other closing conditions, it is possible that a Merger will not occur even if shareholders of a Fund entitled to vote approve the Merger and a Fund satisfies all of its closing conditions if the other Fund does not obtain its requisite shareholder approvals or satisfy (or obtain the waiver of) its closing conditions. If a Merger is not consummated, the Board of the Target Fund involved in that Merger may take such actions as it deems in the best interests of the Fund, including conducting additional solicitations with respect to the Merger proposal or continuing to operate the Target Fund as a standalone fund. The closing of each Merger is not contingent on the closing of the other Merger.

Terms of the Mergers

General. The Agreement and Plan of Merger by and among the Acquiring Fund, each Target Fund and the Merger Sub (the "Agreement"), in the form attached as Appendix A to this Proxy Statement, sets forth the terms of each Merger and, with respect to each Merger, provides for: (1) the merger of the Target Fund with and into the Merger Sub, with the Merger Sub continuing as the surviving company and the separate legal existence of the Target Fund ceasing for all purposes at the Effective Time; (2) the conversion of the issued and outstanding common shares of beneficial interest of the Target Fund into newly issued common shares of beneficial interest of the Acquiring Fund, par value \$0.01 per share (with cash being received in lieu of any fractional Acquiring Fund common shares), and (3) the conversion of the issued and outstanding AMTP Shares or VRDP Shares of the Target Fund into newly issued AMTP Shares, with a par value of \$0.01 per share and a liquidation preference of \$100,000 per share, or newly issued VRDP Shares, with a par value of \$0.01 per share and a liquidation preference of \$100,000 per share, respectively. With respect to each Merger, at the Effective Time, without any further action, the Merger Sub as the surviving company shall (i) succeed to and possess all rights, powers and privileges of the Merger Sub and the Target Fund, and all of the assets and property of whatever kind and character of the Target Fund and the Merger Sub shall vest in the Merger Sub, and (ii) be liable for all of the liabilities and obligations of the Target Fund and the Merger Sub. As soon as practicable following the completion of the Mergers, the Merger Sub will distribute its assets to the Acquiring Fund and the Acquiring Fund will assume the liabilities of the Merger Sub in complete liquidation and dissolution of the Merger Sub under Massachusetts law. The Merger Sub has been formed for the sole purpose of consummating the Mergers and the Merger Sub will not commence operations prior to the closing of the Mergers, except as necessary to facilitate the Mergers.

As a result of the Mergers and subsequent distribution of assets to the Acquiring Fund, the assets of the Acquiring Fund and the Target Funds would be combined, and the shareholders of the Target Funds would become shareholders of the Acquiring Fund. The Acquiring Fund will be the accounting survivor of the Mergers.

Each preferred shareholder of a Target Fund will receive the same number of Acquiring Fund AMTP Shares or Acquiring Fund VRDP Shares, as applicable, having substantially similar terms as the outstanding AMTP Shares or VRDP Shares of such Target Fund held by such preferred shareholder immediately prior to the closing of the Mergers. The aggregate liquidation preference of the Acquiring Fund AMTP Shares or VRDP Shares received in connection with the Mergers will equal the aggregate liquidation preference of a Target Fund's AMTP Shares or VRDP Shares, as applicable, held immediately prior to the closing of the Mergers. The Acquiring Fund AMTP Shares and VRDP Shares to be issued in connection with the Mergers will have equal priority with each other and with the Acquiring Fund's other outstanding preferred shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund. In addition, the preferred shares of the Acquiring Fund, including any AMTP Shares and VRDP Shares of the Acquiring Fund to be issued in connection with the Mergers, will be senior in priority to the Acquiring

Fund's common shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund. However, the Acquiring Fund has multiple types and series of preferred shares outstanding.

The closing date is expected to be on or about March 6, 2023, or such other date as the parties may agree (the "Closing Date"). Following the Mergers, each Target Fund will terminate its registration as an investment company under the 1940 Act. The Acquiring Fund will continue to operate after the Mergers as a registered closed-end management investment company, with the investment objectives and policies described in this Proxy Statement.

The aggregate net asset value, as of the Valuation Time (as defined below), of the Acquiring Fund common shares received by each Target Fund's common shareholders in connection with the Mergers will equal the aggregate net asset value of the Target Fund common shares held by shareholders of the Target Fund as of the Valuation Time. Prior to the Valuation Time, the net asset value of each Fund will be reduced by the costs of the Mergers borne by such Fund. See "—Description of Common Shares to Be Issued by the Acquiring Fund; Comparison to Target Funds" for a description of the rights of Acquiring Fund common shareholders. However, no fractional Acquiring Fund common shares will be distributed to a Target Fund's common shareholders in connection with a Merger. The Acquiring Fund's transfer agent will aggregate all fractional Acquiring Fund common shares that may be due to a Target Fund's shareholders as of the Closing Date and will sell the resulting whole shares for the account of holders of all such fractional interests at a value that may be higher or lower than net asset value, and each such holder will be entitled to a pro rata share of the proceeds from such sale. With respect to the aggregation and sale of fractional common shares, the Acquiring Fund's transfer agent will act directly on behalf of the shareholders entitled to receive fractional shares and will accumulate fractional shares, sell the shares and distribute the cash proceeds net of brokerage commissions, if any, directly to the Target Fund shareholders entitled to receive the fractional shares (without interest and subject to withholding taxes). For federal income tax purposes, Target Fund shareholders will be treated as if they received fractional share interests and then sold such interests for cash. The holding period and the aggregate tax basis of the Acquiring Fund shares received by a shareholder, including fractional share interests deemed received by a shareholder, will be the same as the holding period and aggregate tax basis of the Target Fund common shares previously held by the shareholder, provided the Target Fund shares were held as capital assets at the effective time of a Merger. As a result of the Mergers, common shareholders of the Funds will hold a smaller percentage of the outstanding common shares of the combined fund as compared to their percentage holdings of their respective Fund prior to the Mergers and thus, common shareholders will hold reduced percentages of ownership in the larger combined entity than they held in the Acquiring Fund or a Target Fund individually.

Following the Mergers, each preferred shareholder of the Target Funds would own the same number of new Acquiring Fund AMTP Shares or new VRDP Shares, as applicable, with the same aggregate liquidation preference as the AMTP Shares or VRDP Shares of the Target Fund held by such shareholder immediately prior to the closing of the Mergers, with substantially similar terms as the outstanding AMTP Shares or VRDP Shares of the Target Fund held by such preferred shareholder immediately prior to the closing of a Merger. As a result of the Mergers, preferred shareholders of the Funds may hold reduced voting percentages of preferred shares in the combined fund than they held in the Acquiring Fund or a Target Fund individually.

The holders of VRDP Shares of Ohio Municipal will receive the following new series of VRDP Shares of the Acquiring Fund:

<u>Target Fund</u>	<u>Target Fund Preferred Shares Outstanding</u>	<u>Acquiring Fund Preferred Shares to be Issued in the Merger</u>
Ohio Municipal	VRDP Shares, Series 1 \$100,000 liquidation preference per share Final Mandatory Redemption Date: September 1, 2043	VRDP Shares, Series 4 \$100,000 liquidation preference per share Final Mandatory Redemption Date: September 1, 2043

Valuation of Common Shares. Pursuant to the Agreement, the net asset value per share of each Target Fund and the Acquiring Fund shall be computed as of the close of regular trading on the NYSE on the business day immediately prior to the Closing Date (such time and date referred to herein as the “Valuation Time”) using the valuation procedures of the Nuveen closed-end funds or such other valuation procedures as will be mutually agreed upon by the parties.

Acquiring Fund Common Shares to be Issued. At the effective time of the closing (the “Effective Time”), each Target Fund common share outstanding immediately prior to the Effective Time shall be converted into a number of Acquiring Fund common shares equal to one multiplied by the quotient of the net asset value per share of the Target Fund divided by the net asset value per share of the Acquiring Fund.

Amendments. Under the terms of the Agreement, the Agreement may be amended, modified or supplemented in such manner as may be mutually agreed upon in writing by each Fund as specifically authorized by each Fund’s Board; provided, however, that following the receipt of shareholder approval of the Agreement, no such amendment, modification or supplement may have the effect of changing the provisions for determining the number of Acquiring Fund shares to be issued to a Target Fund’s shareholders under the Agreement to the detriment of such shareholders without their further approval.

Conditions. Under the terms of the Agreement, the closing of each Merger is subject to the satisfaction or waiver (if permissible) of the following closing conditions: (1) the requisite approval by the common and preferred shareholders of the Target Fund and the preferred shareholders of the Acquiring Fund of the proposal with respect to the Target Fund’s Merger described in this Proxy Statement, (2) each Fund’s receipt of an opinion of counsel substantially to the effect that the merger of the Target Fund with and into the Merger Sub will qualify as a reorganization under the Code (see “—Material Federal Income Tax Consequences of the Mergers”), (3) the absence of legal proceedings challenging the Mergers, and (4) the Funds’ receipt of certain customary certificates and legal opinions. Additionally, in order for the Mergers to occur, certain other consents, confirmations and/or waivers from various third parties, including the liquidity providers and/or the initial purchasers with respect to outstanding preferred shares of the Acquiring Fund, must also be obtained.

Termination. With respect to each Merger, the Agreement may be terminated by the mutual agreement of the parties, and such termination may be effected by the Chief Administrative Officer, President or any Vice President of each Fund without further action by a Target Fund’s Board or the Acquiring Fund’s Board. In addition, a Fund may at its option terminate the Agreement with respect to its Merger at or before the closing due to: (1) a breach by the non-terminating party of any representation or warranty, or agreement to be performed at or before the closing, if not cured within 30 days of the breach and prior to the closing; (2) a condition precedent to the obligations of the terminating party that has not been met or waived and it reasonably appears that it will not or cannot be met; or (3) a determination by a Target Fund’s Board or the Acquiring Fund’s Board that the consummation of the transactions contemplated by the Agreement is not in the best interests of its respective Fund involved in the Merger(s).

Reasons for the Mergers

Based on the considerations described below, the Board of Trustees of each Target Fund (each, a “Target Board” and collectively, the “Target Boards”), all of whom are not “interested persons,” as defined in the 1940 Act, and the Board of Trustees of the Acquiring Fund (the “Acquiring Board” and together with the Target Boards, the “Boards” and each individually, a “Board”), all of whom are not “interested persons,” as defined in the 1940 Act, have each determined that its Fund’s Merger(s) would be in the best interests of its Fund and that the interests of the existing shareholders of its Fund would not be diluted as a result of such Merger(s). At a meeting held on November 15-17, 2022 (the “Board Meeting”), each Board approved its Fund’s Merger(s) and recommended that shareholders of its Fund, as applicable, approve such Merger(s).

At and prior to the Board Meeting, including at previous meetings, Nuveen Fund Advisors made presentations and provided the Boards with information relating to the proposed Mergers and alternatives to the proposed Mergers. Prior to approving the Mergers, each Board reviewed the foregoing information with its independent legal counsel and with management, reviewed with independent legal counsel applicable law and its duties in considering such matters and met with independent legal counsel in private sessions without management present. Each Board recognized that Nuveen Fund Advisors, each Fund’s investment adviser, had recommended the Merger proposal as part of an ongoing initiative to streamline Nuveen’s municipal closed-end fund line-up and eliminate overlapping products. Based on the foregoing, the Boards considered the following factors (as applicable), among others, in approving the Mergers and recommending that shareholders of the Funds (as applicable) approve the Mergers:

- the compatibility of the Funds’ investment objectives, policies and related risks;
- the consistency of portfolio management;
- the larger asset base of the combined fund as a result of the Mergers and the effect of the Mergers on fees and expense ratios;
- the potential for improved secondary market trading with respect to common shares;
- the anticipated federal income tax-free nature of the Mergers;
- the expected costs of the Mergers;
- the terms of the Mergers and whether the Mergers would dilute the interests of the shareholders of the applicable Funds;
- the effect of the Mergers on shareholder rights;
- alternatives to the Mergers; and
- any potential benefits of the Mergers to Nuveen Fund Advisors and its affiliates as a result of the Mergers.

Compatibility of Investment Objectives, Policies and Related Risks. Based on the information presented, the Boards noted that, as municipal funds, the Funds’ investment objectives and policies share certain similarities, but there are differences. The Acquiring Fund is a national municipal fund that seeks to provide current income exempt from regular federal income tax. In contrast, each Target Fund is a state-specific municipal fund that seeks to provide current income exempt from regular federal income tax and the income tax of a single state. Under its investment policies, each Fund, under normal circumstances, could invest a portion of its portfolio in municipal securities that pay interest that is taxable under the federal alternative minimum tax. In

its review, each Board considered the impact of the Mergers on its Fund's portfolio, including any shifts in credit quality and yield. In this regard, the Target Boards recognized that a greater percentage of the Acquiring Fund's portfolio may be allocated to lower rated municipal securities relative to the amount permitted by the policies of the Target Funds. The Target Boards further observed the significantly larger asset size of the Acquiring Fund compared to that of each Target Fund. The Target Boards noted that each Target Fund's shareholders would lose the benefit of the state tax exemption as a result of the applicable Merger, but recognized the potential for higher common share net earnings and distribution levels of the combined fund as a result of, among other things, the Acquiring Fund's ability to invest to a greater degree in lower rated securities, the geographically diverse national portfolio and the operating economies from the combined fund's greater scale following the Mergers. Further, in comparison to the Target Funds, the Target Boards recognized the increased portfolio and leverage management flexibility afforded by the significantly larger asset base of the combined fund and the Acquiring Fund's broader national mandate with greater flexibility to invest in lower rated securities.

The Boards considered that each Fund may use leverage through a number of methods, including through the issuance of preferred shares and investments in inverse floating rate securities. In this regard, the Boards recognized, among other things, that Georgia Municipal has one series of AMTP Shares outstanding, Ohio Municipal has one series of VRDP Shares outstanding, and the Acquiring Fund has three series of MFP Shares outstanding and three series of VRDP Shares outstanding which are expected to remain outstanding following the Mergers. With respect to holders of preferred shares of each Target Fund, the Target Board considered that upon closing of its Fund's Merger, holders of any preferred shares outstanding immediately prior to the closing will receive, on a one-for-one basis, newly issued preferred shares of the Acquiring Fund having substantially similar terms, immediately prior to the closing of such Merger, to those of the preferred shares of the applicable Target Fund.

With respect to the Acquiring Fund, the Acquiring Board considered that based on information provided by Nuveen Fund Advisors, the Acquiring Fund may benefit in the near term from a modest increase in operating efficiencies and over the long term from increased investment capital, which allows the Acquiring Fund to pursue additional investment opportunities. The Acquiring Board also recognized that the outstanding preferred shares of the Acquiring Fund and any preferred shares of the Acquiring Fund to be issued in the Mergers would have equal priority with each other as to payment of dividends and distributions of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund.

With respect to principal investment risks, while the principal risks of an investment in each Fund would be similar in certain respects because each Fund invests in municipal securities and other investments the income from which is exempt from regular federal income taxes, the differences relating to the Funds' investment objectives and policies would affect the comparative risk profiles. For example, each Target Fund is subject to single state risk while the Acquiring Fund is not. Each Target Fund also invests primarily in investment grade securities, while the Acquiring Fund is permitted to allocate a greater percentage of its portfolio to lower rated municipal securities than the Target Funds. Investments in lower rated securities are subject to greater risks than investments in higher rated securities. The Acquiring Fund therefore would be subject to increased risks from investments in lower rated securities, including the higher risk that the issuer will be unable to pay interest or principal when due.

Consistency of Portfolio Management. Each Fund has the same investment adviser and sub-adviser, but the portfolio manager of the Acquiring Fund is different from the portfolio manager of the Target Funds, and the portfolio manager of the Acquiring Fund will continue to manage the combined fund upon completion of the Mergers. Through the Mergers, the Boards recognized that shareholders would remain invested in a closed-end management investment company that will have greater net assets and the same investment adviser and sub-adviser.

Larger Asset Base of the Combined Fund; Effect of the Mergers on Fees and Expense Ratios. The Boards evaluated the fees and expense ratios of each of the Funds (including estimated expenses of the combined fund

following the Mergers). It was anticipated that the Funds will benefit from the larger asset size as fixed costs are shared over a larger asset base. The Target Boards also considered that the fund-level management fee schedule of the Acquiring Fund was higher (approximately by 5 basis points) than that of each Target Fund at each breakpoint level. However, the Target Boards noted that it was expected that the net operating expenses per common share (i.e., expenses excluding the costs of leverage) of the combined fund would be lower than those of each Target Fund prior to the closing of the Mergers. In addition, assuming both Mergers are completed, the Acquiring Board noted that the net operating expenses per common share (i.e., expenses excluding the costs of leverage) of the combined fund were expected to be modestly lower than those of the Acquiring Fund prior to the closing of the Mergers.

Potential for Improved Secondary Market Trading. While it is not possible to predict trading levels following the Mergers, the Target Boards noted that the Mergers are being proposed, in part, to seek to enhance the secondary trading market for the common shares with respect to the Target Funds. The Target Boards considered that, relative to the Target Funds, the combined fund's greater share volume may result in greater secondary market liquidity and improved secondary market trading for common shares after the Mergers, which may lead to narrower bid-ask spreads and smaller trade-to-trade price movements. In addition, based on information provided by Nuveen Fund Advisors, the Target Boards considered the potential for a narrower trading discount, relative to the Target Funds, as a result of the Acquiring Fund's common shares trading at a discount that historically has been lower than that of each Target Fund's common shares; however, the Target Boards recognized that the past trading record of the common shares of the Acquiring Fund may not necessarily be indicative of how the common shares of the combined fund will trade in the future and there is no guarantee that the common shares of the combined fund would have a narrower trading discount than that of either Target Fund's common shares. Further, with respect to the Acquiring Fund, the Acquiring Board noted that such Fund may experience modest secondary market benefits with respect to its common shares due to increased scale.

Anticipated Tax-Free Reorganizations; Capital Loss Carryforwards. Each Merger will be structured with the intention that it qualifies as a tax-free reorganization for federal income tax purposes, and each Fund participating in a Merger will obtain an opinion of counsel substantially to this effect (based on certain factual representations and certain customary assumptions and exclusions). In addition, the Boards considered the impact of the Mergers on any estimated capital loss carryforwards of the Funds and applicable limitations of federal income tax rules.

Expected Costs of the Mergers. The Boards considered the terms and conditions of the Mergers, including the estimated costs associated with the Mergers and the allocation of such costs among the Funds. Preferred shareholders will not bear any costs of the Mergers.

Terms of the Mergers and Impact on Shareholders. The terms of the Mergers are intended to avoid dilution of the interests of the existing shareholders of the applicable Funds. In this regard, each Target Board considered that each holder of common shares of its Target Fund will receive common shares of the Acquiring Fund (taking into account any fractional shares to which the shareholder would be entitled) equal in value as of the Valuation Time to the aggregate per share net asset value of that shareholder's Target Fund common shares held as of the Valuation Time. However, no fractional common shares of the Acquiring Fund will be distributed to the Target Funds' common shareholders in connection with the Mergers. In lieu of such fractional shares, the Target Funds' common shareholders will receive cash. As noted above with respect to holders of preferred shares of each Target Fund, holders of any preferred shares outstanding immediately prior to the closing of the applicable Merger will receive, on a one-for-one basis, newly issued preferred shares of the Acquiring Fund having substantially similar terms, immediately prior to the closing of such Merger, to those of the preferred shares of the applicable Target Fund.

In conjunction with the issuance of additional shares of the Acquiring Fund as described above, the Acquiring Board considered that the Acquiring Fund would receive additional assets and liabilities as a result of each Merger. Further, as noted above, the outstanding preferred shares of the Acquiring Fund and any preferred

shares of the Acquiring Fund to be issued in the Mergers would have equal priority with each other as to payment of dividends and distributions of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund.

Effect on Shareholder Rights. The Boards considered that each Fund is organized as a Massachusetts business trust. In this regard, with respect to each Target Fund, there will be no change to shareholder rights under state statutory law.

Alternatives. The Target Boards considered various alternatives to the Mergers, including keeping the status quo, liquidating the Target Funds, and merging the Target Funds into a state specific open-end fund. In considering the status quo, the Target Boards considered Nuveen Fund Advisors' view, among other things, that while the Target Funds would maintain the state income tax exemption, this option may result in continuing secondary market trading discounts and less competitive tax-adjusted distributions. In considering liquidation, the Target Boards took into account, among other things, that such alternative would be a taxable event and could be potentially disruptive to long-term shareholders. With respect to a merger into a state specific open-end fund, the Target Boards considered, among other things, that while the Target Funds would maintain the state income tax exemption, based on the information provided by Nuveen Fund Advisors, this option may result in potentially lower tax-free earnings over time and be disruptive to acquiring fund shareholders. In evaluating the proposed Mergers, the Target Boards considered, among other things, Nuveen Fund Advisors' view that combining the Target Funds with a larger closed-end municipal fund with a national mandate was an attractive alternative in light of certain potential benefits to shareholders of the Target Funds, as outlined above.

Potential Benefits to Nuveen Fund Advisors and Affiliates. The Boards recognized that the Mergers may result in some benefits and economies of scale for Nuveen Fund Advisors and its affiliates. These may include, for example, a reduction in the level of operational expenses incurred for administrative, compliance and portfolio management services as a result of the elimination of each Target Fund as a separate fund in the Nuveen complex.

Conclusion. Each Board approved the Merger(s) involving its Fund, concluding that each such Merger is in the best interests of its Fund and that the interests of existing shareholders of its Fund will not be diluted as a result of the respective Merger(s).

Capitalization

The following table sets forth the unaudited capitalization of the Funds as of November 30, 2022, and the pro-forma combined capitalization of the Acquiring Fund as if the Merger(s) had occurred on that date assuming the completion of both Mergers and the completion of the Merger of Ohio Municipal separately.

1. Capitalization Table—Mergers of Both Georgia Municipal and Ohio Municipal

The table reflects pro forma exchange ratios of approximately 0.87068067 and 1.08361635 common shares of the Acquiring Fund issued for each common share of Georgia Municipal and Ohio Municipal, respectively. If the Mergers are consummated, the actual exchange ratios may vary.

- (1) The pro forma balances are presented as if the Merger was effective as of November 30, 2022, are presented for informational purposes only and assumes the issuance of preferred shares in the amounts set forth above, which amounts may change prior to the Closing Date. The actual Closing Date of the Merger is expected to be on or about March 6, 2023, or such later time agreed to by the parties at which time the results would be reflective of the actual composition of shareholders' equity as of that date. All pro forma adjustments are directly attributable to the Merger.
- (2) Assumes the conversion of outstanding Ohio Municipal Series 1 VRDP Shares into shares of a new series of shares designated as Series 4 VRDP Shares of the Acquiring Fund in connection with the Merger of Ohio Municipal.
- (3) Assumes the issuance of 19,780,676 Acquiring Fund common shares to Ohio Municipal common shareholders in connection with the Merger. These numbers are based on the net asset values of the Acquiring Fund and Ohio Municipal as of November 30, 2022, adjusted for estimated Merger costs.
- (4) Includes the impact of estimated total Merger costs of \$935,000, which are currently expected to be borne by Ohio Municipal and the Acquiring Fund in the amounts of \$930,000 and \$5,000, respectively.

Expenses Associated with the Mergers

Preferred shareholders will not bear any costs of the Mergers. The costs of the Mergers are estimated to be \$1,215,000, but the actual costs may be higher or lower than that amount. These costs represent the estimated nonrecurring expenses of the Funds in carrying out their obligations under the Agreement and consist of management's estimate of professional service fees, printing costs and mailing charges related to the proposed Mergers. Based on the expected benefits of the Mergers to each Fund, each of Georgia Municipal, Ohio Municipal and the Acquiring Fund is expected to be allocated \$280,000, \$930,000 and \$5,000, respectively, of the estimated expenses in connection with the Mergers (0.20%, 0.30% and 0.00%, respectively, of Georgia Municipal's, Ohio Municipal's and the Acquiring Fund's average net assets applicable to common shares for the six months ended April 30, 2022). If one or both Mergers is not consummated for any reason, including because the requisite shareholder approvals are not obtained, each of the Funds, and common shareholders of each of the Funds indirectly, will still bear the costs of the Mergers.

The Funds have engaged Computershare Fund Services to assist in the solicitation of proxies at an estimated aggregate cost of \$7,500 per Fund plus reasonable expenses, which is included in the foregoing estimate.

Dissenting Shareholders' Rights of Appraisal

Under the charter documents of the Funds, shareholders do not have dissenters' rights of appraisal with respect to their shares in connection with the Mergers.

Material Federal Income Tax Consequences of the Mergers

As a non-waivable condition to each Fund's obligation to consummate the Mergers, each Fund will receive a tax opinion from Vedder Price P.C. (which opinion will be based on certain factual representations and certain customary assumptions and exclusions) with respect to its Merger(s) substantially to the effect that, on the basis of the existing provisions of the Code, current administrative rules and court decisions, for federal income tax purposes:

- (a) The merger of the Target Fund with and into the Merger Sub pursuant to applicable state laws will constitute a "reorganization" within the meaning of Section 368(a) of the Code and the Acquiring Fund and the Target Fund will each be a "party to a reorganization," within the meaning of Section 368(b) of the Code, with respect to the merger.
- (b) No gain or loss will be recognized by the Acquiring Fund or the Merger Sub upon the merger of the Target Fund with and into the Merger Sub pursuant to applicable state laws or upon the liquidation of the Merger Sub.
- (c) No gain or loss will be recognized by the Target Fund upon the merger of the Target Fund with and into the Merger Sub pursuant to applicable state laws.
- (d) No gain or loss will be recognized by the Target Fund shareholders upon the conversion of all their Target Fund shares solely into Acquiring Fund shares in the merger of the Target Fund with and into the Merger Sub pursuant to applicable state laws, except to the extent the Target Fund common shareholders receive cash in lieu of a fractional Acquiring Fund common share.
- (e) The aggregate basis of the Acquiring Fund shares received by each Target Fund shareholder pursuant to the merger (including any fractional Acquiring Fund common share to which a Target Fund common shareholder would be entitled) will be the same as the aggregate basis of the Target Fund shares that were converted into such Acquiring Fund shares.
- (f) The holding period of the Acquiring Fund shares received by each Target Fund shareholder in the merger (including any fractional Acquiring Fund common share to which a Target Fund common shareholder would be entitled) will include the period during which the shares of the Target Fund that were converted into such Acquiring Fund shares were held by such shareholder, provided the Target Fund shares are held as capital assets at the effective time of the merger.
- (g) The basis of the Target Fund's assets received by the Merger Sub in the merger will be the same as the basis of such assets in the hands of the Target Fund immediately before the merger.
- (h) The holding period of the assets of the Target Fund received by the Merger Sub in the merger will include the period during which those assets were held by the Target Fund.

With respect to each Merger, the opinion addressing the federal income tax consequences of the Merger described above will rely on the assumption that the Acquiring Fund AMTP or VRDP Shares received in the Merger, if any, will constitute equity of the Acquiring Fund. In that regard, Sidley Austin LLP, as special tax counsel to the Acquiring Fund, will deliver an opinion to the Acquiring Fund, subject to certain representations, assumptions and conditions, substantially to the effect that any Acquiring Fund VRDP Shares received in the Merger of Ohio Municipal by the holders of VRDP Shares of Ohio Municipal will qualify as equity of the Acquiring Fund for federal income tax purposes. Stradley, Ronon, Stevens and Young, LLP, as special tax counsel to the Acquiring Fund, will deliver an opinion to the Acquiring Fund, subject to certain representations, assumptions and conditions, substantially to the effect that any Acquiring Fund AMTP Shares received in the Merger of Georgia Municipal by the holders of AMTP Shares of Georgia Municipal will qualify as equity of the Acquiring Fund for federal income tax purposes. As a result, distributions with respect to the preferred shares

(other than distributions in redemption of preferred shares subject to Section 302(b) of the Code) will generally constitute dividends to the extent of the Acquiring Fund's allocable current or accumulated earnings and profits, as calculated for federal income tax purposes. Because the treatment of a corporate security as debt or equity is determined on the basis of the facts and circumstances of each case, and no controlling precedent exists for the preferred shares issued in the Mergers, there can be no assurance that the Internal Revenue Service ("IRS") will not question special tax counsels' opinions and the Acquiring Fund's treatment of the preferred shares as equity. If the IRS were to succeed in such a challenge, holders of preferred shares could be characterized as receiving taxable interest income rather than exempt-interest or other dividends, possibly requiring them to file amended income tax returns and retroactively to recognize additional amounts of ordinary income and pay additional tax, interest and penalties, and the tax consequences of the Mergers could differ significantly from those described in this Proxy Statement.

No opinion will be expressed as to (1) the effect of the Mergers on a Target Fund, the Acquiring Fund, the Merger Sub or any Target Fund shareholder with respect to any asset (including, without limitation, any stock held in a passive foreign investment company as defined in Section 1297(a) of the Code) as to which any gain or loss is required to be recognized under federal income tax principles (i) at the end of a taxable year (or on the termination thereof) or (ii) upon the transfer of such asset regardless of whether such transfer would otherwise be a non-taxable transaction under the Code, (2) the effect of the Mergers under the alternative minimum tax imposed under Section 55 of the Code on a direct or indirect shareholder of a Target Fund that is a corporation, and (3) any other federal tax issues (except those set forth above) and all state, local or non-U.S. tax issues of any kind.

Each opinion will be based on certain factual representations and customary assumptions. The opinion will rely on such representations and will assume the accuracy of such representations. If such representations and assumptions are incorrect, the Merger that is the subject of such opinion may not qualify as a "reorganization" within the meaning of Section 368(a) of the Code, and the Target Fund involved in such Merger and Target Fund shareholders may recognize taxable gain or loss as a result of that Merger.

Opinions of counsel are not binding upon the IRS or the courts and there can be no assurance that the IRS or a court will concur on all or any of the issues discussed above. If the Mergers occur but the IRS or the courts determine that a Merger does not qualify as a "reorganization" within the meaning of Section 368(a) of the Code, the Target Fund involved in such Merger may recognize gain or loss on the transfer of its assets to the Acquiring Fund and/or the deemed distribution of Acquiring Fund shares to its shareholders and each shareholder of that Target Fund would recognize taxable gain or loss equal to the difference between its basis in its Target Fund shares and the fair market value of the shares of the Acquiring Fund it receives.

Prior to the Valuation Time, each Target Fund will declare a distribution to its common shareholders, which together with all other distributions to shareholders made with respect to the taxable year in which its Merger occurs and all prior taxable years, will have the effect of distributing to such shareholders all its net investment income and realized net capital gains (after reduction by any available capital loss carryforwards and excluding any net capital gain on which the Target Fund paid federal income tax), if any, through the Closing Date of the Merger. Each Fund designates distributions to common and preferred shareholders as consisting of particular types of income (such as exempt interest, ordinary income and capital gain) based on each class's proportionate share of the total distributions paid by the Fund with respect to the year. As a result, such distribution could cause a portion of the distributions received by holders of Ohio Municipal's VRDP Shares with respect to the year in which such distribution occurs to be taxable for federal income tax and Ohio individual income tax purposes. Additional distributions may be made if necessary.

After the Mergers, the Acquiring Fund's ability to use a Target Fund's or the Acquiring Fund's realized and unrealized pre-Merger capital losses may be limited under certain federal income tax rules applicable to reorganizations of this type. Therefore, in certain circumstances, shareholders may pay federal income tax sooner, or pay more federal income tax, than they would have had the Mergers not occurred. The effect of these

potential limitations, however, will depend on a number of factors including the amount of the losses, the amount of gains to be offset, the exact timing of the Mergers and the amount of unrealized capital gains in the Funds at the time of the Mergers.

The table below sets forth, as of May 31, 2022 (the Fund’s tax year end), Georgia Municipal’s unused capital loss carryforwards available for federal income tax purposes to be applied against future capital gains, if any.

	<u>Georgia Municipal</u>
Not subject to expiration:	
Short-Term	\$2,903,602
Long-Term	\$1,802,813
Total	<u>\$4,706,415</u>

The table below sets forth, as of February 28, 2022 (the Fund’s tax year end), Ohio Municipal’s unused capital loss carryforwards available for federal income tax purposes to be applied against future capital gains, if any.

	<u>Ohio Municipal</u>
Not subject to expiration:	
Short-Term	—
Long-Term	—
Total	—

The table below sets forth, as of October 31, 2021 (the Fund’s tax year end), the Acquiring Fund’s unused capital loss carryforwards available for federal income tax purposes to be applied against future capital gains, if any.

	<u>Acquiring Fund</u>
Not subject to expiration:	
Short-Term	\$25,114,491
Long-Term	—
Total	<u>\$25,114,491</u>

In addition, the shareholders of the Target Funds will receive a proportionate share of any taxable income and gains (after the application of any available capital loss carryforwards) realized by the Acquiring Fund and not distributed to its shareholders prior to the closing of a Merger when such income and gains are eventually distributed by the Acquiring Fund. To the extent the Acquiring Fund sells portfolio investments after the Mergers, the Acquiring Fund may recognize gains or losses (including any built-in gain in the portfolio investments of a Target Fund or the Acquiring Fund that was unrealized at the time of the Mergers), which also may result in taxable distributions to shareholders holding shares of the Acquiring Fund, including former Target Fund preferred shareholders who hold Acquiring Fund preferred shares after the Mergers. As a result, shareholders of the Target Funds and the Acquiring Fund may receive a greater amount of taxable distributions than they would have had the Mergers not occurred.

The foregoing is intended to be only a summary of the principal federal income tax consequences of the Mergers and should not be considered to be tax advice. This description of the federal income tax consequences of the Mergers is made without regard to the particular facts and circumstances of any shareholder. There can be

no assurance that the IRS or a court will concur on all or any of the issues discussed above. Shareholders are urged to consult their own tax advisers as to the specific consequences to them of the Mergers, including without limitation the federal, state, local, and non-U.S. tax consequences with respect to the foregoing matters and any other considerations that may be applicable to them.

Shareholder Approval

The Merger of Ohio Municipal is required to be approved by the affirmative vote of the holders of a majority (more than 50%) of Ohio Municipal's outstanding common and preferred shares entitled to vote on the matter, voting together as a single class, and by the affirmative vote of the holders of a majority (more than 50%) of Ohio Municipal's outstanding preferred shares entitled to vote on the matter, voting together as a single class. Ohio Municipal is separately soliciting the votes of its common shareholders through a separate joint proxy statement/prospectus and not through this Proxy Statement. The Merger is also required to be approved by the affirmative vote of the holders of a majority (more than 50%) of the Acquiring Fund's outstanding preferred shares entitled to vote on the matter, voting together as a single class.

Abstentions and broker non-votes, if any, will have the same effect as a vote against the approval of a Merger. Broker non-votes are shares held by brokers or nominees, typically in "street name," as to which (1) instructions have not been received from the beneficial owners or persons entitled to vote and (2) the broker or nominee does not have discretionary voting power on a particular matter. Because the proposal is a non-routine matter and the sole proposal at Ohio Municipal's Special Meeting, it is expected that there will be no broker non-votes at the Special Meeting.

Preferred shareholders of Ohio Municipal are separately being asked to approve the Agreement as a "plan of reorganization" under the 1940 Act. Section 18(a)(2)(D) of the 1940 Act provides that the terms of preferred shares issued by a registered closed-end management investment company must contain provisions requiring approval by the vote of a majority of such shares, voting as a class, of any plan of reorganization adversely affecting such shares. Because the 1940 Act makes no distinction between a plan of reorganization that has an adverse effect as opposed to a materially adverse effect, Ohio Municipal is seeking approval of the Agreement by the holders of its preferred shares.

The closing of each Merger is subject to the satisfaction or waiver of certain closing conditions, which include customary closing conditions. In order for the Merger of Ohio Municipal to occur, all requisite shareholder approvals must be obtained at the applicable Fund's shareholder meeting, and certain other consents, confirmations and/or waivers from various third parties, including the liquidity providers and/or the initial purchasers with respect to outstanding preferred shares of the Acquiring Fund, must also be obtained. Because the closing of the Merger is contingent upon Ohio Municipal and the Acquiring Fund obtaining such shareholder approvals and satisfying (or obtaining the waiver of) other closing conditions, it is possible that the Merger will not occur even if shareholders of a Fund entitled to vote approve the Merger and a Fund satisfies all of its closing conditions if the other Fund does not obtain its requisite shareholder approvals or satisfy (or obtain the waiver of) its closing conditions. If the Merger is not consummated, the Board of Ohio Municipal may take such actions as it deems in the best interests of the Fund, including conducting additional solicitations with respect to the Merger proposal or continuing to operate the Target Fund as a standalone fund. The closing of each Merger is not contingent on the closing of the other Merger.

Each series of preferred shares was issued on a private placement basis to one or a small number of institutional holders. To the extent that one or more preferred shareholders of a Fund owns, holds or controls, individually or in the aggregate, all or a significant portion of a Fund's outstanding preferred shares, the approval by a Fund's preferred shareholders required for a Merger to occur may turn on the exercise of voting or consent rights by such particular shareholder(s) and its or their determination as to the favorable view of the Merger with respect to its or their interests. The Funds exercise no influence or control over the determinations of such shareholders with respect to a Merger; there is no guarantee that such shareholders will vote to approve a Merger proposal.

Description of Common Shares to Be Issued by the Acquiring Fund; Comparison to Target Funds

General

As a general matter, the common shares of the Acquiring Fund and the Target Funds have equal voting rights and equal rights with respect to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of their Fund and have no preemptive, conversion or exchange rights, except as the Trustees may authorize, or rights to cumulative voting. Holders of whole common shares of each Fund are entitled to one vote per share on any matter on which they are entitled to vote, while each fractional share entitles its holder to a proportional fractional vote. Furthermore, the provisions set forth in each Fund's declaration of trust and by-laws include, among other things, substantially identical super-majority voting provisions and other anti-takeover provisions, as described under "Additional Information About the Acquiring Fund—Certain Provisions in the Acquiring Fund's Declaration of Trust and By-Laws." The full text of each Fund's declaration of trust and by-laws are on file with the SEC.

The Acquiring Fund's declaration of trust authorizes an unlimited number of common shares, par value \$0.01 per share. If the Mergers are consummated, the Acquiring Fund will issue additional common shares on the Closing Date to each Target Fund based on the relative per share net asset value of the Acquiring Fund and the aggregate net assets of each Target Fund that are transferred in connection with the Mergers, in each case as of the Valuation Time. The value of the Acquiring Fund's net assets will be calculated net of the liquidation preference (including accumulated and unpaid dividends) of all of the Acquiring Fund's outstanding preferred shares.

The terms of the Acquiring Fund common shares to be issued pursuant to the Mergers will be identical to the terms of the Acquiring Fund common shares that are then outstanding. Acquiring Fund common shares have equal rights with respect to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund. The Acquiring Fund common shares, when issued, will be fully paid and non-assessable and have no preemptive, conversion or exchange rights or rights to cumulative voting. See also "—Summary Description of Massachusetts Business Trusts."

Distributions

So long as preferred shares are outstanding, the Acquiring Fund may not declare a dividend or distribution to common shareholders (other than a dividend in common shares of the Fund) or purchase outstanding common shares unless all accumulated dividends on preferred shares have been paid and unless the asset coverage, as defined in the 1940 Act, with respect to its preferred shares at the time of the declaration of such dividend or distribution or at the time of such purchase would be at least 200% after giving effect to the dividend or distribution or purchase price.

Affiliated Brokerage and Other Fees

None of the Target Funds or the Acquiring Fund paid brokerage commissions within the last fiscal year to (i) any broker that is an affiliated person of such Fund or an affiliated person of such person, or (ii) any broker an affiliated person of which is an affiliated person of such Fund, the Adviser, or the Sub-Adviser of such Fund.

Description of AMTP Shares to Be Issued by the Acquiring Fund

If the Georgia Municipal Merger takes place, the Acquiring Fund will issue AMTP Shares ("New AMTP Shares") pursuant to the Agreement if AMTP Shares of Georgia Municipal are outstanding immediately prior to the closing.

The terms of the New AMTP Shares will be substantially similar to the terms of the AMTP Shares of Georgia Municipal outstanding immediately prior to the closing of the Merger of Georgia Municipal. However,

because of the Acquiring Fund's policy of investing in a nationally diversified portfolio of municipal securities, the terms of the New AMTP Shares will not include a provision, currently applicable to the Target Fund AMTP Shares, that generally would require an additional payment to holders subject to Georgia income taxation in the event the Target Fund was required to allocate income subject to Georgia income tax, including capital gains and/or ordinary income, to a given month's distribution in order to make such distribution equal, on an after-tax basis, to the amount of the distribution if it was excludable from Georgia income taxation (in addition to federal income taxation). In addition, due to the phase out of LIBOR, the terms of the Statement (as defined below) for the New AMTP Shares will reflect a reference rate based on SOFR rather than LIBOR. The aggregate liquidation preference of the New AMTP Shares received in the Merger of Georgia Municipal, if any, will equal the aggregate liquidation preference of the Georgia Municipal AMTP Shares held immediately prior to the closing of the Mergers. The economic terms of the New AMTP Shares likely will not be the same as the terms of the outstanding preferred shares of the Acquiring Fund. The number of AMTP Shares of Georgia Municipal currently outstanding may change due to market or other conditions.

Holders of the New AMTP Shares will be entitled to receive cash dividends when, as and if declared by the Acquiring Fund's Board. The amount of dividends per New AMTP Share will equal the sum of dividends accumulated for each day but not yet paid during the relevant monthly dividend period. The amount of dividends will be calculated based on an index rate equal to the SIFMA Municipal Swap Index plus an applicable spread. The applicable spread will be subject to adjustment in certain circumstances, including a change in the credit rating assigned to the New AMTP Shares. The dividend amount shall in no circumstances exceed the liquidation preference described below multiplied by 15%, divided by the actual number of days in the year.

The outstanding AMTP Shares for Georgia Municipal have, and the New AMTP Shares will have, a term redemption date of December 1, 2028, unless earlier redeemed or repurchased. The Acquiring Fund will be obligated to redeem the New AMTP Shares on December 1, 2028, unless earlier redeemed or repurchased by the Acquiring Fund, at a redemption price per share equal to the liquidation preference per share (\$100,000) plus any accumulated but unpaid dividends. The New AMTP Shares will be subject to optional and mandatory redemption in certain circumstances. The New AMTP Shares may be redeemed in whole or in part at the option of the Acquiring Fund at a redemption price per share equal to the liquidation preference per share plus any accumulated but unpaid dividends. In the event the Acquiring Fund fails to comply with asset coverage and/or effective leverage ratio requirements and any such failure is not cured within the applicable cure period, the Acquiring Fund may become obligated to redeem such number of preferred shares as are necessary to achieve compliance with such requirements.

Except as otherwise provided in the Acquiring Fund's declaration of trust, the statement establishing and fixing the rights and preferences (the "Statement") of the New AMTP Shares, or as otherwise required by applicable law, (1) each holder of the New AMTP Shares will be entitled to one vote for each New AMTP Share held on each matter submitted to a vote of shareholders of the Acquiring Fund, and (2) the holders of the New AMTP Shares, along with holders of other outstanding preferred shares of the Acquiring Fund, will vote with holders of common shares of the Acquiring Fund as a single class; provided, however, that holders of preferred shares, including the New AMTP Shares, are entitled as a class to elect two trustees of the Acquiring Fund at all times. The holders of outstanding common shares and preferred shares, including the New AMTP Shares, voting as a single class, will elect the balance of the trustees of the Acquiring Fund.

Holders of the New AMTP Shares, as a separate class, will have voting and consent rights with respect to certain actions that would materially and adversely affect any preference, right or power of the New AMTP Shares or holders of the New AMTP Shares. In addition, holders of the New AMTP Shares will have certain consent rights under the purchase agreement for the New AMTP Shares with respect to certain actions that would affect their investment in the Acquiring Fund. Holders of the New AMTP Shares also will be entitled to vote as a class with holders of other preferred shares of the Acquiring Fund on matters that relate to the conversion of the Acquiring Fund to an open-end investment company, certain plans of reorganization adversely affecting holders of the preferred shares or any other action requiring a vote of security holders of the Acquiring Fund under

Section 13(a) of the 1940 Act. In certain circumstances, holders of preferred shares, including the New AMTP Shares, are entitled to elect additional trustees in the event dividends are due and unpaid and sufficient cash or specified securities have not been deposited for their payment, or at any time holders of preferred shares are entitled under the 1940 Act to elect a majority of the trustees of the Acquiring Fund.

The New AMTP Shares will be senior in priority to the Acquiring Fund's common shares as to the payment of dividends and as to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund. The New AMTP Shares will have equal priority with the other preferred shares of the Acquiring Fund, including the Acquiring Fund's outstanding MFP Shares and VRDP Shares, any VRDP Shares to be issued by the Acquiring Fund in the Mergers and any other preferred shares that the Acquiring Fund may issue in the future, as to the payment of dividends and as to distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund.

Description of VRDP Shares to Be Issued by the Acquiring Fund

If the Merger of Ohio Municipal takes place, the Acquiring Fund will issue New VRDP Shares pursuant to the Agreement if VRDP Shares of Ohio Municipal are outstanding immediately prior to the closing.

The terms of the New VRDP Shares will be substantially similar, as of the time of the closing of the Merger of Ohio Municipal, to the terms of the VRDP Shares of Ohio Municipal outstanding immediately prior to the closing of the Merger of Ohio Municipal. However, because of the Acquiring Fund's policy of investing in a nationally diversified portfolio of municipal securities, the terms of the New VRDP Shares will not include a provision, currently applicable to Ohio Municipal's VRDP Shares, that generally would require an additional payment to holders subject to Ohio income taxation in the event the Fund was required to allocate capital gains and/or ordinary income to a given month's distribution in order to make such distribution equal, on an after-tax basis, to the amount of the distribution if it was excludable from Ohio income taxation (in addition to federal income taxation). The aggregate liquidation preference of the New VRDP Shares received in the Mergers, if any, will equal the aggregate liquidation preference of Ohio Municipal's VRDP Shares held immediately prior to the closing of the Mergers. A full description of the New VRDP Shares is set forth in the Memorandum attached as Appendix B to this Proxy Statement. The number of VRDP Shares of Ohio Municipal currently outstanding may change due to market or other conditions.

Summary Description of Massachusetts Business Trusts

The following description is based on relevant provisions of applicable Massachusetts law and each Fund's governing documents. This summary does not purport to be complete and we refer you to applicable Massachusetts law and each Fund's operative documents.

General. Each Fund is a Massachusetts business trust. A fund organized as a Massachusetts business trust is governed by the trust's declaration of trust or similar instrument, and its by-laws (its "governing documents"). Massachusetts law allows the trustees of a business trust to set the terms of a fund's governance in its governing documents. All power and authority to manage the fund and its affairs generally reside with the trustees, and shareholder voting and other rights are limited to those provided to the shareholders in the fund's governing documents.

Because Massachusetts law governing business trusts provides more flexibility compared to typical state corporate statutes, the Massachusetts business trust is a common form of organization for closed-end funds. However, some consider it less desirable than other entities because it relies on the terms of the applicable declaration of trust and by-laws and judicial interpretations rather than statutory provisions for substantive issues, such as the personal liability of shareholders and trustees, and does not provide the level of certitude that corporate laws or newer statutory trust laws, such as those of Delaware, provide.

Shareholders of a Massachusetts business trust are not afforded the statutory limitation of personal liability generally afforded to shareholders of a corporation from the trust's liabilities. Instead, the declaration of trust of a fund organized as a Massachusetts business trust typically provides that a shareholder will not be personally liable, and further provides for indemnification to the extent that a shareholder is found personally liable, for the fund's acts or obligations. The declaration of trust of each Fund contains such provisions.

Similarly, the trustees of a Massachusetts business trust are not afforded statutory protection from personal liability for the obligations of the trust. However, courts in Massachusetts have recognized limitations of a trustee's personal liability in contract actions for the obligations of a trust contained in the trust's declaration of trust, and declarations of trust may also provide that trustees may be indemnified out of the assets of the trust to the extent held personally liable. The declaration of trust of each Fund contains such provisions.

The Funds

Each Fund is organized as a Massachusetts business trust and is governed by its declaration of trust and by-laws. Under the declaration of trust of each Fund, any determination as to what is in the interests of the Fund made by the trustees in good faith is conclusive, and in construing the provisions of the declaration of trust, there is a presumption in favor of a grant of power to the trustees. Further, the declaration of trust provides that certain determinations made in good faith by the trustees are binding upon the Fund and all shareholders, and shares are issued and sold on the condition and understanding, evidenced by the purchase of shares, that any and all such determinations will be so binding. The by-laws of each Fund provide that each shareholder of the Fund, by virtue of having become a shareholder, shall be held to have expressly assented and agreed to be bound by the terms of the Fund's governing documents. The Funds' declaration of trusts are substantially the same, and the Funds have adopted the same by-laws. The following is a summary of some of the key provisions of the Funds' governing documents.

Shareholder Voting. The declaration of trust of each Fund limits shareholder voting to certain enumerated matters, including certain amendments to the declaration of trust, the election of trustees if required by the 1940 Act, the merger or consolidation of the Fund with any corporation or a reorganization or sales of assets in certain circumstances and matters required to be voted on by the 1940 Act, or, for Georgia Municipal and the Acquiring Fund, a recapitalization of the Fund (under certain circumstances).

Meetings of shareholders may be called by the trustees and by the written request of shareholders owning at least 10% of the outstanding shares entitled to vote. The holders of a majority (more than 50%) of the voting power of the shares of beneficial interest of the Fund entitled to vote at a meeting will constitute a quorum for the transaction of business. Notwithstanding the foregoing, when the holders of preferred shares are entitled to elect any of a Fund's trustees by class vote of such holders, the holders of thirty-three and one-third percent (33 1/3%) of the preferred shares entitled to vote at a meeting shall constitute a quorum for the purpose of such an election. Unless other voting provisions contained in the Fund's governing documents or the 1940 Act apply, the affirmative vote of the holders of a majority (more than 50%) of the shares present in person or by proxy and entitled to vote at a meeting of shareholders at which a quorum is present is required to approve a matter. The governing documents require a super-majority vote in certain circumstances with respect to a merger, consolidation or dissolution of or sale of substantially all of the assets by, the Fund, or its conversion to an open-end investment company and that the affirmative vote of a majority (more than 50%) of the shares outstanding and entitled to vote is required to elect trustees in a "contested election" (i.e., an election in which the number of trustees nominated exceeds the number of trustees to be elected), but that a plurality vote applies in an uncontested election.

The by-laws of each Fund provide that common shares held by a shareholder who obtains beneficial ownership of common shares in a "Control Share Acquisition" shall have the same voting rights as other common shares only to the extent authorized by the Fund's shareholders (the "Control Share Provision"). Such authorization shall require the affirmative vote of the holders of a majority (more than 50%) of the shares of the

Fund entitled to vote in the election of trustees, excluding Interested Shares. Interested Shares include shares held by Fund officers and any person who has acquired common shares in a Control Share Acquisition. The by-laws define a “Control Share Acquisition,” subject to various conditions and exceptions, generally to mean an acquisition of common shares that would give the beneficial owner, upon the acquisition of such shares, the ability to exercise voting power, but for the Control Share Provision, in the election of trustees (except for any elections of trustees by holders of preferred shares voting as a separate class) in any one of the following ranges: (i) one-tenth or more, but less than one-fifth of all voting power; (ii) one-fifth or more, but less than one-third of all voting power; (iii) one-third or more, but less than a majority of all voting power; or (iv) a majority or more of all voting power. For this purpose, all common shares acquired by a person within ninety days before or after the date on which such person acquires shares that result in a Control Share Acquisition, and all common shares acquired by such person pursuant to a plan to make a Control Share Acquisition, shall be deemed to have been acquired in the same Control Share Acquisition. Subject to various conditions and procedural requirements, including the delivery of a “Control Share Acquisition Statement” to the Fund setting forth certain required information, a shareholder who obtains or proposes to obtain beneficial ownership of common shares in a Control Share Acquisition generally may request a vote of shareholders to approve the authorization of voting rights of such shareholder with respect to such shares. See “General Information—Additional Information About the Solicitation” at page 62 for a description of certain legal matters with respect to the Control Share Provision.

Shareholder Meetings. Meetings of shareholders may be called by the trustees and must be called upon the written request of shareholders entitled to cast at least 10% of all votes entitled to be cast at the meeting. Shareholder requests for special meetings are subject to various requirements under each Fund’s by-laws, including as to the specific form of, and information required in, a shareholder’s request to call such a meeting. A shareholder may request a special meeting only to act on a matter upon which such shareholder is entitled to vote, and shareholders may not request special meetings for the purpose of electing trustees.

The by-laws of each Fund authorize the trustees or the chair of a shareholder meeting to adopt rules, regulations and procedures appropriate for the proper conduct of the meeting, which may include (i) the establishment of an agenda or order of business for the meeting; (ii) the determination of when the polls shall open and close for any given matter to be voted on by the shareholders present or represented at the meeting; (iii) rules and procedures for maintaining order at the meeting and the safety of those present; (iv) limitations on attendance at and participation in the meeting by shareholders, their duly authorized and constituted proxies or such other persons as the chair of the meeting shall determine; (v) restrictions on entry to the meeting after the time fixed for the commencement thereof; (vi) limitations on the time allotted to questions or comments by shareholders; and (vii) the extent to which, if any, other participants are permitted to speak.

The by-laws of each Fund establish qualification criteria applicable to prospective trustees and generally require that advance notice be given to the Fund in the event a shareholder desires to nominate a person for election to the Board or to transact any other business at a meeting of shareholders. Any notice by a shareholder must be accompanied by certain information as required by the by-laws. No shareholder proposal will be considered at any meeting of shareholders of a Fund if such proposal is submitted by a shareholder who does not satisfy all applicable requirements set forth in the by-laws.

Election and Removal of Trustees. The declaration of trust of each Fund provides that the trustees determine the size of the Board, subject to a minimum and a maximum number. Subject to the provisions of the 1940 Act, the declaration of trust also provides that vacancies on the Board may be filled by the remaining trustees. A trustee may be removed only for cause and only by action of at least two-thirds of the remaining trustees or by action of at least two-thirds of the outstanding shares of the class or classes that elected such trustee. The by-laws of each Fund establish qualification requirements applicable to any person who is recommended, nominated, elected, appointed, qualified or seated as a trustee.

Pursuant to each Fund's by-laws, the Fund's Board is divided into three classes (Class I, Class II and Class III) with staggered multi-year terms, such that only the members of one of the three classes stand for election each year. The staggered board structure could delay for up to two years the election of a majority of the Board of each Fund. The board structure of the Acquiring Fund will remain in place following the closing of the Mergers.

Issuance of Shares. Under the declaration of trust of each Fund, the trustees are permitted to issue an unlimited number of shares for such consideration and on such terms as the trustees may determine. Shareholders are not entitled to any preemptive rights or other rights to subscribe to additional shares, except as the trustees may determine. Shares are subject to such other preferences, conversion, exchange or similar rights, as the trustees may determine.

Classes. The declaration of trust of each Fund gives broad authority to the trustees to establish classes or series in addition to those currently established and to determine the rights and preferences, conversion rights, voting powers, restrictions, limitations, qualifications or terms or conditions of redemptions of the shares of the classes or series. The trustees are also authorized to terminate a class or series without a vote of shareholders under certain circumstances.

Amendments to Governing Documents. Amendments to the declaration of trust generally require the consent of shareholders owning more than 50% of shares entitled to vote, voting in the aggregate. Certain amendments may be made by the trustees without a shareholder vote, and any amendment to the voting requirements contained in the declaration of trust requires the approval of two-thirds of the outstanding common shares and preferred shares, if any, entitled to vote, voting in the aggregate and not by class except to the extent that applicable law or the declaration of trust may require voting by class. Each Fund's by-laws may be amended or repealed, or new by-laws may be adopted, by a vote of a majority of the trustees. The by-laws of each Fund may not be amended by shareholders.

Shareholder, Trustee and Officer Liability. The declaration of trust of each Fund provides that shareholders have no personal liability for the acts or obligations of the Fund and requires the Fund to indemnify a shareholder from any loss or expense arising solely by reason of his or her being or having been a shareholder and not because of his or her acts or omissions or for some other reason. In addition, each declaration of trust provides that the Fund will assume the defense of any claim against a shareholder for personal liability at the request of the shareholder. Similarly, each declaration of trust provides that any person who is a trustee, officer or employee of the Fund is not personally liable to any person in connection with the affairs of the Fund, other than to the Fund and its shareholders arising from such trustee's, officer's or employee's bad faith, willful misfeasance, gross negligence or reckless disregard for his or her duty. Each declaration of trust further provides for indemnification of such persons and advancement of the expenses of defending any such actions for which indemnification might be sought. Each declaration of trust also provides that the trustees may rely in good faith on expert advice.

Forum Selection. Each Fund's by-laws provide that, unless the Fund consents in writing to the selection of an alternative forum, and except for certain claims brought under the federal securities laws, the sole and exclusive forum for any shareholder or group of shareholders to bring (i) any derivative action or proceeding brought on behalf of the Fund, (ii) any action asserting a claim for breach of any duty owed by a trustee or officer or other employee of a Fund to the Fund or to the Fund's shareholders, (iii) any action asserting a claim arising pursuant to Massachusetts business trust law or the Fund's governing documents, and (iv) any other action asserting a claim governed by the internal affairs doctrine, shall be within the United States District Court for the District of Massachusetts (Boston Division) or, to the extent such court does not have jurisdiction, the Business Litigation Session of the Massachusetts Superior Court in Suffolk County. Each Fund's by-laws further provide that in any such covered action there is no right to a jury trial and the right to a jury trial is expressly waived to the fullest extent permitted by law.

Derivative and Direct Claims of Shareholders. Each Fund's by-laws contain provisions regarding derivative and direct claims of shareholders. Massachusetts has what is commonly referred to as a "universal demand statute," which requires that a shareholder make a written demand on the board, requesting the trustees to bring an action, before the shareholder is entitled to bring or maintain a derivative action in the right of or name of or on behalf of the trust. Under the Massachusetts statute, a shareholder whose demand has been refused by the trustees may bring the claim only if the shareholder demonstrates to a court that the trustees' decision not to pursue the requested action was not a good faith exercise of their business judgment on behalf of the Fund. The by-laws of each Fund largely incorporate the substantive elements of the Massachusetts statute and establish procedures for shareholders to bring derivative actions and for the Board to consider shareholder demands that the Fund commence a suit. In addition, the by-laws of each Fund distinguish direct actions from derivative claims and prohibit the latter from being brought directly by a shareholder.

D. ADDITIONAL INFORMATION ABOUT THE INVESTMENT POLICIES

Comparison of the Investment Objectives and Policies of the Acquiring Fund and the Target Funds

General

The Funds have similar investment objectives, but there are differences. Each Target Fund is a state-specific municipal fund that seeks to provide current income exempt from regular federal income tax and the income tax of a single state. In contrast, the Acquiring Fund is a national municipal fund that seeks to provide current income exempt from regular federal income tax.

Georgia Municipal's investment objectives are current income exempt from regular federal and Georgia income tax and the enhancement of portfolio value relative to the municipal bond market by investing in tax-exempt municipal bonds that the Fund's investment adviser or sub-adviser believes are underrated or undervalued or that represent municipal market sectors that are undervalued. As a fundamental policy, under normal circumstances, Georgia Municipal will invest at least 80% of its Assets in municipal securities and other related investments the income from which is exempt from regular federal and Georgia income taxes.

Ohio Municipal's primary investment objective is current income exempt from both regular federal income taxes and Ohio personal income taxes, and its secondary investment objective is the enhancement of portfolio value relative to the Ohio municipal bond market through investments in tax-exempt Ohio municipal obligations that, in the opinion of the Fund's investment adviser or sub-adviser are underrated or undervalued or that represent municipal market sectors that are undervalued. As a fundamental policy, under normal circumstances, Ohio Municipal will invest at least 80% of its Assets, in municipal securities and other related investments the income from which is exempt from regular federal and Ohio income taxes.

The Acquiring Fund's investment objectives are to provide current income exempt from regular federal income tax and to enhance portfolio value relative to the municipal bond market by investing in tax-exempt municipal bonds that the Fund's investment adviser or sub-adviser believes are underrated or undervalued or that represent municipal market sectors that are undervalued. Under normal circumstances, the Acquiring Fund will invest at least 80% of its Assets (as defined below) in municipal securities and other related investments, the income from which is exempt from regular federal income taxes.

As a non-fundamental policy, under normal circumstances, the Acquiring Fund may invest up to 55% of its Managed Assets in securities that, at the time of investment, are rated below the three highest grades (Baa or BBB or lower) by at least one NRSRO or unrated securities judged to be of comparable quality by the Fund's sub-adviser. As a non-fundamental investment policy, under normal circumstances, each Target Fund will invest at least 80% of its Managed Assets in investment grade quality municipal securities. A security is considered investment grade if, at the time of investment, it is rated within the four highest letter grades (Baa or BBB or better) by at least one NRSRO that rates such security (even if rated lower by another), or if it is unrated but judged to be of comparable quality by the Fund's sub-adviser (such securities are commonly referred to as split-rated securities). Under normal circumstances, each Target Fund may invest up to 20% of its Managed Assets in municipal securities that, at the time of investment, are rated below investment grade (Ba or BB or lower) by all NRSROs or are unrated but judged to be of comparable quality by the Fund's sub-adviser. As a non-fundamental policy, under normal circumstances, each Fund will limit the amount of AMT Bonds to no more than 20% of Managed Assets.

Note that (1) each Fund's investment objectives; (2) Georgia Municipal's policy to invest at least 80% of its Assets in municipal securities and other related investments the income from which is exempt from regular federal and Georgia income taxes; (3) Ohio Municipal's policy to invest at least 80% of its Assets, in municipal securities and other related investments the income from which is exempt from regular federal and Ohio income taxes and (4) the Acquiring Fund's policy to invest, under normal circumstances, at least 80% of its Assets in

municipal securities and other related investments, the income from which is exempt from regular federal income taxes, may not be changed without the approval of the holders of a majority of the outstanding common and preferred shares voting together as a single class, and the approval of the holders of a majority of the outstanding preferred shares, voting separately as a single class. When used with respect to particular shares of a Fund, a “majority of the outstanding” shares means (1) 67% or more of the shares present at a meeting, if the holders of more than 50% of the shares are present in person (including participation by means of remote or “virtual” communication) or represented by proxy, or (2) more than 50% of the shares, whichever is less.

Investment Policies of the Acquiring Fund

Under normal circumstances, the Acquiring Fund will invest at least 80% of its Assets in municipal securities and other related investments, the income from which is exempt from regular federal income taxes.

As a non-fundamental policy, under normal circumstances, the Acquiring Fund may invest up to 55% of its Managed Assets in securities that, at the time of investment, are rated below the three highest grades (Baa or BBB or lower) by at least one NRSRO or are unrated but judged to be of comparable quality by the Fund’s sub-adviser.

The Acquiring Fund generally invests in municipal securities with long-term maturities in order to maintain an average effective maturity of 15 to 30 years, including the effects of leverage, but the average effective maturity of obligations held by the Fund may be lengthened or shortened as a result of portfolio transactions effected by the Adviser and/or the Sub-Adviser, depending on market conditions and on an assessment by the portfolio manager of which segments of the municipal securities markets offer the most favorable relative investment values and opportunities for tax-exempt income and total return.

Under normal circumstances:

- The Acquiring Fund may invest up to 20% of its Managed Assets in AMT Bonds.
- The Acquiring Fund may invest up to 15% of its Managed Assets in inverse floating rate securities.
- The Acquiring Fund may not enter into a futures contract or related options or forward contracts if more than 30% of the Fund’s Managed Assets would be represented by futures contracts or more than 5% of the Fund’s Managed Assets would be committed to initial margin deposits and premiums on futures contracts or related options.

Investment Policies of Ohio Municipal

As a fundamental policy, under normal circumstances, Ohio Municipal will invest at least 80% of its Assets, in municipal securities and other related investments the income from which is exempt from regular federal and Ohio income taxes.

Ohio Municipal emphasizes investments in municipal securities with long- or intermediate-term maturities. The Fund generally invests in municipal securities with different maturities to maintain an average portfolio maturity of 15 to 30 years, although this may be shortened depending on market conditions.

Under normal circumstances:

- Ohio Municipal will invest at least 80% of its Managed Assets in investment grade municipal securities that, at the time of investment, are rated within the four highest grades (Baa or BBB or better) by at least one NRSRO or are unrated but judged to be of comparable quality by the Fund’s investment adviser.

- Ohio Municipal may invest up to 20% of its Managed Assets in municipal securities that at the time of investment are rated below investment grade (Ba or BB or lower) or are unrated but judged to be of comparable quality by the Fund's investment adviser.
- No more than 10% of Ohio Municipal's Managed Assets may be invested in municipal securities rated below B3/B- or that are unrated but judged to be of comparable quality by the Fund's investment adviser.
- Ohio Municipal may not enter into a futures contract or related options or forward contracts if more than 30% of its Managed Assets would be represented by futures contracts or more than 5% of its Managed Assets would be committed to initial margin deposits and premiums on futures contracts or related options.
- Ohio Municipal may invest up to 20% of its Managed Assets in AMT Bonds.
- Ohio Municipal may invest up to 15% of its Managed Assets in inverse floating rate securities.
- Ohio Municipal may invest up to 10% of its Managed Assets in securities of other open- or closed-end investment companies (including ETFs) that invest primarily in municipal securities of the types in which the Fund may invest directly.

Use of Leverage

Each Fund uses leverage to pursue its investment objectives. The Funds may use leverage to the extent permitted by the 1940 Act. The Funds may source leverage through a number of methods including the issuance of preferred shares, investments in inverse floating rate securities and borrowings. In addition, the Funds may also use certain derivatives that have the economic effect of leverage by creating additional investment exposure. The amount and sources of leverage will vary depending on market conditions.

Temporary Defensive Periods

During temporary defensive periods (e.g., times when, in the Adviser's and/or the Sub-Adviser's opinion, temporary imbalances of supply and demand or other temporary dislocations in the tax-exempt bond market adversely affect the price at which long-term or intermediate-term municipal securities are available), and in order to keep a Fund's cash fully invested, each Fund may invest any percentage of its Managed Assets in short-term investments including high quality, short-term debt securities that may be either tax-exempt or taxable. The Funds may not achieve their investment objectives during such periods.

Portfolio Investments

Municipal Securities

General. The Acquiring Fund may invest in various municipal securities, including municipal bonds and notes, other securities issued to finance and refinance public projects, and other related securities and derivative instruments creating exposure to municipal bonds, notes and securities that provide for the payment of interest income that is exempt from regular federal income tax. Municipal securities are generally debt obligations issued by state and local governmental entities and may be issued by U.S. territories and possessions to finance or refinance public projects such as roads, schools, and water supply systems. Municipal securities may also be issued on behalf of private entities or for private activities, such as housing, medical and educational facility construction, or for privately owned transportation, electric utility and pollution control projects. Municipal securities may be issued on a long-term basis to provide permanent financing. The repayment of such debt may be secured generally by a pledge of the full faith and credit taxing power of the issuer, a limited or special tax, or any other revenue source including project revenues, which may include tolls, fees and other user charges, lease payments, and mortgage payments. Municipal securities may also be issued to finance projects on a short-term interim basis, anticipating repayment with the proceeds of the later issuance of long-term debt. Municipal

securities may be issued and purchased in the form of bonds, notes, leases or certificates of participation; structured as callable or non-callable; with payment forms including fixed coupon, variable rate, zero coupon, capital appreciation bonds, tender option bonds and residual interest bonds or inverse floating rate securities; or acquired through investments in pooled vehicles, partnerships or other investment companies. Inverse floating rate securities are securities that pay interest at rates that vary inversely with changes in prevailing short-term tax-exempt interest rates and represent a leveraged investment in an underlying municipal security, which may increase the effective leverage of the Acquiring Fund.

The Acquiring Fund may invest in municipal bonds issued by U.S. territories and possessions (such as Puerto Rico or Guam) the income from which is exempt from regular federal income tax. The yields on municipal securities depend on a variety of factors, including prevailing interest rates and the condition of the general money market and the municipal bond market, the size of a particular offering, the maturity of the obligation and the rating of the issue. The market value of municipal securities will vary with changes in interest rate levels and as a result of changing evaluations of the ability of their issuers to meet interest and principal payments.

Tobacco Settlement Bonds. The Acquiring Fund may invest in tobacco settlement bonds, which are municipal securities that are backed solely by expected revenues to be derived from lawsuits involving tobacco related deaths and illnesses which were settled between certain states and U.S. tobacco companies. Tobacco settlement bonds are secured by an issuing state's proportionate share in the Master Settlement Agreement ("MSA"). The MSA is an agreement, reached out of court in November 1998 between 46 states and nearly all of the U.S. tobacco manufacturers. The MSA provides for annual payments in perpetuity by the manufacturers to the states in exchange for releasing all claims against the manufacturers and a pledge of no further litigation. Tobacco manufacturers pay into a master escrow trust based on their market share, and each state receives a fixed percentage of the payment as set forth in the MSA. A number of states have securitized the future flow of those payments by selling bonds pursuant to indentures or through distinct governmental entities created for such purpose. The principal and interest payments on the bonds are backed by the future revenue flow related to the MSA. Annual payments on the bonds, and thus risk to a Fund, are highly dependent on the receipt of future settlement payments to the state or its governmental entity.

The actual amount of future settlement payments is further dependent on many factors, including, but not limited to, annual domestic cigarette shipments, reduced cigarette consumption, increased taxes on cigarettes, inflation, financial capability of tobacco companies, continuing litigation and the possibility of tobacco manufacturer bankruptcy. The initial and annual payments made by the tobacco companies will be adjusted based on a number of factors, the most important of which is domestic cigarette consumption. If the volume of cigarettes shipped in the United States by manufacturers participating in the settlement decreases significantly, payments due from them will also decrease. Demand for cigarettes in the United States could continue to decline due to price increases needed to recoup the cost of payments by tobacco companies. Demand could also be affected by anti-smoking campaigns, tax increases, reduced advertising, and enforcement of laws prohibiting sales to minors; elimination of certain sales venues such as vending machines; and the spread of local ordinances restricting smoking in public places. As a result, payments made by tobacco manufacturers could be negatively impacted if the decrease in tobacco consumption is significantly greater than the forecasted decline. A market share loss by the MSA companies to non-MSA participating tobacco manufacturers would cause a downward adjustment in the payment amounts. A participating manufacturer filing for bankruptcy also could cause delays or reductions in bond payments. The MSA itself has been subject to legal challenges and has, to date, withstood those challenges.

Municipal Leases and Certificates of Participation. The Acquiring Fund also may purchase municipal securities that represent lease obligations and certificates of participation in such leases. These carry special risks because the issuer of the securities may not be obligated to appropriate money annually to make payments under the lease. A municipal lease is an obligation in the form of a lease or installment purchase that is issued by a state or local government to acquire equipment and facilities. Income from such obligations generally is exempt from

state and local taxes in the state of issuance. Leases and installment purchase or conditional sale contracts (which normally provide for title to the leased asset to pass eventually to the governmental issuer) have evolved as a means for governmental issuers to acquire property and equipment without meeting the constitutional and statutory requirements for the issuance of debt. The debt issuance limitations are deemed to be inapplicable because of the inclusion in many leases or contracts of “non-appropriation” clauses that relieve the governmental issuer of any obligation to make future payments under the lease or contract unless money is appropriated for such purpose by the appropriate legislative body on a yearly or other periodic basis. In addition, such leases or contracts may be subject to the temporary abatement of payments in the event the issuer is prevented from maintaining occupancy of the leased premises or utilizing the leased equipment or facilities.

Although the obligations may be secured by the leased equipment or facilities, the disposition of the property in the event of non-appropriation or foreclosure might prove difficult, time consuming and costly, and result in a delay in recovering, or the failure to recover fully, the Acquiring Fund’s original investment. To the extent that the Acquiring Fund invests in unrated municipal leases or participates in such leases, the credit quality rating and risk of cancellation of such unrated leases will be monitored on an ongoing basis. In order to reduce this risk, the Acquiring Fund will purchase municipal securities representing lease obligations only where the Adviser and/or the Sub-Adviser believes the issuer has a strong incentive to continue making appropriations until maturity.

A certificate of participation represents an undivided interest in an unmanaged pool of municipal leases, an installment purchase agreement or other instruments. The certificates typically are issued by a municipal agency, a trust or other entity that has received an assignment of the payments to be made by the state or political subdivision under such leases or installment purchase agreements. Such certificates provide the Acquiring Fund with the right to a *pro rata* undivided interest in the underlying municipal securities. In addition, such participations generally provide the Acquiring Fund with the right to demand payment, on not more than seven days’ notice, of all or any part of the Fund’s participation interest in the underlying municipal securities, plus accrued interest.

Municipal Notes. Municipal securities in the form of notes generally are used to provide for short-term capital needs, in anticipation of an issuer’s receipt of other revenues or financing, and typically have maturities of up to three years. Such instruments may include tax anticipation notes, revenue anticipation notes, bond anticipation notes, tax and revenue anticipation notes and construction loan notes. Tax anticipation notes are issued to finance the working capital needs of governments. Generally, they are issued in anticipation of various tax revenues, such as income, sales, property, use and business taxes, and are payable from these specific future taxes. Revenue anticipation notes are issued in expectation of receipt of other kinds of revenue, such as federal revenues available under federal revenue sharing programs. Bond anticipation notes are issued to provide interim financing until long-term bond financing can be arranged. In most cases, the long-term bonds then provide the funds needed for repayment of the bond anticipation notes. Tax and revenue anticipation notes combine the funding sources of both tax anticipation notes and revenue anticipation notes. Construction loan notes are sold to provide construction financing. Mortgage notes insured by the Federal Housing Authority secure these notes; however, the proceeds from the insurance may be less than the economic equivalent of the payment of principal and interest on the mortgage note if there has been a default. The anticipated revenues from taxes, grants or bond financing generally secure the obligations of an issuer of municipal notes. However, an investment in such instruments presents a risk that the anticipated revenues will not be received or that such revenues will be insufficient to satisfy the issuer’s payment obligations under the notes or that refinancing will be otherwise unavailable.

Pre-Refunded Municipal Securities. The principal of, and interest on, pre-refunded municipal securities are no longer paid from the original revenue source for the securities. Instead, the source of such payments is typically an escrow fund consisting of U.S. government securities. The assets in the escrow fund are derived from the proceeds of refunding bonds issued by the same issuer as the pre-refunded municipal securities. Issuers of municipal securities use this advance refunding technique to obtain more favorable terms with respect to

securities that are not yet subject to call or redemption by the issuer. For example, advance refunding enables an issuer to refinance debt at lower market interest rates, restructure debt to improve cash flow or eliminate restrictive covenants in the indenture or other governing instrument for the pre-refunded municipal securities. However, except for a change in the revenue source from which principal and interest payments are made, the pre-refunded municipal securities remain outstanding on their original terms until they mature or are redeemed by the issuer.

Private Activity Bonds. Private activity bonds are issued by or on behalf of public authorities to obtain funds to provide privately operated housing facilities, airport, mass transit or port facilities, sewage disposal, solid waste disposal or hazardous waste treatment or disposal facilities and certain local facilities for water supply, gas or electricity. Other types of private activity bonds, the proceeds of which are used for the construction, equipment, repair or improvement of privately operated industrial or commercial facilities, may constitute municipal securities, although the current federal tax laws place substantial limitations on the size of such issues.

Inverse Floating Rate Securities. The Acquiring Fund may invest in inverse floating rate securities. Inverse floating rate securities are securities whose interest rates bear an inverse relationship to the interest rate on another security or the value of an index. Generally, inverse floating rate securities represent beneficial interests in a special purpose trust, commonly referred to as a “tender option bond trust” (“TOB trust”), that holds municipal bonds. The TOB trust typically sells two classes of beneficial interests or securities: floating rate securities (sometimes referred to as short-term floaters or tender option bonds (“TOBs”)), and inverse floating rate securities (sometimes referred to as inverse floaters). Both classes of beneficial interests are represented by certificates or receipts. The floating rate securities have first priority on the cash flow from the municipal bonds held by the TOB trust. In this structure, the floating rate security holders have the option, at periodic short-term intervals, to tender their securities to the trust for purchase and to receive the face value thereof plus accrued interest. The obligation of the trust to repurchase tendered securities is supported by a remarketing agent and by a liquidity provider. As consideration for providing this support, the remarketing agent and the liquidity provider receive periodic fees. The holder of the short-term floater effectively holds a demand obligation that bears interest at the prevailing short-term, tax-exempt rate. However, the trust is not obligated to purchase tendered short-term floaters in the event of certain defaults with respect to the underlying municipal bonds or a significant downgrade in the credit rating assigned to the bond issuer.

As the holder of an inverse floating rate investment, the Acquiring Fund receives the residual cash flow from the TOB trust. Because the holder of the short-term floater is generally assured liquidity at the face value of the security plus accrued interest, the holder of the inverse floater assumes the interest rate cash flow risk and the market value risk associated with the municipal bond deposited into the TOB trust. The volatility of the interest cash flow and the residual market value will vary with the degree to which the trust is leveraged. This is expressed in the ratio of the total face value of the short-term floaters to the value of the inverse floaters that are issued by the TOB trust, and can exceed three times for more “highly leveraged” trusts. All voting rights and decisions to be made with respect to any other rights relating to the municipal bonds held in the TOB trust are passed through, *pro rata*, to the holders of the short-term floaters and to the Acquiring Fund as the holder of the associated inverse floaters.

Because any increases in the interest rate on the short-term floaters issued by a TOB trust would reduce the residual interest paid on the associated inverse floaters, and because fluctuations in the value of the municipal bond deposited in the TOB trust would affect only the value of the inverse floater and not the value of the short-term floater issued by the trust so long as the value of the municipal bond held by the trust exceeded the face amount of short-term floaters outstanding, the value of inverse floaters is generally more volatile than that of an otherwise comparable municipal bond held on an unleveraged basis outside a TOB trust. Inverse floaters generally will underperform the market of fixed-rate bonds in a rising interest rate environment (i.e., when bond values are falling), but will tend to outperform the market of fixed-rate bonds when interest rates decline or remain relatively stable. Although volatile in value and return, inverse floaters typically offer the potential for

yields higher than those available on fixed-rate bonds with comparable credit quality, coupon, call provisions and maturity. Inverse floaters have varying degrees of liquidity or illiquidity based primarily upon the inverse floater holder's ability to sell the underlying bonds deposited in the TOB trust at an attractive price.

The Acquiring Fund may invest in inverse floating rate securities issued by TOB trusts in which the liquidity providers have recourse to the Fund pursuant to a separate shortfall and forbearance agreement. Such an agreement would require the Acquiring Fund to reimburse the liquidity provider, among other circumstances, upon termination of the TOB trust for the difference between the liquidation value of the bonds held in the trust and the principal amount and accrued interest due to the holders of floating rate securities issued by the trust. The Acquiring Fund will enter into such a recourse agreement (1) when the liquidity provider requires such a recourse agreement because the level of leverage in the TOB trust exceeds the level that the liquidity provider is willing to support absent such an agreement; and/or (2) to seek to prevent the liquidity provider from collapsing the trust in the event the municipal bond held in the trust has declined in value to the point where it may cease to exceed the face amount of outstanding short-term floaters. In an instance where the Acquiring Fund has entered such a recourse agreement, the Fund may suffer a loss that exceeds the amount of its original investment in the inverse floating rate securities; such loss could be as great as that original investment amount plus the face amount of the floating rate securities issued by the trust plus accrued interest thereon.

The Acquiring Fund may invest in both inverse floating rate securities and floating rate securities (as discussed below) issued by the same TOB trust.

Investments in inverse floating rate securities create leverage. The use of leverage creates special risks for common shareholders. See "B. Risk Factors—Inverse Floating Rate Securities Risk."

Floating Rate Securities. The Acquiring Fund may also invest in short-term floating rate securities, as described above, issued by TOB trusts. Generally, the interest rate earned will be based upon the market rates for municipal securities with maturities or remarketing provisions that are comparable in duration to the periodic interval of the tender option, which may vary from weekly, to monthly, to other periods of up to one year. Since the tender option feature provides a shorter term than the final maturity or first call date of the underlying municipal bond deposited in the trust, the Acquiring Fund, as the holder of the floating rate securities, relies upon the terms of the remarketing and liquidity agreements with the financial institution that acts as remarketing agent and/or liquidity provider as well as the credit strength of that institution. As further assurance of liquidity, the terms of the TOB trust provide for a liquidation of the municipal bond deposited in the trust and the application of the proceeds to pay off the floating rate securities. The TOB trusts that are organized to issue both short-term floating rate securities and inverse floaters generally include liquidation triggers to protect the investor in the floating rate securities.

Special Taxing Districts. Special taxing districts are organized to plan and finance infrastructure developments to induce residential, commercial and industrial growth and redevelopment. The bond financing methods such as tax increment finance, tax assessment, special services district and Mello-Roos bonds, generally are payable solely from taxes or other revenues attributable to the specific projects financed by the bonds without recourse to the credit or taxing power of related or overlapping municipalities. They often are exposed to real estate development-related risks and can have more taxpayer concentration risk than general tax-supported bonds, such as general obligation bonds. Further, the fees, special taxes, or tax allocations and other revenues that are established to secure such financings generally are limited as to the rate or amount that may be levied or assessed and are not subject to increase pursuant to rate covenants or municipal or corporate guarantees. The bonds could default if development failed to progress as anticipated or if larger taxpayers failed to pay the assessments, fees and taxes as provided in the financing plans of the districts.

Illiquid Securities

The Acquiring Fund may invest in illiquid securities (i.e., securities that are not readily marketable), including, but not limited to, restricted securities (securities the disposition of which is restricted under the federal securities laws), securities that may be resold only pursuant to Rule 144A under the 1933 Act, and repurchase agreements with maturities in excess of seven days.

Restricted securities may be sold only in privately negotiated transactions or in a public offering with respect to which a registration statement is in effect under the 1933 Act. Where registration is required, the Acquiring Fund may be obligated to pay all or part of the registration expenses and a considerable period may elapse between the time of the decision to sell and the time the Fund may be permitted to sell a security under an effective registration statement. If, during such a period, adverse market conditions were to develop, the Acquiring Fund might obtain a less favorable price than that which prevailed when it decided to sell. Illiquid securities will be priced at a fair value as determined in good faith by the Board or its delegatee.

When-Issued and Delayed-Delivery Transactions

The Acquiring Fund may buy and sell municipal securities on a when-issued or delayed-delivery basis, making payment or taking delivery at a later date, normally within 15 to 45 days of the trade date. On such transactions, the payment obligation and the interest rate are fixed at the time the buyer enters into the commitment. Beginning on the date the Acquiring Fund enters into a commitment to purchase securities on a when-issued or delayed-delivery basis, the Fund is required under interpretations of the SEC to maintain in a separate account liquid assets, consisting of cash, cash equivalents or liquid securities having a market value, at all times, at least equal to the amount of the commitment. Income generated by any such assets which provide taxable income for federal income tax purposes is includable in the taxable income of the Acquiring Fund and, to the extent distributed, will be taxable to shareholders. The Acquiring Fund may enter into contracts to purchase municipal securities on a forward basis (i.e., where settlement will occur more than 60 days from the date of the transaction) only to the extent that the Fund specifically collateralizes such obligations with a security that is expected to be called or mature within 60 days before or after the settlement date of the forward transaction. The commitment to purchase securities on a when-issued, delayed-delivery or forward basis may involve an element of risk because no interest accrues on the bonds prior to settlement and, at the time of delivery, the market value may be less than cost.

Derivatives

General. The Acquiring Fund may invest in certain derivative instruments in pursuit of its investment objectives. Such instruments include financial futures contracts, swap contracts (including interest rate swaps, credit default swaps and MMD Rate Locks), options on financial futures, options on swap contracts or other derivative instruments. Credit default swaps may require initial premium (discount) payments as well as periodic payments (receipts) related to the interest leg of the swap or to the default of a reference obligation. If the Acquiring Fund is a seller of a contract, the Fund would be required to pay the par (or other agreed upon) value of a referenced debt obligation to the counterparty in the event of a default or other credit event by the reference issuer, such as a U.S. or foreign corporate issuer, with respect to such debt obligations. In return, the Acquiring Fund would receive from the counterparty a periodic stream of payments over the term of the contract provided that no event of default has occurred. If no default occurs, the Acquiring Fund would keep the stream of payments and would have no payment obligations. As the seller, the Acquiring Fund would be subject to investment exposure on the notional amount of the swap. If the Acquiring Fund is a buyer of a contract, the Fund would have the right to deliver a referenced debt obligation and receive the par (or other agreed-upon) value of such debt obligation from the counterparty in the event of a default or other credit event (such as a credit downgrade) by the reference issuer, such as a U.S. or foreign corporation, with respect to its debt obligations. In return, the Acquiring Fund would pay the counterparty a periodic stream of payments over the term of the contract provided that no event of default has occurred. If no default occurs, the counterparty would keep the

stream of payments and would have no further obligations to the Acquiring Fund. Interest rate swaps involve the exchange by the Acquiring Fund with a counterparty of their respective commitments to pay or receive interest, such as an exchange of fixed-rate payments for floating rate payments. The Acquiring Fund will usually enter into interest rate swaps on a net basis; that is, the two payment streams will be netted out in a cash settlement on the payment date or dates specified in the instrument, with the Fund receiving or paying, as the case may be, only the net amount of the two payments. An MMD Rate Lock permits the Acquiring Fund to lock in a specified municipal interest rate for a portion of its portfolio to preserve a return on a particular investment or a portion of its portfolio as a duration management technique or to protect against any increase in the price of securities to be purchased at a later date. By using an MMD Rate Lock, the Acquiring Fund can create a synthetic long or short position, allowing the Fund to select what the manager believes is an attractive part of the yield curve. The Acquiring Fund will ordinarily use these transactions as a hedge or for duration or risk management although it is permitted to enter into them to enhance income or gain or to increase the Acquiring Fund's yield, for example, during periods of steep interest rate yield curves (i.e., wide differences between short term and long term interest rates).

The Adviser and/or the Sub-Adviser may use derivative instruments to seek to enhance return, to hedge some of the risks of the Acquiring Fund's investments in municipal securities or as a substitute for a position in the underlying asset. These types of strategies may generate taxable income.

There is no assurance that these derivative strategies will be available at any time or that the Adviser and/or the Sub-Adviser will determine to use them for the Acquiring Fund or, if used, that the strategies will be successful.

Limitations on the Use of Futures, Options on Futures and Swaps. The Adviser has claimed, with respect to the Acquiring Fund, the exclusion from the definition of "commodity pool operator" under the CEA provided by CFTC Regulation 4.5 and is therefore not currently subject to registration or regulation as such under the CEA with respect to the Fund. In addition, the Sub-Adviser has claimed the exemption from registration as a commodity trading advisor provided by CFTC Regulation 4.14(a)(8) and is therefore not currently subject to registration or regulation as such under the CEA with respect to the Acquiring Fund. In February 2012, the CFTC announced substantial amendments to certain exemptions, and to the conditions for reliance on those exemptions, from registration as a commodity pool operator. Under amendments to the exemption provided under CFTC Regulation 4.5, if the Acquiring Fund uses futures, options on futures, or swaps other than for bona fide hedging purposes (as defined by the CFTC), the aggregate initial margin and premiums on these positions (after taking into account unrealized profits and unrealized losses on any such positions and excluding the amount by which options that are "in-the-money" at the time of purchase are "in-the-money") may not exceed 5% of the Fund's net asset value, or alternatively, the aggregate net notional value of those positions may not exceed 100% of the Fund's net asset value (after taking into account unrealized profits and unrealized losses on any such positions). The CFTC amendments to Regulation 4.5 took effect on December 31, 2012, and the Acquiring Fund intends to comply with amended Regulation 4.5's requirements such that the Adviser will not be required to register as a commodity pool operator with the CFTC with respect to the Fund. The Acquiring Fund reserves the right to employ futures, options on futures and swaps to the extent allowed by CFTC regulations in effect from time to time and in accordance with the Fund's policies. However, the requirements for qualification as a regulated investment company under Subchapter M of the Code may limit the extent to which the Acquiring Fund may employ futures, options on futures or swaps.

Structured Notes

The Acquiring Fund may utilize structured notes and similar instruments for investment purposes and also for hedging purposes. Structured notes are privately negotiated debt obligations where the principal and/or interest is determined by reference to the performance of a benchmark asset, market or interest rate (an "embedded index"), such as selected securities, an index of securities or specified interest rates, or the differential performance of two assets or markets. The terms of such structured instruments normally provide that

their principal and/or interest payments are to be adjusted upwards or downwards (but not ordinarily below zero) to reflect changes in the embedded index while the structured instruments are outstanding. As a result, the interest and/or principal payments that may be made on a structured product may vary widely, depending upon a variety of factors, including the volatility of the embedded index and the effect of changes in the embedded index on principal and/or interest payments. The rate of return on structured notes may be determined by applying a multiplier to the performance or differential performance of the referenced index or indices or other assets. Application of a multiplier involves leverage that will serve to magnify the potential for gain and the risk of loss.

Other Investment Companies

The Acquiring Fund may invest in securities of other open- or closed-end investment companies (including ETFs) that invest primarily in municipal securities of the types in which the Fund may invest directly, to the extent permitted by the 1940 Act, the rules and regulations issued thereunder and applicable exemptive orders issued by the SEC. In addition, the Acquiring Fund may invest a portion of its Managed Assets in pooled investment vehicles (other than investment companies) that invest primarily in municipal securities of the types in which the Fund may invest directly. The Acquiring Fund generally expects that it may invest in other investment companies and/or other pooled investment vehicles either during periods when it has large amounts of uninvested cash or during periods when there is a shortage of attractive, high yielding municipal securities available in the market. The Acquiring Fund may invest in investment companies that are advised by the Adviser and/or the Sub-Adviser or their affiliates to the extent permitted by applicable law and/or pursuant to rules promulgated by the SEC. As a shareholder in an investment company, the Acquiring Fund will bear its ratable share of that investment company's expenses and would remain subject to payment of its own management fees with respect to assets so invested.

The Adviser and/or the Sub-Adviser will take expenses into account when evaluating the investment merits of an investment in an investment company relative to available municipal security investments. In addition, the securities of other investment companies may also be leveraged and will therefore be subject to leverage risk.

Inter-Fund Borrowing and Lending

The SEC has granted an exemptive order permitting the Nuveen registered open-end and closed-end funds, including the Acquiring Fund, to participate in an inter-fund lending facility whereby those funds may directly lend to and borrow money from each other for temporary purposes (e.g., to satisfy redemption requests or when a sale of securities "fails," resulting in an unanticipated cash shortfall) (the "Inter-Fund Program"). The closed-end Nuveen funds will participate only as lenders, and not as borrowers, in the Inter-Fund Program because such closed-end funds rarely, if ever, need to borrow cash to meet redemptions. The Inter-Fund Program is subject to a number of conditions, including, among other things, the requirements that (1) no fund may borrow or lend money through the Inter-Fund Program unless it receives a more favorable interest rate than is typically available from a bank or other financial institution for a comparable transaction; (2) no fund may borrow on an unsecured basis through the Inter-Fund Program unless the fund's outstanding borrowings from all sources immediately after the inter-fund borrowing total 10% or less of its total assets; provided that if the borrowing fund has a secured borrowing outstanding from any other lender, including but not limited to another fund, the inter-fund loan must be secured on at least an equal priority basis with at least an equivalent percentage of collateral to loan value; (3) if a fund's total outstanding borrowings immediately after an inter-fund borrowing would be greater than 10% of its total assets, the fund may borrow through the inter-fund loan on a secured basis only; (4) no fund may lend money if the loan would cause its aggregate outstanding loans through the Inter-Fund Program to exceed 15% of its net assets at the time of the loan; (5) a fund's inter-fund loans to any one fund shall not exceed 5% of the lending fund's net assets; (6) the duration of inter-fund loans will be limited to the time required to receive payment for securities sold, but in no event more than seven days; and (7) each inter-fund loan may be called on one business days' notice by a lending fund and may be repaid on any day by a borrowing fund. In addition, a Nuveen fund may participate in the Inter-Fund Program only if and to the extent that such

participation is consistent with the fund's investment objective and investment policies. The Board of Trustees of the Nuveen Funds is responsible for overseeing the Inter-Fund Program. The limitations detailed above and the other conditions of the SEC exemptive order permitting the Inter-Fund Program are designed to minimize the risks associated with Inter-Fund Program for both the lending fund and the borrowing fund. However, no borrowing or lending activity is without risk. When a fund borrows money from another fund, there is a risk that the loan could be called on one day's notice or not renewed, in which case the fund may have to borrow from a bank at a higher rate or take other actions to payoff such loan if an inter-fund loan is not available from another fund. Any delay in repayment to a lending fund could result in a lost investment opportunity or additional borrowing costs.

Zero Coupon Bonds

A zero coupon bond is a bond that typically does not pay interest either for the entire life of the obligation or for an initial period after the issuance of the obligation. When held to its maturity, the holder receives the par value of the zero coupon bond, which generates a return equal to the difference between the purchase price and its maturity value. A zero coupon bond is normally issued and traded at a deep discount from face value. This original issue discount ("OID") approximates the total amount of interest the security will accrue and compound prior to its maturity and reflects the payment deferral and credit risk associated with the instrument. Because zero coupon securities and other OID instruments do not pay cash interest at regular intervals, the instruments' ongoing accruals require ongoing judgments concerning the collectability of deferred payments and the value of any associated collateral. As a result, these securities may be subject to greater value fluctuations and less liquidity in the event of adverse market conditions than comparably rated securities that pay cash on a current basis. Because zero coupon bonds, and OID instruments generally, allow an issuer to avoid or delay the need to generate cash to meet current interest payments, they may involve greater payment deferral and credit risk than coupon loans and bonds that pay interest currently or in cash. The Acquiring Fund generally will be required to distribute dividends to shareholders representing the income of these instruments as it accrues, even though the Fund will not receive all of the income on a current basis or in cash. Thus, the Acquiring Fund may have to sell other investments, including when it may not be advisable to do so, and use the cash proceeds to make income distributions to its shareholders. For accounting purposes, these cash distributions to shareholders will not be treated as a return of capital.

Further, the Adviser collects management fees on the value of a zero coupon bond or OID instrument attributable to the ongoing noncash accrual of interest over the life of the bond or other instrument. As a result, the Adviser receives nonrefundable cash payments based on such noncash accruals while investors incur the risk that such noncash accruals ultimately may not be realized.

Hedging Strategies

The Acquiring Fund may use various investment strategies designed to limit the risk of bond price fluctuations and to preserve capital. These hedging strategies include using financial futures contracts, options on financial futures or options based on either an index of long-term municipal securities or on taxable debt securities whose prices, in the opinion of the Adviser and/or the Sub-Adviser, correlate with the prices of the Acquiring Fund's investments. These hedging strategies may generate taxable income.

The Board of Ohio Municipal recommends that shareholders vote FOR the approval of the Agreement and Plan of Merger.

ADDITIONAL INFORMATION ABOUT THE ACQUIRING FUND

Annual Expenses Excluding the Costs of Leverage

Based on information provided by the Adviser, the Boards considered that it was expected that the annual operating expense ratio of the combined fund following the Mergers, excluding leverage, would be lower than the operating expense ratio of each Target Fund. The operating expense ratios presented below reflect Georgia Municipal’s fiscal year ended May 31, 2022, Ohio Municipal’s six month semi-annual period ended August 31, 2022 (annualized), the Acquiring Fund’s six month semi-annual period ended April 30, 2022 (annualized) and the pro forma fees and expenses of the combined fund following the Mergers for the six months ended April 30, 2022 (annualized), based on the assumptions set forth in the “Comparative Fee Table” at page 15.

	<u>Georgia Municipal</u>	<u>Ohio Municipal</u>	<u>Acquiring Fund</u>	<u>Combined Fund Pro Forma</u>
Operating Expenses (as a percentage of net assets attributable to common shares)				
Management Fees	0.93%	0.95%	0.94%	0.93%
Other Expenses	<u>0.10%</u>	<u>0.08%</u>	<u>0.05%</u>	<u>0.05%</u>
Total Operating Expenses	<u>1.03%</u>	<u>1.03%</u>	<u>0.99%</u>	<u>0.98%</u>

Certain Provisions in the Acquiring Fund’s Declaration of Trust and By-Laws

Please see “Certain Provisions in the Declaration of Trust and By-Laws” in the Memorandum attached as Appendix B to this Proxy Statement for a description of your rights under Massachusetts law and describing additional rights contained in the Acquiring Fund’s Declaration of Trust and by-laws.

Repurchase of Common Shares; Conversion to Open-End Fund

Please see “Repurchase of Fund Shares; Conversion to Open-End Fund” in the Memorandum attached at Appendix B to this Proxy Statement.

Description of Outstanding Acquiring Fund MFP Shares

The Acquiring Fund’s outstanding MFP Shares, which are expected to remain outstanding following the completion of the Mergers, are as follows:

<u>Series</u>	<u>Shares Outstanding</u>	<u>Par Value Per Share</u>	<u>Liquidation Preference Per Share</u>	<u>Issue Date</u>	<u>Term Redemption Date</u>
Series A MFP Shares	1,500	\$0.01	\$100,000	May 2017	May 1, 2047
Series B MFP Shares	1,550	\$0.01	\$100,000	February 2018	February 3, 2048
Series C MFP Shares	3,360	\$0.01	\$100,000	June 2018	June 1, 2048

The Series A MFP Shares, the Series B MFP Shares and the Series C MFP Shares were issued to qualified institutional buyers through private transactions exempt from registration under the 1933 Act.

The MFP Shares of each series are in the “Variable Rate Mode” (the “VR Mode”), in which the dividend is currently a variable rate determined by reference to an index rate plus an applicable spread. The Series B MFP Shares are “Adjustable Rate,” meaning that so long as the Series B MFP Shares are in the current VR Mode, the Acquiring Fund and the beneficial owner or owners of the Series B MFP Shares may agree from time to time to adjust the dividend rate and other economic terms.

The term of the current VR Mode for the Series B MFP Shares ends on the Term Redemption Date set forth for such series in the table above, subject to earlier redemption, repurchase or transition to a new mode by the Acquiring Fund. The term of the current VR Mode for the Series A MFP Shares currently ends on May 3, 2023, subject to extension or transition to a new mode, or earlier redemption or repurchase. The term of the current VR Mode for the Series C MFP Shares currently ends on June 21, 2023, subject to extension or transition to a new mode, or earlier redemption or repurchase. Under the respective statements establishing and fixing the rights and preferences of the MFP Shares, as supplemented (the “MFP Statements”), the Acquiring Fund may terminate the VR Mode early or, as applicable, not extend it, and transition the applicable MFP Shares to a new mode (and, thereafter, until the term redemption date, subsequent new modes), during which many of the economic terms of the MFP Shares set forth in such MFP Statements may be modified. Modified terms for a new mode may include provisions with respect to (but not limited to) optional tender provisions, mandatory tender provisions, a liquidity facility or other credit enhancement, mandatory purchase provisions, the dividend rate setting provisions (including as to any maximum rate), and, if the dividend may be determined by reference to an index, formula or other method, the manner in which it will be determined and redemption provisions.

Dividends

The holders of outstanding MFP Shares of each series are entitled to receive, when, as and if declared by the Board, out of funds legally available therefor in accordance with the Acquiring Fund’s declaration of trust and applicable law, cumulative cash dividends at the dividend rate or rates for the outstanding MFP Shares of such series payable on the dividend payment dates with respect to the outstanding MFP Shares of such series. Holders of outstanding MFP Shares are not entitled to any dividend, whether payable in cash, property or shares, in excess of such cumulative dividends on the outstanding MFP Shares. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on outstanding MFP Shares which may be in arrears, and no additional sum of money will be payable in respect of such arrearage.

Redemption

The outstanding MFP Shares of each series are subject to optional and mandatory redemption in certain circumstances. The Acquiring Fund is obligated to redeem the outstanding MFP Shares on the Term Redemption Date set forth for each series in the table above, unless earlier redeemed or repurchased by the Acquiring Fund, at a redemption price per share equal to the applicable liquidation preference per share (\$100,000) plus any accumulated but unpaid dividends (whether or not earned or declared). In the event the Acquiring Fund fails to comply with asset coverage and/or effective leverage ratio requirements, as applicable, and any such failure is not cured within the applicable cure period, the Acquiring Fund may become obligated to redeem such number of preferred shares as are necessary to achieve compliance with such requirements. In the case of Series A, B or C MFP Shares, the Acquiring Fund is obligated to redeem all of the outstanding MFP Shares of the applicable series, in the event a mode change is initiated and a failed transition to a new mode occurs, or, in the case of Series B MFP Shares, a rate adjustment is initiated by the majority beneficial owner and a failed rate adjustment occurs, if such failure is not cured within the applicable cure period. Outstanding MFP Shares also may be redeemed in whole at any time or in part from time to time at the option of the Acquiring Fund at a redemption price per share equal to the liquidation preference per share plus any accumulated but unpaid dividends (whether or not earned or declared).

Voting and Consent Rights

Except as otherwise provided in the Acquiring Fund’s declaration of trust, the Statements, or as otherwise required by applicable law, (i) each holder of outstanding MFP Shares is entitled to one vote for each outstanding MFP Share held on each matter submitted to a vote of shareholders of the Acquiring Fund, and (ii) the holders of outstanding MFP Shares, along with holders of other outstanding preferred shares of the Acquiring Fund, vote with holders of common shares of the Acquiring Fund as a single class; provided, however, that holders of preferred shares, including outstanding MFP Shares, are entitled as a class to elect two trustees of the Acquiring

Fund at all times. The holders of outstanding common shares and preferred shares, including outstanding MFP Shares, voting as a single class, elect the balance of the trustees of the Acquiring Fund.

Holders of outstanding MFP Shares of each series, as a separate class, have voting and consent rights with respect to certain actions that would materially and adversely affect any preference, right or power of the outstanding MFP Shares or holders of outstanding MFP Shares of the applicable series. In addition, holders of outstanding Series A MFP Shares, Series B MFP Shares and Series C MFP Shares have certain consent rights under the purchase agreement for the outstanding MFP Shares of the applicable series with respect to certain actions that would affect their investment in the Acquiring Fund. Holders of outstanding MFP Shares also are entitled to vote as a class with holders of other preferred shares of the Acquiring Fund on matters that relate to the conversion of the Acquiring Fund to an open-end investment company, certain plans of reorganization adversely affecting holders of the preferred shares or any other action requiring a vote of security holders of the Acquiring Fund under Section 13(a) of the 1940 Act. In certain circumstances, holders of preferred shares, including outstanding MFP Shares, are entitled to elect additional trustees in the event dividends are due and unpaid and sufficient cash or specified securities have not been deposited for their payment, or at any time holders of preferred shares are entitled under the 1940 Act to elect a majority of the trustees of the Acquiring Fund.

Priority of Payment

The outstanding MFP Shares are senior in priority to the Acquiring Fund’s common shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund. The outstanding MFP Shares of each series have equal priority as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund with the other preferred shares of the Acquiring Fund, including the other series of outstanding MFP Shares, the outstanding VRDP Shares and the New AMTP Shares and the New VRDP Shares to be issued in the Mergers, if any.

Description of Outstanding Acquiring Fund VRDP Shares

The Acquiring Fund’s outstanding VRDP Shares, each offered to qualified institutional buyers in private transactions exempt from registration under the 1933 Act, which are expected to remain outstanding following the completion of the Mergers, are as follows:

<u>Series</u>	<u>Shares Outstanding</u>	<u>Par Value Per Share</u>	<u>Liquidation Preference Per Share</u>	<u>Issue Date</u>	<u>Mandatory Redemption Date</u>
Series 1 VRDP Shares	2,688	\$0.01	\$100,000	April 2016	March 1, 2040
Series 2 VRDP Shares	2,622	\$0.01	\$100,000	April 2016	March 1, 2040
Series 3 VRDP Shares	1,460	\$0.01	\$100,000	April 2016	June 1, 2040

Under the statement establishing and fixing the rights and preferences of the outstanding VRDP Shares of each series (each, a “Statement”), the Acquiring Fund is permitted to establish, from time to time, special rate periods during which many of the terms of the VRDP Shares set forth in such Statement may be modified. The Series 1 VRDP Shares and the Series 2 VRDP Shares are in an “Adjustable Rate Special Rate Period,” in which the dividend is currently a variable rate determined by reference to an index rate plus an applicable spread. So long as the Series 1 VRDP Shares and the Series 2 VRDP Shares are in the current respective special rate period, the Acquiring Fund and the beneficial owner or owners of the VRDP Shares of the applicable series may agree from time to time to adjust the dividend rate and other economic terms. The term of the current special rate period for the Series 1 VRDP Shares and the Series 2 VRDP Shares ends on the Mandatory Redemption Date set forth for the applicable series in the table above, subject to earlier redemption, repurchase or transition to a new special rate period or minimum rate periods by the Acquiring Fund.

Under the Statement for the outstanding Series 3 VRDP Shares, the Series 3 VRDP Shares currently pay an adjustable dividend rate set weekly by a remarketing agent. Holders of the outstanding Series 3 VRDP Shares have the right to give notice on any business day to tender the securities for remarketing in seven days. The outstanding Series 3 VRDP Shares are also subject to a mandatory tender for remarketing upon the occurrence of certain events, such as the non-payment of dividends by the Acquiring Fund. Should a remarketing be unsuccessful, the dividend rate will reset to a maximum rate as defined in the governing documents of the outstanding Series 3 VRDP Shares.

The outstanding Series 3 VRDP Shares have the benefit of an unconditional demand feature pursuant to a purchase agreement provided by a bank acting as liquidity provider to ensure full and timely repayment of the liquidation preference amount plus any accumulated and unpaid dividends to holders upon the occurrence of certain events. The agreement for the outstanding Series 3 VRDP Shares requires the liquidity provider to purchase from holders all outstanding Series 3 VRDP Shares tendered for sale that were not successfully remarketed. The liquidity provider also must purchase all outstanding Series 3 VRDP Shares prior to termination of the purchase agreement for such series, including by reason of the failure of the liquidity provider to maintain the requisite level of short-term ratings, if the Acquiring Fund has not obtained an alternate purchase agreement before the termination date.

The obligation of the liquidity provider for the outstanding Series 3 VRDP Shares to purchase the outstanding Series 3 VRDP Shares pursuant to the purchase agreement for such series runs to the benefit of the holders of the outstanding Series 3 VRDP Shares and is unconditional and irrevocable, and as such the short-term ratings assigned to the outstanding Series 3 VRDP Shares are directly linked to the short-term creditworthiness of the liquidity provider. The liquidity provider for the outstanding Series 3 VRDP Shares entered into a purchase agreement with respect to the outstanding Series 3 VRDP Shares, subject to periodic extension by agreement with the Acquiring Fund.

Dividends

The holders of outstanding VRDP Shares of each series are entitled to receive, when, as and if declared by the Board, out of funds legally available therefor in accordance with the Acquiring Fund's declaration of trust and applicable law, cumulative cash dividends at the dividend rate for the outstanding VRDP Shares of such series payable on the dividend payment dates with respect to the outstanding VRDP Shares of such series. Holders of outstanding VRDP Shares are not entitled to any dividend, whether payable in cash, property or shares, in excess of such cumulative dividends on the outstanding VRDP Shares. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on outstanding VRDP Shares which may be in arrears, and no additional sum of money will be payable in respect of such arrearage.

Redemption

The outstanding VRDP Shares of each series are subject to optional and mandatory redemption in certain circumstances. The Acquiring Fund is obligated to redeem the outstanding VRDP Shares on the Mandatory Redemption Date set forth for each series in the table above, unless earlier redeemed or repurchased by the Acquiring Fund, at a redemption price per share equal to the liquidation preference per share (\$100,000) plus any accumulated but unpaid dividends (whether or not earned or declared).

Pursuant to the Statement for the outstanding Series 3 VRDP Shares and the fee agreement with the liquidity provider for such series, the Acquiring Fund will have an obligation to redeem, at a redemption price equal to \$100,000 per share plus accumulated but unpaid dividends thereon (whether or not earned or declared) until, but excluding, the date fixed by the Board for redemption, shares of such series purchased by the liquidity provider pursuant to its obligations under the purchase agreement if the liquidity provider continues to be the beneficial owner for a period of six months and such shares cannot be successfully remarketed. The Acquiring Fund also will redeem, at a redemption price equal to the liquidation preference per share plus accumulated but

unpaid dividends thereon (whether or not earned or declared) until, but excluding, the date fixed by the Board for redemption, such number of preferred shares as is necessary to achieve compliance, if the Acquiring Fund fails to maintain the minimum VRDP asset coverage required under the 1940 Act and the Acquiring Fund's agreement with the liquidity provider for the outstanding Series 3 VRDP Shares, and such failure is not cured by the applicable cure date.

During the special rate period for the outstanding Series 1 and Series 2 VRDP Shares, in the event the Acquiring Fund fails to comply with asset coverage and/or effective leverage ratio requirements and any such failure is not cured within the applicable cure period, the Acquiring Fund may become obligated to redeem such number of preferred shares as are necessary to achieve compliance with such requirements. Also, during the special rate period for the outstanding Series 1 and Series 2 VRDP Shares, the Acquiring Fund is obligated to redeem all of the outstanding VRDP Shares of the applicable series, in the event a special rate period transition is initiated and a failed transition occurs, or if a rate adjustment is initiated by the majority beneficial owner and a failed rate adjustment occurs, if such failure is not cured within the applicable cure period.

Outstanding VRDP Shares also may be redeemed in whole at any time or in part from time to time at the option of the Acquiring Fund at a redemption price per share equal to the liquidation preference per share plus any accumulated but unpaid dividends (whether or not earned or declared).

Voting and Consent Rights

Except as otherwise provided in the Acquiring Fund's declaration of trust, the Statements, or as otherwise required by applicable law, (i) each holder of outstanding VRDP Shares is entitled to one vote for each outstanding VRDP Share held on each matter submitted to a vote of shareholders of the Acquiring Fund, and (ii) the holders of outstanding VRDP Shares, along with holders of other outstanding preferred shares of the Acquiring Fund, vote with holders of common shares of the Acquiring Fund as a single class; provided, however, that holders of preferred shares, including outstanding VRDP Shares, are entitled as a class to elect two trustees of the Acquiring Fund at all times. The holders of outstanding common shares and preferred shares, including outstanding VRDP Shares, voting as a single class, elect the balance of the trustees of the Acquiring Fund.

Holders of outstanding VRDP Shares of each series, as a separate class, have voting and consent rights with respect to certain actions that would materially and adversely affect any preference, right or power of the outstanding VRDP Shares or holders of outstanding VRDP Shares of the applicable series. In addition, holders of outstanding Series 1 and Series 2 VRDP Shares have certain consent rights under the purchase agreement entered into for the special rate period for the outstanding VRDP Shares of the applicable series with respect to certain actions that would affect their investment in the Acquiring Fund. Holders of outstanding VRDP Shares also are entitled to vote as a class with holders of other preferred shares of the Acquiring Fund on matters that relate to the conversion of the Acquiring Fund to an open-end investment company, certain plans of reorganization adversely affecting holders of the preferred shares or any other action requiring a vote of security holders of the Acquiring Fund under Section 13(a) of the 1940 Act. In certain circumstances, holders of preferred shares, including outstanding VRDP Shares, are entitled to elect additional trustees in the event at least two full years' dividends are due and unpaid and sufficient cash or specified securities have not been deposited for their payment, or at any time holders of preferred shares are entitled under the 1940 Act to elect a majority of the trustees of the Acquiring Fund.

Priority of Payment

The outstanding VRDP Shares are senior in priority to the Acquiring Fund's common shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund. The outstanding VRDP Shares have equal priority as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Acquiring Fund with the

other preferred shares of the Acquiring Fund, including the outstanding MFP Shares, the other series of outstanding VRDP Shares and the New AMTP Shares and the New VRDP Shares to be issued in the Mergers, if any.

Custodian, Transfer Agent, Dividend Disbursing Agent and Redemption and Paying Agent

The custodian of the assets of each Fund is State Street Bank and Trust Company, One Lincoln Street, Boston, Massachusetts 02111. The custodian performs custodial, fund accounting and portfolio accounting services. With respect to each Fund's common shares and Georgia Municipal's AMTP Shares, the transfer, shareholder services and dividend disbursing agent is Computershare Inc. and Computershare Trust Company, N.A., 150 Royall Street, Canton, Massachusetts 02021 ("Computershare"). Computershare will serve in such capacity with respect to any New AMTP Shares to be issued by the Acquiring Fund in the Mergers. The Bank of New York Mellon, 240 Greenwich Street, New York, New York 10286, acts as the tender agent, transfer agent and registrar, dividend disbursing agent and paying agent, calculation agent and redemption price disbursing agent with respect to the Acquiring Fund's MFP Shares and VRDP Shares and Ohio Municipal's VRDP Shares and will serve in such capacity with respect to any New VRDP Shares to be issued by the Acquiring Fund in the Mergers.

Federal Income Tax Matters Associated with Investment in the Acquiring Fund

The following information is meant as a general summary of certain federal income tax matters for U.S. shareholders. Investors should rely on their own tax adviser for advice about the particular federal, foreign, state and local tax consequences to them of investing in the Acquiring Fund.

The Acquiring Fund has elected to be treated and intends to qualify each year (including the taxable year in which the Mergers occur) as a regulated investment company ("RIC") under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). In order to qualify as a RIC, the Acquiring Fund must satisfy certain requirements regarding the sources of its income, the diversification of its assets and the distribution of its income. As a RIC, the Acquiring Fund is not expected to be subject to federal income tax on the income and gains it distributes to its shareholders. The Acquiring Fund invests primarily in municipal securities. Thus, substantially all of the Acquiring Fund's dividends paid to you should qualify as "exempt-interest dividends." A shareholder treats an exempt-interest dividend as interest on state and local bonds exempt from regular federal income tax. Federal income tax law imposes an alternative minimum tax with respect to individuals, trusts and estates. Interest on certain municipal obligations, such as certain private activity bonds, is included as an item of tax preference in determining the amount of a taxpayer's alternative minimum taxable income. To the extent that the Acquiring Fund receives income from such municipal obligations, a portion of the dividends paid by the Acquiring Fund, although exempt from regular federal income tax, will be taxable to shareholders to the extent that their tax liability is determined under the federal alternative minimum tax. For taxable years beginning after December 31, 2022, exempt-interest dividends may also affect the corporate alternative minimum tax liability of some corporate shareholders.

Future legislation could limit the exclusion from gross income of tax-exempt interest (which includes exempt-interest dividends received from the Acquiring Fund). Such legislation could affect the value of the municipal securities owned by the Acquiring Fund. The likelihood of such legislation being enacted cannot be predicted. Shareholders should consult their own tax advisers regarding the potential consequences of future legislation on their investment in the Acquiring Fund.

In addition to exempt-interest dividends, the Acquiring Fund may also distribute to its shareholders amounts that are treated as long-term capital gain or ordinary income (which may include short-term capital gains). These distributions may be subject to federal, state and local taxation, depending on a shareholder's situation. If so, they are taxable whether or not such distributions are reinvested. Distributions of net capital gains (the excess of net long-term capital gains over net short-term capital losses) are generally taxable at rates

applicable to long-term capital gains regardless of how long a shareholder has held its shares. Long-term capital gains are currently taxable to noncorporate shareholders at a maximum federal income tax rate of 20%. In addition, certain individuals, estates and trusts are subject to a 3.8% Medicare tax on net investment income, including net capital gains and other taxable dividends. Corporate shareholders are taxed on capital gain at the same rates as apply to ordinary income. The Acquiring Fund does not expect that any part of its distributions to shareholders from its investments will qualify for the dividends-received deduction available to corporate shareholders or as “qualified dividend income” to noncorporate shareholders.

As a RIC, the Acquiring Fund will not be subject to federal income tax in any taxable year provided that it meets certain distribution requirements. The Acquiring Fund may retain for investment some (or all) of its net capital gains. If the Acquiring Fund retains any net capital gains or investment company taxable income, it will be subject to tax at regular corporate rates on the amount retained. If the Acquiring Fund retains any net capital gains, it may designate the retained amount as undistributed capital gains in a notice to its shareholders who, if subject to federal income tax on long-term capital gains, (1) will be required to include in income for federal income tax purposes, as long-term capital gain, their share of such undistributed amount; (2) will be entitled to credit their proportionate shares of the federal income tax paid by the Acquiring Fund on such undistributed amount against their federal income tax liabilities, if any; and (3) may claim refunds to the extent the credit exceeds such liabilities. For federal income tax purposes, the basis of shares owned by a shareholder of the Acquiring Fund will be increased by an amount equal to the difference between the amount of undistributed capital gains included in the shareholder’s gross income and the tax deemed paid by the shareholder under clause (2) of the preceding sentence.

The Internal Revenue Service (the “IRS”) currently requires that a RIC that has two or more classes of stock allocate to each such class proportionate amounts of each type of its income (such as exempt interest, ordinary income and capital gains). Accordingly, the Acquiring Fund reports dividends made with respect to common shares and preferred shares as consisting of particular types of income (e.g., exempt interest, net capital gains and ordinary income) in accordance with each class’s proportionate share of the total dividends paid by the Acquiring Fund with respect to the year.

Dividends declared by the Acquiring Fund in October, November or December to shareholders of record in one of those months and paid during the following January will be treated as having been paid by the Acquiring Fund and received by shareholders on December 31 of the year the distributions were declared.

Each shareholder will receive an annual statement summarizing the shareholder’s dividend and capital gains distributions.

The redemption, sale or exchange of shares normally will result in capital gain or loss to shareholders who hold their shares as capital assets. Generally, a shareholder’s gain or loss will be long-term capital gain or loss if the shares have been held for more than one year even though the increase in value in such shares is attributable to tax-exempt interest income. The gain or loss on shares held for one year or less will generally be treated as short-term capital gain or loss. Current federal income tax law taxes both long-term and short-term capital gains of corporations at the same rates applicable to ordinary income. However, for noncorporate taxpayers, long-term capital gains are currently taxed at a maximum federal income tax rate of 20%, while short-term capital gains are currently taxed at ordinary income rates. An additional 3.8% Medicare tax may also apply to certain individual, estate or trust shareholders’ capital gain from the sale or other disposition of their shares. Any loss on the sale of shares that have been held for six months or less will be disallowed to the extent of any distribution of exempt-interest dividends received with respect to such shares, unless the shares are of a RIC that declares exempt-interest dividends on a daily basis in an amount equal to at least 90% of its net tax-exempt interest and distributes such dividends on a monthly or more frequent basis. Any remaining loss on the sale or disposition of shares held for six months or less will be treated as a long-term capital loss to the extent of any distributions of net capital gains received (and undistributed net capital gain designated by the Acquiring Fund that is deemed to be received) by the shareholder on such shares. Any loss realized on a sale or exchange of

shares of the Acquiring Fund will be disallowed to the extent those shares of the Acquiring Fund are replaced by other substantially identical shares of the Acquiring Fund or other substantially identical stock or securities (including through reinvestment of dividends) within a period of 61 days beginning 30 days before and ending 30 days after the date of disposition of the original shares. In that event, the basis of the replacement shares will be adjusted to reflect the disallowed loss. The deductibility of capital losses is subject to limitations.

Any interest on indebtedness incurred or continued to purchase or carry the Acquiring Fund's shares to which exempt-interest dividends are allocated is not deductible. Under certain applicable rules, the purchase or ownership of shares may be considered to have been made with borrowed funds even though such funds are not directly used for the purchase or ownership of the shares. In addition, if you receive Social Security or certain railroad retirement benefits, you may be subject to federal income tax on a portion of such benefits as a result of receiving investment income, including exempt-interest dividends and other distributions paid by the Acquiring Fund.

If the Acquiring Fund invests in certain pay-in-kind securities, zero coupon securities, deferred interest securities or, in general, any other securities with original issue discount (or with market discount if the Acquiring Fund elects to include market discount in income currently), the Acquiring Fund must accrue income on such investments for each taxable year, which generally will be prior to the receipt of the corresponding cash payments. However, the Acquiring Fund must distribute to shareholders, at least annually, all or substantially all of its investment company taxable income (determined without regard to the deduction for dividends paid) and its net tax-exempt income, including such income it is required to accrue, to qualify as a RIC and (with respect to its ordinary income and capital gain) to avoid federal income and excise taxes. Therefore, the Acquiring Fund may have to dispose of its portfolio securities under disadvantageous circumstances to generate cash, or may have to leverage itself by borrowing the cash, to satisfy these distribution requirements.

The Acquiring Fund may hold or acquire municipal obligations that are market discount bonds. A market discount bond is a security acquired in the secondary market at a price below its redemption value (or its adjusted issue price if it is also an original issue discount bond). If the Acquiring Fund invests in a market discount bond, it will be required to treat any gain recognized on the disposition of such market discount bond as ordinary taxable income to the extent of the accrued market discount.

The Acquiring Fund's investment in lower rated or unrated debt securities may present issues for the Acquiring Fund if the issuers of these securities default on their obligations because the federal income tax consequences to a holder of such securities are not certain.

The Acquiring Fund may be required to withhold federal income tax at a rate of 24% from all distributions (including exempt-interest dividends) and redemption proceeds payable to a shareholder if the shareholder fails to provide the Acquiring Fund with his, her or its correct taxpayer identification number or to make required certifications, or if the shareholder has been notified by the IRS (or the IRS notifies the Acquiring Fund) that he, she or it is subject to backup withholding. Backup withholding is not an additional tax; rather, it is a way in which the IRS ensures it will collect taxes otherwise due. Any amounts withheld may be credited against a shareholder's federal income tax liability.

The Foreign Account Tax Compliance Act ("FATCA") generally requires the Acquiring Fund to obtain information sufficient to identify the status of each of its shareholders. If a shareholder fails to provide this information or otherwise fails to comply with FATCA, the Acquiring Fund may be required to withhold under FATCA at a rate of 30% with respect to that shareholder on Acquiring Fund dividends and distributions and redemption proceeds. The Acquiring Fund may disclose the information that it receives from (or concerning) its shareholders to the IRS, non-U.S. taxing authorities or other parties as necessary to comply with FATCA, related intergovernmental agreements or other applicable law or regulation. Investors are urged to consult their own tax advisers regarding the applicability of FATCA and any other reporting requirements with respect to the investor's own situation, including investments through an intermediary.

Pursuant to proposed regulations, the Treasury Department has indicated its intent to eliminate the requirements under FATCA of withholding on gross proceeds from the sale, exchange, maturity or other disposition of relevant financial instruments (including redemption of stock). The Treasury Department has indicated that taxpayers may rely on these proposed regulations pending their finalization.

With respect to the preferred shares of the Acquiring Fund to be issued in the Mergers, if any, the Acquiring Fund will receive opinions from special tax counsel that the preferred shares will constitute equity of the Acquiring Fund, and the foregoing discussion and the tax opinion received by the Funds regarding certain aspects of the Mergers, including that the Mergers will qualify as reorganizations within the meaning of Section 368(a) of the Code, relies on the position that the preferred shares will constitute equity of the Acquiring Fund. Accordingly, distributions with respect to the preferred shares (other than distributions in redemption of preferred shares subject to Section 302(b) of the Code) will generally constitute dividends to the extent of the Acquiring Fund's current or accumulated earnings and profits, as calculated for federal income tax purposes and to the extent allocable to such distribution. Because the treatment of a corporate security as debt or equity is determined on the basis of the facts and circumstances of each case, and no controlling precedent exists for any preferred shares to be issued in the Mergers, there can be no assurance that the IRS will not challenge special tax counsels' opinions and the Acquiring Fund's treatment of the preferred shares as equity. If the IRS were to succeed in such a challenge, holders of preferred shares could be characterized as receiving taxable interest income rather than exempt-interest or other dividends, possibly requiring them to file amended income tax returns and retroactively to recognize additional amounts of ordinary income and pay additional tax, interest and penalties.

Experts

The financial statements appearing in the Annual Reports of Ohio Municipal for the fiscal year ended February 28, 2022 and the Acquiring Fund for the fiscal year ended October 31, 2021 are incorporated herein. Ohio Municipal's financial statements as of and for the 2022, 2021, 2020, 2019 and 2018 fiscal years have been audited by KPMG, independent registered public accounting firm, as set forth in their reports thereon. The Acquiring Fund's financial statements as of and for the 2021, 2020, 2019, 2018 and 2017 fiscal years have been audited by KPMG, independent registered public accounting firm, as set forth in their reports thereon. Such financial statements are incorporated herein in reliance upon such reports given on the authority of such firm as experts in accounting and auditing. KPMG provides auditing services to the Acquiring Fund and the Target Funds. The principal business address of KPMG is 200 East Randolph Street, Chicago, Illinois 60601.

GENERAL INFORMATION

Outstanding Shares of Ohio Municipal

The following table sets forth the number of outstanding common shares and preferred shares and certain other share information of Ohio Municipal as of November 10, 2022.

(1) Title of Class	(2) Shares Authorized	(3) Shares Held by Fund for Its Own Account	(4) Shares Outstanding Exclusive of Shares Shown under (3)
Ohio Municipal			
Common shares	Unlimited	—	18,254,255
Preferred shares	Unlimited	—	1,480 (Series 1 VRDP)

The common shares of Ohio Municipal are listed and trade on the NYSE under the ticker symbol NUO. Upon the closing of the Merger, it is expected that the common shares of the Acquiring Fund will continue to be listed on the NYSE. None of the preferred shares of the Acquiring Fund and the Target Funds are currently listed on any exchange.

Shareholders of Ohio Municipal

As of November 10, 2022, the members of the Board and officers of Ohio Municipal as a group owned less than 1% of the total outstanding common shares and less than 1% of the total outstanding preferred shares of such Fund.

Information regarding shareholders or groups of shareholders who, to the knowledge of Ohio Municipal, beneficially own more than 5% of a class of shares of Ohio Municipal is provided below. Information in the table below regarding the number and percentage of shares owned is based on a review of Schedule 13D and 13G filings and amendments made on or before November 10, 2022. The estimated pro forma information presented is calculated assuming outstanding common and preferred shares as of November 10, 2022 for each Fund and assumes the completion of both Mergers.

Fund and Class	Shareholder Name and Address	Number of Shares Owned	Percentage Owned	Estimated Pro Forma	
				Corresponding Class of Combined Fund	All Preferred Shares of Combined Fund
Ohio Municipal—					
Common Shares	Karpus Investment Management 183 Sully’s Trail Pittsford, New York 14534	1,038,358	5.67%	0.59%	N/A
Series 1 VRDP	Bank of America Corporation Bank of America Corporate Center 100 N. Tryon Street Charlotte, North Carolina 28255	1,480	100%	100%	26.05%

As of November 10, 2022, Ohio Municipal is not aware of any shareholders holding more than 5% of its common shares. Ohio Municipal is not aware of any person who, as of November 10, 2022, “controls” (within the meaning of the 1940 Act) the Fund. Under the 1940 Act, a person who beneficially owns, directly or indirectly, more than 25% of the voting securities of a fund is presumed to control the fund.

Expenses of Proxy Solicitation

Preferred shareholders will not bear any costs of the Mergers. The costs of the Mergers are estimated to be \$1,215,000, but the actual costs may be higher or lower than that amount. These costs represent the estimated nonrecurring expenses of the Funds in carrying out their obligations under the Agreement and consist of management's estimate of professional service fees, printing costs and mailing charges related to the proposed Mergers. Based on the expected benefits of the Mergers to each Fund, each of Georgia Municipal, Ohio Municipal and the Acquiring Fund is expected to be allocated \$280,000, \$930,000 and \$5,000, respectively, of the estimated expenses in connection with the Mergers (0.20%, 0.30% and 0.00%, respectively, of Georgia Municipal's, Ohio Municipal's and the Acquiring Fund's average net assets applicable to common shares for the six months ended April 30, 2022). If one or both Mergers is not consummated for any reason, including because the requisite shareholder approvals are not obtained, each of the Funds, and common shareholders of each of the Funds indirectly, will still bear the costs of the Mergers.

The Fund has engaged Computershare Fund Services to assist in the solicitation of proxies at an estimated aggregate cost of \$7,500 plus reasonable expenses, which is included in the foregoing estimate.

Shareholder Proposals

The Acquiring Fund expects to hold its 2023 annual meeting of shareholders in August 2023. To be considered for presentation at the 2023 annual meeting of shareholders of the Acquiring Fund, shareholder proposals submitted pursuant to Rule 14a-8 under the 1934 Act must have been received at the offices of the Fund, 333 West Wacker Drive, Chicago, Illinois 60606, not later than March 2, 2023. A shareholder wishing to provide notice in the manner prescribed by Rule 14a-4(c)(1) under the 1934 Act of a proposal submitted outside of the process of Rule 14a-8 for the 2023 annual meeting must, pursuant to the Acquiring Fund's by-laws, submit such written notice to the Acquiring Fund no earlier than April 1, 2023 and no later than April 16, 2023. Timely submission of a proposal does not mean that such proposal will be included in a proxy statement.

If the proposal is approved at Ohio Municipal's Special Meeting and the Acquiring Fund's special meeting and the Merger is consummated, Ohio Municipal will cease to exist and will not hold its next annual meeting. If the Merger is not approved or is not consummated, Ohio Municipal will hold its next annual meeting of shareholders, expected to be held in November 2023.

To be considered for presentation at the 2023 annual meeting of shareholders of Ohio Municipal, shareholder proposals submitted pursuant to Rule 14a-8 under the 1934 Act must be received at the offices of the Fund, 333 West Wacker Drive, Chicago, Illinois 60606, not later than June 14, 2023. A shareholder wishing to provide notice in the manner prescribed by Rule 14a-4(c)(1) under the 1934 Act of a proposal submitted outside of the process of Rule 14a-8 for the 2024 annual meeting must, pursuant to the Fund's by-laws, submit such written notice to Ohio Municipal no earlier than July 14, 2023 and no later than July 29, 2023. Timely submission of a proposal does not mean that such proposal will be included in a proxy statement.

Proposals may be presented by shareholders only if advance notice is duly submitted in accordance with applicable law and the Fund's governing documents, and the subject matter of such proposal is a matter upon which the proposing shareholder is entitled to vote. Each Fund's by-laws require shareholders submitting advance notices of proposals of business or nominations for election as Board Members to provide the Fund with certain information and representations about the proponent shareholder and the nominees or business being proposed. A shareholder wishing to present a proposal of business or nomination is encouraged to carefully review the applicable Fund's by-laws.

Copies of the by-laws of each Fund are available on the EDGAR Database on the SEC's website at www.sec.gov.

Shareholder Communications

Fund shareholders who want to communicate with the Board or any individual Board Member should write to the attention of William Siffermann, Manager of Fund Board Relations, Nuveen Investments, 333 West Wacker Drive, Chicago, Illinois 60606. The letter should indicate that you are a Fund shareholder and note the Fund that you own. If the communication is intended for a specific Board Member and so indicates, it will be sent only to that Board Member. If a communication does not indicate a specific Board Member it will be sent to the Independent Chair and the outside counsel to the Independent Board Members for further distribution as deemed appropriate by such persons.

Fiscal Year

The fiscal year end for Ohio Municipal is February 28/29. The fiscal year end for the Acquiring Fund is October 31.

Shareholder Report Delivery

Shareholder reports will be made available to shareholders of record of each Fund following each Fund's fiscal year end. Each Fund will furnish, without charge, a copy of its annual report and/or semi-annual report as available upon request. Such written or oral requests should be directed to a Fund at 333 West Wacker Drive, Chicago, Illinois 60606 or by calling (800) 257-8787.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on February 8, 2023

The Proxy Statement is available at <http://www.nuveenproxy.com/Closed-End-Fund-Proxy-Information>. For more information, shareholders may also contact the applicable Fund at the address and phone number set forth above.

Please note that only one annual report or proxy statement may be delivered to two or more shareholders of a Fund who share an address, unless the Fund has received instructions to the contrary. To request a separate copy of an annual report or proxy statement, or for instructions as to how to request a separate copy of such documents or as to how to request a single copy if multiple copies of such documents are received, shareholders should contact the applicable Fund at the address and phone number set forth above.

Additional Information About the Solicitation

On January 14, 2021, a shareholder of certain Nuveen closed-end funds (the "Subject Funds") filed a civil complaint in the U.S. District Court for the Southern District of New York (the "District Court") against the Subject Funds and their trustees, seeking a declaration that the Subject Funds' Control Share Provision violates the 1940 Act and rescission of the Subject Fund's Control Share Provision. On February 18, 2022, the District Court granted summary judgment in favor of the plaintiff on its claims for rescission and declaratory judgment. Following careful review of the judgment of the District Court, on February 24, 2022, the Board of Trustees amended the by-laws of the Subject Funds and all other Nuveen closed-end funds whose by-laws include a Control Share Provision, including the Target Funds and the Acquiring Fund, to provide that the Control Share Provision shall be of no force and effect for so long as the judgment of the District Court is effective and that if the judgment of the District Court is reversed, overturned, vacated, stayed, or otherwise nullified, the Control Share Provision will be automatically reinstated and apply to any beneficial owner of common shares acquired in a Control Share Acquisition, regardless of whether such Control Share Acquisition occurs before or after such reinstatement, for the duration of the stay or upon issuance of the mandate reversing, overturning, vacating or

otherwise nullifying the judgment of the District Court. As a result, the Funds' Control Share Provision will not be in effect with respect to this meeting. On February 25, 2022, the Subject Funds and their trustees filed a notice of their intention to appeal the District Court's decision.

Other Information

Management of Ohio Municipal does not intend to present and does not have reason to believe that others will present any items of business at the Special Meeting, except as described in this Proxy Statement. However, if other matters are properly presented at the Special Meeting for a vote, the proxies will be voted upon such matters in accordance with the judgment of the persons acting under the proxies.

Upon at least five business days advance written notice to Ohio Municipal, a shareholder of Ohio Municipal is entitled to inspect and copy at the offices where they are maintained, a list of shareholders and their addresses entitled to be present and to vote at Ohio Municipal's Special Meeting, provided that the written notice describes with reasonable particularity the purpose of the demand, that the demand is made in good faith and for a proper purpose, and the records requested are directly connected to that purpose, and provided further that the Trustees shall not have determined in good faith that disclosure of the records sought would adversely affect Ohio Municipal in the conduct of its business or constitute material non-public information at the time when the shareholder's notice of demand to inspect and copy is received by Ohio Municipal. Ohio Municipal may furnish the shareholder with copies of the shareholder list, including copies furnished through an electronic transmission. Shareholders interested in inspecting the list of shareholders for their Fund should contact (800) 257-8787 for additional information. To email the Fund, please visit www.nuveen.com/contact-us.

In the absence of a quorum for a particular matter, business may proceed on any other matter or matters that may properly come before the Special Meeting if there is present, in person (including virtually) or by proxy, a quorum of shareholders in respect of such other matters. The chair of the Special Meeting may, whether or not a quorum is present, adjourn the meeting with respect to one or more matters to be considered on behalf of Ohio Municipal without further notice to permit further solicitation of proxies.

By returning the enclosed form of proxy, you are authorizing the persons named on the proxy to vote in their discretion on any matter that properly comes before the Special Meeting.

Broker-dealer firms holding shares in "street name" for the benefit of their customers and clients are generally required to request the instruction of such customers and clients on how to vote their shares on the proposals. A broker-dealer firm that is subject to the rules of the NYSE and that has not received instructions from a customer prior to the date specified in its request for voting instructions may not vote such customer's shares on the proposal described in this Proxy Statement. A signed proxy card or other authorization by a beneficial owner of shares of Ohio Municipal that does not specify how the beneficial owner's shares are to be voted on the proposal may be deemed to be an instruction to vote such shares in favor of the proposal.

IF YOU CANNOT BE PRESENT AT THE SPECIAL MEETING, YOU ARE REQUESTED TO FILL IN, SIGN AND RETURN THE ENCLOSED PROXY PROMPTLY. NO POSTAGE IS REQUIRED IF MAILED IN THE UNITED STATES.

Mark L. Winget
Vice President and Secretary
The Nuveen Closed-End Funds

APPENDIX A

FORM OF AGREEMENT AND PLAN OF MERGER

THIS AGREEMENT AND PLAN OF MERGER (the “Agreement”) is made as of this [●] day of [●], 2022, by and among Nuveen Municipal Credit Income Fund (the “Acquiring Fund”), each of Nuveen Georgia Quality Municipal Income Fund (“Georgia Municipal” or a “Target Fund”) and Nuveen Ohio Quality Municipal Income Fund (“Ohio Municipal” or a “Target Fund”), each a Massachusetts business trust, and NMCIF Merger Sub, LLC (the “Merger Sub”), a Massachusetts limited liability company and a direct, wholly-owned subsidiary of the Acquiring Fund. The Acquiring Fund and the Merger Sub may be referred to herein together as the “Acquiring Fund Parties.” The Acquiring Fund and each Target Fund may be referred to herein as a “Fund” and, collectively, as the “Funds.”

For each Merger, this Agreement is intended to be, and is adopted as, a plan of reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended (the “Code”), and the Treasury Regulations promulgated thereunder. The reorganization of each Target Fund into the Acquiring Fund will consist of the merger of the Target Fund with and into the Merger Sub pursuant to which shareholders of the Target Fund (collectively, “Target Fund Shareholders”) will receive (i) with respect to holders of the issued and outstanding common shares of beneficial interest of the Target Fund (“Target Fund Common Shares”), newly issued common shares of beneficial interest, par value \$0.01 per share, of the Acquiring Fund (the “Acquiring Fund Common Shares”) and, (ii) with respect to holders of any issued and outstanding Adjustable Rate MuniFund Term Preferred Shares (“AMTP Shares”) of Georgia Municipal, newly issued AMTP Shares of the Acquiring Fund with a par value of \$0.01 per share and liquidation preference of \$100,000 per share (the “Acquiring Fund AMTP Shares”) and, (iii) with respect to holders of any issued and outstanding Variable Rate Demand Preferred Shares (“VRDP Shares”) of Ohio Municipal, newly issued VRDP Shares of the Acquiring Fund with a par value of \$0.01 per share and liquidation preference of \$100,000 per share (the “Acquiring Fund VRDP Shares” and, together with the Acquiring Fund AMTP Shares, the “Acquiring Fund Preferred Shares” and, collectively with the Acquiring Fund AMTP Shares and the Acquiring Fund Common Shares, the “Acquiring Fund Shares”) as provided herein, all upon the terms and conditions set forth in this Agreement (each, a “Merger” and together, the “Mergers”).

WHEREAS, each Fund is a closed-end, management investment company registered under the Investment Company Act of 1940, as amended (the “1940 Act”), and each Target Fund owns securities that generally are assets of the character in which the Acquiring Fund is permitted to invest;

WHEREAS, the Acquiring Fund is authorized to issue the Acquiring Fund Shares; and

WHEREAS, the Board of Trustees of the Acquiring Fund (the “Acquiring Fund Board”) has determined that each Merger is in the best interests of the Acquiring Fund and that the interests of the existing shareholders of the Acquiring Fund will not be diluted as a result of the Mergers, and the Board of Trustees of each Target Fund (each, a “Target Fund Board”) has determined that its Merger is in the best interests of such Target Fund and that the interests of the existing shareholders of such Target Fund will not be diluted as a result of its Merger.

NOW, THEREFORE, in consideration of the premises and of the covenants and agreements hereinafter set forth, the parties hereto covenant and agree as follows:

ARTICLE I

MERGER

1.1 MERGER. With respect to each Merger, subject to the terms and conditions contained herein and on the basis of the representations and warranties contained herein, and in accordance with Section 2 of

Chapter 182 of the Massachusetts General Laws (“M.G.L.”) and Section 59 of the M.G.L. Chapter 156C, at the Effective Time (as defined in Section 3.1), the Target Fund shall be merged with and into the Merger Sub, the separate existence of the Target Fund shall cease and the Merger Sub shall be the surviving company in the Merger (sometimes referred to herein as the “Surviving Company”) in accordance with such laws and shall continue as a wholly-owned subsidiary of the Acquiring Fund. The separate limited liability company existence of the Merger Sub shall continue unaffected and unimpaired by the Merger and, as the Surviving Company, it shall be governed by the laws of the Commonwealth of Massachusetts.

(a) With respect to each Merger, at the Effective Time, as a result of the Merger and without any action on the part of the holder of any shares of the Target Fund:

(i) Each Target Fund Common Share issued and outstanding immediately prior to the Effective Time shall, by virtue of the Merger and without any action on the part of the holder thereof, be converted into the number of Acquiring Fund Common Shares provided for in Section 2.2 (with cash being distributed in lieu of fractional Acquiring Fund Common Shares as set forth in Section 2.2);

(ii) The Target Fund AMTP Shares or VRDP Shares, as applicable, issued and outstanding immediately prior to the Effective Time, if any, shall, by virtue of the Merger and without any action on the part of the holder(s) thereof, be converted into the same number of Acquiring Fund AMTP Shares or VRDP Shares, respectively, having (a) substantially similar terms to such Target Fund AMTP Shares or VRDP Shares, respectively, as of the Closing (as defined in Section 3.1), (b) equal priority with other outstanding preferred shares of the Acquiring Fund as to the payment of dividends and as to the distribution of assets upon liquidation of the Acquiring Fund, and (c) along with any other outstanding preferred shares of the Acquiring Fund, preference with respect to the payment of dividends and as to the distribution of assets upon liquidation of the affairs of the Acquiring Fund over the common shares of the Acquiring Fund; and

(iii) The membership interests in the Merger Sub issued and outstanding immediately prior to the Effective Time shall remain unchanged as a result of the Merger and shall remain as the only issued and outstanding membership interests of the Surviving Company.

(b) The certificate of organization of the Merger Sub as in effect immediately prior to the Effective Time (the “Certificate of Organization”) shall be the certificate of organization of the Surviving Company, unless and until amended in accordance with its terms and applicable law. The operating agreement of the Merger Sub in effect immediately prior to the Effective Time (the “LLC Agreement”), shall be the operating agreement of the Surviving Company unless and until amended in accordance with its terms and applicable law.

(c) With respect to each Merger, at the Effective Time, the separate legal existence of the Target Fund shall cease for all purposes and the Merger Sub shall continue in existence as the Surviving Company, and without any further action being required, the Surviving Company shall succeed to and possess all of the rights, privileges and powers of the Merger Sub and the Target Fund, and all of the assets and property of whatever kind and character of the Merger Sub and the Target Fund shall vest in the Merger Sub without further act or deed. With respect to each Merger, at the Effective Time, the Surviving Company shall be liable for all of the liabilities and obligations of the Merger Sub and the Target Fund, and any claim or judgment against the Merger Sub or the Target Fund may be enforced against the Surviving Company, in accordance with applicable law.

(d) With respect to each Merger, the Acquiring Fund will issue Acquiring Fund Shares to shareholders of the Target Fund upon the conversion of Target Fund Shares by opening shareholder accounts on the share ledger records of the Acquiring Fund in the names of and in the amounts due to the shareholders of the Target Fund based on (i) with respect to holders of the issued and outstanding Target Fund Common Shares, their holdings of Target Fund Common Shares as of immediately prior to the Effective Time, and (ii) with respect to holders of any issued and outstanding AMTP Shares or VRDP Shares of a Target Fund, as applicable, the

number of AMTP Shares or VRDP Shares held by such shareholder immediately prior to the Effective Time. Ownership of Acquiring Fund Shares will be shown on the books of the applicable transfer agent or tender and paying agent, as applicable, for the Acquiring Fund, and the Acquiring Fund will not issue certificates representing Acquiring Fund Shares in connection with the Merger, except for any global share certificate or certificates required by a securities depository in connection with the establishment of book-entry ownership of the Acquiring Fund Common Shares or the Acquiring Fund Preferred Shares. All Acquiring Fund Shares to be issued pursuant to the Merger shall be deemed issued and outstanding as of the Effective Time.

(e) For each Merger, upon the terms and subject to the conditions of this Agreement, the parties shall cause the filing of one or more certificates of merger (a “Certificate of Merger”) with the Secretary of the Commonwealth of Massachusetts in accordance with the laws of the Commonwealth of Massachusetts.

(f) With respect to each Merger, the Target Fund agrees to dispose of certain assets prior to the Closing, but only if and to the extent necessary, so that at the Closing, when the assets of such Target Fund participating in a Merger are aggregated with the Acquiring Fund’s assets and the assets of the other Target Fund participating in a Merger, the resulting portfolio will meet the Acquiring Fund’s investment objective, policies and restrictions, as set forth in the Acquiring Fund’s Registration Statement (as defined in Section 5.5). Notwithstanding the foregoing, nothing herein will require the Target Fund to dispose of any investments or securities if, in the reasonable judgment of the Target Fund Board or Nuveen Fund Advisors, LLC, the investment adviser to the Funds (the “Adviser”), such disposition would adversely affect the status of the Merger as a “reorganization” as such term is used in Section 368(a) of the Code or would otherwise not be in the best interests of the Target Fund.

1.2 **DISSOLUTION, LIQUIDATION AND TERMINATION.** If both Mergers occur at the same time, as soon as practicable after the Effective Time (or if both Mergers do not occur at the same time, as soon as practicable after the Effective Time of the last Merger to occur), the Merger Sub shall be dissolved and the Acquiring Fund will assume all of the Merger Sub’s liabilities and obligations, known and unknown, contingent or otherwise, whether or not determinable, and the Merger Sub will distribute to the Acquiring Fund, which will be the sole member of the Merger Sub at such time, all of the assets of the Merger Sub in complete liquidation of its interest in the Merger Sub in accordance with a Plan of Dissolution adopted by the Merger Sub.

1.3 **ACCOUNTING AND PERFORMANCE SURVIVOR.** In connection with the transactions contemplated by this Agreement, notwithstanding that the Merger Sub shall be the surviving entity in the Merger, the Acquiring Fund shall be deemed the survivor solely for accounting and performance record purposes.

1.4 **DECLARATION OF PREFERRED SHARE DIVIDENDS.** Dividends shall accumulate on any issued and outstanding AMTP Shares or VRDP Shares of a Target Fund, as applicable, up to and including the day immediately preceding the Closing Date (as defined in Section 3.1) and then cease to accumulate, and dividends on the Acquiring Fund Preferred Shares will accumulate from and including the Closing Date. Prior to the Valuation Time (as defined in Section 2.1), each Target Fund will declare all accumulated but unpaid dividends on such AMTP Shares or VRDP Shares, as applicable, up to and including the day immediately preceding the Closing Date. With respect to any issued and outstanding AMTP Shares of Georgia Municipal, such accumulated and unpaid dividends will be paid on the dividend payment date in respect of the first dividend period of the Acquiring Fund AMTP Shares. With respect to any issued and outstanding VRDP Shares of Ohio Municipal, such dividends will be paid on the Closing Date to holders thereof as of the day immediately preceding the Closing Date (or, if such day is not a business day, the next preceding business day). Prior to the Closing Date, Georgia Municipal shall establish an escrow account and set aside assets in the amount of the accumulated but unpaid dividends on its issued and outstanding AMTP Shares to be held solely of the benefit of the holder(s) of such AMTP Shares as of the record date for such dividends and such dividends shall be paid to such holder(s) on the dividend payment date in respect of the first dividend period of the Acquiring Fund AMTP Shares. None of the Target Funds, the Acquiring Fund or the Merger Sub shall have any rights with respect to, or interest in, the assets held in such escrow account.

1.5 TRANSFER TAXES. Any transfer taxes payable upon the issuance of Acquiring Fund Shares in a name other than the registered holder of a Target Fund's common shares or preferred shares on the books of such Target Fund as of that time shall, as a condition of such issuance and transfer, be paid by the person to whom such Acquiring Fund Shares are to be issued and transferred.

1.6 REPORTING. Any reporting responsibility of a Target Fund, including, without limitation, the responsibility for filing of regulatory reports, tax returns or other documents with the Securities and Exchange Commission (the "Commission") or other regulatory authority, the exchange on which such Target Fund's shares are listed or any state securities commission and any federal, state or local tax authorities or any other relevant regulatory authority, is and shall remain the responsibility of such Target Fund or its duly appointed agent.

1.7 BOOKS AND RECORDS. All books and records of each Target Fund, including all books and records required to be maintained under the 1940 Act and the rules and regulations thereunder, will be available to the Acquiring Fund from and after the Closing and will be turned over to the Acquiring Fund as soon as practicable following the Closing.

ARTICLE II

VALUATION

2.1 VALUATION OF SHARES. With respect to each Target Fund, the net asset value per share of the Target Fund Common Shares and the net asset value per share of the Acquiring Fund Common Shares shall be computed as of the close of regular trading on the New York Stock Exchange on the business day immediately prior to the Closing Date (such time and date being hereinafter called the "Valuation Time"), using the valuation procedures of the Nuveen closed-end funds or such other valuation procedures as shall be mutually agreed upon by the parties (and approved by the applicable Target Fund Board and the Acquiring Fund Board).

2.2 COMMON SHARES TO BE ISSUED. In each Merger, as of the Effective Time, each Target Fund Common Share outstanding immediately prior to the Effective Time shall be converted into a number of Acquiring Fund Common Shares equal to one multiplied by the quotient of the net asset value per share of a Target Fund Common Share divided by the net asset value per share of an Acquiring Fund Common Share, each as determined as of the Valuation Time in accordance with Section 2.1. The aggregate net asset value of Acquiring Fund Common Shares received by Target Fund common shareholders (the "Target Fund Common Shareholders") in a Merger (including any fractional share interests to which they would be entitled) will equal, as of the Valuation Time, the aggregate net asset value of such Target Fund's Common Shares held by such Target Fund Common Shareholders as of such time. No fractional Acquiring Fund Common Shares will be distributed to Target Fund Common Shareholders and, in lieu of such fractional shares, Target Fund Common Shareholders will receive cash. With respect to each Merger, in the event Target Fund Common Shareholders would be entitled to receive fractional Acquiring Fund Common Shares, the Acquiring Fund's transfer agent will aggregate all such fractional common shares and sell the resulting whole shares on the exchange on which such shares are listed for the account of all such Target Fund Common Shareholders, and each such Target Fund Common Shareholder will be entitled to a pro rata share of the proceeds from such sale. With respect to the aggregation and sale of fractional common shares in each Merger, the transfer agent for the Acquiring Fund's common shares will act directly on behalf of the Target Fund Common Shareholders entitled to receive fractional shares and will accumulate such fractional shares, sell the shares and distribute the cash proceeds net of brokerage commissions, if any, directly to the Target Fund Common Shareholders entitled to receive the fractional shares (without interest and subject to withholding taxes).

2.3 EFFECT OF SUSPENSION IN TRADING. In the event that at the Valuation Time an accurate appraisal of the net asset value per share of the Acquiring Fund or a Target Fund is impracticable due to either: (a) the closure of, or the imposition of a trading restriction on, the exchange on which shares of a Fund are listed

or another exchange on which the portfolio securities of the Acquiring Fund or a Target Fund are purchased or sold; or (b) a disruption in trading or the reporting of trading on the exchange on which shares of a Fund are listed or elsewhere, the Closing Date shall be postponed until at least the first business day after the day on which trading is fully resumed and/or reporting is restored or such later time as the parties may agree pursuant to Section 3.1.

2.4 COMPUTATIONS OF NET ASSET VALUE. Subject to Section 2.1 above, all computations of net asset value in this Article II shall be made by or under the direction of State Street Bank and Trust Company in accordance with its regular practice as custodian of the Funds.

ARTICLE III

CLOSING AND CLOSING DATE

3.1 CLOSING DATE. With respect to each Merger, the conditions precedent set forth in Articles VI-VIII herein must be satisfied or waived with respect to the Target Fund, the Acquiring Fund and the Merger Sub in order for the closing of a Merger to take place. The closing of each Merger (the “Closing”) shall occur on March 6, 2023 or such other date as the parties may agree (the “Closing Date”). Unless otherwise provided, all acts taking place at the Closing shall be deemed to take place as of 7:59 a.m., Central time, on the Closing Date (the “Effective Time”). The Closing will be held as of 7:59 a.m., Central time, on the Closing Date at the offices of Vedder Price P.C. in Chicago, Illinois, or at such other time and/or place as the parties may agree.

3.2 CUSTODIAN’S CERTIFICATE. With respect to each Merger, the Target Fund shall cause the custodian for such Target Fund to deliver to the Acquiring Fund Parties at the Closing a certificate of an authorized officer identifying all of the Target Fund’s portfolio securities, investments, cash and any other assets as of the Valuation Time and stating that the Target Fund’s portfolio securities, investments, cash and any other assets have been delivered in proper form to the Acquiring Fund as of the Closing.

3.3 CERTIFICATES OF TRANSFER AGENTS.

(a) With respect to each Merger, the Target Fund shall issue and deliver, or cause its transfer agent or tender and paying agent, as applicable, to issue and deliver, to the Acquiring Fund at the Closing a certificate of an authorized officer setting forth, with respect to such Target Fund, the number of Target Fund Shares outstanding as of the Valuation Time and stating that its records contain the names and addresses of all holders of common shares and preferred shares, as applicable, of the Target Fund and the number and percentage ownership of outstanding common shares and preferred shares, as applicable, held by each such Target Fund Shareholder immediately prior to the Closing.

(b) With respect to each Merger, the Acquiring Fund shall issue and deliver, or cause the transfer agent, or tender and paying agent, as applicable, with respect to each of the Acquiring Fund Common Shares and Acquiring Fund Preferred Shares, as applicable, to issue and deliver, to the Target Fund a confirmation evidencing the Acquiring Fund Shares to be credited at the Closing to the shareholders of the Target Fund or provide evidence satisfactory to each Target Fund that such Acquiring Fund Shares have been credited to the account of the shareholders of the Target Fund on the books of the Acquiring Fund.

3.4 DELIVERY OF ADDITIONAL ITEMS. At the Closing, each party shall deliver to the other party or parties such bills of sale, checks, assignments, assumptions of liability, share certificates, opinions, receipts and other documents or instruments, if any, as such other parties or their counsel may reasonably request to effect the transactions contemplated by this Agreement. Each Target Fund shall, from time to time, as and when reasonably requested by the Acquiring Fund or the Merger Sub, execute and deliver or cause to be executed and delivered all such assignments and other instruments, and will take or cause to be taken such

further action as the Acquiring Fund or the Merger Sub may reasonably deem necessary or desirable in order to vest and confirm the Merger Sub's title to and possession of all of the assets of such Target Fund and to otherwise carry out the intent and purpose of this Agreement.

ARTICLE IV

REPRESENTATIONS AND WARRANTIES

4.1 REPRESENTATIONS OF EACH TARGET FUND. Each Target Fund represents and warrants the following to the Acquiring Fund Parties solely on its own behalf with respect to itself and its Merger, as applicable:

(a) The Target Fund is a business trust duly organized, validly existing and in good standing under the laws of the Commonwealth of Massachusetts.

(b) The Target Fund is registered as a closed-end management investment company under the 1940 Act, and such registration is in full force and effect.

(c) The Target Fund is not, and the execution, delivery and performance of this Agreement (subject to shareholder approval and compliance with the other provisions hereof) will not result, in violation of any provision of the Target Fund's Declaration of Trust, By-Laws or, if the Target Fund has any issued and outstanding AMTP Shares or VRDP Shares as of the Closing, the Target Fund's Statement Establishing and Fixing the Rights and Preferences of Adjustable Rate MuniFund Term Preferred Shares ("Target Fund AMTP Statement" or a "Target Fund Statement") or Statement Establishing and Fixing the Rights and Preferences of Variable Rate Demand Preferred Shares ("Target Fund VRDP Statement" or a "Target Fund Statement"), as applicable, or of any material agreement, indenture, instrument, contract, lease or other undertaking to which the Target Fund is a party or by which it is bound.

(d) There are no contracts outstanding to which the Target Fund is a party that have not been disclosed in writing to the Acquiring Fund Parties. Except as otherwise disclosed in writing to and accepted by the Acquiring Fund Parties, the Target Fund has no material contracts or other commitments that will be terminated with liability to it on or before the Closing.

(e) No litigation, administrative proceeding or investigation of or before any court or governmental body presently is pending or to its knowledge threatened against the Target Fund or any of its properties or assets, which, if adversely determined, would result in liability on the part of the Target Fund other than as have been disclosed to the Acquiring Fund Parties. The Target Fund knows of no facts that might form the basis for the institution of such proceedings and is not a party to or subject to the provisions of any order, decree or judgment of any court or governmental body that materially and adversely affects its business or its ability to consummate the transactions contemplated herein.

(f) (Georgia Municipal Only) The financial statements of the Target Fund as of May 31, 2022, and for the fiscal year then ended, have been prepared in accordance with generally accepted accounting principles in the United States of America and have been audited by an independent registered public accounting firm, and such statements (copies of which have been furnished to the Acquiring Fund Parties) fairly reflect the financial condition of the Target Fund as of May 31, 2022, and there are no known liabilities, contingent or otherwise, of the Target Fund as of such date that are not disclosed in such statements.

(g) (Georgia Municipal Only) Since the date of the financial statements referred to in subsection (f) above, there have been no material adverse changes in the Target Fund's financial condition, assets, liabilities or business (other than changes occurring in the ordinary course of business), and there are no

liabilities of a material nature, contingent or otherwise, of the Target Fund that have arisen after such date. Before the Closing Date, the Target Fund will advise the Acquiring Fund Parties of all material liabilities contingent or otherwise, incurred by it subsequent to May 31, 2022, whether or not incurred in the ordinary course of business. For the purposes of this subsection (g), a decline in the net asset value of the Target Fund shall not constitute a material adverse change.

(h) (Ohio Municipal Only) The financial statements of the Target Fund as of February 28, 2022, and for the fiscal year then ended, have been prepared in accordance with generally accepted accounting principles in the United States of America and have been audited by an independent registered public accounting firm, and such statements (copies of which have been furnished to the Acquiring Fund Parties) fairly reflect the financial condition of the Target Fund as of February 28, 2022, and there are no known liabilities, contingent or otherwise, of the Target Fund as of such date that are not disclosed in such statements.

(i) (Ohio Municipal Only) The unaudited semi-annual financial statements of the Target Fund as of August 31, 2022, and for the period then ended, have been prepared in accordance with generally accepted accounting principles in the United States of America and such statements (copies of which have been furnished to the Acquiring Fund Parties) fairly reflect the financial condition of the Target Fund as of August 31, 2022, and there are no known liabilities, contingent or otherwise, of the Target Fund as of such date that are not disclosed in such statements.

(j) (Ohio Municipal Only) Since the date of the financial statements referred to in subsection (i) above, there have been no material adverse changes in the Target Fund's financial condition, assets, liabilities or business (other than changes occurring in the ordinary course of business), and there are no liabilities of a material nature, contingent or otherwise, of the Target Fund that have arisen after such date. Before the Closing Date, the Target Fund will advise the Acquiring Fund Parties of all material liabilities contingent or otherwise, incurred by it subsequent to August 31, 2022, whether or not incurred in the ordinary course of business. For the purposes of this subsection (j), a decline in the net asset value of the Target Fund shall not constitute a material adverse change.

(k) All federal, state, local and other tax returns and reports of the Target Fund required by law to be filed by it (taking into account permitted extensions for filing) have been timely filed and are complete and correct in all material respects. All federal, state, local and other taxes of the Target Fund required to be paid (whether or not shown on any such return or report) have been paid, or provision shall have been made for the payment thereof, and any such unpaid taxes, as of the date of the financial statements referred to above, are properly reflected thereon. To the best of the Target Fund's knowledge, no tax authority is currently auditing or preparing to audit the Target Fund, and no assessment for taxes, interest, additions to tax or penalties has been asserted against the Target Fund.

(l) The authorized capital of the Target Fund consists of an unlimited number of common shares and preferred shares of beneficial interest, par value \$0.01 per share. All of the issued and outstanding shares of the Target Fund are duly and validly issued, fully paid and non-assessable by the Target Fund (recognizing that under the laws of the Commonwealth of Massachusetts, Target Fund shareholders, under certain circumstances, could be held personally liable for the obligations of the Target Fund). All of the issued and outstanding shares of the Target Fund will, at the time of the Closing, be held of record by the persons and in the amounts set forth in the records of the Target Fund's transfer agent or tender and paying agent, as applicable, as provided in Section 3.3. The Target Fund has no outstanding preferred shares except as set forth in the capitalization table in the Joint Proxy Statement/Prospectus (as defined in Section 5.5); no outstanding options, warrants or other rights to subscribe for or purchase any shares of the Target Fund; and no outstanding securities convertible into shares of the Target Fund.

(m) At the Closing, the Target Fund will have good and marketable title to the Target Fund's assets held immediately prior to the Effective Time, and full right, power and authority to sell, assign, transfer

and deliver such assets hereunder free and clear of any liens or encumbrances, except those liens and encumbrances to which the Acquiring Fund Parties have received written notice and have not objected, and the Merger Sub will acquire good and marketable title thereto, subject to no restrictions on the full transfer thereof, including such restrictions as might arise under the Securities Act of 1933, as amended (the “1933 Act”).

(n) The execution, delivery and performance of this Agreement have been duly authorized by all necessary action on the part of the Target Fund, including the determinations of the Target Fund Board required by Rule 17a-8(a) under the 1940 Act. This Agreement constitutes a valid and binding obligation of the Target Fund, enforceable in accordance with its terms, subject as to enforcement to bankruptcy, insolvency, reorganization, moratorium, and other laws relating to or affecting creditors’ rights and to general equity principles.

(o) The information to be furnished by the Target Fund for use in any “no-action” letters, applications for orders, registration statements, proxy materials and other documents that may be necessary in connection with the transactions contemplated herein shall be accurate and complete in all material respects and shall comply in all material respects with the requirements of the federal securities laws and other laws and regulations.

(p) From the effective date of the Registration Statement (as defined in Section 5.5) through the time of the meetings of Fund shareholders described in Section 5.2 and as of the Closing, any written information furnished by the Target Fund with respect to the Target Fund for use in the Proxy Materials (as defined in Section 5.5), or any other materials provided in connection with the Target Fund’s Merger, does not and will not contain any untrue statement of a material fact or omit to state a material fact required to be stated or necessary to make the statements, in light of the circumstances under which such statements were made, not misleading.

(q) No consent, approval, authorization, or order of any court, governmental authority, or any stock exchange on which shares of the Target Fund are listed is required for the consummation by the Target Fund of the transactions contemplated herein, except such as have been or will be obtained.

(r) For each taxable year of its operations (including the taxable year ending on the Closing Date), the Target Fund (i) has elected to qualify, and has qualified or will qualify (in the case of the taxable year ending on the Closing Date), as a “regulated investment company” under Subchapter M of the Code (a “RIC”); (ii) has been eligible to compute and has computed its federal income tax under Section 852 of the Code, and on or prior to the Closing Date will have declared a distribution with respect to all of its investment company taxable income (determined without regard to the deduction for dividends paid), the excess of its interest income excludible from gross income under Section 103(a) of the Code over its deductions disallowed under Sections 265 and 171(a)(2) of the Code and its net capital gain (after reduction for any available capital loss carryforward and excluding any net capital gain on which the Target Fund paid tax under Section 852(b)(3)(A) of the Code) (as such terms are defined in the Code) that has accrued or will accrue on or prior to the Closing Date, and (iii) has been, and will be (in the case of the taxable year ending on the Closing Date), treated as a separate corporation for federal income tax purposes. The Target Fund has not taken any action, caused any action to be taken or caused any action to fail to be taken which action or failure could cause the Target Fund to fail to qualify as a RIC. Prior to the Closing, the Target Fund will have had no earnings and profits accumulated in any taxable year to which the provisions of Part I of Subchapter M of the Code did not apply to it.

4.2 REPRESENTATIONS OF THE ACQUIRING FUND PARTIES. Each of the Acquiring Fund and the Merger Sub, as applicable, represents and warrants to each Target Fund as follows:

(a) The Acquiring Fund is a business trust duly organized, validly existing and in good standing under the laws of the Commonwealth of Massachusetts.

(b) The Merger Sub is a limited liability company, validly existing and in good standing under the laws of the Commonwealth of Massachusetts.

(c) The Acquiring Fund is registered as a closed-end management investment company under the 1940 Act, and such registration is in full force and effect.

(d) The Acquiring Fund is not, and the execution, delivery and performance of this Agreement (subject to approval by its preferred shareholders and compliance with the other provisions hereof) will not result, in violation of the Acquiring Fund's Declaration of Trust, By-Laws, any Statement Establishing and Fixing the Rights and Preferences of MuniFund Preferred Shares, as supplemented and amended (each, an "Acquiring Fund MFP Statement"), any Statement Establishing and Fixing the Rights and Preferences of Variable Rate Demand Preferred Shares, as supplemented and amended (each, an "Acquiring Fund VRDP Statement") or any material agreement, indenture, instrument, contract, lease or other undertaking to which the Acquiring Fund is a party or by which it is bound.

(e) The Merger Sub is not, and the execution delivery and performance of this Agreement will not result, in violation of the Merger Sub's Certificate of Organization or LLC Agreement.

(f) No litigation, administrative proceeding or investigation of or before any court or governmental body presently is pending or to its knowledge threatened against the Acquiring Fund or the Merger Sub or any of their properties or assets, which, if adversely determined, would result in liability on the part of the Acquiring Fund or the Merger Sub, other than as have been disclosed to a Target Fund. The Acquiring Fund and the Merger Sub know of no facts that might form the basis for the institution of such proceedings and neither is a party to or subject to the provisions of any order, decree or judgment of any court or governmental body that materially and adversely affects its business or its ability to consummate the transactions contemplated herein.

(g) The financial statements of the Acquiring Fund as of October 31, 2021, and for the fiscal year then ended, have been prepared in accordance with generally accepted accounting principles in the United States of America and have been audited by an independent registered public accounting firm, and such statements (copies of which have been furnished to each Target Fund) fairly reflect the financial condition of the Acquiring Fund as of October 31, 2021, and there are no known liabilities, contingent or otherwise, of the Acquiring Fund as of such date that are not disclosed in such statements.

(h) The unaudited semi-annual financial statements of the Acquiring Fund as of April 30, 2022, and for the period then ended, have been prepared in accordance with generally accepted accounting principles in the United States of America and such statements (copies of which have been furnished to each Target Fund) fairly reflect the financial condition of the Acquiring Fund as of April 30, 2022, and there are no known liabilities, contingent or otherwise, of the Acquiring Fund as of such date that are not disclosed in such statements.

(i) Since the date of the financial statements referred to in subsection (h) above, there have been no material adverse changes in the Acquiring Fund's financial condition, assets, liabilities or business (other than changes occurring in the ordinary course of business), and there are no known liabilities of a material nature, contingent or otherwise, of the Acquiring Fund arising after such date. For the purposes of this subsection (i), a decline in the net asset value of the Acquiring Fund shall not constitute a material adverse change.

(j) All federal, state, local and other tax returns and reports of the Acquiring Fund and the Merger Sub required by law to be filed by it (taking into account permitted extensions for filing) have been timely filed and are complete and correct in all material respects. All federal, state, local and other taxes of the Acquiring Fund and the Merger Sub required to be paid (whether or not shown on any such return or report) have been paid, or provision will have been made for the payment thereof, and any such unpaid taxes, as of the date of the financial statements referred to above, are properly reflected thereon. To the best of the Acquiring Fund's and

the Merger Sub's knowledge, no tax authority is currently auditing or preparing to audit the Acquiring Fund or the Merger Sub, and no assessment for taxes, interest, additions to tax or penalties has been asserted against the Acquiring Fund or the Merger Sub.

(k) The authorized capital of the Acquiring Fund consists of an unlimited number of common and preferred shares of beneficial interest, par value \$0.01 per share. All of the issued and outstanding shares of the Acquiring Fund are duly and validly issued, fully paid and non-assessable by the Acquiring Fund (recognizing that under the laws of the Commonwealth of Massachusetts, Acquiring Fund shareholders, under certain circumstances, could be held personally liable for the obligations of the Acquiring Fund). The Acquiring Fund has no outstanding preferred shares other than as set forth in the capitalization table in the Joint Proxy Statement/Prospectus (as defined in Section 5.5); no outstanding options, warrants or other rights to subscribe for or purchase any shares of the Acquiring Fund; and no outstanding securities convertible into shares of the Acquiring Fund.

(l) The execution, delivery and performance of this Agreement have been duly authorized by all necessary action on the part of the Acquiring Fund and the Merger Sub, including the determinations of the Acquiring Fund Board required pursuant to Rule 17a-8(a) under the 1940 Act. This Agreement constitutes a valid and binding obligation of the Acquiring Fund and the Merger Sub, enforceable in accordance with its terms, subject as to enforcement to bankruptcy, insolvency, reorganization, moratorium, and other laws relating to or affecting creditors' rights and to general equity principles.

(m) The Acquiring Fund Shares to be issued and delivered pursuant to the terms of this Agreement will, at the Closing, have been duly authorized. When so issued and delivered, such Acquiring Fund Shares will be duly and validly issued shares of the Acquiring Fund and will be fully paid and non-assessable by the Acquiring Fund (recognizing that under the laws of the Commonwealth of Massachusetts, Acquiring Fund shareholders, under certain circumstances, could be held personally liable for the obligations of the Acquiring Fund).

(n) The information to be furnished by the Acquiring Fund and the Merger Sub for use in any "no-action" letters, applications for orders, registration statements, proxy materials and other documents that may be necessary in connection with the transactions contemplated herein shall be accurate and complete in all material respects and shall comply in all material respects with the requirements of the federal securities laws and other laws and regulations.

(o) From the effective date of the Registration Statement (as defined in Section 5.5) through the time of the meetings of Fund shareholders described in Section 5.2 and as of the Closing, any written information furnished by the Acquiring Fund and the Merger Sub with respect to the Acquiring Fund and the Merger Sub for use in the Proxy Materials (as defined in Section 5.5), or any other materials provided in connection with the Mergers, does not and will not contain any untrue statement of a material fact or omit to state a material fact required to be stated or necessary to make the statements, in light of the circumstances under which such statements were made, not misleading.

(p) No consent, approval, authorization, or order of any court or governmental authority is required for the consummation by the Acquiring Fund or the Merger Sub of the transactions contemplated herein, except such as have been or will be obtained.

(q) For each taxable year of its operations, including the taxable year that includes the Closing Date, the Acquiring Fund: (i) has elected to qualify, has qualified or will qualify (in the case of the taxable year that includes the Closing Date) and intends to continue to qualify as a RIC under the Code; (ii) has been eligible to and has computed its federal income tax under Section 852 of the Code, and will do so for the taxable year that includes the Closing Date; and (iii) has been, and will be (in the case of the taxable year that includes the Closing Date), treated as a separate corporation for federal income tax purposes. The Acquiring Fund has not taken any

action, caused any action to be taken or caused any action to fail to be taken which action or failure could cause the Acquiring Fund to fail to qualify as a RIC. Prior to the Closing, the Acquiring Fund will have had no earnings and profits accumulated in any taxable year to which the provisions of Part I of Subchapter M of the Code did not apply to it.

(r) All of the issued and outstanding membership interests in the Merger Sub are, and at the Effective Time and on the Closing Date will be, owned by the Acquiring Fund, as the sole member of the Merger Sub, and there are (i) no other membership interests or voting securities of the Merger Sub, (ii) no securities of the Merger Sub convertible into membership interests or voting securities of the Merger Sub and (iii) no options or other rights to acquire from the Merger Sub, and no obligations of the Merger Sub to issue, any membership interests, voting securities or securities convertible into membership interests or voting securities of the Merger Sub.

(s) Since the date of its organization through the Effective Time, the Merger Sub has been, and will be, disregarded as an entity separate from its owner within the meaning of Section 301.7701-3 of the Treasury Regulations. The Merger Sub has not elected, and will not elect, to be classified, with effect as of or prior to the liquidation of the Merger Sub, as an association taxable as a corporation pursuant to Section 301.7701-3 of the Treasury Regulations.

ARTICLE V

COVENANTS OF THE FUNDS AND MERGER SUBSIDIARY

5.1 OPERATION IN ORDINARY COURSE. Subject to Sections 1.1(f) and 8.5, each Fund will operate its respective business in the ordinary course from the date of this Agreement through the Closing, it being understood that such ordinary course of business will include customary dividends and distributions, and any other distributions necessary or desirable to avoid federal income or excise taxes.

5.2 APPROVAL OF SHAREHOLDERS. The Acquiring Fund will call a meeting of its preferred shareholders and each Target Fund will call a meeting of its common and preferred shareholders to consider and act upon the proposal or proposals required to effect the provisions of this Agreement and to take all other appropriate actions necessary to obtain approval of the transactions contemplated herein.

5.3 ADDITIONAL INFORMATION. Each Target Fund will assist the Acquiring Fund in obtaining such information as the Acquiring Fund reasonably requests concerning the beneficial ownership of such Target Fund's shares.

5.4 FURTHER ACTION. Subject to the provisions of this Agreement, each Fund and the Merger Sub will take or cause to be taken all actions, and do or cause to be done all things, reasonably necessary, proper or advisable to consummate and make effective the transactions contemplated by this Agreement, including any actions required to be taken after the Closing.

5.5 PREPARATION OF REGISTRATION STATEMENT AND PROXY MATERIALS. The Funds will prepare and file with the Commission a registration statement on Form N-14 relating to the Acquiring Fund Common Shares to be issued to Target Fund Common Shareholders of each Target Fund and the approval of each Merger by the common shareholders of the applicable Target Fund and the preferred shareholders of the Acquiring Fund and related matters (the "Registration Statement"), a proxy statement relating to the approval of the applicable Merger by the holders of Georgia Municipal's AMTP Shares (the "AMTP Proxy Statement") and a proxy statement relating to the approval of the applicable Merger by the holders of Ohio Municipal's VRDP Shares (the "VRDP Proxy Statement"). The Registration Statement shall include a proxy statement of the Funds and a prospectus of the Acquiring Fund relating to the transactions contemplated by this Agreement, as

applicable (the “Joint Proxy Statement/Prospectus”). The Registration Statement, the AMTP Proxy Statement and the VRDP Proxy Statement shall be in compliance with the 1933 Act, the Securities Exchange Act of 1934, as amended, and the 1940 Act, as applicable. Each party will provide the other party with the materials and information necessary to prepare the Registration Statement and the proxy statements and related materials (the “Proxy Materials”), for inclusion therein, in connection with the meetings of the Funds’ shareholders to consider the approval of this Agreement and the transactions contemplated herein.

5.6 **REGULATORY APPROVALS.** The Acquiring Fund will use all reasonable efforts to obtain the approvals and authorizations required by the 1933 Act, the 1940 Act, the listing rules of the New York Stock Exchange or another national securities exchange and such of the state “blue sky” or securities laws as it may deem appropriate in order to consummate the transactions hereunder.

5.7 **TAX STATUS OF MERGERS.** The intention of the parties is that each Merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Code. None of the Funds or the Merger Sub shall take any action, or cause any action to be taken (including, without limitation, the filing of any tax return), that is inconsistent with such treatment or that results in the failure of the transactions to qualify as “reorganizations” within the meaning of Section 368(a) of the Code. At or prior to the Closing, the parties to this Agreement will take such action, or cause such action to be taken, as is reasonably necessary to enable counsel to render the tax opinion contemplated in Section 8.9.

ARTICLE VI

CONDITIONS PRECEDENT TO OBLIGATIONS OF EACH TARGET FUND

With respect to the Merger of each Target Fund, the obligations of the Target Fund to consummate the transactions provided for herein will be subject to the fulfillment or waiver of the following conditions:

6.1 All representations, covenants and warranties of the Acquiring Fund Parties contained in this Agreement shall be true and correct in all material respects as of the date hereof and as of the Closing, with the same force and effect as if made at and as of the Closing. The Acquiring Fund shall have delivered to the Target Fund a certificate executed in the Acquiring Fund’s name by (i) the Chief Administrative Officer or any Vice President of the Acquiring Fund and (ii) the Controller or Treasurer of the Acquiring Fund, in form and substance satisfactory to the Target Fund and dated as of the Closing Date, to such effect and as to such other matters as the Target Fund shall reasonably request.

6.2 The Acquiring Fund Parties shall have performed and complied in all material respects with all terms, conditions, covenants, obligations, agreements and restrictions required by this Agreement to be performed or complied with by them prior to or at the Closing.

ARTICLE VII

CONDITIONS PRECEDENT TO OBLIGATIONS OF THE ACQUIRING FUND PARTIES

With respect to the Merger of each Target Fund, the obligations of the Acquiring Fund Parties to consummate the transactions provided for herein shall be subject to the fulfillment or waiver of the following conditions:

7.1 All representations, covenants and warranties of such Target Fund contained in this Agreement shall be true and correct in all material respects as of the date hereof and as of the Closing, with the same force and effect as if made at and as of the Closing. Such Target Fund shall have delivered to the Acquiring Fund

Parties on the Closing Date a certificate executed in such Target Fund's name by (i) the Chief Administrative Officer or any Vice President of such Target Fund and (ii) the Controller or Treasurer of such Target Fund, in form and substance satisfactory to the Acquiring Fund Parties and dated as of the Closing Date, to such effect and as to such other matters as the Acquiring Fund Parties shall reasonably request.

7.2 Such Target Fund shall have performed and complied in all material respects with all terms, conditions, covenants, obligations, agreements and restrictions required by this Agreement to be performed or complied with by it prior to or at the Closing.

7.3 Such Target Fund shall have delivered to the Acquiring Fund Parties a statement of the Target Fund's assets and liabilities, together with a list of the Target Fund's portfolio securities showing the tax basis of such securities by lot and the holding periods of such securities, as of the Closing, certified by the Controller or Treasurer of the Target Fund.

7.4 Prior to the Valuation Time, such Target Fund will have declared the dividends and/or distributions contemplated by Sections 1.4 and 8.5.

7.5 Such Target Fund shall have delivered such records, agreements, certificates, instruments and such other documents as the Acquiring Fund Parties shall reasonably request.

7.6 Unless otherwise directed by the Adviser, all contracts of a Target Fund set forth on Schedule 7.6 will be terminated with respect to such Target Fund as of or prior to the Closing.

ARTICLE VIII

FURTHER CONDITIONS PRECEDENT

With respect to the Merger of each Target Fund, the obligations of the Target Fund and the Acquiring Fund Parties to consummate the transactions provided for herein are subject to the fulfillment or waiver of the following conditions, as applicable:

8.1 This Agreement and the transactions contemplated herein shall have been approved by the requisite votes of the holders of the outstanding common and preferred shares of the Target Fund in accordance with applicable law and the provisions of such Target Fund's Declaration of Trust, By-Laws and the applicable Target Fund Statement. In addition, this Agreement and the transactions contemplated herein shall have been approved by the requisite vote of the holders of the outstanding preferred shares of the Acquiring Fund in accordance with applicable law and the provisions of the Acquiring Fund's Declaration of Trust, By-Laws, each Acquiring Fund MFP Statement and each Acquiring Fund VRDP Statement. Notwithstanding anything herein to the contrary, the parties may not waive the condition set forth in this Section 8.1.

8.2 As of the Closing, the Commission shall not have issued an unfavorable report under Section 25(b) of the 1940 Act, or instituted any proceeding seeking to enjoin the consummation of the transactions contemplated by this Agreement under Section 25(c) of the 1940 Act. Furthermore, no action, suit or other proceeding shall be threatened or pending before any court or governmental agency in which it is sought to restrain or prohibit, or obtain damages or other relief in connection with, this Agreement or the transactions contemplated herein.

8.3 All consents, orders and permits of federal, state and local regulatory authorities (including those of the Commission and of state securities authorities, including any necessary "no-action" positions and exemptive orders from such federal and state authorities) to permit consummation of the transactions contemplated herein will have been obtained or made. All notices to, or consents or waivers from, other persons,

including without limitation holders of preferred shares or liquidity providers with respect to preferred shares, if necessary, or other actions necessary to permit consummation of the transactions contemplated herein will have been obtained or made.

8.4 The Registration Statement shall have become effective under the 1933 Act, and no stop orders suspending the effectiveness thereof shall have been issued. To the best knowledge of the parties to this Agreement, no investigation or proceeding for that purpose shall have been instituted or be pending, threatened or contemplated under the 1933 Act.

8.5 The Target Fund shall have declared, prior to the Valuation Time, a dividend or dividends with respect to its common shares in an amount determined by the Target Fund's officers in accordance with the Target Fund's past practice that, together with all other dividends paid by such Target Fund with respect to all taxable periods ending on or before the Closing Date, shall have the effect of distributing to its shareholders at least all of such Target Fund's investment company taxable income for all taxable periods ending on or before the Closing Date (computed without regard to any deduction for dividends paid), if any, plus the excess of its interest income excludible from gross income under Section 103(a) of the Code, if any, over its deductions disallowed under Sections 265 and 171(a)(2) of the Code for all taxable periods ending on or before the Closing Date and all of its net capital gains realized in all taxable periods ending on or before the Closing Date (after reduction for any available capital loss carryforward and excluding any net capital gain on which such Target Fund paid tax under Section 852(b)(3)(A) of the Code). Prior to the Closing, to the extent such dividend or dividends are not paid prior to the Closing, the Target Fund shall establish an escrow account and set aside assets in the amount of such dividend or dividends in such escrow account to be held solely for the benefit of common shareholders of such Target Fund as of the record date for such dividend or dividends and such dividends shall be paid as previously authorized by the Target Fund Board. None of the Target Funds, the Acquiring Fund or the Merger Sub shall have any rights with respect to, or interest in, the assets held in such escrow account.

8.6 A Certificate of Merger, specifying the Effective Time as the date and time of the effectiveness of the Merger, shall have been filed with, and accepted by, the Secretary of the Commonwealth of Massachusetts.

8.7 The Target Fund shall have received (i) an opinion from Vedder Price P.C., special counsel to the Acquiring Fund, and (ii) an opinion from Morgan, Lewis & Bockius LLP, with respect to matters governed by the laws of the Commonwealth of Massachusetts, each dated as of the Closing Date, substantially to the effect that:

(a) The Acquiring Fund has been formed as a voluntary association with transferable shares of beneficial interest commonly referred to as a "Massachusetts business trust," and is existing under the laws of the Commonwealth of Massachusetts and, to such counsel's knowledge, has the power as a business trust under its Declaration of Trust and Massachusetts law applicable to business trusts to conduct its business as described in the definitive Joint Proxy Statement/Prospectus as filed with the Commission pursuant to Rule 497 under the 1933 Act.

(b) The Merger Sub has been formed as a limited liability company and is existing under the laws of the Commonwealth of Massachusetts.

(c) The Acquiring Fund is registered as a closed-end management investment company under the 1940 Act, and, to such counsel's knowledge, such registration under the 1940 Act is in full force and effect.

(d) Assuming that the Acquiring Fund Shares will be issued in accordance with the terms of this Agreement, the Acquiring Fund Shares to be issued and delivered to the Target Fund on behalf of the Target Fund Shareholders as provided by this Agreement are duly authorized and, upon such delivery, will be validly issued and fully paid and non-assessable by the Acquiring Fund, except that, as described in the definitive Joint Proxy Statement/Prospectus as filed with the Commission pursuant to Rule 497 under the 1933 Act, shareholders

of the Acquiring Fund may under certain circumstances, be held personally liable for its obligations under the laws of the Commonwealth of Massachusetts, and no shareholder of the Acquiring Fund has, as such holder, any preemptive rights to acquire, purchase or subscribe for any securities of the Acquiring Fund under the Acquiring Fund's Declaration of Trust or By-Laws or the laws of the Commonwealth of Massachusetts.

(e) The Registration Statement is effective and, to such counsel's knowledge, no stop order under the 1933 Act pertaining thereto has been issued.

(f) To the knowledge of such counsel, no consent, approval, authorization or order of any court or governmental authority of the United States or the Commonwealth of Massachusetts is required for consummation by the Acquiring Fund or the Merger Sub of the transactions contemplated hereby, except as have been obtained, and except as may be required under any Massachusetts securities law, statute, rule or regulation, about which such counsel expresses no opinion.

(g) The execution and delivery of this Agreement by the Acquiring Fund and the Merger Sub did not, and the consummation by the Acquiring Fund and the Merger Sub of the transactions contemplated herein will not, violate the Acquiring Fund's Declaration of Trust or By-Laws, any Acquiring Fund MFP Statement or any Acquiring Fund VRDP Statement (assuming the requisite approval of the Acquiring Fund's shareholders has been obtained in accordance with the requirements of the Acquiring Fund's Declaration of Trust and By-Laws and each Acquiring Fund MFP Statement and each Acquiring Fund VRDP Statement) or the Merger Sub's Certificate of Organization or LLC Agreement, respectively.

Insofar as the opinions expressed above relate to or are dependent upon matters that are governed by the laws of the Commonwealth of Massachusetts, Vedder Price P.C. may rely on the opinions of Morgan, Lewis & Bockius LLP.

8.8 The Acquiring Fund shall have received (i) an opinion from Vedder Price P.C., special counsel to each Target Fund, and (ii) an opinion from Morgan, Lewis & Bockius LLP, with respect to matters governed by the laws of the Commonwealth of Massachusetts, each dated as of the Closing Date, substantially to the effect that:

(a) The Target Fund has been formed as a voluntary association with transferable shares of beneficial interest commonly referred to as a "Massachusetts business trust," and is existing under the laws of the Commonwealth of Massachusetts and, to such counsel's knowledge, has the power as a business trust under its Declaration of Trust and Massachusetts law applicable to business trusts to conduct its business as described in the definitive Joint Proxy Statement/Prospectus as filed with the Commission pursuant to Rule 497 under the 1933 Act.

(b) The Target Fund is registered as a closed-end management investment company under the 1940 Act, and, to such counsel's knowledge, such registration under the 1940 Act is in full force and effect.

(c) To the knowledge of such counsel, no consent, approval, authorization or order of any court or governmental authority of the United States or the Commonwealth of Massachusetts is required for consummation by the Target Fund of the transactions contemplated hereby, except as have been obtained, and except as may be required under any Massachusetts securities law, statute, rule or regulation, about which such counsel expresses no opinion.

(d) To the knowledge of such counsel, the Target Fund has the power under its Declaration of Trust as a Massachusetts business trust to merge with and into the Merger Sub as contemplated by this Agreement.

(e) The execution and delivery of this Agreement by the Target Fund did not, and the consummation by the Target Fund of the transactions contemplated herein will not, violate the Target Fund's Declaration of Trust, By-Laws or if the Target Fund has any issued and outstanding AMTP Shares or VRDP Shares as of the Closing, the applicable Target Fund Statement (assuming the requisite approval of the Target Fund's shareholders has been obtained in accordance with the requirements of the Target Fund's Declaration of Trust, By-Laws and, if applicable, Target Fund Statement).

Insofar as the opinions expressed above relate to or are dependent upon matters that are governed by the laws of the Commonwealth of Massachusetts, Vedder Price P.C. may rely on the opinions of Morgan, Lewis & Bockius LLP.

8.9 With respect to each Merger, the Funds shall have received an opinion of Vedder Price P.C., dated as of the Closing Date and addressed to the Acquiring Fund and the Target Fund, substantially to the effect that for federal income tax purposes:

(a) The merger of the Target Fund with and into the Merger Sub pursuant to applicable state laws will constitute a "reorganization" within the meaning of Section 368(a) of the Code and the Acquiring Fund and the Target Fund will each be a "party to a reorganization," within the meaning of Section 368(b) of the Code, with respect to the merger.

(b) No gain or loss will be recognized by the Acquiring Fund or the Merger Sub upon the merger of the Target Fund with and into the Merger Sub pursuant to applicable state laws or upon the liquidation of the Merger Sub.

(c) No gain or loss will be recognized by the Target Fund upon the merger of the Target Fund with and into the Merger Sub pursuant to applicable state laws.

(d) No gain or loss will be recognized by the Target Fund Shareholders upon the conversion of all their Target Fund Shares solely into Acquiring Fund Shares in the merger of the Target Fund with and into the Merger Sub pursuant to applicable state laws, except to the extent the Target Fund Common Shareholders receive cash in lieu of a fractional Acquiring Fund Common Share.

(e) The aggregate basis of the Acquiring Fund Shares received by each Target Fund Shareholder pursuant to the merger (including any fractional Acquiring Fund Common Share to which a Target Fund Common Shareholder would be entitled) will be the same as the aggregate basis of the Target Fund Shares that were converted into such Acquiring Fund Shares.

(f) The holding period of the Acquiring Fund Shares received by each Target Fund Shareholder in the merger (including any fractional Acquiring Fund Common Share to which a Target Fund Common Shareholder would be entitled) will include the period during which the shares of the Target Fund that were converted into such Acquiring Fund Shares were held by such shareholder, provided the Target Fund shares are held as capital assets at the time of the merger.

(g) The basis of the Target Fund's assets received by the Merger Sub in the merger will be the same as the basis of such assets in the hands of the Target Fund immediately before the merger.

(h) The holding period of the assets of the Target Fund received by the Merger Sub in the merger will include the period during which those assets were held by the Target Fund.

No opinion will be expressed as to (1) the effect of the Mergers on the Target Funds, the Acquiring Fund, the Merger Sub or any Target Fund Shareholder with respect to any asset (including, without limitation, any stock held in a passive foreign investment company as defined in Section 1297(a) of the Code) as to which any gain or loss is required to be recognized under federal income tax principles (a) at the end of a taxable year (or on

the termination thereof) or (b) upon the transfer of such asset regardless of whether such transfer would otherwise be a non-taxable transaction under the Code, (2) the effect of the Mergers under the alternative minimum tax imposed under Section 55 of the Code on any direct or indirect shareholder of a Target Fund that is a corporation, and (3) any other federal tax issues (except those set forth above) and all state, local or foreign tax issues of any kind. Such opinions will be based on customary assumptions and such representations as Vedder Price P.C. may reasonably request of the Funds and the Merger Sub. Each Target Fund and the Acquiring Fund Parties will cooperate to make and certify the accuracy of such representations. Notwithstanding anything herein to the contrary, no Fund may waive the conditions set forth in this Section 8.9 with respect to its Merger(s). Insofar as the opinions expressed above relate to or are dependent upon the classification of the Acquiring Fund AMTP Shares or Acquiring Fund VRDP Shares, as applicable, as equity for federal income tax purposes, Vedder Price P.C. may rely on the opinions delivered to the Acquiring Fund by Sidley Austin LLP and Stradley, Ronon, Stevens and Young, LLP with respect to such issue.

ARTICLE IX

EXPENSES

9.1 The expenses incurred in connection with the Mergers (whether or not the Merger with respect to a Target Fund is consummated) will be allocated among and borne by all of the Funds ratably based on the projected relative benefits to the common shareholders of each Fund, as common shareholders of the Acquiring Fund for a period equal to shareholders' average holding period of shares for each Fund, and each Fund shall have accrued such expenses as liabilities at or before the Valuation Time. Merger-related expenses include, without limitation, (a) expenses associated with the preparation and filing of the Registration Statement and other Proxy Materials; (b) postage; (c) printing; (d) accounting fees; (e) legal fees; (f) proxy solicitation costs; and (g) other related administrative or operational costs.

9.2 Each party represents and warrants to the other parties that there is no person or entity entitled to receive any broker's fees or similar fees or commission payments in connection with structuring the transactions provided for herein.

9.3 Notwithstanding the foregoing, expenses will in any event be paid by the party directly incurring such expenses if and to the extent that the payment by another party of such expenses would result in the disqualification of a Fund as a RIC under the Code.

ARTICLE X

ENTIRE AGREEMENT

10.1 The parties agree that no party has made to any other party any representation, warranty or covenant not set forth herein and that this Agreement constitutes the entire agreement between and among the parties.

ARTICLE XI

TERMINATION

11.1 With respect to each Merger, this Agreement may be terminated by the mutual agreement of the parties to such Merger, and such termination may be effected by the Chief Administrative Officer, President or any Vice President of each Fund without further action by a Target Fund Board or the Acquiring Fund Board. In addition, with respect to each Merger, either Fund participating in such Merger may at its option terminate the Agreement at or before the Closing due to:

(a) a breach by the non-terminating party of any representation or warranty, or agreement to be performed at or before the Closing, if not cured within 30 days of the breach and prior to the Closing;

(b) a condition precedent to the obligations of the terminating party that has not been met or waived and it reasonably appears that it will not or cannot be met; or

(c) a determination by a Target Fund Board or the Acquiring Fund Board that the consummation of the transactions contemplated herein is not in the best interests of its respective Fund involved in the Merger(s).

11.2 In the event of any such termination, in the absence of willful default, there shall be no liability for damages on the part of the Acquiring Fund Parties or a Target Fund. Notwithstanding any other provision of this Agreement to the contrary, the termination of this Agreement with respect to a Fund will have no effect on the obligation of that Fund to bear the portion of Merger-related expenses allocated to it as provided in Section 9.1.

ARTICLE XII

AMENDMENTS

12.1 This Agreement may be amended, modified or supplemented in such manner as may be mutually agreed upon in writing by the officers of each party subject to the prior review of each Fund's counsel and the authorization of each Fund's Board of Trustees; provided, however, that following the meeting of the shareholders of a Fund called by such Fund pursuant to Section 5.2 of this Agreement, no such amendment, modification or supplement may have the effect of changing the provisions for determining the number of Acquiring Fund Shares to be issued to the Target Fund Shareholders of the applicable Target Fund under this Agreement to the detriment of such shareholders without their further approval.

ARTICLE XIII

HEADINGS; COUNTERPARTS; GOVERNING LAW; ASSIGNMENT; LIMITATION OF LIABILITY

13.1 The article and section headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. The use of the terms "including" or "include" in this Agreement shall in all cases herein mean "including, without limitation" or "include, without limitation," respectively.

13.2 This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. The execution and delivery of this Agreement may occur by facsimile or by email in portable document format (PDF) or by other means of electronic signature and electronic transmission, including DocuSign or other similar method, and originals or copies of signatures executed and delivered by such methods shall have the full force and effect of the original signatures.

13.3 This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts.

13.4 This Agreement shall bind and inure to the benefit of the parties hereto and their respective successors and assigns, and no assignment or transfer hereof or of any rights or obligations hereunder shall be made by any party without the written consent of the other parties. Nothing herein expressed or implied is intended or shall be construed to confer upon or give any person, firm or corporation, other than the parties hereto and their respective successors and assigns, any rights or remedies under or by reason of this Agreement.

13.5 It is expressly agreed that the obligations of each Fund hereunder shall not be binding upon any of the trustees, shareholders, nominees, officers, agents or employees of such Fund personally, but shall bind only the property of the Fund, as provided in such Fund's Declaration of Trust, which is on file with the Secretary of the Commonwealth of Massachusetts. The execution and delivery of this Agreement have been authorized by each Fund's Board of Trustees, and this Agreement has been signed by authorized officers of each Fund acting as such. Neither the authorization by such trustees nor the execution and delivery by such officers will be deemed to have been made by any of them individually or to impose any liability on any of them personally, but shall bind only the property of such Fund, as provided in the Fund's Declaration of Trust.

13.6 It is understood and agreed that the use of a single agreement among the parties is for administrative convenience only and that this Agreement constitutes a separate agreement between each Target Fund and the Acquiring Fund Parties, as if each party had executed a separate document. No party will have any liability for the obligations under this Agreement of any other party, and the liabilities of each party under this Agreement will be several and not joint.

13.7 The failure of any Target Fund or the Acquiring Fund Parties with respect to a Target Fund to consummate a Merger shall not affect the validity of the other Merger, and the provisions of this Agreement shall be construed to effect this intent.

[Remainder of Page Intentionally Left Blank]

IN WITNESS WHEREOF, the parties have duly executed this Agreement, all as of the date first written above.

APPENDIX B

CONFIDENTIAL INFORMATION MEMORANDUM

STRICTLY CONFIDENTIAL

**NUVEEN MUNICIPAL CREDIT INCOME FUND
1,480 SERIES 4 VARIABLE RATE DEMAND PREFERRED SHARES
LIQUIDATION PREFERENCE \$100,000 PER SHARE**

This Information Memorandum (the “Memorandum”) is provided for information purposes in connection with the issuance of 1,480 Series 4 Variable Rate Demand Preferred Shares, par value \$0.01 per share, with a liquidation preference of \$100,000 per share (the “New VRDP Shares”), of Nuveen Municipal Credit Income Fund (the “Fund”) in connection with the proposed mergers of Nuveen Georgia Quality Municipal Income Fund (“Georgia Municipal” or a “Target Fund”) and Nuveen Ohio Quality Municipal Income Fund (“Ohio Municipal” or a “Target Fund”) with and into a wholly-owned subsidiary of the Fund (each, a “Merger”).

This Information Memorandum is being provided exclusively to holders of Series 1 Variable Rate Demand Preferred Shares of Ohio Municipal (the “Ohio Municipal VRDP Shares”) as of November 10, 2022. Upon the closing of the Merger of Ohio Municipal, holders of Ohio Municipal VRDP Shares outstanding immediately prior to the closing will receive, on a one-for-one basis, New VRDP Shares having substantially similar terms, immediately prior to the closing of the Merger, to those of Ohio Municipal VRDP Shares.

The terms of the New VRDP Shares to be issued in the Merger of Ohio Municipal will be substantially similar as of the time of the closing of the Merger to those of the Ohio Municipal VRDP Shares. The preferences, voting rights, restrictions, limitations as to dividends, qualifications, and terms and conditions of redemption of the New VRDP Shares will be set forth in the Fund’s Statement Establishing and Fixing the Rights and Preferences of Series 4 Variable Rate Demand Preferred Shares (as it may be amended from time to time in accordance with the provisions thereof, the “Statement”), the form of which is attached hereto as Appendix A-1, and the Notice of Special Rate Period, the form of which is attached hereto as Appendix A-2, and, in each case, incorporated herein by reference. Each prospective holder of New VRDP Shares is strongly cautioned to review the Statement and the Notice of Special Rate Period in their entirety for a complete description of all terms applicable to an investment in the New VRDP Shares. Certain additional covenants and consent requirements will be set forth in a Purchase Agreement between the Fund and the initial holder of New VRDP Shares (the “Purchase Agreement”). The summary description of the New VRDP Shares set forth below does not purport to be a complete description of all terms applicable to the New VRDP Shares.

Investing in New VRDP Shares involves risks. See “Risk Factors” beginning on page B-20 of this Memorandum.

(continued on next page)

The New VRDP Shares have not been registered under the Securities Act of 1933, as amended (the “Securities Act”), or any state securities laws and, unless so registered, may not be offered or sold except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Accordingly, the New VRDP Shares are being offered only to “qualified institutional buyers” (as defined in Rule 144A under the Securities Act) in accordance with the exemption from the registration requirements of the Securities Act provided by Section 4(a)(2) of the Securities Act and are subject to transfer restrictions. See “Notice to Investors.”

Any capitalized terms used herein but not defined shall have the meaning given in the Statement and the Notice of Special Rate Period attached hereto as Appendix A-1 and Appendix A-2, respectively.

The New VRDP Shares are expected to be ready for delivery in book-entry form only through The Depository Trust Company on or about the closing date of the Mergers.

The date of this Memorandum is December 20, 2022.

(continued from preceding page)

The Fund's investment objectives are to provide current income exempt from regular federal income tax and to enhance portfolio value relative to the municipal bond market by investing in tax-exempt municipal bonds that the Fund's investment adviser, Nuveen Fund Advisors, LLC (the "Investment Adviser"), or sub-adviser, Nuveen Asset Management, LLC ("Nuveen Asset Management"), believes are underrated or undervalued or that represent municipal market sectors that are undervalued. As a fundamental investment policy, under normal circumstances, the Fund will invest at least 80% of its Assets (as defined below) in municipal securities and other related investments, the income from which is exempt from regular federal income taxes. As a non-fundamental policy, subject to change by the Fund's trustees, under normal circumstances, the Fund may invest up to 55% of its Managed Assets (as defined below) in securities that, at the time of investment, are rated below the three highest grades (Baa or BBB or lower) by at least one nationally recognized statistical rating organization (an "NRSRO") or are unrated but judged to be of comparable quality by the Fund's sub-adviser. The Fund may invest up to 20% of its Managed Assets in municipal securities that pay interest that is taxable under the federal alternative minimum tax. The Fund may invest up to 15% of its Managed Assets in inverse floating rate securities. The Fund may not enter into a futures contract or related options or forward contracts if more than 30% of the Fund's Managed Assets would be represented by futures contracts or more than 5% of the Fund's Managed Assets would be committed to initial margin deposits and premiums on futures contracts or related options. There can be no assurance that the Fund will achieve its investment objectives.

The Fund's principal office is located at 333 West Wacker Drive, Chicago, Illinois 60606, and its telephone number is (800) 257-8787. Prospective investors should read this Memorandum, which sets forth concisely the information about the Fund that a prospective investor ought to know before deciding whether to invest.

THE NEW VRDP SHARES REPRESENT INVESTMENTS IN THE FUND AND DO NOT REPRESENT AN INTEREST IN OR OBLIGATIONS OF, AND ARE NOT INSURED BY, ANY OF THE FUND'S INVESTMENT ADVISER, NUVEEN ASSET MANAGEMENT OR THE TENDER AND PAYING AGENT.

This Memorandum is furnished by the Fund on a confidential basis in connection with transactions exempt from registration under the Securities Act, solely for the purpose of enabling a prospective investor to consider the acquisition of the securities described herein. The information contained or incorporated by reference in this Memorandum has been provided by the Fund and other sources identified herein. No representation or warranty, expressed or implied, is made as to the accuracy or completeness of such information, and nothing contained or incorporated by reference in this Memorandum is, or shall be relied upon as, a promise or representation as to the past or the future.

The New VRDP Shares have not been and will not be registered under the Securities Act or any state securities laws and, unless so registered, may not be offered or sold except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable securities laws. Accordingly, the New VRDP Shares are being offered only to qualified institutional buyers in accordance with the exemption from the registration requirements of the Securities Act provided by Section 4(a)(2) of the Securities Act. Prospective purchasers are hereby notified that sellers of the New VRDP Shares may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A. For certain restrictions on resales, see “Notice to Investors.” It is unlikely that a market will develop for the New VRDP Shares.

In making an investment decision, prospective investors must rely on their own examination of the Fund and the terms of the transactions described herein, including the merits and risks involved. This offering is being made on the basis of this Memorandum, and any decision to acquire the New VRDP Shares must be based on the information contained or incorporated by reference herein. No representation is made to any offeree or person acquiring the New VRDP Shares regarding the legality of an investment therein by such offeree or acquiring person under any applicable legal investment or similar laws or regulations. The contents of this Memorandum are not to be construed as legal, business or tax advice. Each prospective investor should consult its own attorney and business and tax advisor as to legal and business advice.

Prospective investors are hereby offered the opportunity, prior to acquiring any New VRDP Shares, to ask questions and receive answers concerning the terms and conditions of the transactions described herein and to obtain from the Fund additional information, to the extent that the Fund possesses such information or can acquire it without unreasonable effort or expense, that is necessary to verify the accuracy of the information contained herein or provided pursuant hereto.

The New VRDP Shares have not been approved or disapproved by the Securities and Exchange Commission, or any state securities commission or regulatory authority, nor have the foregoing authorities confirmed the accuracy or determined the adequacy of this Memorandum. Any representation to the contrary is a criminal offense.

This Memorandum is personal to the recipient hereof and has been prepared solely for use in connection with the transactions described herein and does not constitute an offer to any other person or to the public generally to subscribe for or otherwise acquire the New VRDP Shares. Distribution of this Memorandum to any person other than the offeree and those persons, if any, retained to advise such offeree with respect to the offer and sale of the New VRDP Shares is not authorized, and any disclosure of any of its contents is prohibited. Each recipient, by accepting delivery of this Memorandum, agrees to the foregoing.

The New VRDP Shares will be issued in book-entry form, as global securities (the “global securities”). The global securities have been deposited with, or on behalf of, The Depository Trust Company (“DTC”) and registered in the name of Cede & Co., the nominee of DTC. Beneficial interests in the global securities will be held only through DTC and any of its participants. Unless the context otherwise requires, references in this Memorandum to “New VRDP shareholders” include the Beneficial Owners of interests in the New VRDP Shares and references to the “New VRDP Shares” include any beneficial interest therein. See “Book-Entry Procedures and Settlement” for further discussion of these matters.

This Memorandum contains summaries and other information believed to be accurate as of the date hereof with respect to certain terms of certain documents, but reference is made to the actual documents (copies of which will be made available on a confidential basis to prospective purchasers upon request to the Fund) for complete information with respect thereto, and all such summaries are qualified in their entirety by such reference.

The distribution of this Memorandum and the offering of the securities in certain jurisdictions may be restricted by law. Persons in possession of this Memorandum are required to inform themselves about and to observe any such restrictions. This Memorandum does not constitute, and may not be used for or in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorized or to any person to whom it is unlawful to make such offer or solicitation.

No action has been taken by the Fund that would permit an offering of the securities offered hereby or the circulation or distribution of this Memorandum or any offering material in relation to the Fund or the securities in any jurisdiction where action for that purpose is required.

THIS MEMORANDUM IS FOR INFORMATIONAL PURPOSES ONLY AND IS NOT INTENDED TO BE RELIED UPON ALONE AS THE BASIS FOR AN INVESTMENT DECISION. IN MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE FUND AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED. INVESTORS SHOULD BE AWARE THAT THEY MAY BE REQUIRED TO BEAR THE FINANCIAL RISKS OF AN INVESTMENT IN NEW VRDP SHARES FOR AN INDEFINITE PERIOD OF TIME.

NEITHER THE FUND NOR ANY OF ITS AFFILIATES MAKES ANY REPRESENTATION TO ANY OFFEREE OR PERSON ACQUIRING NEW VRDP SHARES REGARDING THE LEGALITY OF INVESTMENT THEREIN BY SUCH OFFEREE OR ACQUIRING PERSON UNDER APPLICABLE LEGAL INVESTMENT OR SIMILAR LAWS OR REGULATIONS OR THE PROPER CLASSIFICATION OF SUCH AN INVESTMENT THEREUNDER.

THE CONTENTS OF THIS MEMORANDUM ARE NOT TO BE CONSTRUED AS LEGAL, BUSINESS OR TAX ADVICE. EACH PROSPECTIVE INVESTOR SHOULD CONSULT ITS OWN ATTORNEY, BUSINESS ADVISOR AND TAX ADVISOR AS TO LEGAL, BUSINESS AND TAX ADVICE. INVESTMENT IN THE NEW VRDP SHARES MAY NOT BE SUITABLE FOR ALL RECIPIENTS OF THIS MEMORANDUM.

Notwithstanding anything to the contrary contained in this Memorandum or any other express or implied agreement to the contrary, each prospective investor (and each employee, representative or other agent of each prospective investor) may disclose to any and all persons, without limitation of any kind, the tax treatment and tax structure of an investment in the securities offered hereby and all materials of any kind that are provided to the prospective investor relating to such tax treatment and tax structure. This authorization of tax disclosure is retroactively effective to the commencement of discussions with the prospective investors regarding the transactions contemplated herein.

In this Memorandum, references to “U.S. Dollars,” “Dollars” and “\$” are to United States dollars.

FORWARD LOOKING STATEMENTS

Any projections, forecasts and estimates contained or incorporated by reference herein are forward looking statements and are based upon certain assumptions. Projections, forecasts and estimates are necessarily speculative in nature, and it can be expected that some or all of the assumptions underlying any projections, forecasts or estimates will not materialize or will vary significantly from actual results. Actual results may vary from any projections, forecasts and estimates and the variations may be material. Some important factors that could cause actual results to differ materially from those in any forward looking statements include changes in interest rates, market, financial or legal uncertainties, including changes in tax law, and the timing and frequency of defaults on underlying investments. Consequently, the inclusion of any projections, forecasts and estimates herein should not be regarded as a representation by the Fund or of its affiliates or any other person or entity of the results that will actually be achieved by the Fund. None of the Fund or its affiliates has any obligation to update or otherwise revise any projections, forecasts and estimates including any revisions to reflect changes in economic conditions or other circumstances arising after the date hereof or to reflect the occurrence of unanticipated events, even if the underlying assumptions do not come to fruition.

NOTICE TO INVESTORS

Each person acquiring New VRDP Shares, by its acceptance thereof, will be deemed to have acknowledged, represented to and agreed with the Fund as follows:

(1) It understands and acknowledges that the securities have not been registered under the Securities Act of 1933, as amended (the “Securities Act”), or any other applicable securities law, are being offered for sale pursuant to Section 4(a)(2) of the Securities Act, and may not be offered, sold or otherwise transferred except in compliance with the registration requirements of the Securities Act or any other applicable securities law, pursuant to an exemption therefrom or in a transaction not subject thereto and in each case in compliance with the conditions for transfer set forth in paragraph (5) below.

(2) It is a “qualified institutional buyer” (“QIB”), as defined in Rule 144A promulgated under the Securities Act, and is acquiring the securities for its own account or for the account of another QIB.

(3) It acknowledges that none of the Fund or any person representing the Fund has made any representation to it with respect to the Fund or the offer or sale of any securities other than the information contained or incorporated by reference in this Memorandum, which has been delivered to it and upon which it is relying in making its investment decision with respect to the securities. In addition, no representation is made regarding New VRDP Shares or the advisability of investing in New VRDP Shares. Moreover, it acknowledges that it has had access to such financial and other information concerning the Fund and the securities as it has deemed necessary in connection with its decision to acquire the securities offered hereby, including an opportunity to ask questions of and request information from the Fund.

(4) It is acquiring the New VRDP Shares for its own account for investment, and not with a view to, or for offer or sale in connection with, any distribution thereof in violation of the Securities Act, subject to any requirements of law that the disposition of its property be at all times within its control and subject to its ability to resell such securities pursuant to Rule 144A or any exemption from registration available under the Securities Act.

(5) It will offer, sell or otherwise transfer New VRDP Shares only to Persons that are both: (A)(i) Persons that it reasonably believes are QIBs that are registered closed-end management investment companies, the common shares of which are traded on a national securities exchange (“Closed-End Funds”), banks or entities that are 100% direct or indirect subsidiaries of banks’ publicly traded parent holding companies (collectively, “Banks”), insurance companies or registered open-end management investment companies, in each case, pursuant to Rule 144A or another available exemption from registration under the Securities Act, in a manner not involving any public offering within the meaning of Section 4(a)(2) of the Securities Act, (ii) tender option bond trusts or similar vehicles in which all investors are Persons that the Purchaser reasonably believes are QIBs that are Closed-End Funds, Banks, insurance companies or registered open-end management investment companies or (iii) other investors with the prior written consent of the Fund and (B) Persons that are either (i) not a Nuveen Person, or (ii) a Nuveen Person, provided that (x) such Nuveen Person would, after such sale and transfer, own not more than 20% of the Outstanding VRDP Shares, or (y) the prior written consent of the Fund and the holder(s) of more than 50% of the Outstanding VRDP Shares has been obtained. “Nuveen Persons” means the Investment Adviser or any affiliated person of the Investment Adviser (as defined in Section 2(a)(3) of the Investment Company Act of 1940, as amended (the “1940 Act”)) (other than the Fund, in the case of a redemption or purchase of the New VRDP Shares which are to be cancelled within ten (10) days of purchase by the Fund).

(6) It acknowledges that each certificate representing New VRDP Shares will contain a legend substantially to the following effect:

THE SECURITIES HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE “SECURITIES ACT”), OR ANY STATE SECURITIES LAW. NEITHER THIS SECURITY NOR ANY INTEREST OR PARTICIPATION HEREIN MAY BE REOFFERED, SOLD, ASSIGNED,

TRANSFERRED, PLEDGED, ENCUMBERED OR OTHERWISE DISPOSED OF IN THE ABSENCE OF SUCH REGISTRATION OR UNLESS SUCH TRANSACTION IS EXEMPT FROM, OR NOT SUBJECT TO, REGISTRATION.

THE HOLDER OF THIS SECURITY BY ITS ACCEPTANCE HEREOF AGREES TO OFFER, SELL OR OTHERWISE TRANSFER SUCH SECURITY ONLY TO A PERSON THAT IS BOTH: (1)(A) A PERSON THAT THE HOLDER REASONABLY BELIEVES IS A "QUALIFIED INSTITUTIONAL BUYER" THAT IS A REGISTERED CLOSED-END MANAGEMENT INVESTMENT COMPANY, THE COMMON SHARES OF WHICH ARE TRADED ON A NATIONAL SECURITIES EXCHANGE, BANKS, ENTITIES THAT ARE 100% DIRECT OR INDIRECT SUBSIDIARIES OF BANKS' PUBLICLY TRADED PARENT HOLDING COMPANIES, INSURANCE COMPANIES OR REGISTERED OPEN-END MANAGEMENT INVESTMENT COMPANIES, IN EACH CASE, IN AN OFFER AND SALE MADE PURSUANT TO RULE 144A OR ANOTHER AVAILABLE EXEMPTION FROM REGISTRATION UNDER THE SECURITIES ACT, IN A MANNER NOT INVOLVING ANY PUBLIC OFFERING WITHIN THE MEANING OF SECTION 4(a)(2) OF THE SECURITIES ACT; (B) A TENDER OPTION BOND TRUST OR SIMILAR VEHICLE IN WHICH ALL INVESTORS ARE PERSONS THE HOLDER REASONABLY BELIEVES ARE QUALIFIED INSTITUTIONAL BUYERS THAT ARE REGISTERED CLOSED-END MANAGEMENT INVESTMENT COMPANIES, THE COMMON SHARES OF WHICH ARE TRADED ON A NATIONAL SECURITIES EXCHANGE, BANKS, ENTITIES THAT ARE 100% DIRECT OR INDIRECT SUBSIDIARIES OF BANKS' PUBLICLY TRADED PARENT HOLDING COMPANIES, INSURANCE COMPANIES, OR REGISTERED OPEN-END MANAGEMENT INVESTMENT COMPANIES; OR (C) A PERSON THAT THE ISSUER OF THE SECURITY HAS APPROVED IN WRITING TO BE THE HOLDER OF THE SECURITY AND (2) A PERSON THAT IS EITHER (i) NOT A NUVEEN PERSON (AS DEFINED IN THE INITIAL SERIES 4 VARIABLE RATE DEMAND PREFERRED SHARES (VRDP) PURCHASE AGREEMENT BY AND BETWEEN THE ISSUER OF THE SECURITY AND THE PURCHASER), OR (ii) A NUVEEN PERSON, PROVIDED THAT (X) SUCH NUVEEN PERSON WOULD, AFTER SUCH SALE AND TRANSFER, OWN NOT MORE THAN 20% OF THE OUTSTANDING VRDP SHARES, OR (Y) THE PRIOR WRITTEN CONSENT OF THE ISSUER OF THE SECURITY AND THE HOLDER(S) OF MORE THAN 50% OF THE OUTSTANDING VRDP SHARES HAS BEEN OBTAINED.

THE HOLDER OF THIS SECURITY BY ITS ACCEPTANCE HEREOF SHALL BE DEEMED TO HAVE AGREED THAT, IN CONNECTION WITH ANY TRANSFER OF NEW VRDP SHARES, IT IS TRANSFERRING TO THE TRANSFEREE THE RIGHT TO RECEIVE FROM THE FUND ANY DIVIDENDS DECLARED AND UNPAID FOR EACH DAY PRIOR TO THE TRANSFEREE BECOMING THE BENEFICIAL OWNER OF THE NEW VRDP SHARES IN EXCHANGE FOR PAYMENT OF THE PURCHASE PRICE FOR SUCH NEW VRDP SHARES BY THE TRANSFEREE.

(7) It acknowledges that the Fund, its agents and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements and agrees that, if any of the acknowledgments, representations or warranties deemed to have been made by its acquisition of securities are no longer accurate, it shall promptly notify the Fund. If it is acquiring any securities as a fiduciary or agent for one or more investor accounts, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgments, representations and agreements on behalf of each such account.

SUMMARY

This is only a summary. Holders of Ohio Municipal VRDP Shares should review the more detailed information contained elsewhere in this Memorandum and the documents incorporated by reference or otherwise summarized in this Memorandum, including the information set forth in the sections “Risk Factors,” “How the Fund Manages Portfolio Risk” and “The Fund’s Investments—Hedging Strategies” and the Fund’s Statement Establishing and Fixing the Rights and Preferences of New VRDP Shares (as it may be amended from time to time in accordance with the provisions thereof, the “Statement”), the form of which is attached hereto as Appendix A-1, and the Notice of Special Rate Period, the form of which is attached hereto as Appendix A-2. Additional information about the Fund may be obtained from www.sec.gov or by visiting www.nuveen.com, as set forth in the section “Available Information.” Information on those websites is not part of this Memorandum, except to the extent specifically incorporated herein by reference. Certain of the capitalized terms used herein and not defined herein shall have the meanings ascribed to them in the Notice of Special Rate Period or, as applicable, the Statement.

The Fund

Nuveen Municipal Credit Income Fund (the “Fund”) is a diversified, closed-end management investment company. The Fund’s common shares, \$0.01 par value (“Common Shares”), are traded on the New York Stock Exchange under the symbol “NZF.” See “The Fund.” As of November 30, 2022, the Fund had 165,390,401 Common Shares outstanding and net assets applicable to Common Shares of \$2,206,030,943.

As of the date hereof, the Fund has outstanding three series of MuniFund Preferred Shares (“MFP Shares”) and three series of Variable Rate Demand Preferred Shares (“VRDP Shares”). The Fund, without the consent of holders of New VRDP Shares, may from time to time issue additional preferred shares of a new or existing series in connection with new financings, refinancing or reorganizations. The issuance by the Fund of additional Preferred Shares may require the consent of liquidity providers or other Fund counterparties.

Issuance of New VRDP Shares

In connection with the Merger (as defined below) of Ohio Municipal, the Fund expects to issue 1,480 Series 4 Variable Rate Demand Preferred Shares (the “New VRDP Shares”), liquidation preference of \$100,000 per share (the “Liquidation Preference”), on substantially similar terms to those of the Series 1 Variable Rate Demand Preferred Shares of Nuveen Ohio Quality Municipal Income Fund (the “Ohio Municipal VRDP Shares”).

The Mergers

This Memorandum is being made available in connection with the proposed mergers of Nuveen Georgia Quality Municipal Income Fund (“Georgia Municipal” or a “Target Fund”) and Nuveen Ohio Quality Municipal Income Fund (“Ohio Municipal” or a “Target Fund”) with and into a wholly-owned subsidiary of the Fund (each, a “Merger”). This Memorandum sets forth the terms of the New VRDP Shares. Issuance of New VRDP Shares is being made only upon such terms and subject to the Form of Agreement and Plan of Merger and such other conditions as may

Initial Special Rate Period, Extension and Transition to Subsequent Rate Period

be agreed between the Fund and the initial beneficial owner of the New VRDP Shares.

The issuance of New VRDP Shares will be effected in accordance with the procedures of the Securities Depository.

The VRDP Shares of Ohio Municipal currently are in a Special Rate Period that terminates on November 8, 2023, subject to transition or extension.

The terms and conditions of the New VRDP Shares will be substantially similar to those of the Ohio Municipal VRDP Shares as in effect as of the time of the closing of the Merger. The Fund expects that the Initial Rate Period of the New VRDP Shares will be a Special Rate Period (the “Initial Special Rate Period”), subject to transition or extension, as provided in the Notice of Special Rate Period. The Fund will use its reasonable best efforts, to the extent that it can do so on a commercially reasonable basis, to extend the Initial Special Rate Period or transition to a new Subsequent Rate Period.

The Initial Special Rate Period is subject to extension for a Failed Transition Period of up to six months in the event that the extension of the Initial Special Rate Period or the transition to a new Subsequent Rate Period is not successful. During such Failed Transition Period, if any, dividends on the New VRDP Shares will accumulate at the Failed Transition Period Dividend Rate (as defined herein), and the New VRDP Shares will be subject to mandatory redemption by the Fund, if the Fund has not successfully established a Subsequent Rate Period or redeemed or repurchased all of the New VRDP Shares prior to the end of the six-month period.

Dividend Rate

During the Initial Special Rate Period, the dividend rate for the New VRDP Shares will be a floating rate that resets weekly as of the Dividend Reset Date commencing each Dividend Reset Period and will be equal to (i) the “Index Rate” equal to the SIFMA Municipal Swap Index (as defined below) plus (ii) the “Applicable Spread,” except during the Failed Transition Period (if any). The “Dividend Reset Dates” generally will be Thursday of each week. The Applicable Spread will be as set forth in the Notice of Special Rate Period and is subject to adjustment in certain circumstances, including a change in the credit rating assigned to the New VRDP Shares by a rating agency providing a credit rating for the New VRDP Shares at the request of the Fund, as described below, provided that the dividend rate will in no event exceed 15% per annum.

Dollar amounts resulting from the calculation of dividends will be rounded to the nearest cent, with one-half cent being rounded upward.

The “SIFMA Municipal Swap Index” means the Securities Industry and Financial Markets Association Municipal Swap Index, or such other weekly, high-grade index comprised of seven-day, tax-exempt variable rate demand notes produced by Bloomberg or its successor, or as otherwise designated by the Securities Industry and Financial Markets Association; provided, however, that if such index is no longer produced by Bloomberg or its successor, then SIFMA Municipal Swap Index shall mean (i) the S&P Municipal Bond 7 Day High Grade Rate Index produced by Standard & Poor’s Financial Services LLC or its successors or (ii) if the S&P Municipal Bond 7 Day High Grade Rate Index is no longer produced, such other reasonably comparable index selected in good faith by the Fund.

The applicable dividend rate for the New VRDP Shares is referred to herein as the “Dividend Rate.” See “Dividends and Distributions” and the related definitions in the Notice of Special Rate Period (attached hereto as Appendix A-2) for additional information relating to the applicable Dividend Rate, including the regular Dividend Rate, the Increased Rate and the Failed Transition Period Dividend Rate.

Applicable Spread Adjustments

The Applicable Spread will be as set forth in the Notice of Special Rate Period and subject to adjustment based on the highest applicable credit rating most recently assigned to the New VRDP Shares by Moody’s, Fitch or any additional or different rating agency providing a long-term credit rating on the New VRDP Shares and which is designated a “Rating Agency” as provided in the Notice of Special Rate Period (provided, however, the “Applicable Spread” shall not apply for any Dividend Reset Period or portion thereof occurring during the Failed Transition Period, if any, except in the case of an Increased Rate Period occurring during the Failed Transition Period).

Dividend Payments

The holders of New VRDP Shares will be entitled to receive, when, as and if declared by, or under authority granted by, the Board of Trustees of the Fund (the “Board”) out of funds legally available for payment, cumulative cash dividends and distributions on each such New VRDP Share at the Dividend Rate for such Series, calculated as set forth in the Notice of Special Rate Period. Dividends and other distributions on each New VRDP Share accumulate from the Date of Original Issue with respect to such share. The “Dividend Period” for the New VRDP Shares will generally be a calendar month and the “Dividend Payment Date” in respect of each Dividend Period is the first Business Day following the end of such Dividend Period, except that the final Dividend Period in the Initial Special Rate Period will end on and include the last calendar day of the Initial Special Rate Period. Notwithstanding the foregoing, the Fund in its discretion, and with the prior written consent of the Purchaser,

may establish Dividend Payment Dates (each, a “Special Dividend Payment Date”) more frequent than monthly Dividend Payment Dates in respect of the Initial Special Rate Period; provided, that any such Special Dividend Payment Date shall be a Business Day.

The amount of dividends per share payable on the New VRDP Shares on any Dividend Payment Date will equal the sum of the dividends accumulated but not yet paid for each Dividend Reset Period (or portion thereof) in the related Dividend Period. The amount of dividends per share accumulated for each such Dividend Reset Period (or portion thereof) will be computed by (i) multiplying the Dividend Rate in effect for the New VRDP Shares for such Dividend Reset Period (or portion thereof) by a fraction, the numerator of which will be the actual number of days in such Dividend Reset Period (or portion thereof) and the denominator of which will be the actual number of days in the year in which such Dividend Reset Period (or portion thereof) occurs (365 or 366) and (ii) multiplying the product determined pursuant to clause (i) by the Liquidation Preference for a New VRDP Share (\$100,000). The Dividend Rate for the New VRDP Shares will be adjusted to the Increased Rate for each Increased Rate Period (or portion of a Dividend Reset Period) as provided in the Notice of Special Rate Period. Dividends on New VRDP Shares with respect to any Dividend Period will be declared to the Holders of record of such shares as their names shall appear on the registration books of the Fund at the close of business on each day in such Dividend Period. In connection with any transfer of New VRDP Shares, the transferor will, subject to any agreement between the transferor and transferee, transfer to the transferee the transferor’s right to receive from the Fund any unpaid dividends so declared for each day prior to the transferee becoming the Holder or Designated Owner, as applicable, of the New VRDP Shares in consideration of a portion of the purchase price for such New VRDP Shares paid by the transferee.

Dividends on New VRDP Shares will be paid on each Dividend Payment Date for such Series to the Holders of New VRDP Shares as their names appear on the registration books of the Fund at the close of business on the day immediately preceding such Dividend Payment Date (or if such day is not a Business Day, the next preceding Business Day). See “Dividends and Distributions” and the related definitions in the Notice of Special Rate Period for additional information relating to dividend payments.

Tender and Paying Agent

The Fund expects to enter into a Tender and Paying Agent Agreement with The Bank of New York Mellon with respect to the New VRDP Shares. The Tender and Paying Agent will serve as the Fund’s transfer agent and registrar, dividend disbursing agent, and paying agent and redemption price disbursing agent

with respect to the New VRDP Shares. Additionally, the Tender and Paying Agent will (i) act as Calculation Agent to determine the Index Rate, and (ii) calculate the regular dividend amount to be paid to the Holders of New VRDP Shares on each Dividend Payment Date. The Fund will confirm the Tender and Paying Agent's calculation of such dividend amount upon its receipt of any request therefor from the Tender and Paying Agent.

Optional Redemption

During the Initial Special Rate Period, the New VRDP Shares will be subject to optional redemption in whole or in part at the option of the Fund on any Business Day at a redemption price determined as set forth in the Notice of Special Rate Period. See "Redemption—Optional Redemption" in the Notice of Special Rate Period for additional information relating to Optional Redemption.

Asset Coverage Mandatory Redemption

If the Fund fails to have Asset Coverage of at least 225% as of the close of business on any Business Day (meaning a day (a) other than a day on which commercial banks in The City of New York, New York are required or authorized by law or executive order to close and (b) on which the New York Stock Exchange is not closed) on which such Asset Coverage is required to be calculated of each month and such failure is not cured as of thirty (30) calendar days following such Business Day, the Fund will proceed to redeem Preferred Shares equal to the lesser of (i) the minimum number of Preferred Shares that will result in the Fund having Asset Coverage of at least 225% and (ii) the maximum number of Preferred Shares that can be redeemed out of monies expected to be legally available; and, at the Fund's sole option, the Fund may, but is not required to, include in the number of Preferred Shares being mandatorily redeemed a sufficient number of New VRDP Shares that will result in the Fund having Asset Coverage of up to and including 250%. The Preferred Shares to be redeemed may include at the Fund's sole option any number or proportion of New VRDP Shares. If New VRDP Shares are redeemed, such shares will be redeemed at a redemption price equal to their \$100,000 Liquidation Preference per share plus accumulated but unpaid dividends thereon (whether or not earned or declared, but without interest thereon) from and including the Date of Original Issue to (but excluding) the date fixed for such redemption as set forth in the Notice of Special Rate Period. See "Redemption—Asset Coverage and Effective Leverage Ratio Mandatory Redemption—Asset Coverage Mandatory Redemption" in the Notice of Special Rate Period for additional information relating to the Asset Coverage mandatory redemption.

Effective Leverage Ratio Corrective Action, Including Mandatory Redemption

If the Effective Leverage Ratio of the Fund exceeds 45% as of the close of business on any Business Day on which such ratio is required to be calculated and such failure is not cured as of the close of business on the date that is seven Business Days following the Business Day on which such non-compliance is

first determined, the Fund will cause the Effective Leverage Ratio to not exceed 45% by (A) engaging in transactions involving or relating to the floating rate securities not owned by the Fund and/or the inverse floating rate securities owned by the Fund, including the purchase, sale or retirement thereof, (B) proceeding with redeeming a sufficient number of Preferred Shares, which at the Fund's sole option may include any number or proportion of New VRDP Shares, in accordance with the terms of such Series, or (C) engaging in any combination of the actions contemplated by (A) and (B) above. The Fund may at its sole option, but is not required to, include in the number of Preferred Shares being mandatorily redeemed, a sufficient number of New VRDP Shares that, when aggregated with other Preferred Shares redeemed by the Fund, would result, if deemed to have occurred immediately prior to the opening of business on the Effective Leverage Ratio Cure Date, in the Fund having an Effective Leverage Ratio on such Effective Leverage Ratio Cure Date of no less than 40%. Any New VRDP Shares so redeemed will be redeemed at a redemption price equal to their \$100,000 Liquidation Preference per share plus accumulated but unpaid dividends thereon (whether or not earned or declared, but without interest thereon) to (but excluding) the date fixed for such redemption. Notwithstanding the foregoing, in the event that the Fund's Effective Leverage Ratio exceeds 45% on any Business Day solely by reason of fluctuations in the market value of the Fund's portfolio securities, the Effective Leverage Ratio is only required not to exceed 46% on such Business Day. See "Redemption—Asset Coverage and Effective Leverage Ratio Mandatory Redemption—Effective Leverage Ratio Mandatory Redemption" in the Notice of Special Rate Period for additional information relating to the Effective Leverage Ratio mandatory redemption.

Failed Transition Period Mandatory Redemption

The Fund will be required to redeem all outstanding New VRDP Shares on the Failed Transition Redemption Date (as specified in the Notice of Special Rate Period, a date approximately six months following the Rate Period Termination Date), if the Failed Transition Period, if any, is then continuing, at a price per share equal to \$100,000 per New VRDP Share plus an amount equal to all unpaid dividends and other distributions on such share accumulated from and including the Date of Original Issue of such share to (but excluding) the Failed Transition Redemption Date (whether or not earned or declared by the Fund, but without interest thereon), as provided in and subject to the provisions of the Notice of Special Rate Period. See "Redemption—Failed Transition Redemption" in the Notice of Special Rate Period for additional information relating to Failed Transition Period redemption.

Final Mandatory Redemption Date

The Fund is required to redeem all outstanding New VRDP Shares on September 1, 2043, unless earlier redeemed or repurchased by the Fund, at a redemption price equal to the sum of the \$100,000 per New VRDP Share plus accumulated but unpaid dividends thereon (whether or not earned or declared) to, but excluding, the redemption date, as set forth in the Statement.

Information Requirements

The initial beneficial owner of the New VRDP Shares (the “Purchaser”) will be entitled to receive various information concerning the Fund as provided in the Purchase Agreement for the New VRDP Shares (the “Purchase Agreement”). In particular, the Purchaser is entitled to receive, periodically, (i) reports of portfolio holdings of the Fund and (ii) a report on the Fund’s Asset Coverage, Effective Leverage Ratio, and the floating rate securities of tender option bond trusts for which the Fund owns the inverse floating rate certificates. A permitted transferee of New VRDP Shares will have the right to receive such information upon satisfying certain conditions.

Voting and Consent Rights

The holders of New VRDP Shares will be entitled to certain voting rights. See “Voting Rights” in the Notice of Special Rate Period for a description of the voting rights granted to the holders of New VRDP Shares. In addition, the consent of the holders of at least a majority of the outstanding New VRDP Shares will be required under the Purchase Agreement for certain actions affecting their investment in the Fund, including, but not limited to, (i) any amendment, alteration or repeal of any provision of the Declaration (as defined below) or the Statement applicable to the Initial Special Rate Period or the Notice of Special Rate Period, that would affect any preference, right or power of the New VRDP Shares differently from, and adversely relative to, the rights of the holders of the Fund’s Common Shares, (ii) any termination of any Rating Agency for the New VRDP Shares or any selection of a replacement or additional Rating Agency for the New VRDP Shares, (iii) the issuance of any indebtedness or additional Preferred Shares of the Fund (subject to certain exceptions including, but not limited to, certain permitted refinancing of Preferred Shares), and (iv) the creation or incurrence of certain liens on the Fund’s assets. The Purchaser also has certain consent rights under the Purchase Agreement that are applicable only to it, including, without limitation, to the extent that, collectively, the Purchaser and its affiliates are the Holders or Designated Owners of at least 51% of the New VRDP Shares then outstanding, without the prior written consent of the Purchaser, the Fund will not agree to, consent to or permit any amendment supplement, interpretation, modification or repeal of the Statement or the designation of the Initial Special Rate Period or the Notice of Special Rate Period or any provision therein, nor waive any provision thereof. Certain (but not all) of these consent rights are assignable by the Purchaser, to subsequent holders of

Tax Exemption	<p>New VRDP Shares that are permitted transferees of such New VRDP Shares as set forth in the Notice of Special Rate Period and Purchase Agreement. See the Purchase Agreement for a complete description of all terms applicable to these contractual rights and the limitations thereof.</p>
Priority of Payment	<p>The dividend rate for New VRDP Shares assumes that each month's distribution is comprised solely of dividends exempt from regular federal income taxes, although a portion of those dividends may be subject to the federal alternative minimum tax. From time to time, the Fund may be required to allocate capital gains and/or ordinary income to a given month's distribution on New VRDP Shares. To the extent that it does so, the Fund will provide notice thereof and make Additional Amount Payments at the times and in accordance with, and to the extent required in, the provisions relating thereto in the Notice of Special Rate Period. Investors should consult with their own tax advisors before making an investment in the New VRDP Shares. See "Material U.S. Federal Income Tax Considerations."</p> <p>New VRDP Shares will be senior securities that represent shares of beneficial interest of the Fund and are senior, with priority in all respects, to the Fund's common shares as to payments of dividends and as to distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund.</p> <p>New VRDP Shares will have equal priority as to payments of dividends and as to distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund with other Preferred Shares. The Fund may issue additional Preferred Shares on parity with New VRDP Shares, subject to certain limitations as set forth in the Notice of Special Rate Period and certain consent rights of the holders of more than 50% of the outstanding New VRDP Shares as set forth in the Purchase Agreement. The Fund may not issue additional classes of shares that are senior to New VRDP Shares or that are senior to other outstanding Preferred Shares of the Fund as to payments of dividends or as to distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund. As a fundamental policy, the Fund may not borrow money, except from banks for temporary or emergency purposes, or for repurchase of its shares, subject to certain restrictions. See "How The Fund Manages Portfolio Risk" below and "Issuance of Additional Preferred Shares" in the Notice of Special Rate Period.</p>
Transfer Restrictions	<p>The New VRDP Shares are subject to substantial restrictions on transfer. See "Transfers" in the Notice of Special Rate Period and the description of such transfer restrictions in this Memorandum for additional information on these transfer restrictions.</p>
Ratings	<p>There can be no assurance that the Fund will maintain any particular ratings of the New VRDP Shares. See "Risk Factors—Ratings Risk."</p>

An explanation of the significance of ratings may be obtained from the Rating Agencies. Generally, Rating Agencies base their ratings on such material and information, and such of their own investigations, studies and assumptions, as they deem appropriate. The ratings of the New VRDP Shares should be evaluated independently from similar ratings of other securities. A rating of a security is not a recommendation to buy, sell or hold securities and may be subject to review, revision, suspension, reduction or withdrawal at any time by the assigning Rating Agency.

Trading Market

There is currently no established trading market for the New VRDP Shares, nor is it expected that any trading market will develop. The Fund does not intend to apply for a listing of the New VRDP Shares on a securities exchange or an automated dealer quotation system. The New VRDP Shares are not registered under the Securities Act. Accordingly, the New VRDP Shares are subject to restrictions on transferability and resale. See “Notice to Investors” and “Transfer Restrictions” above.

Investment Objectives and Policies

The Fund’s investment objectives are to provide current income exempt from regular federal income tax and to enhance portfolio value relative to the municipal bond market by investing in tax-exempt municipal bonds that the Fund’s investment adviser, Nuveen Fund Advisors, LLC (“Nuveen Fund Advisors” or the “Investment Adviser”), or the Fund’s sub-adviser, Nuveen Asset Management LLC (“Nuveen Asset Management” or the “Sub-Adviser”), believes are underrated or undervalued or that represent municipal market sectors that are undervalued.

As a fundamental investment policy, under normal circumstances, the Fund will invest at least 80% of its Assets (as defined below) in municipal securities and other related investments, the income from which is exempt from regular federal income tax.

As a non-fundamental policy subject to change by the Fund’s trustees, under normal circumstances, the Fund may invest up to 55% of its Managed Assets in securities that, at the time of investment, are rated below the three highest grades (Baa or BBB or lower) by at least one NRSRO or unrated securities judged to be of comparable quality by the Fund’s sub-adviser.

The Fund may invest up to 20% of its Managed Assets in municipal securities that pay interest that is taxable under the federal alternative minimum tax.

“Assets” means net assets of the Fund plus the amount of any borrowings for investment purposes. “Managed Assets” means the total assets of the Fund, minus the sum of its accrued liabilities (other than Fund liabilities incurred for the express purpose of creating leverage). Total assets for this purpose shall include assets attributable to the Fund’s use of leverage (whether

or not those assets are reflected in the Fund's financial statements for purposes of generally accepted accounting principles), and derivatives will be valued at their market value.

There can be no assurance that the Fund will achieve its investment objectives. See "Risk Factors" and "The Fund's Investments—Investment Objectives and Policies."

Investment Adviser and Sub-Adviser

Nuveen Fund Advisors is the investment adviser to the Fund and is responsible for overseeing the Fund's overall investment strategy, including the use of leverage, and its implementation. Nuveen Fund Advisors also is responsible for the ongoing monitoring of any sub-adviser to the Fund, managing the Fund's business affairs and providing certain clerical, bookkeeping and other administrative services to the Fund. Nuveen Fund Advisors is located at 333 West Wacker Drive, Chicago, Illinois 60606.

Nuveen Fund Advisors, a registered investment adviser, is a subsidiary of Nuveen, the investment management arm of Teachers Insurance and Annuity Association of America ("TIAA"). TIAA is a life insurance company founded in 1918 by the Carnegie Foundation for the Advancement of Teaching and is the companion organization of College Retirement Equities Fund. As of September 30, 2022, Nuveen managed approximately \$1.1 trillion in assets, of which approximately \$149.2 billion was managed by Nuveen Fund Advisors.

Nuveen Fund Advisors has selected its wholly owned subsidiary, Nuveen Asset Management, located at 333 West Wacker Drive, Chicago, Illinois 60606, to serve as the sub-adviser to the Fund pursuant to a Sub-Advisory Agreement between Nuveen Fund Advisors and Nuveen Asset Management. Nuveen Asset Management, a registered investment adviser, oversees day-to-day operations and manages the investment of the Funds' assets on a discretionary basis, subject to the supervision of Nuveen Fund Advisors. Pursuant to the Sub-Advisory Agreement, Nuveen Asset Management is compensated for the services it provides to the Fund with a portion of the management fee Nuveen Fund Advisors receives from the Fund. Nuveen Fund Advisors and Nuveen Asset Management retain the right to reallocate investment advisory responsibilities and fees between themselves in the future.

Pursuant to an investment sub-advisory agreement between the Investment Adviser and Nuveen Asset Management, Nuveen Asset Management will receive from the Investment Adviser a management fee equal to 42.8572% of the Investment Adviser's net management fee from the Fund.

See "Management of the Fund."

Governing Law

The Declaration, the Statement and the Notice of Special Rate Period are governed by the laws of the Commonwealth of Massachusetts.

The Purchase Agreement and the Tender and Paying Agent Agreement are governed by the laws of the State of New York.

Risk Factors

Risk is inherent in all investing. Therefore, before investing in the New VRDP Shares, potential investors should consider the risks of investing in New VRDP Shares carefully. See “Risk Factors,” “The Fund’s Investments—Investment Objectives and Policies” and “—Hedging Strategies” and “How the Fund Manages Portfolio Risk.”

RISK FACTORS

Risk is inherent in all investing. Investing in any investment company security involves risk, including the risk that New VRDP shareholders may receive little or no return on their investment or even that New VRDP shareholders may lose part or all of their investment. Therefore, before investing, prospective investors should consider carefully the following risks that will be assumed when investing in New VRDP Shares. See also “The Fund’s Investments—Investment Objectives and Policies” and “—Hedging Strategies” and “How the Fund Manages Portfolio Risk.”

Risks of Investing in New VRDP Shares

Dividend Rate Risk – New VRDP Shares. The New VRDP Shares are variable dividend rate securities. Such securities generally are less sensitive to interest and dividend rate changes but may decline in value if their dividend rate does not rise as much, or as quickly, as interest and dividend rates in general. Conversely, variable dividend rate securities will not generally increase in value if interest and dividend rates decline.

Risks Related to SIFMA Municipal Swap Index. The SIFMA Municipal Swap Index is affected by factors that may affect other interest or dividend rates and rate indexes differently, including the following:

- *Marginal Tax Rates.* As the SIFMA Municipal Swap Index represents the rate payable on tax-exempt variable rate demand obligations, decreases in the marginal tax rate may increase the SIFMA Municipal Swap Index, including in relation to other interest and dividend rates and rate indexes, as a result of the reduced after-tax benefits of the tax-exempt variable rate demand obligations included in the SIFMA Municipal Swap Index. Conversely, increases in the marginal tax rate may decrease the SIFMA Municipal Swap Index, including in relation to other interest and dividend rates and rate indexes, as a result of the greater after-tax benefits of the tax-exempt variable rate demand obligations included in the SIFMA Municipal Swap Index.

- *Tax-Exempt Status of Municipal Securities.* Changes in the tax-exempt status of municipal securities may also affect the SIFMA Municipal Swap Index in relation to other interest and dividend rates and rate indexes. If the tax-exempt status of municipal securities were to be removed, reduced or otherwise adversely affected, the SIFMA Municipal Swap Index would likely increase, converging toward non-tax-exempt interest and dividend rates.

- *Tax Treatment of Comparable Securities.* Changes in tax laws that grant non-municipal securities more favorable tax treatment to investors may adversely impact market demand for, and the pricing of, municipal securities generally and the tax-exempt variable rate demand obligations included in the SIFMA Municipal Swap Index specifically.

- *Creditworthiness of Municipal Securities.* Any actual or anticipated decline in the actual or perceived creditworthiness of issuers of municipal securities could significantly increase the level of the SIFMA Municipal Swap Index. Issues of creditworthiness that disproportionately affect issuers of municipal securities in relation to issuers of other variable interest and dividend rate securities would increase the level of the SIFMA Municipal Swap Index in relation to other interest and dividend rates and rate indexes.

- *Supply and Demand for Municipal Securities; Remarketing Practices.* In addition to the creditworthiness of municipal securities, other factors can affect the level of the SIFMA Municipal Swap Index, including in relation to other interest and dividend rates and rate indexes, such as supply and demand imbalances, any changes in the remarketing practices for tax-exempt variable rate demand obligations, and other technical trading factors. Aside from changes in the tax law, such supply and demand movements could derive from fragmentation in the market for municipal securities, uncertainty with respect to the rights of the holders of municipal securities, and illiquidity generally in the market.

- *Yield Compression.* As market interest and dividend rates in general decrease, municipal securities may become subject to decreasing demand (as the positive tax effects of holding tax-exempt municipal

securities decline on a relative basis) and increasing supply (as municipal issuers seek to exploit low interest rates by issuing more securities). This demand and supply imbalance could increase the SIFMA Municipal Swap Index, including in relation to other interest and dividend rates and rate indexes.

The SIFMA Municipal Swap Index was created by the Securities Industry and Financial Markets Association (“SIFMA”) and is produced by Bloomberg. SIFMA and/or Bloomberg may make methodological or other changes that could change the index level of the SIFMA Municipal Swap Index, including changes related to the method by which the index level is calculated, the criteria for eligibility for inclusion in the SIFMA Municipal Swap Index, and/or the timing on which the SIFMA Municipal Swap Index is published. In addition, SIFMA and/or Bloomberg may alter, discontinue or suspend calculation or dissemination of the SIFMA Municipal Swap Index. SIFMA and Bloomberg have no obligation to consider the interests of the holders of the New VRDP Shares in calculating, revising or discontinuing the SIFMA Municipal Swap Index. In the event that the SIFMA Municipal Swap Index is no longer published, the Dividend Rate will be based on the S&P Municipal Bond 7 Day High Grade Rate Index. If the S&P Municipal Bond 7 Day High Grade Rate Index is no longer published, the Fund may in good faith select another reasonably comparable index as a replacement subject to approval of a majority of holders of the New VRDP Shares. No assurance can be given that the S&P Municipal Bond 7 Day High Grade Rate Index or such other comparable index selected by the Board will be an accurate assessment of average tax-exempt variable rate demand obligation interest and dividend rates that the SIFMA Municipal Swap Index is currently proposed to measure.

Any of such developments with respect to the SIFMA Municipal Swap Index, if used to calculate the Index Rate, may adversely affect the dividend rate on the New VRDP Shares and the value of the New VRDP Shares.

Interest Rate and Income Shortfall Risk. New VRDP Shares generally pay dividends based on short-term interest rates, and the proceeds from the issuance of the Fund’s Preferred Shares are used to buy municipal bonds, which pay interest based on long-term yields. Long-term municipal bond yields are typically, although not always, higher than short-term interest rates. Long-term, intermediate-term and short-term interest rates may fluctuate. If short-term interest rates rise, New VRDP Shares rates may rise so that the amount of dividends paid to the New VRDP shareholders exceeds the income from the portfolio securities attributable to the proceeds from the issuance of New VRDP Shares. Because income from the Fund’s entire investment portfolio (not just the portion of the portfolio attributable to the proceeds from the issuance of Preferred Shares) is available to pay dividends on the Fund’s outstanding Preferred Shares, however, dividend rates on the Preferred Shares, including the New VRDP Shares, would need to greatly exceed the Fund’s net portfolio income before the Fund’s ability to pay dividends on the Preferred Shares would be jeopardized. If long-term rates rise, the value of the Fund’s investment portfolio will decline, reducing the amount of assets serving as the Asset Coverage for the New VRDP Shares.

Additionally, in certain market environments, short-term market interest rates may be higher than the Maximum Rate allowable for the dividend reset for New VRDP Shares. In such extreme circumstances, this scenario may adversely affect the valuation of New VRDP Shares and the liquidity of New VRDP Shares.

No Public Trading Market and Restrictions on Transfer. The New VRDP Shares will be a new issue of securities. There is currently no established trading market for the New VRDP Shares. The Fund does not intend to apply for a listing of the New VRDP Shares on a securities exchange or an automated dealer quotation system. Accordingly, there can be no assurance as to the development or liquidity of any market for the New VRDP Shares. The Fund has not registered, and does not intend to register, the New VRDP Shares under the Securities Act. Accordingly, the New VRDP Shares are subject to restrictions on transferability and resale and may only be purchased by and sold to “qualified institutional buyers” (as defined in Rule 144A under the Securities Act or any successor provision) in accordance with Rule 144A under the Securities Act or any successor provision. Furthermore, pursuant to the terms and conditions of the Purchase Agreement and the New VRDP Shares, unless otherwise permitted by the Fund, the New VRDP Shares may only be purchased by and sold to Persons that are both: (A)(i) Persons that it reasonably believes are QIBs that are Closed-End Funds, Banks, insurance companies

or registered open-end management investment companies, (ii) tender option bond trusts or similar vehicles in which all investors are Persons that the seller reasonably believes are QIBs that are Closed-End Funds, Banks, insurance companies or registered open-end management investment companies or (iii) other investors with the prior written consent of the Fund and (B) Persons that are either (i) not a Nuveen Person, or (ii) a Nuveen Person, provided that (x) such Nuveen Person would, after such sale and transfer, own not more than 20% of the Outstanding VRDP Shares, or (y) the prior written consent of the Fund and the holder(s) of more than 50% of the Outstanding VRDP Shares has been obtained. See the terms and conditions in the Supplement under the heading “Transfers.” Such restrictions on transfer of the New VRDP Shares may further limit their liquidity. If at any time the Fund is not subject to Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), in order to preserve the exemption for resales and transfers under Rule 144A, the Fund will furnish, or cause to be furnished, to New VRDP shareholders and prospective purchasers of New VRDP Shares, upon request, information with respect to the Fund satisfying the requirements of subsection (d)(4) of Rule 144A. See “Available Information.”

Subordination Risk. While New VRDP shareholders will have equal liquidation and distribution rights to any other Preferred Shares issued or that might be issued by the Fund, they will be subordinated to the rights of holders of indebtedness and the claims of other creditors of the Fund. Therefore, dividends, distributions and other payments to New VRDP shareholders in liquidation or otherwise will be subject to prior payments due, if any, to the holders of indebtedness or other creditors of the Fund. Creditors of the Fund may include lenders and counterparties in connection with any borrowings, reverse repurchase agreements, delayed delivery purchases and/or forward delivery contracts or derivatives, including interest rate swaps or caps, entered into by the Fund.

Ratings Risk. There can be no assurance that any particular rating will be maintained at the level currently assigned to the New VRDP Shares. Ratings do not eliminate or mitigate the risks of investing in New VRDP Shares. A rating issued by a Rating Agency (including Moody’s and Fitch) is only the opinion of the entity issuing the rating at that time, and is not a guarantee as to quality, or an assurance of the future performance, of the rated security (in this case, New VRDP Shares). In addition, the manner in which the Rating Agency obtains and processes information about a particular security may affect the Rating Agency’s ability to react in a timely manner to changes in an issuer’s circumstances (in this case, the Fund) that could influence a particular rating. A Rating Agency downgrade of the New VRDP Shares that results in an increase in the Dividend Rate may make New VRDP Shares less liquid in the secondary market.

The ratings on the New VRDP Shares are not recommendations to purchase, hold, or sell those shares, inasmuch as the ratings do not comment as to market price or suitability for a particular investor. A Rating Agency could downgrade New VRDP Shares.

Risk of Mandatory and Optional Redemptions or Rate Period Change. The Fund may be forced to redeem New VRDP Shares to meet regulatory or Rating Agency requirements, or requirements under the Purchase Agreement, or may voluntarily redeem New VRDP Shares at any time, or may elect to make a Rate Period change, including in circumstances that are unfavorable to New VRDP shareholders, at times when attractive alternative investment opportunities for reinvestment of the redemption proceeds are not available. See “Redemption” and “Extension of Special Rate Period or Designation of New Special Rate Period” in the Notice of Special Rate Period.

Tax Risks. The Fund is relying on an opinion of counsel that the New VRDP Shares will qualify as stock in the Fund for U.S. federal income tax purposes. Because there is no direct legal authority on the classification of instruments similar to the New VRDP Shares, investors should be aware that the Internal Revenue Service and other governmental taxing authorities could assert a contrary position. See “Material U.S. Federal Income Tax Considerations.”

Multiple Series Risk. As of the date hereof, the Fund has three series of MFP Shares and three series of VRDP Shares outstanding. All Preferred Shares of the Fund have equal priority as to the payment of dividends

and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund, but to the extent that the terms of the various series or types of Preferred Shares differ, there is a risk that market or other events may impact one series of Preferred Shares differently from other series. If market or other events cause the Fund to breach covenants applicable to one series or type of Preferred Shares but not others, the Fund may nevertheless be granted discretion to redeem shares of any series of Preferred Shares, including the affected series, in order to restore compliance, subject to the redemption terms of each series. In addition, the voting power of certain series of Preferred Shares may be more concentrated than others. The Fund, without the consent of New VRDP shareholders, may from time to time issue additional Preferred Shares of a new or existing series with new financings, refinancing or reorganizations. The issuance by the Fund of additional Preferred Shares may require the consent of liquidity providers or other Fund counterparties.

Dividend Risk. The Fund may be unable to pay dividends on New VRDP Shares in extraordinary circumstances.

Liquidity Risk. Holders of New VRDP Shares may be unable to dispose of their New VRDP Shares and therefore may have to hold them for a longer period than initially contemplated under the Fund's governing documents, or even indefinitely.

Inflation Risk. Inflation is the reduction in the purchasing power of money resulting from the increase in the price of goods and services. Inflation risk is the risk that the inflation-adjusted (or "real") value of an investment in New VRDP Shares or the income from that investment will be worth less in the future. As inflation occurs, the real value of the New VRDP Shares and dividends on New VRDP Shares may decline.

Deflation Risk. Deflation risk is the risk that prices throughout the economy decline over time, which may have an adverse effect on the market valuation of companies, their assets and revenues. In addition, deflation may have an adverse effect on the creditworthiness of issuers and may make issuer default more likely, which may result in a decline in the value of the Fund's portfolio.

General Risks of Investing in the Fund

Credit Risk. Credit risk is the risk that one or more municipal securities in the Fund's portfolio will decline in price, or the issuer thereof will fail to pay interest or principal when due, because the issuer of the security experiences a decline in its financial status. In general, lower-rated municipal securities carry a greater degree of risk that the issuer will lose its ability to make interest and principal payments, which could have a negative impact on the Fund's net asset value or dividends. Credit risk is increased when a portfolio security is downgraded or the perceived creditworthiness of the issuer deteriorates. If a municipal security satisfies the rating requirements described below at the time of investment and is subsequently downgraded below that rating, the Fund will not be required to dispose of the security. If a downgrade occurs, the Sub-Adviser will consider what action, including the sale of the security, is in the best interests of the Fund and its shareholders. This means that the Fund may invest in municipal securities that are involved in bankruptcy or insolvency proceedings or are experiencing other financial difficulties at the time of acquisition (such securities are commonly referred to as distressed securities).

Credit Spread Risk. Credit spread risk is the risk that credit spreads (i.e., the difference in yield between securities that is due to differences in their credit quality) may increase when the market believes that municipal securities generally have a greater risk of default. Increasing credit spreads may reduce the market values of the Fund's securities. Credit spreads often increase more for lower rated and unrated securities than for investment grade securities. In addition, when credit spreads increase, reductions in market value will generally be greater for longer-maturity securities.

Below Investment Grade Risk. Municipal securities of below investment grade quality, commonly referred to as junk bonds, are regarded as having predominantly speculative characteristics with respect to capacity to pay

interest and repay principal when due, and are susceptible to default or decline in market value due to adverse economic and business developments. Also, to the extent that the rating assigned to a municipal security in the Fund's portfolio is downgraded by any NRSRO, the market price and liquidity of such security may be adversely affected. The market values for municipal securities of below investment grade quality tend to be volatile, and these securities are less liquid than investment grade municipal securities. For these reasons, an investment in the Fund, compared with a portfolio consisting solely of investment grade securities, may experience the following:

- increased price sensitivity resulting from changing interest rates and/or a deteriorating economic environment;
- greater risk of loss due to default or declining credit quality;
- adverse issuer specific events that are more likely to render the issuer unable to make interest and/or principal payments; and
- the possibility that a negative perception of the below investment grade market develops, resulting in the price and liquidity of below investment grade securities becoming depressed, and this negative perception could last for a significant period of time.

Adverse changes in economic conditions are more likely to lead to a weakened capacity of a below investment grade issuer to make principal payments and interest payments compared to an investment grade issuer. The principal amount of below investment grade securities outstanding has proliferated in the past decade as an increasing number of issuers have used below investment grade securities for financing. The current downturn may severely affect the ability of highly leveraged issuers to service their debt obligations or to repay their obligations upon maturity. As the national economy experiences the current economic downturn, resulting in decreased tax and other revenue streams of municipal issuers, or in the event interest rates rise sharply, increasing the interest cost on variable rate instruments and negatively impacting economic activity, the number of defaults by below investment grade municipal issuers is likely to increase. Similarly, downturns in profitability in specific industries could adversely affect private activity bonds. The market values of lower quality debt securities tend to reflect individual developments of the issuer to a greater extent than do higher quality securities, which react primarily to fluctuations in the general level of interest rates. In addition, the Fund may incur additional expenses to the extent it is required to seek recovery upon a default in payment of principal or interest on its portfolio holdings. In certain circumstances, the Fund may be required to foreclose on an issuer's assets and take possession of its property or operations. In such circumstances, the Fund would incur additional costs in disposing of such assets and potential liabilities from operating any business acquired.

The secondary market for below investment grade securities may not be as liquid as the secondary market for more highly rated securities, a factor that may have an adverse effect on the Fund's ability to dispose of a particular security. There are fewer dealers in the market for below investment grade municipal securities than the market for investment grade municipal securities. The prices quoted by different dealers for below investment grade municipal securities may vary significantly, and the spread between the bid and ask price is generally much larger for below investment grade municipal securities than for higher quality instruments. Under adverse market or economic conditions, the secondary market for below investment grade securities could contract further, independent of any specific adverse changes in the condition of a particular issuer, and these instruments may become illiquid. As a result, the Fund could find it more difficult to sell these securities or may be able to sell the securities only at prices lower than if such securities were widely traded. Prices realized upon the sale of such lower rated or unrated securities, under these circumstances, may be less than the prices used in calculating the Fund's net asset value.

Issuers of below investment grade securities are highly leveraged and may not have available to them more traditional methods of financing. Therefore, the risk associated with acquiring the securities of such issuers generally is greater than is the case with higher rated securities. For example, during an economic downturn or a sustained period of rising interest rates, highly leveraged issuers of below investment grade securities may experience financial stress. During such periods, such issuers may not have sufficient revenues to meet their

interest payment obligations. The issuer's ability to service its debt obligations also may be adversely affected by specific developments, the issuer's inability to meet specific projected forecasts or the unavailability of additional financing. The risk of loss from default by the issuer is significantly greater for the holders of below investment grade securities because such securities are generally unsecured and are often subordinated to other creditors of the issuer. Prices and yields of below investment grade securities will fluctuate over time and, during periods of economic uncertainty, volatility of below investment grade securities may adversely affect the Fund's net asset value. In addition, investments in below investment grade zero coupon bonds rather than income-bearing below investment grade securities may be more speculative and may be subject to greater fluctuations in value due to changes in interest rates.

Investments in lower rated or unrated securities may present special tax issues for the Fund to the extent that the issuers of these securities default on their obligations pertaining thereto, and the federal income tax consequences to the Fund as a holder of such distressed securities may not be clear.

Municipal Securities Market Risk. Investing in the municipal securities market involves certain risks. The municipal market is one in which dealer firms make markets in bonds on a principal basis using their proprietary capital, and during the 2008-2009 market turmoil these firms' capital was severely constrained. As a result, some firms were unwilling to commit their capital to purchase and to serve as a dealer for municipal securities. The amount of public information available about the municipal securities in the Fund's portfolio is generally less than that for corporate equities or bonds, and the investment performance of the Fund may therefore be more dependent on the analytical abilities of the Sub-Adviser than if the Fund were a stock fund or taxable bond fund. The secondary market for municipal securities, particularly the below investment grade bonds in which the Fund may invest, also tends to be less well-developed or liquid than many other securities markets, which may adversely affect the Fund's ability to sell its municipal securities at attractive prices or at prices approximating those at which the Fund currently values them. Municipal securities may contain redemption provisions, which may allow the securities to be called or redeemed prior to their stated maturity, potentially resulting in the distribution of principal and a reduction in subsequent interest distributions.

The ability of municipal issuers to make timely payments of interest and principal may be diminished during general economic downturns and as governmental cost burdens are reallocated among federal, state and local governments. In addition, laws enacted in the future by Congress or state legislatures or referenda could extend the time for payment of principal and/or interest, or impose other constraints on enforcement of such obligations, or on the ability of municipalities to levy taxes. Issuers of municipal securities might seek protection under the bankruptcy laws. In the event of bankruptcy of such an issuer, the Fund could experience delays in collecting principal and interest and the Fund may not, in all circumstances, be able to collect all principal and interest to which it is entitled. To enforce its rights in the event of a default in the payment of interest or repayment of principal, or both, the Fund may take possession of and manage the assets securing the issuer's obligations on such securities, which may increase the Fund's operating expenses. Any income derived from the Fund's ownership or operation of such assets may not be tax-exempt and may not be of the type that would allow the Fund to continue to qualify as a regulated investment company ("RIC") for federal income tax purposes.

Revenue bonds issued by state or local agencies to finance the development of low-income, multi-family housing involve special risks in addition to those associated with municipal securities generally, including that the underlying properties may not generate sufficient income to pay expenses and interest costs. These bonds are generally non-recourse against the property owner, may be junior to the rights of others with an interest in the properties, may pay interest that changes based in part on the financial performance of the property, may be prepayable without penalty and may be used to finance the construction of housing developments which, until completed and rented, do not generate income to pay interest. Additionally, unusually high rates of default on the underlying mortgage loans may reduce revenues available for the payment of principal or interest on such mortgage revenue bonds.

Special Risks Related to Certain Municipal Obligations. The Fund may invest in municipal leases and certificates of participation in such leases. Municipal leases and certificates of participation involve special risks

not normally associated with general obligations or revenue bonds. Leases and installment purchase or conditional sale contracts (which normally provide for title to the leased asset to pass eventually to the governmental issuer) have evolved as a means for governmental issuers to acquire property and equipment without meeting the constitutional and statutory requirements for the issuance of debt. The debt issuance limitations are deemed to be inapplicable because of the inclusion in many leases or contracts of “non-appropriation” clauses that relieve the governmental issuer of any obligation to make future payments under the lease or contract unless money is appropriated for such purpose by the appropriate legislative body on a yearly or other periodic basis. In addition, such leases or contracts may be subject to the temporary abatement of payments in the event the governmental issuer is prevented from maintaining occupancy of the leased premises or utilizing the leased equipment. Although the obligations may be secured by the leased equipment or facilities, the disposition of the property in the event of non-appropriation or foreclosure might prove difficult, time consuming and costly, and may result in a delay in recovering or the failure to fully recover the Fund’s original investment. In the event of non-appropriation, the issuer would be in default and taking ownership of the assets may be a remedy available to the Fund, although the Fund does not anticipate that such a remedy would normally be pursued. To the extent that the Fund invests in unrated municipal leases or participates in such leases, the credit quality rating and risk of cancellation of such unrated leases will be monitored on an ongoing basis. Certificates of participation, which represent interests in unmanaged pools of municipal leases or installment contracts, involve the same risks as the underlying municipal leases. In addition, the Fund may be dependent upon the municipal authority issuing the certificates of participation to exercise remedies with respect to the underlying securities. Certificates of participation also entail a risk of default or bankruptcy, both of the issuer of the municipal lease and also the municipal agency issuing the certificate of participation.

Tobacco Settlement Bond Risk. Tobacco settlement bonds are municipal securities that are backed solely by expected revenues to be derived from lawsuits involving tobacco related deaths and illnesses which were settled between certain states and American tobacco companies. Tobacco settlement bonds are secured by an issuing state’s proportionate share in the Master Settlement Agreement (“MSA”). The MSA is an agreement reached out of court in November 1998 between 46 states and nearly all of the U.S. tobacco manufacturers. Under the terms of the MSA, the actual amount of future settlement payments by tobacco manufacturers is dependent on many factors, including, but not limited to, annual domestic cigarette shipments, reduced cigarette consumption, increased taxes on cigarettes, inflation, financial capability of tobacco companies, continuing litigation and the possibility of tobacco manufacturer bankruptcy. If the volume of cigarettes shipped in the U.S. by manufacturers participating in the settlement decreases significantly, payments due from them will also decrease. Demand for cigarettes in the United States could continue to decline due to price increases needed to recoup the cost of payments by tobacco companies. Demand could also be affected by anti-smoking campaigns, tax increases, reduced advertising, and enforcement of laws prohibiting sales to minors; elimination of certain sales venues such as vending machines; and the spread of local ordinances restricting smoking in public places. As a result, payments made by tobacco manufacturers could be negatively impacted if the decrease in tobacco consumption is significantly greater than the forecasted decline. A market share loss by the MSA companies to non-MSA participating tobacco manufacturers would cause a downward adjustment in the payment amounts. A participating manufacturer filing for bankruptcy also could cause delays or reductions in bond payments. The MSA itself has been subject to legal challenges and has, to date, withstood those challenges.

Zero Coupon Bonds Risk. Because interest on zero coupon bonds is not paid on a current basis, the values of zero coupon bonds will be more volatile in response to interest rate changes than the values of bonds that distribute income regularly. Although zero coupon bonds generate income for accounting purposes, they do not produce cash flow, and thus the Fund could be forced to liquidate securities at an inopportune time in order to generate cash to distribute to shareholders as required by federal income tax law.

Interest Rate Risk. Generally, when market interest rates rise, bond prices fall, and vice versa. Interest rate risk is the risk that the municipal securities in the Fund’s portfolio will decline in value because of increases in market interest rates. As interest rates decline, issuers of municipal securities may prepay principal earlier than scheduled, forcing the Fund to reinvest in lower-yielding securities and potentially reducing the Fund’s income.

As interest rates increase, slower than expected principal payments may extend the average life of securities, potentially locking in a below-market interest rate and reducing the Fund's value. In typical market interest rate environments, the prices of longer-term municipal securities generally fluctuate more than prices of shorter-term municipal securities as interest rates change. Because the Fund will invest in long-term municipal securities, the common share net asset value and market price per share will fluctuate more in response to changes in market interest rates than if the Fund invested primarily in shorter-term municipal securities. In comparison to maturity (which is the date on which a debt instrument ceases and the issuer is obligated to repay the principal amount), duration is a measure of the price volatility of a debt instrument as a result of changes in market rates of interest, based on the weighted average timing of the instrument's expected principal and interest payments. Duration differs from maturity in that it considers a security's yield, coupon payments, principal payments and call features in addition to the amount of time until the security finally matures. As the value of a security changes over time, so will its duration.

Prices of securities with longer durations tend to be more sensitive to interest rate changes than securities with shorter durations. In general, a portfolio of securities with a longer duration can be expected to be more sensitive to interest rate changes than a portfolio with a shorter duration. For example, the price of a bond with an effective duration of two years will rise (fall) two percent for every one percent decrease (increase) in its yield, and the price of a five-year duration bond will rise (fall) five percent for a one percent decrease (increase) in its yield. Greater sensitivity to changes in interest rates typically corresponds to higher volatility and higher risk.

Yield curve risk is the risk associated with either a flattening or steepening of the yield curve, which is a result of changing yields among comparable bonds with different maturities. When market interest rates, or yields, increase, the price of a bond will decrease and vice versa. When the yield curve shifts, the price of the bond, which was initially priced based on the initial yield curve, will change in price. If the yield curve flattens, then the yield spread between long- and short-term interest rates narrows, and the price of the bond will change accordingly. If the bond is short-term and the yield decreases, the price of this bond will increase. If the yield curve steepens, this means that the spread between long- and short-term interest rates increases. Therefore, long-term bond prices, like the ones held by the Fund, will decrease relative to short-term bonds. Changes in the yield curve are based on bond risk premiums and expectations of future interest rates.

Because the values of lower-rated and comparable unrated debt securities are affected both by credit risk and interest rate risk, the price movements of such lower grade securities typically have not been highly correlated to the fluctuations of the prices of investment grade quality securities in response to changes in market interest rates. The Fund's investments in inverse floating rate securities, as described herein under "Inverse Floating Rate Securities Risk," will tend to increase common share interest rate risk.

London Interbank Offered Rate ("LIBOR") Replacement Risk. LIBOR is an index rate that historically has been widely used in lending transactions and remains a common reference rate for setting the floating interest rate on private loans. The use of LIBOR is being phased out, which may adversely affect the Fund's investments whose value is tied to LIBOR. While the Secured Overnight Financing Rate ("SOFR") has been recommended as the replacement rate for LIBOR, and some product markets have adopted the use of SOFR, LIBOR may still be used as a reference rate until such time that private markets have fully transitioned to using SOFR or other alternative reference rates recommended by applicable market regulators. The transition process away from LIBOR may involve, among other things, increased volatility or illiquidity in markets for instruments that currently rely on LIBOR. The potential effect of a discontinuation of LIBOR on the Fund's investments will vary depending on, among other things: (1) existing fallback provisions that provide a replacement reference rate if LIBOR is no longer available; (2) termination provisions in individual contracts; and (3) how, and when industry participants develop and adopt new reference rates and fallbacks for both legacy and new products and instruments held by the Fund. Accordingly, it is difficult to predict the full impact of the transition away from LIBOR until it is clearer how the Fund's products and instruments will be impacted by this transition.

Distressed Securities Risk. The Fund may invest to a limited extent in securities rated CCC+/Caa1 or lower, or unrated but judged by the Sub-Adviser to be of comparable quality. Some or many of these low-rated

securities, although not in default, may be “distressed,” meaning that the issuer is experiencing financial difficulties or distress at the time of acquisition. Such securities would present a substantial risk of future default which may cause the Fund to incur losses, including additional expenses, to the extent it is required to seek recovery upon a default in the payment of principal or interest on those securities. In any reorganization or liquidation proceeding relating to a portfolio security, the Fund may lose its entire investment or may be required to accept cash or securities with a value less than its original investment. Distressed securities may be subject to restrictions on resale.

Puerto Rico Municipal Securities Market Risk. To the extent that the Fund invests a significant portion of its assets in the securities issued by the Commonwealth of Puerto Rico or its political subdivisions, agencies, instrumentalities, or public corporations (collectively referred to in this prospectus as “Puerto Rico” or the “Commonwealth”), it will be disproportionately affected by political, social and economic conditions and developments in the Commonwealth. In addition, economic, political or regulatory changes in that territory could adversely affect the value of the Fund’s investment portfolio.

Puerto Rico currently is experiencing significant fiscal and economic challenges, including substantial debt service obligations, high levels of unemployment, underfunded public retirement systems, and persistent government budget deficits. These challenges may negatively affect the value of the Fund’s investments in Puerto Rican municipal securities. Major ratings agencies have downgraded the general obligation debt of Puerto Rico to below investment grade and continue to maintain a negative outlook for this debt, which increases the likelihood that the rating will be lowered further. In both August 2015 and January 2016, Puerto Rico defaulted on its debt by failing to make full payment due on its outstanding bonds, and there can be no assurance that Puerto Rico will be able to satisfy its future debt obligations. Further downgrades or defaults may place additional strain on the Puerto Rico economy and may negatively affect the value, liquidity, and volatility of the Fund’s investments in Puerto Rican municipal securities. Legislation, including legislation that would allow Puerto Rico to restructure its municipal debt obligations, thus increasing the risk that Puerto Rico may never pay off municipal indebtedness, or may pay only a small fraction of the amount owed, could also impact the value of the Fund’s investments in Puerto Rican municipal securities.

These challenges and uncertainties have been exacerbated by Hurricane Maria and the resulting natural disaster in Puerto Rico. In September 2017, Hurricane Maria struck Puerto Rico, causing major damage across the Commonwealth, including damage to its water, power, and telecommunications infrastructure. The length of time needed to rebuild Puerto Rico’s infrastructure is unclear, but could amount to years, during which the Commonwealth is likely to be in an uncertain economic state. The full extent of the natural disaster’s impact on Puerto Rico’s economy and foreign investment in Puerto Rico is difficult to estimate.

Puerto Rico’s political and economic conditions could have a negative impact on the liquidity or value of Puerto Rican municipal securities, and consequently may affect the Fund’s investments and its performance if the Fund invests a significant portion of its assets in Puerto Rican municipal securities.

Economic and Political Events Risk. The Fund may be more sensitive to adverse economic, business or political developments if it invests a substantial portion of its assets in the bonds of similar projects (such as those relating to the education, health care, housing, transportation, or utilities industries), industrial development bonds, or in particular types of municipal securities (such as general obligation bonds, private activity bonds or moral obligation bonds). Such developments may adversely affect a specific industry or local political and economic conditions, and thus may lead to declines in the bonds’ creditworthiness and value.

Global Economic Risk. National and regional economies and financial markets are becoming increasingly interconnected, which increases the possibilities that conditions in one country, region or market might adversely impact issuers in a different country, region or market. Changes in legal, political, regulatory, tax and economic conditions may cause fluctuations in markets and investments prices around the world, which could negatively impact the value of the Fund’s investments. Major economic or political disruptions, particularly in large

economies like China's, may have global negative economic and market repercussions. Additionally, instability in various countries, such as Afghanistan and Syria, natural and environmental disasters and the spread of infectious illnesses or other public health emergencies, possible terrorist attacks in the United States and around the world, continued tensions between North Korea and the United States and the international community generally, growing social and political discord in the United States, the European debt crisis, the response of the international community—through economic sanctions and otherwise—further downgrade of U.S. government securities, the change in the U.S. president and the new administration and other similar events may adversely affect the global economy and the markets and issuers in which the Fund invests. Recent examples of such events include the outbreak of a novel coronavirus known as COVID-19 that was first detected in China in December 2019 and heightened concerns regarding North Korea's nuclear weapons and long-range ballistic missile programs. In addition, Russia's recent invasion of Ukraine in February 2022 has resulted in sanctions imposed by several nations, such as the United States, United Kingdom, European Union and Canada. The current sanctions and potential further sanctions may negatively impact certain sectors of Russia's economy, but also may negatively impact the value of the Fund's investments that do not have direct exposure to Russia. These events could reduce consumer demand or economic output, result in market closure, travel restrictions or quarantines, and generally have a significant impact on the economy. These events could also impair the information technology and other operational systems upon which the Fund's service providers, including the Adviser and the Sub-Adviser, rely, and could otherwise disrupt the ability of employees of the Fund's service providers to perform essential tasks on behalf of the Fund.

The Fund does not know and cannot predict how long the securities markets may be affected by these events and the effects of these and similar events in the future on the U.S. economy and securities markets. The Fund may be adversely affected by abrogation of international agreements and national laws which have created the market instruments in which the Fund may invest, failure of the designated national and international authorities to enforce compliance with the same laws and agreements, failure of local, national and international organizations to carry out the duties prescribed to them under the relevant agreements, revisions of these laws and agreements which dilute their effectiveness or conflicting interpretation of provisions of the same laws and agreements.

Governmental and quasi-governmental authorities and regulators throughout the world have in the past responded to major economic disruptions with a variety of significant fiscal and monetary policy changes, including but not limited to, direct capital infusions into companies, new monetary programs and dramatically lower interest rates. An unexpected or quick reversal of these policies, or the ineffectiveness of these policies, could increase volatility in securities markets, which could adversely affect the Fund's investments. See “—Recent Market Conditions” below.

Recent Market Conditions. Periods of unusually high financial market volatility and restrictive credit conditions, at times limited to a particular sector or geographic area, have occurred in the past and may be expected to recur in the future. Some countries, including the United States, have adopted or have signaled protectionist trade measures, relaxation of the financial industry regulations that followed the financial crisis, and/or reductions to corporate taxes. The scope of these policy changes is still developing, but the equity and debt markets may react strongly to expectations of change, which could increase volatility, particularly if a resulting policy runs counter to the market's expectations. The outcome of such changes cannot be foreseen at the present time. In addition, geopolitical and other risks, including environmental and public health risks, may add to instability in the world economy and markets generally. As a result of increasingly interconnected global economies and financial markets, the value and liquidity of the Fund's investments may be negatively affected by events impacting a country or region, regardless of whether the Fund invests in issuers located in or with significant exposure to such country or region.

The current outbreak of COVID-19 has resulted in instances of market closures and dislocations, extreme volatility, liquidity constraints and increased trading costs. Efforts to contain the spread of COVID-19 have resulted in travel restrictions, closed international borders, disruptions of healthcare systems, business operations

(including business closures) and supply chains, layoffs, lower consumer demand and employee availability, defaults and credit downgrades, among other significant economic impacts, all of which have disrupted global economic activity across many industries and may exacerbate other pre-existing political, social and economic risks, locally or globally and cause general concern and uncertainty. The full economic impact and ongoing effects of COVID-19 (or other future epidemics or pandemics) at the macro-level and on individual businesses are unpredictable and may result in significant and prolonged effects on the Fund's performance. To the extent the impacts of COVID-19 continue, the Fund may experience negative impacts to its business that could exacerbate other risks to which the Fund is subject, including operational impacts on and availability of key personnel of Nuveen Fund Advisors, Nuveen Asset Management, and/or any of the Fund's other service providers, vendors and counterparties as they face changed circumstances and/or illness related to the pandemic.

Governmental authorities and regulators throughout the world, such as the U.S. Federal Reserve, have in the past responded to major economic disruptions with changes to fiscal and monetary policy, including but not limited to, direct capital infusions, new monetary programs, and dramatically lower interest rates. Certain of those policy changes are being implemented or considered in response to the COVID-19 outbreak. Such policy changes may adversely affect the value, volatility and liquidity of instruments in which the Fund invests.

On June 23, 2016, the UK held a referendum on whether to remain a member state of the EU, in which voters favored the UK's withdrawal from the EU, an event widely referred to as "Brexit." On January 31, 2020, the UK formally withdrew from the EU. The transition period concluded on December 31, 2020, and EU law no longer applies in the UK. On December 30, 2020, the UK and EU signed the UK/EU Trade Agreement, which went into effect on January 1, 2021 and sets out the foundation of the economic and legal framework for trade between the UK and EU. As the UK/EU Trade Agreement is a new legal framework, the implementation of the UK/EU Trade Agreement may result in uncertainty in its application and periods of volatility in both the UK and wider European markets. The longer term economic, legal, political and social framework to be put in place between the UK and the EU are unclear at this stage, remain subject to negotiation and are likely to lead to ongoing political and economic uncertainty and periods of exacerbated volatility in both the UK and in wider European markets for some time. The outcomes may cause increased volatility and have a significant adverse impact on world financial markets, other international trade agreements, and the UK and European economies, as well as the broader global economy for some time. Additionally, a number of countries in Europe have suffered terror attacks, and additional attacks may occur in the future. Ukraine has experienced ongoing military conflict, most recently in February 2022 when Russia invaded Ukraine; this conflict may expand and military attacks could occur elsewhere in Europe. Europe has also been struggling with mass migration from the Middle East and Africa. The ultimate effects of these events and other socio-political or geographical issues are not known but could profoundly affect global economies and markets.

The ongoing trade war between China and the United States, including the imposition of tariffs by each country on the other country's products, has created a tense political environment. These actions may trigger a significant reduction in international trade, the oversupply of certain manufactured goods, substantial price reductions of goods and possible failure of individual companies and/or large segments of China's export industry, which could have a negative impact on the Fund's performance. U.S. companies that source material and goods from China and those that make large amounts of sales in China would be particularly vulnerable to an escalation of trade tensions. Uncertainty regarding the outcome of the trade tensions and the potential for a trade war could cause the U.S. dollar to decline against safe haven currencies, such as the Japanese yen and the euro. Events such as these and their consequences are difficult to predict and it is unclear whether further tariffs may be imposed or other escalating actions may be taken in the future.

The impact of these developments in the near- and long-term is unknown and could have additional adverse effects on economies, financial markets and asset valuations around the world.

Inverse Floating Rate Securities Risk. The Fund may invest in inverse floating rate securities. Typically, inverse floating rate securities represent beneficial interests in a special purpose trust (sometimes called a "tender

option bond trust”) formed by a third party sponsor for the purpose of holding municipal bonds. In general, income on inverse floating rate securities will decrease when interest rates increase and increase when interest rates decrease. Thus, distributions paid to the Fund on its inverse floaters will be reduced or even eliminated as short-term municipal interest rates rise and will increase when short-term municipal rates fall. Inverse floating rate securities generally will underperform the market for fixed rate municipal bonds in a rising interest rate environment. Investments in inverse floating rate securities may subject the Fund to the risks of reduced or eliminated interest payments and losses of principal.

The Fund may invest in inverse floating rate securities issued by special purpose trusts that have recourse to the Fund. In the Adviser and/or the Sub-Adviser’s discretion, the Fund may enter into a separate shortfall and forbearance agreement with the third party sponsor of a special purpose trust. The Fund may enter into such recourse agreements (i) when the liquidity provider to the special purpose trust requires such an agreement because the level of leverage in the trust exceeds the level that the liquidity provider is willing to support absent such an agreement; and/or (ii) to seek to prevent the liquidity provider from collapsing the trust in the event that the municipal obligation held in the trust has declined in value. Such an agreement would require the Fund to reimburse the third party sponsor of the trust, upon termination of the trust issuing the inverse floater, the difference between the liquidation value of the bonds held in the trust and the principal amount due to the holders of floating rate interests. In such instances, the Fund may be at risk of loss that exceeds its investment in the inverse floating rate securities.

Because of the leveraged nature of such investments, inverse floating rate securities may increase or decrease in value at a greater rate than the underlying fixed rate municipal bonds held by the tender option bond. As a result, the market value of such securities generally is more volatile than that of fixed rate securities.

The Fund’s investments in inverse floating rate securities issued by special purpose trusts that have recourse to the Fund may be highly leveraged. The structure and degree to which the Fund’s inverse floating rate securities are highly leveraged will vary based upon a number of factors, including the size of the trust itself and the terms of the underlying municipal security. An inverse floating rate security generally is considered highly leveraged if the principal amount of the short-term floating rate interests issued by the related special purpose trust has a three to one gearing to the principal amount of the inverse floating rate securities owned by the trust. In the event of a significant decline in the value of an underlying security, the Fund may suffer losses in excess of the amount of its investment (up to an amount equal to the value of the municipal securities underlying the inverse floating rate securities) as a result of liquidating special purpose trusts or other collateral in connection with managing the overall economic effect of leverage on the Fund.

The economic effect of leverage created through the Fund’s investments in inverse floating rate securities will create an opportunity for increased common share net income and returns, but will also create the possibility that common share long-term returns will be diminished if the cost of leverage exceeds the return on the inverse floating rate securities purchased by the Fund.

Inverse floating rate securities have varying degrees of liquidity based, among other things, upon the liquidity of the underlying securities deposited in a special purpose trust. The market price of inverse floating rate securities is more volatile than the underlying securities due to leverage. The leverage attributable to such inverse floating rate securities may be “called away” on relatively short notice and therefore may be less permanent than more traditional forms of leverage. In certain circumstances, the likelihood of an increase in the volatility of net asset value and market price of the common shares may be greater for a fund (like the Fund) that relies primarily on inverse floating rate securities to achieve the economic effect of leverage. The Fund may be required to sell its inverse floating rate securities at less than favorable prices, or liquidate other Fund portfolio holdings in certain circumstances, including, but not limited to, the following:

- If the Fund has a need for cash and the securities in a special purpose trust are not actively trading due to adverse market conditions;

- If special purpose trust sponsors (as a collective group or individually) experience financial hardship and consequently seek to terminate their respective outstanding trusts; and
- If the value of an underlying security declines significantly (to a level below the notional value of the floating rate securities issued by the trust) and if additional collateral has not been posted by the Fund.

The amount of fees paid to the Adviser (which in turn pays a portion of its fees to the Sub-Adviser) for investment advisory services will be higher if the Fund uses leverage because the fees will be calculated based on the Fund's net assets—this may create an incentive for the Adviser and/or the Sub-Adviser to leverage the Fund.

There is no assurance that the Fund's strategy of investing in inverse floating rate securities will be successful.

Insurance Risk. The Fund may purchase municipal securities that are secured by insurance, bank credit agreements or escrow accounts. The credit quality of the companies that provide such credit enhancements will affect the value of those securities. Certain significant providers of insurance for municipal securities have incurred significant losses as a result of exposure to sub-prime mortgages and other lower credit quality investments that have experienced defaults or otherwise suffered extreme credit deterioration. As a result, such losses have reduced the insurers' capital and called into question their continued ability to perform their obligations under such insurance if they are called upon to do so in the future. While an insured municipal security will typically be deemed to have the rating of its insurer, if the insurer of a municipal security suffers a downgrade in its credit rating or the market discounts the value of the insurance provided by the insurer, the rating of the underlying municipal security will be more relevant and the value of the municipal security would more closely, if not entirely, reflect such rating. In such a case, the value of insurance associated with a municipal security would decline and may not add any value. The insurance feature of a municipal security does not guarantee the full payment of principal and interest through the life of an insured obligation, the market value of the insured obligation or the net asset value of the common shares represented by such insured obligation.

Tax Risk. To qualify for the favorable federal income tax treatment generally accorded to a RIC, the Fund must, among other requirements, derive in each taxable year at least 90% of its gross income from certain prescribed sources and satisfy a diversification test on a quarterly basis. If the Fund fails to satisfy the qualifying income or diversification requirements in any taxable year, the Fund may be eligible for relief provisions if the failures are due to reasonable cause and not willful neglect and if a penalty tax is paid with respect to each failure to satisfy the applicable requirements. Additionally, relief is provided for certain *de minimis* failures of the diversification requirements where the Fund corrects the failure within a specified period. In order to be eligible for the relief provisions with respect to a failure to meet the diversification requirements, the Fund may be required to dispose of certain assets. If these relief provisions were not available to the Fund and it were to fail to qualify for treatment as a RIC for a taxable year, all of its taxable income (including its net capital gain) would be subject to federal income tax at the 21% regular corporate rate without any deduction for distributions to shareholders, and such distributions would be taxable for federal income tax purposes as ordinary dividends to the extent of the Fund's current and accumulated earnings and profits.

To qualify to pay exempt-interest dividends, which are treated as items of interest excludable from gross income for federal income tax purposes, at least 50% of the value of the total assets of the Fund must consist of obligations exempt from regular income tax as of the close of each quarter of the Fund's taxable year. If the proportion of taxable investments held by the Fund exceeded 50% of the Fund's total assets as of the close of any quarter of the Fund's taxable year, the Fund would not for that taxable year satisfy the general eligibility test that would permit it to pay exempt-interest dividends for that taxable year.

The value of the Fund's investments and its net asset value may be adversely affected by changes in tax rates and policies. Because interest income from municipal securities held by the Fund is normally not subject to regular federal income tax, the attractiveness of municipal securities in relation to other investment alternatives is

affected by changes in federal income tax rates or changes in the tax-exempt status of interest income from municipal securities. Any proposed or actual changes in such rates or exempt status, therefore, can significantly affect the demand for and supply, liquidity and marketability of municipal securities. This could in turn affect the Fund's net asset value and ability to acquire and dispose of municipal securities at desirable yield and price levels. Additionally, the Fund is not a suitable investment for individual retirement accounts, for other tax-exempt or tax-advantaged accounts or for investors who are not sensitive to the federal income tax consequences of their investments.

Generally, the Fund's investments in inverse floating rate securities do not generate taxable income for federal income tax purposes.

Alternative Minimum Tax Risk. The Fund may invest in municipal securities that pay interest that is taxable under the federal alternative minimum tax applicable to individuals ("AMT Bonds"). Therefore, a portion of the Fund's otherwise exempt-interest dividends may be taxable to those shareholders subject to the federal alternative minimum tax.

Taxability Risk. The Fund will invest in municipal securities in reliance at the time of purchase on an opinion of bond counsel to the issuer that the interest paid on those securities will be excludable from gross income for federal income tax purposes, and neither the Investment Adviser nor the Sub-Adviser will independently verify that opinion. Subsequent to the Fund's acquisition of such a municipal security, however, the security may be determined to pay, or to have paid, taxable income. As a result, the treatment of dividends previously paid or to be paid by the Fund as "exempt-interest dividends" could be adversely affected, subjecting the Fund's shareholders to increased federal income tax liabilities.

Distributions of taxable ordinary income (including any net short-term capital gain) will be taxable to shareholders as ordinary income (and not eligible for favorable taxation as "qualified dividend income"), and capital gain dividends will be taxable as long-term capital gains. See "Material U.S. Federal Income Tax Considerations."

Derivatives Risk. The Fund's use of derivatives involves risks different from, and possibly greater than, the risks associated with investing directly in the investments underlying the derivatives. Whether the Fund's use of derivatives is successful will depend on, among other things, if the Adviser and Sub-Adviser correctly forecasts market values, interest rates and other applicable factors. If the Adviser and Sub-Adviser incorrectly forecasts these and other factors, the investment performance of the Fund will be unfavorably affected. The derivatives market is subject to a changing regulatory environment. It is possible that regulatory or other developments in the derivatives market could adversely affect the Fund's ability to successfully use derivative instruments.

Risk of Swaps and Swap Options. The Fund may enter into debt-related derivatives instruments including credit default swap contracts and interest rate swaps. Like most derivative instruments, the use of swaps is a highly specialized activity that involves investment techniques and risks different from those associated with ordinary portfolio securities transactions. In addition, the use of swaps requires an understanding by the Adviser and/or the Sub-Adviser not only of the referenced asset, rate or index, but also of the swap itself. If the Adviser and/or the Sub-Adviser is incorrect in its forecasts of default risks, market spreads or other applicable factors or events, the investment performance of the Fund would diminish compared with what it would have been if these techniques were not used. As the protection seller in a credit default swap, the Fund effectively adds economic leverage to its portfolio because, in addition to being subject to investment exposure on its total net assets, the Fund is subject to investment exposure on the notional amount of the swap.

The Fund generally may only close out a swap, cap, floor, collar or other two-party contract with its particular counterparty, and generally may only transfer a position with the consent of that counterparty. Because they are two-party contracts and because they may have terms of greater than seven days, swap agreements may be considered to be illiquid. In addition, the price at which the Fund may close out such a two-party contract may

not correlate with the price change in the underlying reference asset. Moreover, the Fund bears the risk of loss of the amount expected to be received under a swap agreement in the event of the default or bankruptcy of a swap agreement counterparty. If the counterparty defaults, the Fund will have contractual remedies, but there can be no assurance that the counterparty will be able to meet its contractual obligations or that the Fund will succeed in enforcing its rights.

The Fund may write (sell) and purchase put and call swap options. When the Fund purchases a swap option, it risks losing only the amount of the premium it has paid should it decide to let the option expire unexercised. When the Fund writes a swap option, upon exercise of the option the Fund would become obligated according to the terms of the underlying agreement.

It is possible that regulatory or other developments in the derivatives market, including the SEC's recently adopted new Rule 18f-4 under the 1940 Act, which imposes limits on the amount of derivatives a fund can enter into, could adversely affect the Fund's ability to successfully use derivative instruments.

Legislation and Regulatory Risk. At any time after the date of this Memorandum, legislation or additional regulations may be enacted that could negatively affect the assets of the Fund, investments held by the Fund or the issuers of such investments. Changing approaches to regulation may have a negative impact on the entities and/or investments in which the Fund invests. Legislation or regulation may also change the way in which the Fund itself is regulated. Fund shareholders may incur increased costs resulting from such legislation or additional regulation. There can be no assurance that future legislation, regulation or deregulation will not have a material adverse effect on the Fund or will not impair the ability of the Fund to achieve its investment objective.

Additionally, the Fund is operated by persons who have claimed an exclusion, granted to operators of registered investment companies like the Fund, from registration as a "commodity pool operator" under Rule 4.5 promulgated by the Commodity Futures Trading Commission ("CFTC") pursuant to its authority under the Commodity Exchange Act (the "CEA") and, therefore, is not subject to registration or regulation as a "commodity pool operator." As a result, the Fund is limited in its ability to use commodity futures (which include futures on broad-based securities indexes and interest rate futures) or options on commodity futures, engage in swaps transactions or make certain other investments (whether directly or indirectly through investments in other investment vehicles) for purposes other than bona fide hedging. With respect to transactions other than for bona fide hedging purposes, either: (1) the aggregate initial margin and premiums required to establish the Fund's positions in such investments may not exceed 5% of the liquidation value of the Fund's portfolio (after accounting for unrealized profits and unrealized losses on any such investments); or (2) the aggregate net notional value of such instruments, determined at the time the most recent position was established, may not exceed 100% of the liquidation value of the Fund's portfolio (after accounting for unrealized profits and unrealized losses on any such positions). In addition to meeting one of the foregoing trading limitations, the Fund may not market itself as a commodity pool or otherwise as a vehicle for trading in the futures, options or swaps markets. If the Fund does not continue to claim the exclusion, it would likely become subject to registration and regulation as a commodity pool operator. The Fund may incur additional expenses as a result of the CFTC's registration and regulatory requirements.

Clearing Broker and Central Clearing Counterparty Risk. The CEA requires swaps and futures clearing brokers registered as "futures commission merchants" to segregate all funds received from customers with respect to any orders for the purchase or sale of U.S. domestic futures contracts and cleared swaps from the brokers' proprietary assets. Similarly, the CEA requires each futures commission merchant to hold in separate secure accounts all funds received from customers with respect to any orders for the purchase or sale of foreign futures contracts and cleared swaps and segregate any such funds from the funds received with respect to domestic futures contracts. However, all funds and other property received by a clearing broker from its customers are held by the clearing broker on a commingled basis in an omnibus account and may be invested in certain instruments permitted under applicable regulations. There is a risk that assets deposited by the Fund with any swaps or futures clearing broker as margin for futures contracts or cleared swaps may, in certain

circumstances, be used to satisfy losses of other clients of the Fund's clearing broker. In addition, the assets of the Fund might not be fully protected in the event of the Fund's clearing broker's bankruptcy, as the Fund would be limited to recovering only a *pro rata* share of all available funds segregated on behalf of the clearing broker's customers for the relevant account class. Similarly, the CEA requires a clearing organization approved by the CFTC as a derivatives clearing organization to segregate all funds and other property received from a clearing member's clients in connection with domestic cleared derivative contracts from any funds held at the clearing organization to support the clearing member's proprietary trading. Nevertheless, all customer funds held at a clearing organization in connection with any futures contracts are held in a commingled omnibus account and are not identified to the name of the clearing member's individual customers. All customer funds held at a clearing organization with respect to cleared swaps of customers of a clearing broker are also held in an omnibus account, but CFTC rules require that the clearing broker notify the clearing organization of the amount of the initial margin provided by the clearing broker to the clearing organization that is attributable to each customer. With respect to futures and options contracts, a clearing organization may use assets of a non-defaulting customer held in an omnibus account at the clearing organization to satisfy payment obligations of a defaulting customer of the clearing member to the clearing organization. With respect to cleared swaps, a clearing organization generally cannot do so, but may do so if the clearing member does not provide accurate reporting to the clearing organization as to the attribution of margin among its clients. Also, since clearing brokers generally provide to clearing organizations the net amount of variation margin required for cleared swaps for all of its customers in the aggregate, rather than the gross amount of each customer, the Fund is subject to the risk that a clearing organization will not make variation margin payments owed to the Fund if another customer of the clearing member has suffered a loss and is in default. As a result, in the event of a default or the clearing broker's other clients or the clearing broker's failure to extend its own funds in connection with any such default, the Fund may not be able to recover the full amount of assets deposited by the clearing broker on behalf of the Fund with the clearing organization.

Hedging Risk. The Fund's use of derivatives or other transactions to reduce risk involves costs and will be subject to the Adviser and Sub-Adviser's ability to predict correctly changes in the relationships of such hedge instruments to the Fund's portfolio holdings or other factors. No assurance can be given that the Adviser and Sub-Adviser's judgment in this respect will be correct. In addition, no assurance can be given that the Fund will enter into hedging or other transactions at times or under circumstances in which it may be advisable to do so.

Other Investment Companies Risk. The Fund may invest in the securities of other investment companies. Such securities may be leveraged. As a result, the Fund may be indirectly exposed to leverage through an investment in such securities. Utilization of leverage is a speculative investment technique and involves certain risks. An investment in securities of other investment companies that are leveraged may expose the Fund to higher volatility in the market value of such securities and the possibility that the Fund's long-term returns on such securities will be diminished. An ETF that is based on a specific index, whether stock or otherwise, may not be able to replicate and maintain exactly the composition and relative weighting of securities in the index. An ETF also incurs certain expenses not incurred by its applicable index. The market value of shares of ETFs and closed-end funds may differ from their net asset value.

Counterparty Risk. Changes in the credit quality of the companies that serve as the Fund's counterparties with respect to derivatives, insured municipal securities or other transactions supported by another party's credit will affect the value of those instruments. Certain entities that have served as counterparties in the markets for these transactions have recently incurred significant financial hardships including bankruptcy and losses as a result of exposure to sub-prime mortgages and other lower quality credit investments that have experienced recent defaults or otherwise suffered extreme credit deterioration. As a result, such hardships have reduced these entities' capital and called into question their continued ability to perform their obligations under such transactions. By using such derivatives or other transactions, the Fund assumes the risk that its counterparties could experience similar financial hardships.

Reverse Repurchase Agreement Risk. Reverse repurchase agreements involve the sale of securities held by the Fund with an agreement to repurchase the securities at an agreed-upon price and date, thereby establishing an

effective interest rate. The Fund's use of reverse repurchase agreements, in economic essence, constitute a secured borrowing by the Fund from the security purchaser. The Fund may enter into reverse repurchase agreements for the purpose of creating a leveraged investment exposure and, as such, their usage involves essentially the same risks associated with a leveraging strategy generally since the proceeds from these agreements may be invested in additional securities. Reverse repurchase agreements tend to be short-term in tenor, and there can be no assurances that the purchaser (lender) will commit to extend or "roll" a given agreement upon its agreed-upon repurchase date or an alternative purchaser can be identified on similar terms.

Reverse repurchase agreements also involve the risk that the purchaser fails to return the securities as agreed upon, files for bankruptcy or becomes insolvent. The Fund may be restricted from taking normal portfolio actions during such time, could be subject to loss to the extent that the proceeds of the agreement are less than the value of securities subject to the agreement and may experience adverse tax consequences.

Illiquid Securities Risk. The Fund may invest in municipal securities and other instruments that, at the time of investment, are illiquid. Illiquid securities are securities that are not readily marketable and may include some restricted securities, which are securities that may not be resold to the public without an effective registration statement under the Securities Act, if they are unregistered, may be sold only in a privately negotiated transaction or pursuant to an exemption from registration. Illiquid securities involve the risk that the securities will not be able to be sold at the time desired by the Fund or at prices approximating the value at which the Fund is carrying the securities on its books.

Market Disruption Risk. Certain events have a disruptive effect on the securities markets, such as terrorist attacks, war, pandemics and other geopolitical events. The Fund cannot predict the effects of similar events in the future on the U.S. economy. Below-investment-grade securities tend to be more volatile than higher rated securities, meaning that these events and any actions resulting from them may have a greater impact on the prices and volatility of below-investment-grade securities than on higher rated securities.

Municipal Bond Market Liquidity Risk. Inventories of municipal bonds held by brokers and dealers have decreased in recent years, lessening their ability to make a market in these securities. This reduction in market making capacity has the potential to decrease the Fund's ability to buy or sell bonds, and increase bond price volatility and trading costs, particularly during periods of economic or market stress. In addition, recent changes to federal banking regulations may cause certain dealers to reduce their inventories of municipal bonds, which may further decrease the Fund's ability to buy or sell bonds. As a result, the Fund may be forced to accept a lower price to sell a security, to sell other securities to raise cash, or to give up an investment opportunity, any of which could have a negative effect on performance. If the Fund needed to sell large blocks of bonds, those sales could further reduce the bonds' prices and hurt performance.

Income Risk. The Fund's income is based primarily on the interest it earns from its investments, which can vary widely over the short-term and long-term. If interest rates drop, the Fund's income available over time to make dividend payments could drop as well if the Fund purchases securities with lower interest coupons.

Call Risk. During periods of declining interest rates or for other purposes, issuers may exercise their option to prepay principal earlier than scheduled, forcing the Fund to reinvest in lower yielding instruments. This is known as prepayment or "call" risk. The Fund may invest in securities that are subject to call risk. Debt and preferred instruments may be redeemed at the option of the issuer, or "called," before their stated maturity or redemption date. In general, an issuer will call its debt or preferred instruments if they can be refinanced by issuing new instruments which bear a lower interest or dividend rate. The Fund is subject to the possibility that during periods of falling interest rates, an issuer will call its debt. The Fund would then be forced to invest the unanticipated proceeds at lower interest or dividend rates, resulting in a decline in the Fund's income.

Reinvestment Risk. Reinvestment risk is the risk that income from the Fund's portfolio will decline if and when the Fund invests the proceeds from matured, traded or called bonds at market interest rates that are below the portfolio's current earnings rate.

Sector and Industry Risk. Subject to the concentration limits of the Fund's investment policies and guidelines, the Fund may invest a significant portion of its net assets in certain sectors of the municipal securities market, such as hospitals and other health care facilities, charter schools and other private educational facilities, special taxing districts and start-up utility districts, and private activity bonds including industrial development bonds on behalf of transportation companies such as airline companies, whose credit quality and performance may be more susceptible to economic, business, political, regulatory and other developments than other sectors of municipal issuers. If the Fund invests a significant portion of its net assets in the sectors noted above, the Fund's performance may be subject to additional risk and variability. To the extent that the Fund focuses its net assets in the hospital and healthcare facilities sector, for example, the Fund will be subject to risks associated with such sector, including adverse government regulation and reduction in reimbursement rates, as well as government approval of products and services and intense competition. Securities issued with respect to special taxing districts will be subject to various risks, including real-estate development related risks and taxpayer concentration risk. Further, the fees, special taxes or tax allocations and other revenues established to secure the obligations of securities issued with respect to special taxing districts are generally limited as to the rate or amount that may be levied or assessed and are not subject to increase pursuant to rate covenants or municipal or corporate guarantees. Charter schools and other private educational facilities are subject to various risks, including the reversal of legislation authorizing or funding charter schools, the failure to renew or secure a charter, the failure of a funding entity to appropriate necessary funds and competition from alternatives such as voucher programs. Issuers of municipal utility securities can be significantly affected by government regulation, financing difficulties, supply and demand of services or fuel and natural resource conservation. The transportation sector, including airports, airlines, ports and other transportation facilities, can be significantly affected by changes in the economy, fuel prices, labor relations, insurance costs and government regulation.

Valuation Risk. The municipal securities in which the Fund invests typically are valued by a pricing service utilizing a range of market-based inputs and assumptions, including readily available market quotations obtained from broker-dealers making markets in such instruments, cash flows and transactions for comparable instruments. There is no assurance that the Fund will be able to sell a portfolio security at the price established by the pricing service, which could result in a loss to the Fund. Pricing services generally price municipal securities assuming orderly transactions of an institutional "round lot" size, but some trades may occur in smaller, "odd lot" sizes, often at lower prices than institutional round lot trades. Different pricing services may incorporate different assumptions and inputs into their valuation methodologies, potentially resulting in different values for the same securities. As a result, if the Fund were to change pricing services, or if the Fund's pricing service were to change its valuation methodology, there could be a material impact, either positive or negative, on the Fund's net asset value.

Cybersecurity Risk. Technology, such as the Internet, has become more prevalent in the course of business, and as such, the Fund and its service providers are susceptible to operational and information security risk resulting from cyber incidents. Cyber incidents refer to both intentional attacks and unintentional events including: processing errors, human errors, technical errors including computer glitches and system malfunctions, inadequate or failed internal or external processes, market-wide technical-related disruptions, unauthorized access to digital systems (through "hacking" or malicious software coding), computer viruses, and cyber-attacks which shut down, disable, slow or otherwise disrupt operations, business processes or website access or functionality (including denial of service attacks). Cyber incidents could adversely impact the Fund and cause the Fund to incur financial loss and expense, as well as face exposure to regulatory penalties, reputational damage, and additional compliance costs associated with corrective measures. Cyber incidents may cause the Fund or its service providers to lose proprietary information, suffer data corruption, lose operational capacity or fail to comply with applicable privacy and other laws. Among other potentially harmful effects, cyber incidents also may result in theft, unauthorized monitoring and failures in the physical infrastructure or operating systems that support the Fund and its service providers. In addition, substantial costs may be incurred in order to prevent any cyber incidents in the future. While the Fund's service providers have established business continuity plans in the event of, and risk management systems to prevent, such cyber incidents, there are inherent limitations in such plans and systems including the possibility that certain risks have not been identified. Furthermore, the Fund

cannot control the cybersecurity plans and systems put in place by its service providers or any other third parties whose operations may affect the Fund.

Anti-Takeover Provisions. The Fund's Declaration and By-laws include provisions that could limit the ability of other entities or persons to acquire control of the Fund, change the composition of its Board or convert the Fund to open-end status.

THE FUND

Nuveen Municipal Credit Income Fund is a diversified, closed-end management investment company registered under the 1940 Act. The Fund was organized as a Massachusetts business trust on March 21, 2001 pursuant to a Declaration of Trust (the “Declaration”) governed by the laws of the Commonwealth of Massachusetts. The Fund’s Common Shares are traded on the New York Stock Exchange under the symbol “NZF.” The Fund’s principal office is located at 333 West Wacker Drive, Chicago, Illinois 60606, and its telephone number is (800) 257-8787.

The following provides information about the Fund’s outstanding shares as of November 30, 2022:

(1) <u>Title of Class</u>	(2) <u>Shares Authorized</u>	(3) <u>Shares Held by Fund for Its Own Account</u>	(4) <u>Shares Outstanding Exclusive of Shares Shown under (3)</u>
Common shares	Unlimited	—	165,390,401
Preferred shares	Unlimited	—	1,500 (Series A MFP) 1,550 (Series B MFP) 3,360 (Series C MFP) 2,688 (Series 1 VRDP) 2,622 (Series 2 VRDP) 1,460 (Series 3 VRDP)

The following provides information about the Fund’s outstanding preferred shares, as adjusted to reflect the issuance of the New VRDP Shares and the issuance of new AMTP Shares (the “New AMTP Shares”) following the completion of the Mergers as if the Mergers had been completed as of November 30, 2022:

<u>Title of Class</u>	<u>Amount Authorized</u>	<u>Amount Held By the Fund or For Its Account</u>	<u>Amount Outstanding</u>
Preferred Shares:	unlimited		
AMTP:			
Series 2028		—	585
VRDP:			
Series 1		—	2,688
Series 2		—	2,622
Series 3		—	1,460
Series 4		—	1,480
MFP:			
Series A		—	1,500
Series B		—	1,550
Series C		—	3,360

The Fund, without the consent of New VRDP shareholders, may from time to time issue additional Preferred Shares of a new or existing series in connection with new financings, refinancing or reorganizations. The issuance by the Fund of additional Preferred Shares may require the consent of liquidity providers and other Fund counterparties. Additional information about the Fund may be obtained from www.sec.gov or by visiting www.nuveen.com, as set forth in the section “Available Information.” Information on those websites is not part of this Memorandum, except to the extent specifically incorporated by reference.

DESCRIPTION OF NEW VRDP SHARES

For a complete description of the preferences, voting powers, restrictions, limitations as to dividends, qualification, and terms and conditions of redemption of the New VRDP Shares during the Initial Special Rate Period, please see the form of the Statement attached hereto as Appendix A-1, together with the form of the Notice of Special Rate Period attached hereto as Appendix A-2, and incorporated herein by reference.

BOOK-ENTRY PROCEDURES AND SETTLEMENT

None of the Fund, the Investment Adviser or the Tender and Paying Agent takes any responsibility for the accuracy of the information in this section concerning DTC and DTC's book-entry system, makes any representation as to the completeness of such information or makes any representation as to the absence of material changes in such information subsequent to the date hereof.

The New VRDP Shares will be book-entry (global) securities. Upon issuance, all book-entry securities will be represented by one or more fully-registered global securities. Each global security will be deposited with, or on behalf of, DTC, a securities depository, and will be registered in the name of DTC or a nominee of DTC. DTC will thus be the only registered holder of New VRDP Shares.

Purchasers of New VRDP Shares may only hold interests in the global securities directly through DTC if they are participants in the DTC system. Purchasers may also hold interests through a securities intermediary—banks, brokerage houses and other institutions that maintain securities accounts for customers—that has an account with DTC or its nominee. DTC will maintain accounts showing the security holdings of its Agent Members, and these Agent Members will in turn maintain accounts showing the security holdings of their customers. Some of these customers may themselves be securities intermediaries holding securities for their customers. Thus, each Beneficial Owner of a book-entry security will hold that security indirectly through various intermediaries.

The interest of each Beneficial Owner in a book-entry security will be evidenced solely by entries on the books of the Beneficial Owner's securities intermediary or Agent Member. The actual purchaser of the securities will generally not be entitled to have the securities represented by the global securities registered in its name and will not be considered the owner under the terms of the securities and their governing documents. That means that the Fund and the Tender and Paying Agent or any other agent of the Fund will be entitled to treat the registered holder, DTC or its nominee, as the holder of the securities for all purposes. In most cases, the Beneficial Owner will also not be able to obtain a paper certificate evidencing its ownership of New VRDP Shares. The laws of some jurisdictions require some purchasers of securities to take physical delivery of their securities in definitive form. These laws may impair the ability to own, transfer or pledge beneficial interests in book-entry securities.

A Beneficial Owner of book-entry securities represented by a global security may exchange the securities for definitive (paper) securities only if:

- a) DTC is unwilling or unable to continue as depository for such global security and the Fund does not appoint a qualified replacement for DTC within 90 days; or
- b) the Fund in its sole discretion decides to allow some or all book-entry securities to be exchangeable for definitive securities in registered form.

Unless indicated otherwise, any global security that is so exchangeable will be exchangeable in whole for definitive securities in registered form, with the same terms and of an equal aggregate amount. Definitive securities will be registered in the name or names of the person or persons specified by DTC in a written instruction to the registrar of the New VRDP Shares. DTC may base its written instruction upon directions that it receives from Agent Members.

In this Memorandum, in the case of book-entry securities, references to actions taken by Beneficial Owners will mean actions taken by DTC upon instructions from its Agent Members, and references to payments and notices relating to redemptions or the tendering of New VRDP Shares will mean payments and notices related to the redemption or tender of New VRDP Shares to DTC as the registered holder of the securities for distribution to Agent Members in accordance with DTC's procedures. If fewer than all the New VRDP Shares are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Agent Member in the New VRDP Shares to be redeemed.

Each sale of a book-entry security will settle in immediately available funds through DTC unless otherwise stated. Neither the Fund nor the Tender and Paying Agent, or any agent of either, will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in any book-entry securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Neither DTC nor DTC's nominee will consent or vote with respect to the New VRDP Shares unless authorized by a participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy (the "Omnibus Proxy") to the Fund as soon as possible after the record date. The Omnibus Proxy assigns DTC's nominee consenting or voting rights to the Agent Members to whose accounts the New VRDP Shares are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Dividend payments on the New VRDP Shares and payments upon redemption of New VRDP Shares will be made to DTC's nominee or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit participants' accounts upon DTC's receipt of funds and corresponding detail information from the Fund or the Tender and Paying Agent on the payment date in accordance with their respective holdings shown on DTC records. Payments by Agent Members to Beneficial Owners will be governed by standing instructions and customary practices. Payment of dividends or redemption proceeds to DTC's nominee is the responsibility of the Fund or the Tender and Paying Agent, disbursement of such payments to participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Agent Members or securities intermediaries who hold through an Agent Member.

THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE FUND BELIEVES TO BE RELIABLE. THE FUND, THE INVESTMENT ADVISER AND THE TENDER AND PAYING AGENT TAKE NO RESPONSIBILITY FOR THE ACCURACY OF THE INFORMATION IN THIS SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM. NO REPRESENTATION IS MADE BY THE FUND, THE INVESTMENT ADVISER OR THE TENDER AND PAYING AGENT AS TO THE COMPLETENESS OR ACCURACY OF SUCH INFORMATION OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF. NO ATTEMPT HAS BEEN MADE BY THE FUND, THE INVESTMENT ADVISER OR THE TENDER AND PAYING AGENT TO DETERMINE WHETHER DTC IS OR WILL BE FINANCIALLY OR OTHERWISE CAPABLE OF FULFILLING ITS OBLIGATIONS. THE FUND WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO ANY DTC AGENT MEMBER, SECURITIES INTERMEDIARIES, OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO DIVIDEND PAYMENTS TO OR THE PROVIDING OF NOTICE FOR THE DTC AGENT MEMBERS, THE SECURITIES INTERMEDIARIES OR THE BENEFICIAL OWNERS.

IT IS THE DUTY OF EACH BENEFICIAL OWNER TO ARRANGE WITH THE DTC AGENT MEMBER OR SECURITIES INTERMEDIARIES TO RECEIVE FROM SUCH DTC AGENT MEMBER OR SECURITIES INTERMEDIARY DIVIDEND PAYMENTS AND ALL OTHER COMMUNICATIONS WHICH THE DTC AGENT MEMBER OR SECURITIES INTERMEDIARY RECEIVES FROM DTC.

DESCRIPTION OF PURCHASE AGREEMENT

The Fund will enter into a Purchase Agreement with the Purchaser(s) of the New VRDP Shares, with terms substantially similar to those included in the purchase agreement in effect for the Ohio Municipal VRDP Shares immediately prior to consummation of the Mergers, except as modified to reflect changes in the issuer from Ohio Municipal to the Fund. Among other things, the Purchase Agreement for the New VRDP Shares will provide, as the Ohio Municipal VRDP Shares purchase agreement provides, certain information and consent rights to the initial beneficial owner of the shares.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

Any discussion of federal tax considerations in this Memorandum was written in connection with the issuance by the Fund of the New VRDP Shares. Such discussion was not intended or written to be legal or tax advice to any person and was not intended or written to be used, and cannot be used, by any person for the purpose of avoiding any tax penalties. Each investor should seek advice based on its particular circumstances from an independent tax advisor on the federal and any state, local and foreign tax consequences of investing in the New VRDP Shares.

The discussion below is the opinion of Sidley Austin LLP (“Tax Counsel”) on the anticipated U.S. federal income tax consequences to United States persons (as defined by section 7701(a)(30) of the Internal Revenue Code of 1986, as amended (the “Code”)) of acquiring, holding and disposing of the New VRDP Shares in the Special Rate Period.

Tax Counsel’s opinion is based on the current provisions and interpretations of the Code and the accompanying Treasury regulations and on current judicial and administrative rulings. All of these authorities are subject to change and any change can apply retroactively.

Upon issuance of the New VRDP Shares, and subject to certain assumptions and conditions, and based upon certain representations made by the Fund, including representations regarding the nature of the Fund’s assets and the conduct of the Fund’s business, it is Tax Counsel’s opinion that for U.S. federal income tax purposes (1) the New VRDP Shares will qualify as stock in the Fund, and (2) distributions made with respect to the New VRDP Shares will qualify as exempt-interest dividends to the extent properly reported by the Fund and not otherwise limited under Section 852(b)(5)(A) of the Code (under which the total amount of dividends that may be treated as exempt-interest dividends is limited, based on the total amount of tax-exempt income generated by the Fund).

Investors should be aware that Tax Counsel’s opinion is not binding on the Internal Revenue Service or any court. See the discussions below under the caption “—Treatment of New VRDP Shares as Stock.” In addition, the Fund’s qualification and taxation as a regulated investment company depends upon the Fund’s ability to meet on a continuing basis, through actual annual operating results, certain requirements in the federal tax laws. Tax Counsel will not review the Fund’s compliance with those requirements. Accordingly, no assurance can be given that the actual results of the Fund’s operations for any particular taxable year will satisfy such requirements.

Because the discussion below is general in nature and because the tax laws governing the New VRDP Shares are complex, you should consult your tax advisor about the tax consequences of investing in the New VRDP Shares under your particular circumstances before making an investment.

Qualification and Taxation of the Fund. The Fund intends to continue to qualify as a regulated investment company under Subchapter M of the Code, and intends to distribute substantially all of its net income and gains to its shareholders. Therefore, it is not expected that the Fund will pay any federal income tax to the extent its earnings are so distributed. To qualify under Subchapter M for tax treatment as a regulated investment company, the Fund must, among other requirements: (a) distribute to its shareholders at least 90% of the sum of (i) its

investment company taxable income (as that term is defined in the Code) determined without regard to the deduction for dividends paid and (ii) its net tax-exempt income (the excess of its gross tax-exempt interest income over certain disallowed deductions) and (b) diversify its holdings so that, at the end of each fiscal quarter of the Fund (i) at least 50% of the market value of the Fund's total assets is represented by cash, cash items, U.S. Government securities, securities of other regulated investment companies, and other securities, with these other securities limited, with respect to any one issuer, to an amount not greater in value than 5% of the Fund's total assets, and to not more than 10% of the outstanding voting securities of such issuer, and (ii) not more than 25% of the market value of the Fund's total assets is invested in the securities of any one issuer (other than U.S. Government securities or securities of other regulated investment companies), two or more issuers (other than securities of other regulated investment companies) controlled by the Fund and engaged in the same, similar or related trades or businesses, or one or more qualified publicly traded partnerships. In meeting these requirements of Subchapter M of the Code, the Fund may be restricted in the utilization of certain of the investment techniques described under "The Fund's Investments." If in any year the Fund should fail to qualify under Subchapter M for tax treatment as a regulated investment company and not cure such failure in the manner permitted by the Code, the Fund would incur a regular federal corporate income tax on its taxable income for that year, and distributions to its shareholders, including distributions derived from tax-exempt interest income, would be taxable to such holders as ordinary income to the extent of the earnings and profits of the Fund.

A regulated investment company that fails to distribute, by the close of each calendar year, an amount equal to the sum of 98% of its ordinary taxable income for such year and 98.2% of its capital gain net income for the one year period ending October 31 in such year, *plus* any shortfalls from the prior year's required distribution, is liable for a 4% excise tax on the excess of the required distribution for such calendar year over the distributed amount for such calendar year. To avoid the imposition of this excise tax, the Fund generally intends to make the required distributions of its ordinary taxable income, if any, and its capital gain net income, to the extent possible, by the close of each calendar year.

Treatment of New VRDP Shares as Stock. In order for any distributions to owners of the Fund's New VRDP Shares to be eligible to be treated as exempt-interest dividends, the New VRDP Shares must be classified as stock for federal income tax purposes. The Investment Adviser believes and, as discussed above, it is Tax Counsel's opinion that, the New VRDP Shares will qualify as stock in the Fund for federal income tax purposes. By acquiring New VRDP Shares, an investor agrees to treat the New VRDP Shares as stock for federal income tax purposes.

Distributions on New VRDP Shares. A New VRDP shareholder will be required to report the dividends declared by the Fund for each day on which such New VRDP shareholder is the shareholder of record. Distributions, if any, in excess of the Fund's earnings and profits will first reduce the adjusted tax basis of a shareholder's shares and, after that basis has been reduced to zero, will constitute capital gain to the shareholder (assuming the shares are held as a capital asset). As long as the Fund qualifies as a regulated investment company under the Code, no part of its distributions to shareholders will qualify for the dividends received deduction available to corporate shareholders.

Tax Character of Distributions

In General. The tax character of the Fund's distributions in the hands of the Fund's shareholders will be determined primarily by the tax character of the Fund's underlying income. Although the Fund expects that most of its income will be tax-exempt, some of the Fund's income may be taxable as capital gains or ordinary income. In addition, a portion of the Fund's tax-exempt income may be subject to the federal alternative minimum tax. The Internal Revenue Service requires a regulated investment company that has two or more classes of shares outstanding to designate to each such class proportionate amounts of each type of its income for each tax year based upon the percentage of total dividends distributed to each class for such year. The Fund intends each year to allocate, to the fullest extent practicable, net tax-exempt interest, net capital gain and ordinary income, if any, between its Common Shares and Preferred Shares, including New VRDP Shares, in proportion to the total

dividends paid to each class with respect to such year. To the extent permitted under applicable law, the Fund reserves the right to make special allocations of income within a class, consistent with the objectives of the Fund.

Exempt-Interest Dividends. The Fund intends to qualify to pay exempt-interest dividends, as defined in the Code, on its Common Shares and Preferred Shares, including New VRDP Shares by satisfying the requirement that at the close of each quarter of its taxable year, at least 50% of the value of its total assets consists of obligations exempt from regular federal income tax. Exempt-interest dividends are dividends paid by the Fund that are attributable to interest on municipal bonds and are properly reported by the Fund. The Fund intends to invest primarily in obligations exempt from regular federal income tax the income of which is otherwise exempt from regular federal income tax. Thus, substantially all of the Fund's dividends to the holders of Common Shares (each a "Common Shareholder" and together, the "Common Shareholders") and Preferred Shares including New VRDP shares, will qualify as exempt-interest dividends. Exempt-interest dividends will be exempt from federal income tax, subject to the possible application of the federal alternative minimum tax.

Exempt-Interest Dividends Subject to the Federal Alternative Minimum Tax. Federal tax law imposes a federal alternative minimum tax with respect to individuals, trusts and estates. Interest on certain municipal securities, such as bonds issued to make loans for housing purposes or to private entities (but not to certain tax-exempt organizations such as universities and non-profit hospitals) is included as an item of tax preference in determining the amount of a taxpayer's alternative minimum taxable income. To the extent that the Fund receives income from municipal securities subject to the federal alternative minimum tax, a portion of the dividends paid by it, although otherwise exempt from federal income tax, will be taxable to its shareholders to the extent that their tax liability is determined under the federal alternative minimum tax. The Fund will annually supply a report indicating the percentage of the Fund's income attributable to municipal securities subject to the federal alternative minimum tax. For taxable years beginning after December 31, 2022, exempt-interest dividends may also affect the corporate alternative minimum tax liability of some corporate shareholders.

Dividends Attributable to Ordinary Income and Capital Gains. Distributions to shareholders by the Fund of net income received, if any, from taxable temporary investments and net short-term capital gains, if any, realized by the Fund will be taxable to its shareholders as ordinary income. In addition, gains of the Fund that are attributable to market discount on municipal securities will be treated as ordinary income. Distributions by the Fund of net capital gain (that is, the excess of net long-term capital gain over net short-term capital loss), if any, are taxable as long-term capital gain regardless of the length of time the shareholder has owned shares of the Fund. The amount of capital gains and ordinary income allocable to the Fund's New VRDP Shares will depend upon the amount of such income realized by the Fund. Except for dividends paid on New VRDP Shares that include an allocable portion of any net capital gain or ordinary income, the Fund anticipates that all other dividends paid on New VRDP Shares will constitute exempt-interest dividends for federal income tax purposes.

If the Fund allocates any net capital gain or ordinary income for regular federal income tax purposes to a dividend on New VRDP Shares, the Fund has agreed as set forth in the Supplement to make certain payments to holders of New VRDP Shares to offset the federal income tax effect thereof. In addition, the Fund has agreed as set forth in the Supplement in certain circumstances to provide notice of the amount of any allocation prior to the date such dividend is declared.

Sales, Exchanges and Other Dispositions of New VRDP Shares. On the sale or other disposition of New VRDP Shares (other than redemptions, the rules for which are described below under the caption "Redemptions of New VRDP Shares"), the amount paid for the seller's right to any dividends that are accumulated but unpaid at the time of such sale or other disposition will be treated as dividends and subject to the rules described above under the caption "Tax Character of Distributions." The balance of the amount paid, will generally be treated as (1) capital gain to the extent it exceeds the seller's basis in the New VRDP Shares, and (2) capital loss to the extent it is less than the seller's basis in the New VRDP Shares. In the case of corporate taxpayers, both long-term and short-term capital gains are taxed at the same rate that applies to ordinary income. In the case of non-corporate taxpayers, current law taxes short-term capital gains and ordinary income at a maximum rate of

37% and long-term capital gains at a maximum rate of 20%. In addition, the effective rate may be higher because (i) interest on debt incurred or continued to purchase or carry the New VRDP Shares and expenses allocable to the exempt-interest dividends thereon are not deductible and (ii) in the case of a taxpayer that is an individual, estate or trust, and for taxable years starting after December 31, 2017 and before January 1, 2026, the Code disallows “miscellaneous itemized deductions” within the meaning of Code Section 67, and suspends the general limitation imposed on itemized deductions by Code Section 68.

Losses realized by a shareholder on the sale or exchange of New VRDP Shares held for six months or less are disallowed to the extent of any distribution of exempt-interest dividends received (or deemed received on a sale) with respect to such shares unless the Fund declares exempt-interest dividends on a daily basis in an amount equal to at least 90% of its net tax-exempt interest and distributes such dividends on a monthly or more frequent basis. If not disallowed, such losses are treated as long-term capital losses to the extent of any distribution of long-term capital gain received with respect to such shares.

Any loss realized on a sale or exchange of New VRDP Shares will be disallowed to the extent those shares are replaced by substantially identical stock or securities within a period of 61 days beginning 30 days before and ending 30 days after the date of disposition of the original shares. In that event, the basis of the replacement shares will be adjusted to reflect the disallowed loss.

Redemptions of New VRDP Shares. The Fund may, at its option, redeem New VRDP Shares in whole or in part, may be required to redeem all of the New VRDP Shares following the occurrence of a Failed Transition Event and may be required to redeem New VRDP Shares from all New VRDP shareholders pro rata, or by lot or other fair method to the extent required to restore compliance with the Asset Coverage and the Effective Leverage Ratio requirements. Gain or loss, if any, resulting from a redemption of the New VRDP Shares will be taxed as gain or loss from the sale or exchange of the New VRDP Shares under Section 302 of the Code rather than as a dividend, but only if the redemption distribution (a) is deemed not to be essentially equivalent to a dividend, (b) is in complete redemption of an owner’s interest in the Fund, (c) is substantially disproportionate with respect to the owner, or (d) with respect to non-corporate owners, is in partial liquidation of the Fund. For purposes of (a), (b) and (c) above, a shareholder’s ownership of the Common Shares and Preferred Shares will be taken into account, as will shares attributed to such shareholder under certain attribution rules contained in the Code.

Tax on Net Investment Income. A 3.8% tax is imposed on the net investment income of individuals, estates and trusts with income above certain threshold amounts. The types of investment income used to calculate “net investment income,” include taxable distributions (if any) made by the Fund with respect to New VRDP Shares and gains (if any) from the sale or other disposition of New VRDP Shares.

Consequences of Insufficient Distributions. If at any time when the Fund’s New VRDP Shares are outstanding the Fund fails to meet 200% asset coverage (as determined pursuant to the 1940 Act), the Fund will be required to suspend distributions to holders of its Common Shares until such asset coverage is restored. This may prevent the Fund from distributing at least 90% of its investment company taxable income (as that term is defined in the Code) and net tax-exempt income determined without regard to the deduction for dividends paid, and may therefore jeopardize the Fund’s qualification for taxation as a regulated investment company or cause the Fund to incur an income tax liability or the non-deductible 4% excise tax on the undistributed taxable income (including gain), or both. Upon failure to meet the 225% Asset Coverage required under the Supplement, the Fund will be required to redeem Preferred Shares in order to maintain or restore such asset coverage and avoid the adverse consequences to the Fund and its shareholders of failing to qualify as a regulated investment company. There can be no assurance, however, that any such redemption would achieve such objectives.

Backup Withholding. The Fund will be required in certain cases to withhold (as “backup withholding”) federal income tax from amounts payable to any shareholder who (1) has failed to provide the Fund a correct taxpayer identification number, (2) is subject to backup withholding by the Internal Revenue Service for failure

to properly report payments of interest or dividends, or (3) has failed to certify to the Fund that such shareholder is not subject to backup withholding. The backup withholding rate is currently 24%.

The foregoing is a general summary of the provisions of the Code and regulations thereunder presently in effect as they directly govern the taxation of the Fund and its New VRDP shareholders. These provisions are subject to change by legislative, judicial or administrative action, and any such change may be retroactive. Moreover, the foregoing does not address many of the factors that may be determinative of whether an investor will be liable for the federal alternative minimum tax. Shareholders are advised to consult their own tax advisors for more detailed information concerning the regular federal income tax and federal alternative minimum income tax consequences of purchasing, holding and disposing of New VRDP Shares.

The foregoing summary does not address any possible state, local or foreign tax consequences of acquiring or holding the New VRDP Shares and shareholders should consult their own tax advisors about such possible consequences.

THE FUND'S INVESTMENTS

Investment Objectives and Policies

The Fund's investment objectives are:

- to provide current income exempt from regular federal income tax; and
- to enhance portfolio value relative to the municipal bond market by investing in tax-exempt municipal bonds that the Fund's investment adviser or sub-adviser believes are underrated or undervalued or that represent municipal market sectors that are undervalued.

Underrated municipal securities are those whose ratings do not, in the Investment Adviser's opinion, reflect their true value. Municipal securities may be underrated because of the time that has elapsed since their rating was assigned or reviewed, or because of positive factors that may not have been fully taken into account by rating agencies, or for other similar reasons. Municipal securities that are undervalued or that represent undervalued municipal market sectors are municipal securities that, in the Investment Adviser's opinion, are worth more than the value assigned to them in the marketplace. Municipal securities of particular types or purposes (e.g., hospital bonds, industrial revenue bonds or bonds issued by a particular municipal issuer) may be undervalued because there is a temporary excess of supply in that market sector, or because of a general decline in the market price of municipal securities of the market sector for reasons that do not apply to the particular municipal securities that are considered undervalued. The Fund's investment in underrated or undervalued municipal securities will be based on the Investment Adviser's belief that the prices of such municipal securities should ultimately reflect their true value. Accordingly, "enhancement of portfolio value relative to the municipal bond market" refers to the Fund's objective of attempting to realize above-average capital appreciation in a rising market, and to experience less than average capital losses in a declining market. Thus, the Fund's second investment objective is not intended to suggest that capital appreciation is itself an objective of the Fund. Instead, the Fund seeks enhancement of portfolio value relative to the municipal bond market by prudent selection of municipal securities, regardless of which direction the market may move. Any capital appreciation realized by the Fund will generally result in the distribution of taxable capital gains to common shareholders and holders of preferred shares, including New VRDP Shares. The Fund is currently required to allocate net capital gains and ordinary income taxable for federal income tax purposes, if any, proportionately between common shares and preferred shares, including New VRDP Shares, and dividends paid on New VRDP Shares will include an allocated portion of any such net capital gains and ordinary income. See "Material U.S. Federal Income

Considerations” above and “Distributions with respect to Taxable Allocations” in the Notice of Special Rate Period.

It is a fundamental policy that, under normal circumstances, the Fund will invest at least 80% of its Assets (as defined below) in municipal securities and other related investments, the income from which is exempt from regular federal income tax.

As a non-fundamental policy subject to change by the Fund’s trustees, under normal circumstances, the Fund may invest up to 55% of its Managed Assets (as defined below) in securities that, at the time of investment, are rated below the three highest grades (Baa or BBB or lower) by at least one NRSRO or are unrated but judged to be of comparable quality by the Sub-Adviser. The Fund may invest in distressed securities. The Fund may not invest in the securities of an issuer which, at the time of the investment, is in default on its obligations to pay principal or interest thereon when due or that is involved in a bankruptcy proceeding (i.e. rated below C-, at the time of the investment); provided, however, that the Sub-Adviser may determine that it is in the best interest of shareholders in pursuing a workout arrangement with issuers of defaulted securities to make loans to the defaulted issuer or another party, or purchase a debt, equity or other interest from the defaulted issuer or another party, or take other related or similar steps involving the investment of additional monies, but only if that issuer’s securities are already held by the Fund.

Under normal circumstances:

- The Fund may invest up to 20% of its Managed Assets in AMT Bonds.
- The Fund may invest up to 15% of its Managed Assets in inverse floating rate securities.
- The Fund may not enter into a futures contract or related options or forward contracts if more than 30% of the Fund’s Managed Assets would be represented by futures contracts or more than 5% of the Fund’s Managed Assets would be committed to initial margin deposits and premiums on futures contracts or related options.

“Assets” means net assets of the Fund plus the amount of any borrowings for investment purposes.

“Managed Assets” means the total assets of the Fund, minus the sum of its accrued liabilities (other than Fund liabilities incurred for the express purpose of creating leverage). Total assets for this purpose shall include assets attributable to the Fund’s use of leverage (whether or not those assets are reflected in the Fund’s financial statements for purposes of generally accepted accounting principles), and derivatives will be valued at their market value.

Securities of below-investment-grade quality (Ba/BB or below) are commonly referred to as “junk bonds.” Issuers of securities rated Ba/BB or B are regarded as having current capacity to make principal and interest payments but are subject to business, financial or economic conditions which could adversely affect such payment capacity. Municipal securities rated below investment-grade quality are obligations of issuers that are considered predominately speculative with respect to the issuer’s capacity to pay interest and repay principal according to the terms of the obligation and, therefore, carry greater investment risk, including the possibility of issuer default and bankruptcy and increased market price volatility. Municipal securities rated below investment grade tend to be less marketable than higher-quality securities because the market for them is less broad. The market for unrated municipal securities is even narrower. During periods of thin trading in these markets, the spread between bid and asked prices is likely to increase significantly and the Fund may have greater difficulty selling its holdings of these types of portfolio securities. The Fund will be more dependent on the Investment Adviser’s and/or the Sub-Adviser’s research and analysis when investing in these securities.

The ratings of S&P, Moody’s and Fitch represent their opinions as to the quality of the municipal securities they rate. It should be emphasized, however, that ratings are general and are not absolute standards of quality. Consequently, municipal securities with the same maturity, coupon and rating may have different yields while obligations of the same maturity and coupon with different ratings may have the same yield.

The foregoing credit quality policies apply only at the time a security is purchased, and the Fund is not required to dispose of a security in the event that a rating agency downgrades its assessment of the credit characteristics of a particular issuer or that valuation changes of various municipal securities cause the Fund's portfolio to fail to satisfy those policies. In determining whether to retain or sell such a security, the Investment Adviser and/or the Sub-Adviser may consider such factors as the Investment Adviser's and/or the Sub-Adviser's assessment of the credit quality of the issuer of such security, the price at which such security could be sold and the rating, if any, assigned to such security by other rating agencies. See "—Municipal Securities" and "—Special Considerations Relating to Municipal Securities" below for a general description of the economic and credit characteristics of municipal issuers. The Fund may also invest in securities of other open- or closed-end investment companies that invest primarily in municipal bonds of the types in which the Fund may invest directly. See "—Other Investment Companies."

The Fund will invest primarily in municipal securities with long-term maturities in order to maintain an average effective maturity of 15 to 30 years, including the effects of leverage, but the average effective maturity of obligations held by the Fund may be lengthened or shortened as a result of portfolio transactions effected by the Investment Adviser and/or the Sub-Adviser, depending on market conditions and on an assessment by the portfolio manager of which segments of the municipal securities markets offer the most favorable relative investment values and opportunities for tax-exempt income and total return.

The Fund may invest up to 15% of its Managed Assets in inverse floating rate securities. The economic effect of leverage through the Fund's purchase of inverse floating rate securities creates an opportunity for increased net income and returns for common shareholders but also creates the possibility that the Fund's long-term returns will be diminished if the cost of leverage exceeds the return of the inverse floating rate securities purchased by the Fund.

The Fund may invest in securities of other open- or closed-end investment companies (including exchange-traded funds ("ETFs")) that invest primarily in municipal securities of the types in which the Fund may invest directly, to the extent permitted by the 1940 Act, the rules and regulations issued thereunder and applicable exemptive orders issued by the SEC. In addition, the Fund may purchase municipal securities that are additionally secured by insurance, bank credit agreements or escrow accounts. The credit quality of companies that provide such credit enhancements may affect the value of those securities. Although the insurance feature may reduce certain financial risks, the premiums for insurance and the higher market price paid for insured obligations may reduce the Fund's income. The insurance feature guarantees only the payment of principal and interest on the obligation when due and does not guarantee the market value of the insured obligations, which will fluctuate with the bond market and the financial success of the issuer and the insurer, and the effectiveness and value of the insurance itself is dependent on the continued creditworthiness of the insurer. No representation is made as to the insurers' ability to meet their commitments.

Obligations of issuers of municipal securities are subject to the provisions of bankruptcy, insolvency and other laws affecting the rights and remedies of creditors, such as the Bankruptcy Reform Act of 1978. In addition, the obligations of such issuers may become subject to the laws enacted in the future by Congress, state legislatures or referenda extending the time for payment of principal or interest, or both, or imposing other constraints upon enforcement of such obligations or upon municipalities to levy taxes. There is also the possibility that, as a result of legislation or other conditions, the power or ability of any issuer to pay, when due, the principal of and interest on its municipal securities may be materially affected.

During temporary defensive periods (e.g., times when, in the Adviser's and/or the Sub-Adviser's opinion, temporary imbalances of supply and demand or other temporary dislocations in the tax-exempt bond market adversely affect the price at which long-term or intermediate-term municipal securities are available), and in order to keep a Fund's cash fully invested, each Fund may invest any percentage of its Managed Assets in short-term investments including high quality, short-term debt securities that may be either tax-exempt or taxable. The Funds may not achieve their investment objectives during such periods.

The Fund cannot change its investment objectives or its policy to invest at least 80% of its Assets in municipal securities and other related investments, the income from which is exempt from regular federal income taxes, without the approval of the holders of a “majority of the outstanding” common and preferred shares, voting together as a single class, and of the holders of a “majority of the outstanding” preferred shares, including New VRDP Shares, voting as a separate class, and with the prior written consent of any liquidity providers for preferred shares, such consent to be determined in each liquidity provider’s good faith discretion. A “majority of the outstanding,” under the 1940 Act, means (i) 67% or more of the shares present at a meeting, if the holders of more than 50% of the shares are present or represented by proxy, or (ii) more than 50% of the shares, whichever is less. See “Voting Rights” in the Statement for additional information with respect to the voting rights of Holders.

Municipal Securities

General. The Fund may invest in various municipal securities, including municipal bonds and notes, other securities issued to finance and refinance public projects, and other related securities and derivative instruments creating exposure to municipal bonds, notes and securities that provide for the payment of interest income that is exempt from regular federal income tax. Municipal securities are generally debt obligations issued by state and local governmental entities and may be issued by U.S. territories and possessions to finance or refinance public projects such as roads, schools, and water supply systems. Municipal securities may also be issued on behalf of private entities or for private activities, such as housing, medical and educational facility construction, or for privately owned transportation, electric utility and pollution control projects. Municipal securities may be issued on a long-term basis to provide permanent financing. The repayment of such debt may be secured generally by a pledge of the full faith and credit taxing power of the issuer, a limited or special tax, or any other revenue source including project revenues, which may include tolls, fees and other user charges, lease payments, and mortgage payments. Municipal securities may also be issued to finance projects on a short-term interim basis, anticipating repayment with the proceeds of the later issuance of long-term debt. Municipal securities may be issued and purchased in the form of bonds, notes, leases or certificates of participation; structured as callable or non-callable; with payment forms including fixed coupon, variable rate, zero coupon, capital appreciation bonds, tender option bonds and residual interest bonds or inverse floating rate securities; or acquired through investments in pooled vehicles, partnerships or other investment companies. Inverse floating rate securities are securities that pay interest at rates that vary inversely with changes in prevailing short-term tax-exempt interest rates and represent a leveraged investment in an underlying municipal security, which may increase the effective leverage of the Fund.

The Fund may invest in municipal bonds issued by U.S. territories and possessions (such as Puerto Rico or Guam) the income from which is exempt from regular federal income tax. The yields on municipal securities depend on a variety of factors, including prevailing interest rates and the condition of the general money market and the municipal bond market, the size of a particular offering, the maturity of the obligation and the rating of the issue. The market value of municipal securities will vary with changes in interest rate levels and as a result of changing evaluations of the ability of their issuers to meet interest and principal payments.

Tobacco Settlement Bonds. The Fund may invest in tobacco settlement bonds, which are municipal securities that are backed solely by expected revenues to be derived from lawsuits involving tobacco related deaths and illnesses which were settled between certain states and U.S. tobacco companies. Tobacco settlement bonds are secured by an issuing state’s proportionate share in the Master Settlement Agreement (“MSA”). The MSA is an agreement, reached out of court in November 1998 between 46 states and nearly all of the U.S. tobacco manufacturers. The MSA provides for annual payments in perpetuity by the manufacturers to the states in exchange for releasing all claims against the manufacturers and a pledge of no further litigation. Tobacco manufacturers pay into a master escrow trust based on their market share, and each state receives a fixed percentage of the payment as set forth in the MSA. A number of states have securitized the future flow of those payments by selling bonds pursuant to indentures or through distinct governmental entities created for such purpose. The principal and interest payments on the bonds are backed by the future revenue flow related to the

MSA. Annual payments on the bonds, and thus risk to a Fund, are highly dependent on the receipt of future settlement payments to the state or its governmental entity.

The actual amount of future settlement payments is further dependent on many factors, including, but not limited to, annual domestic cigarette shipments, reduced cigarette consumption, increased taxes on cigarettes, inflation, financial capability of tobacco companies, continuing litigation and the possibility of tobacco manufacturer bankruptcy. The initial and annual payments made by the tobacco companies will be adjusted based on a number of factors, the most important of which is domestic cigarette consumption. If the volume of cigarettes shipped in the United States by manufacturers participating in the settlement decreases significantly, payments due from them will also decrease. Demand for cigarettes in the United States could continue to decline due to price increases needed to recoup the cost of payments by tobacco companies. Demand could also be affected by anti-smoking campaigns, tax increases, reduced advertising, and enforcement of laws prohibiting sales to minors; elimination of certain sales venues such as vending machines; and the spread of local ordinances restricting smoking in public places. As a result, payments made by tobacco manufacturers could be negatively impacted if the decrease in tobacco consumption is significantly greater than the forecasted decline. A market share loss by the MSA companies to non-MSA participating tobacco manufacturers would cause a downward adjustment in the payment amounts. A participating manufacturer filing for bankruptcy also could cause delays or reductions in bond payments. The MSA itself has been subject to legal challenges and has, to date, withstood those challenges.

Municipal Leases and Certificates of Participation. The Fund also may purchase municipal securities that represent lease obligations and certificates of participation in such leases. These carry special risks because the issuer of the securities may not be obligated to appropriate money annually to make payments under the lease. A municipal lease is an obligation in the form of a lease or installment purchase that is issued by a state or local government to acquire equipment and facilities. Income from such obligations generally is exempt from state and local taxes in the state of issuance. Leases and installment purchase or conditional sale contracts (which normally provide for title to the leased asset to pass eventually to the governmental issuer) have evolved as a means for governmental issuers to acquire property and equipment without meeting the constitutional and statutory requirements for the issuance of debt. The debt issuance limitations are deemed to be inapplicable because of the inclusion in many leases or contracts of “non-appropriation” clauses that relieve the governmental issuer of any obligation to make future payments under the lease or contract unless money is appropriated for such purpose by the appropriate legislative body on a yearly or other periodic basis. In addition, such leases or contracts may be subject to the temporary abatement of payments in the event the issuer is prevented from maintaining occupancy of the leased premises or utilizing the leased equipment or facilities.

Although the obligations may be secured by the leased equipment or facilities, the disposition of the property in the event of non-appropriation or foreclosure might prove difficult, time consuming and costly, and result in a delay in recovering, or the failure to recover fully, the Fund’s original investment. To the extent that the Fund invests in unrated municipal leases or participates in such leases, the credit quality rating and risk of cancellation of such unrated leases will be monitored on an ongoing basis. In order to reduce this risk, the Fund will purchase municipal securities representing lease obligations only where the Adviser and/or the Sub-Adviser believes the issuer has a strong incentive to continue making appropriations until maturity.

A certificate of participation represents an undivided interest in an unmanaged pool of municipal leases, an installment purchase agreement or other instruments. The certificates typically are issued by a municipal agency, a trust or other entity that has received an assignment of the payments to be made by the state or political subdivision under such leases or installment purchase agreements. Such certificates provide the Fund with the right to a *pro rata* undivided interest in the underlying municipal securities. In addition, such participations generally provide the Fund with the right to demand payment, on not more than seven days’ notice, of all or any part of the Fund’s participation interest in the underlying municipal securities, plus accrued interest.

Municipal Notes. Municipal securities in the form of notes generally are used to provide for short-term capital needs, in anticipation of an issuer’s receipt of other revenues or financing, and typically have maturities of

up to three years. Such instruments may include tax anticipation notes, revenue anticipation notes, bond anticipation notes, tax and revenue anticipation notes and construction loan notes. Tax anticipation notes are issued to finance the working capital needs of governments. Generally, they are issued in anticipation of various tax revenues, such as income, sales, property, use and business taxes, and are payable from these specific future taxes. Revenue anticipation notes are issued in expectation of receipt of other kinds of revenue, such as federal revenues available under federal revenue sharing programs. Bond anticipation notes are issued to provide interim financing until long-term bond financing can be arranged. In most cases, the long-term bonds then provide the funds needed for repayment of the bond anticipation notes. Tax and revenue anticipation notes combine the funding sources of both tax anticipation notes and revenue anticipation notes. Construction loan notes are sold to provide construction financing. Mortgage notes insured by the Federal Housing Authority secure these notes; however, the proceeds from the insurance may be less than the economic equivalent of the payment of principal and interest on the mortgage note if there has been a default. The anticipated revenues from taxes, grants or bond financing generally secure the obligations of an issuer of municipal notes. However, an investment in such instruments presents a risk that the anticipated revenues will not be received or that such revenues will be insufficient to satisfy the issuer's payment obligations under the notes or that refinancing will be otherwise unavailable.

Pre-Refunded Municipal Securities. The principal of, and interest on, pre-refunded municipal securities are no longer paid from the original revenue source for the securities. Instead, the source of such payments is typically an escrow fund consisting of U.S. government securities. The assets in the escrow fund are derived from the proceeds of refunding bonds issued by the same issuer as the pre-refunded municipal securities. Issuers of municipal securities use this advance refunding technique to obtain more favorable terms with respect to securities that are not yet subject to call or redemption by the issuer. For example, advance refunding enables an issuer to refinance debt at lower market interest rates, restructure debt to improve cash flow or eliminate restrictive covenants in the indenture or other governing instrument for the pre-refunded municipal securities. However, except for a change in the revenue source from which principal and interest payments are made, the pre-refunded municipal securities remain outstanding on their original terms until they mature or are redeemed by the issuer.

Private Activity Bonds. Private activity bonds are issued by or on behalf of public authorities to obtain funds to provide privately operated housing facilities, airport, mass transit or port facilities, sewage disposal, solid waste disposal or hazardous waste treatment or disposal facilities and certain local facilities for water supply, gas or electricity. Other types of private activity bonds, the proceeds of which are used for the construction, equipment, repair or improvement of privately operated industrial or commercial facilities, may constitute municipal securities, although the current federal tax laws place substantial limitations on the size of such issues.

Inverse Floating Rate Securities. The Fund may invest in inverse floating rate securities. Inverse floating rate securities are securities whose interest rates bear an inverse relationship to the interest rate on another security or the value of an index. Generally, inverse floating rate securities represent beneficial interests in a special purpose trust, commonly referred to as a "tender option bond trust" ("TOB trust"), that holds municipal bonds. The TOB trust typically sells two classes of beneficial interests or securities: floating rate securities (sometimes referred to as short-term floaters or tender option bonds ("TOBs")), and inverse floating rate securities (sometimes referred to as inverse floaters). Both classes of beneficial interests are represented by certificates or receipts. The floating rate securities have first priority on the cash flow from the municipal bonds held by the TOB trust. In this structure, the floating rate security holders have the option, at periodic short-term intervals, to tender their securities to the trust for purchase and to receive the face value thereof plus accrued interest. The obligation of the trust to repurchase tendered securities is supported by a remarketing agent and by a liquidity provider. As consideration for providing this support, the remarketing agent and the liquidity provider receive periodic fees. The holder of the short-term floater effectively holds a demand obligation that bears interest at the prevailing short-term, tax-exempt rate. However, the trust is not obligated to purchase tendered short-term floaters in the event of certain defaults with respect to the underlying municipal bonds or a significant downgrade in the credit rating assigned to the bond issuer.

As the holder of an inverse floating rate investment, the Fund receives the residual cash flow from the TOB trust. Because the holder of the short-term floater is generally assured liquidity at the face value of the security plus accrued interest, the holder of the inverse floater assumes the interest rate cash flow risk and the market value risk associated with the municipal bond deposited into the TOB trust. The volatility of the interest cash flow and the residual market value will vary with the degree to which the trust is leveraged. This is expressed in the ratio of the total face value of the short-term floaters to the value of the inverse floaters that are issued by the TOB trust, and can exceed three times for more “highly leveraged” trusts. All voting rights and decisions to be made with respect to any other rights relating to the municipal bonds held in the TOB trust are passed through, *pro rata*, to the holders of the short-term floaters and to the Fund as the holder of the associated inverse floaters.

Because any increases in the interest rate on the short-term floaters issued by a TOB trust would reduce the residual interest paid on the associated inverse floaters, and because fluctuations in the value of the municipal bond deposited in the TOB trust would affect only the value of the inverse floater and not the value of the short-term floater issued by the trust so long as the value of the municipal bond held by the trust exceeded the face amount of short-term floaters outstanding, the value of inverse floaters is generally more volatile than that of an otherwise comparable municipal bond held on an unleveraged basis outside a TOB trust. Inverse floaters generally will underperform the market of fixed-rate bonds in a rising interest rate environment (i.e., when bond values are falling), but will tend to outperform the market of fixed-rate bonds when interest rates decline or remain relatively stable. Although volatile in value and return, inverse floaters typically offer the potential for yields higher than those available on fixed-rate bonds with comparable credit quality, coupon, call provisions and maturity. Inverse floaters have varying degrees of liquidity or illiquidity based primarily upon the inverse floater holder’s ability to sell the underlying bonds deposited in the TOB trust at an attractive price.

The Fund may invest in inverse floating rate securities issued by TOB trusts in which the liquidity providers have recourse to the Fund pursuant to a separate shortfall and forbearance agreement. Such an agreement would require the Fund to reimburse the liquidity provider, among other circumstances, upon termination of the TOB trust for the difference between the liquidation value of the bonds held in the trust and the principal amount and accrued interest due to the holders of floating rate securities issued by the trust. The Fund will enter into such a recourse agreement (1) when the liquidity provider requires such a recourse agreement because the level of leverage in the TOB trust exceeds the level that the liquidity provider is willing to support absent such an agreement; and/or (2) to seek to prevent the liquidity provider from collapsing the trust in the event the municipal bond held in the trust has declined in value to the point where it may cease to exceed the face amount of outstanding short-term floaters. In an instance where the Fund has entered such a recourse agreement, the Fund may suffer a loss that exceeds the amount of its original investment in the inverse floating rate securities; such loss could be as great as that original investment amount plus the face amount of the floating rate securities issued by the trust plus accrued interest thereon.

The Fund may invest in both inverse floating rate securities and floating rate securities (as discussed below) issued by the same TOB trust.

Investments in inverse floating rate securities create leverage. The use of leverage creates special risks for common shareholders. See “Risk Factors—Inverse Floating Rate Securities Risk.”

Floating Rate Securities. The Fund may also invest in short-term floating rate securities, as described above, issued by TOB trusts. Generally, the interest rate earned will be based upon the market rates for municipal securities with maturities or remarketing provisions that are comparable in duration to the periodic interval of the tender option, which may vary from weekly, to monthly, to other periods of up to one year. Since the tender option feature provides a shorter term than the final maturity or first call date of the underlying municipal bond deposited in the trust, the Fund, as the holder of the floating rate securities, relies upon the terms of the remarketing and liquidity agreements with the financial institution that acts as remarketing agent and/or liquidity provider as well as the credit strength of that institution. As further assurance of liquidity, the terms of the TOB trust provide for a liquidation of the municipal bond deposited in the trust and the application of the proceeds to

pay off the floating rate securities. The TOB trusts that are organized to issue both short-term floating rate securities and inverse floaters generally include liquidation triggers to protect the investor in the floating rate securities.

Special Taxing Districts. Special taxing districts are organized to plan and finance infrastructure developments to induce residential, commercial and industrial growth and redevelopment. The bond financing methods such as tax increment finance, tax assessment, special services district and Mello-Roos bonds, generally are payable solely from taxes or other revenues attributable to the specific projects financed by the bonds without recourse to the credit or taxing power of related or overlapping municipalities. They often are exposed to real estate development-related risks and can have more taxpayer concentration risk than general tax-supported bonds, such as general obligation bonds. Further, the fees, special taxes, or tax allocations and other revenues that are established to secure such financings generally are limited as to the rate or amount that may be levied or assessed and are not subject to increase pursuant to rate covenants or municipal or corporate guarantees. The bonds could default if development failed to progress as anticipated or if larger taxpayers failed to pay the assessments, fees and taxes as provided in the financing plans of the districts.

Illiquid Securities

The Fund may invest in illiquid securities (i.e., securities that are not readily marketable), including, but not limited to, restricted securities (securities the disposition of which is restricted under the federal securities laws), securities that may be resold only pursuant to Rule 144A under the Securities Act, and repurchase agreements with maturities in excess of seven days.

Restricted securities may be sold only in privately negotiated transactions or in a public offering with respect to which a registration statement is in effect under the Securities Act. Where registration is required, the Fund may be obligated to pay all or part of the registration expenses and a considerable period may elapse between the time of the decision to sell and the time the Fund may be permitted to sell a security under an effective registration statement. If, during such a period, adverse market conditions were to develop, the Fund might obtain a less favorable price than that which prevailed when it decided to sell. Illiquid securities will be priced at a fair value as determined in good faith by the Board or its delegatee.

When-Issued and Delayed Delivery Transactions

The Fund may buy and sell municipal securities on a when-issued or delayed delivery basis, making payment or taking delivery at a later date, normally within 15-45 days of the trade date. On such transactions the payment obligation and the interest rate are fixed at the time the buyer enters into the commitment. Beginning on the date the Fund enters into a commitment to purchase securities on a when-issued or delayed delivery basis, the Fund is required under interpretations of the SEC to maintain in a separate account liquid assets, consisting of cash, cash equivalents or liquid securities having a market value, at all times, at least equal to the amount of the commitment. Income generated by any such assets which provide taxable income for federal income tax purposes is includable in the taxable income of the Fund and, to the extent distributed, will be taxable to shareholders. The Fund may enter into contracts to purchase municipal securities on a forward basis (i.e., where settlement will occur more than 60 days from the date of the transaction) only to the extent that the Fund specifically collateralizes such obligations with a security that is expected to be called or mature within sixty days before or after the settlement date of the forward transaction. The commitment to purchase securities on a when-issued, delayed delivery or forward basis may involve an element of risk because no interest accrues on the bonds prior to settlement and at the time of delivery the market value may be less than cost.

Derivatives

General. The Fund may invest in certain derivative instruments in pursuit of its investment objectives. Such instruments include financial futures contracts, swap contracts (including interest rate swaps, credit default swaps

and municipal market date rate (“MMD Rate Locks”), options on financial futures, options on swap contracts or other derivative instruments. Credit default swaps may require initial premium (discount) payments as well as periodic payments (receipts) related to the interest leg of the swap or to the default of a reference obligation. If the Fund is a seller of a contract, the Fund would be required to pay the par (or other agreed upon) value of a referenced debt obligation to the counterparty in the event of a default or other credit event by the reference issuer, such as a U.S. or foreign corporate issuer, with respect to such debt obligations. In return, the Fund would receive from the counterparty a periodic stream of payments over the term of the contract provided that no event of default has occurred. If no default occurs, the Fund would keep the stream of payments and would have no payment obligations. As the seller, the Fund would be subject to investment exposure on the notional amount of the swap. If the Fund is a buyer of a contract, the Fund would have the right to deliver a referenced debt obligation and receive the par (or other agreed-upon) value of such debt obligation from the counterparty in the event of a default or other credit event (such as a credit downgrade) by the reference issuer, such as a U.S. or foreign corporation, with respect to its debt obligations. In return, the Fund would pay the counterparty a periodic stream of payments over the term of the contract provided that no event of default has occurred. If no default occurs, the counterparty would keep the stream of payments and would have no further obligations to the Fund. Interest rate swaps involve the exchange by the Fund with a counterparty of their respective commitments to pay or receive interest, such as an exchange of fixed-rate payments for floating rate payments. The Fund will usually enter into interest rate swaps on a net basis; that is, the two payment streams will be netted out in a cash settlement on the payment date or dates specified in the instrument, with the Fund receiving or paying, as the case may be, only the net amount of the two payments. An MMD Rate Lock permits the Fund to lock in a specified municipal interest rate for a portion of its portfolio to preserve a return on a particular investment or a portion of its portfolio as a duration management technique or to protect against any increase in the price of securities to be purchased at a later date. By using an MMD Rate Lock, the Fund can create a synthetic long or short position, allowing the Fund to select what the manager believes is an attractive part of the yield curve. The Fund will ordinarily use these transactions as a hedge or for duration or risk management although it is permitted to enter into them to enhance income or gain or to increase the Fund’s yield, for example, during periods of steep interest rate yield curves (i.e., wide differences between short term and long term interest rates).

The Adviser and/or the Sub-Adviser may use derivative instruments to seek to enhance return, to hedge some of the risks of the Fund’s investments in municipal securities or as a substitute for a position in the underlying asset. These types of strategies may generate taxable income.

There is no assurance that these derivative strategies will be available at any time or that the Adviser and/or the Sub-Adviser will determine to use them for the Fund or, if used, that the strategies will be successful.

Limitations on the Use of Futures, Options on Futures and Swaps. The Adviser has claimed, with respect to the Fund, the exclusion from the definition of “commodity pool operator” under the CEA provided by CFTC Regulation 4.5 and is therefore not currently subject to registration or regulation as such under the CEA with respect to the Fund. In addition, the Sub-Adviser has claimed the exemption from registration as a commodity trading advisor provided by CFTC Regulation 4.14(a)(8) and is therefore not currently subject to registration or regulation as such under the CEA with respect to the Fund. In February 2012, the CFTC announced substantial amendments to certain exemptions, and to the conditions for reliance on those exemptions, from registration as a commodity pool operator. Under amendments to the exemption provided under CFTC Regulation 4.5, if the Fund uses futures, options on futures, or swaps other than for bona fide hedging purposes (as defined by the CFTC), the aggregate initial margin and premiums on these positions (after taking into account unrealized profits and unrealized losses on any such positions and excluding the amount by which options that are “in-the-money” at the time of purchase are “in-the-money”) may not exceed 5% of the Fund’s net asset value, or alternatively, the aggregate net notional value of those positions may not exceed 100% of the Fund’s net asset value (after taking into account unrealized profits and unrealized losses on any such positions). The CFTC amendments to Regulation 4.5 took effect on December 31, 2012, and the Fund intends to comply with amended Regulation 4.5’s requirements such that the Adviser will not be required to register as a commodity pool operator with the CFTC with respect to the Fund. The Fund reserves the right to employ futures, options on futures and swaps to

the extent allowed by CFTC regulations in effect from time to time and in accordance with the Fund's policies. However, the requirements for qualification as a RIC under Subchapter M of the Code may limit the extent to which the Fund may employ futures, options on futures or swaps.

Structured Notes

The Fund may utilize structured notes and similar instruments for investment purposes and also for hedging purposes. Structured notes are privately negotiated debt obligations where the principal and/or interest is determined by reference to the performance of a benchmark asset, market or interest rate (an "embedded index"), such as selected securities, an index of securities or specified interest rates, or the differential performance of two assets or markets. The terms of such structured instruments normally provide that their principal and/or interest payments are to be adjusted upwards or downwards (but not ordinarily below zero) to reflect changes in the embedded index while the structured instruments are outstanding. As a result, the interest and/or principal payments that may be made on a structured product may vary widely, depending upon a variety of factors, including the volatility of the embedded index and the effect of changes in the embedded index on principal and/or interest payments. The rate of return on structured notes may be determined by applying a multiplier to the performance or differential performance of the referenced index or indices or other assets. Application of a multiplier involves leverage that will serve to magnify the potential for gain and the risk of loss.

Other Investment Companies

The Fund may invest in securities of other open- or closed-end investment companies (including ETFs) that invest primarily in municipal securities of the types in which the Fund may invest directly, to the extent permitted by the 1940 Act, the rules and regulations issued thereunder and applicable exemptive orders issued by the SEC. In addition, the Fund may invest a portion of its Managed Assets in pooled investment vehicles (other than investment companies) that invest primarily in municipal securities of the types in which the Fund may invest directly. The Fund generally expects that it may invest in other investment companies and/or other pooled investment vehicles either during periods when it has large amounts of uninvested cash or during periods when there is a shortage of attractive, high yielding municipal securities available in the market. The Fund may invest in investment companies that are advised by the Adviser and/or the Sub-Adviser or their affiliates to the extent permitted by applicable law and/or pursuant to rules promulgated by the SEC. As a shareholder in an investment company, the Fund will bear its ratable share of that investment company's expenses and would remain subject to payment of its own management fees with respect to assets so invested. Common shareholders would therefore be subject to duplicative expenses to the extent the Fund invests in other investment companies.

The Adviser and/or the Sub-Adviser will take expenses into account when evaluating the investment merits of an investment in an investment company relative to available municipal security investments. In addition, the securities of other investment companies may also be leveraged and will therefore be subject to the same leverage risks described herein. The net asset value and market value of leveraged shares will be more volatile, and the yield to common shareholders will tend to fluctuate more than the yield generated by unleveraged shares.

Inter-Fund Borrowing and Lending

The SEC has granted an exemptive order permitting the Nuveen registered open-end and closed-end funds, including the Fund, to participate in an inter-fund lending facility whereby those funds may directly lend to and borrow money from each other for temporary purposes (e.g., to satisfy redemption requests or when a sale of securities "fails," resulting in an unanticipated cash shortfall) (the "Inter-Fund Program"). The closed-end Nuveen funds will participate only as lenders, and not as borrowers, in the Inter-Fund Program because such closed-end funds rarely, if ever, need to borrow cash to meet redemptions. The Inter-Fund Program is subject to a number of conditions, including, among other things, the requirements that (1) no fund may borrow or lend money through the Inter-Fund Program unless it receives a more favorable interest rate than is typically available from a bank or other financial institution for a comparable transaction; (2) no fund may borrow on an unsecured

basis through the Inter-Fund Program unless the fund's outstanding borrowings from all sources immediately after the inter-fund borrowing total 10% or less of its total assets; provided that if the borrowing fund has a secured borrowing outstanding from any other lender, including but not limited to another fund, the inter-fund loan must be secured on at least an equal priority basis with at least an equivalent percentage of collateral to loan value; (3) if a fund's total outstanding borrowings immediately after an inter-fund borrowing would be greater than 10% of its total assets, the fund may borrow through the inter-fund loan on a secured basis only; (4) no fund may lend money if the loan would cause its aggregate outstanding loans through the Inter-Fund Program to exceed 15% of its net assets at the time of the loan; (5) a fund's inter-fund loans to any one fund shall not exceed 5% of the lending fund's net assets; (6) the duration of inter-fund loans will be limited to the time required to receive payment for securities sold, but in no event more than seven days; and (7) each inter-fund loan may be called on one business days' notice by a lending fund and may be repaid on any day by a borrowing fund. In addition, a Nuveen fund may participate in the Inter-Fund Program only if and to the extent that such participation is consistent with the fund's investment objective and investment policies. The Board of Trustees of the Nuveen Funds is responsible for overseeing the Inter-Fund Program. The limitations detailed above and the other conditions of the SEC exemptive order permitting the Inter-Fund Program are designed to minimize the risks associated with Inter-Fund Program for both the lending fund and the borrowing fund. However, no borrowing or lending activity is without risk. When a fund borrows money from another fund, there is a risk that the loan could be called on one day's notice or not renewed, in which case the fund may have to borrow from a bank at a higher rate or take other actions to payoff such loan if an inter-fund loan is not available from another fund. Any delay in repayment to a lending fund could result in a lost investment opportunity or additional borrowing costs.

Zero Coupon Bonds

A zero coupon bond is a bond that typically does not pay interest either for the entire life of the obligation or for an initial period after the issuance of the obligation. When held to its maturity, the holder receives the par value of the zero coupon bond, which generates a return equal to the difference between the purchase price and its maturity value. A zero coupon bond is normally issued and traded at a deep discount from face value. This original issue discount ("OID") approximates the total amount of interest the security will accrue and compound prior to its maturity and reflects the payment deferral and credit risk associated with the instrument. Because zero coupon securities and other OID instruments do not pay cash interest at regular intervals, the instruments' ongoing accruals require ongoing judgments concerning the collectability of deferred payments and the value of any associated collateral. As a result, these securities may be subject to greater value fluctuations and less liquidity in the event of adverse market conditions than comparably rated securities that pay cash on a current basis. Because zero coupon bonds, and OID instruments generally, allow an issuer to avoid or delay the need to generate cash to meet current interest payments, they may involve greater payment deferral and credit risk than coupon loans and bonds that pay interest currently or in cash. The Fund generally will be required to distribute dividends to shareholders representing the income of these instruments as it accrues, even though the Fund will not receive all of the income on a current basis or in cash. Thus, the Fund may have to sell other investments, including when it may not be advisable to do so, and use the cash proceeds to make income distributions to its shareholders. For accounting purposes, these cash distributions to shareholders will not be treated as a return of capital.

Further, the Adviser collects management fees on the value of a zero coupon bond or OID instrument attributable to the ongoing noncash accrual of interest over the life of the bond or other instrument. As a result, the Adviser receives nonrefundable cash payments based on such noncash accruals while investors incur the risk that such noncash accruals ultimately may not be realized.

Hedging Strategies

The Fund may use various investment strategies designed to limit the risk of bond price fluctuations and to preserve capital. These hedging strategies include using financial futures contracts, options on financial futures or options based on either an index of long-term municipal securities or on taxable debt securities whose prices, in the opinion of the Adviser and/or the Sub-Adviser, correlate with the prices of the Fund's investments. These hedging strategies may generate taxable income.

Investment Restrictions⁽¹⁾

Except as described below, the Fund as a fundamental policy may not without the approval of the holders of a majority of the outstanding Common Shares and Preferred Shares, including New VRDP Shares, voting together as a single class, and of the holders of a majority of the outstanding Preferred Shares, including New VRDP Shares, voting as a separate class, and the prior written consent of liquidity providers or other Fund counterparties:

(1) Issue senior securities, as defined in the 1940 Act, other than preferred shares, except to the extent permitted by the 1940 Act and as otherwise described in this Memorandum.⁽²⁾

(2) Borrow money, except from banks for temporary or emergency purposes or for repurchase of its shares, and then only in an amount not exceeding one-third of the value of the Fund's total assets (including the amount borrowed) less the Fund's liabilities (other than borrowings).⁽²⁾⁽³⁾

(3) Act as underwriter of another issuer's securities, except to the extent that the Fund may be deemed to be an underwriter within the meaning of the Securities Act in connection with the purchase and sale of portfolio securities.⁽²⁾

(4) Invest more than 25% of its total assets in securities of issuers in any one industry, provided, however, that such limitation shall not apply to municipal securities other than those municipal securities backed only by the assets and revenues of non-governmental users.⁽⁴⁾

(5) Purchase or sell real estate, but this shall not prevent the Fund from investing in municipal securities secured by real estate or interests therein or foreclosing upon and selling such real estate.

(6) Purchase or sell physical commodities unless acquired as a result of ownership of securities or other instruments (but this shall not prevent the Fund from purchasing or selling options, futures contracts or derivative instruments or from investing in securities or other instruments backed by physical commodities).

(7) Make loans, except as permitted by the 1940 Act and exemptive orders granted under the 1940 Act.⁽⁷⁾

(8) Invest more than 5% of its total assets in securities of any one issuer, except that this limitation shall not apply to bonds issued by the United States Government, its agencies and instrumentalities or to the investment of 25% of its total assets.

(9) Issue debt securities that rank senior to preferred shares other than for temporary or emergency purposes.

- (1) This list presents the fundamental investment restrictions of the Fund as they appear in the Fund's most recent registration statement, as the same may subsequently have been modified with the approval of the holders of a majority of the Fund's outstanding voting securities. Accordingly, the use of certain defined terms in the table does not necessarily correspond with defined terms used elsewhere in this Memorandum.
- (2) Section 18(c) of the 1940 Act generally limits a registered closed-end investment company to issuing one class of senior securities representing indebtedness and one class of senior securities representing stock, except that the class of indebtedness or stock may be issued in one or more series, and promissory notes or other evidences of indebtedness issued in consideration of any loan, extension, or renewal thereof, made by a bank or other person and privately arranged, and not intended to be publicly distributed, are not deemed a separate class of senior securities.
- (3) Section 18(a) of the 1940 Act generally prohibits a registered closed-end fund from incurring borrowings if, immediately thereafter, the aggregate amount of its borrowings exceeds 33 1/3% of its total assets. The Fund has not applied for, and currently does not intend to apply for, any exemptive relief that would allow it to borrow outside of the limits of the 1940 Act.
- (4) For purposes of this restriction, governments and their political subdivisions are not members of any industry.
- (5) Section 21 of the 1940 Act makes it unlawful for a registered investment company, like the Fund, to lend money or other property if (i) the investment company's policies set forth in its registration statement do not permit such a loan or (ii) the borrower controls or is under common control with the investment company.

For purposes of the foregoing, “majority of the outstanding,” when used with respect to particular shares of the Fund, means (i) 67% or more of the shares present at a meeting, if the holders of more than 50% of the shares are present or represented by proxy, or (ii) more than 50% of the shares, whichever is less.

For the purpose of applying the limitation set forth in subparagraph (8) above for the Fund, an issuer shall be deemed the sole issuer of a security when its assets and revenues are separate from other governmental entities and its securities are backed only by its assets and revenues. Similarly, in the case of a non-governmental issuer, such as an industrial corporation or a privately owned or operated hospital, if the security is backed only by the assets and revenues of the non-governmental issuer, then such non-governmental issuer would be deemed to be the sole issuer. Where a security is also backed by the enforceable obligation of a superior or unrelated governmental or other entity (other than a bond insurer), it shall also be included in the computation of securities owned that are issued by such governmental or other entity. Where a security is guaranteed by a governmental entity or some other facility, such as a bank guarantee or letter of credit, such a guarantee or letter of credit would be considered a separate security and would be treated as an issue of such government, other entity or bank. When a municipal security is insured by bond insurance, it shall not be considered a security that is issued or guaranteed by the insurer; instead, the issuer of such municipal security will be determined in accordance with the principles set forth above. The foregoing restrictions do not limit the percentage of the Fund’s assets that may be invested in municipal securities insured by any given insurer.

The Fund is diversified for purposes of the 1940 Act. Consequently, as to 75% of the Fund’s total assets, the Fund may not (1) purchase the securities of any one issuer (other than cash, securities of other investment companies and securities issued by the U.S. government or its agencies or instrumentalities) if immediately after such purchase, more than 5% of the value of the Fund’s total assets would be invested in securities of such issuer or (2) purchase more than 10% of the outstanding voting securities of such issuer.

Subject to certain exemptions under the 1940 Act, the Fund may invest only up to 10% of its Managed Assets in the aggregate in shares of other investment companies and only up to 5% of its Managed Assets in any one investment company, provided the investment does not represent more than 3% of the voting stock of the acquired investment company at the time such shares are purchased. As a stockholder in any investment company, the Fund will bear its ratable share of that investment company’s expenses, and will remain subject to payment of the Fund’s management, advisory and administrative fees with respect to assets so invested. Holders of common shares would therefore be subject to duplicative expenses to the extent the Fund invests in other investment companies. In addition, the securities of other investment companies may also be leveraged and will therefore be subject to the same leverage risks described herein. As described in this Memorandum in the section entitled “Risk Factors”, the net asset value and market value of leveraged shares will be more volatile and the yield to shareholders will tend to fluctuate more than the yield generated by unleveraged shares.

In addition to the foregoing fundamental investment policies, the Fund is also subject to the following non-fundamental restrictions and policies, which may be changed by the Board:

The Fund may not:

(1) Sell securities short, unless the Fund owns (or has the right to obtain securities equivalent in kind and amount to the securities sold at no added cost, and provided that transactions in options, futures contracts, options on futures contracts, or other derivative instruments are not deemed to constitute selling securities short.

(2) Invest in securities of other open- or closed-end investment companies (including ETFs) except in compliance with the Investment Company Act of 1940 or any exemptive relief obtained thereunder.

(3) Enter into futures contracts or related options or forward contracts, if more than 30% of the Fund’s net assets would be represented by futures contracts or more than 5% of the Fund’s net assets would be committed to initial margin deposits and premiums on futures contracts and related options.

(4) Purchase securities when borrowings exceed 5% of its total assets if and so long as preferred shares are outstanding.

(5) Purchase securities of companies for the purpose of exercising control, except that the Fund may invest up to 5% of its net assets in tax-exempt or taxable fixed-income securities or equity securities for the purpose of acquiring control of an issuer whose municipal bonds (a) the Fund already owns and (b) have deteriorated or are expected shortly to deteriorate significantly in credit quality, provided the Adviser determines that such investment should enable the Fund to better maximize the value of its existing investment in such issuer.

(6) Invest in defaulted securities or in the securities of an issuer that is in bankruptcy at the time of investment, provided however, pursuant to the Sub-Adviser's policy regarding municipal workouts, the Fund may invest in defaulted securities from an issuer of a security it already owns, or some other party, to help facilitate a favorable resolution to a municipal workout.

The restrictions and other limitations set forth above will apply only at the time of purchase of securities and will not be considered violated unless an excess or deficiency occurs or exists immediately after and as a result of an acquisition of securities.

Investment grade quality securities are those that are, at the time of investment, either (i) rated by one of the NRSROs that rate such securities within the four highest letter grades (Baa or BBB or better) by at least one NRSRO that rates such securities or (ii) unrated by any NRSRO but judged to be of comparable quality by a Fund's sub-adviser. Investment grade securities may include split-rated securities.

HOW THE FUND MANAGES PORTFOLIO RISK

Investment Limitations

The Fund has adopted certain investment limitations designed to limit investment risk and maintain portfolio diversification. These limitations are fundamental and may not be changed without the approval of the holders of a "majority of the outstanding" Common Shares and Preferred Shares, including New VRDP Shares, voting together as a single class, and the approval of the holders of a "majority of the outstanding" Preferred Shares, including New VRDP Shares, voting as a separate class. When used with respect to particular shares of the Fund, a "majority of the outstanding" shares means (i) 67% or more of the shares present at a meeting, if the holders of more than 50% of the shares are present or represented by proxy, or (ii) more than 50% of the shares, whichever is less. Among other restrictions, the Fund may not invest more than 25% of its total assets in securities of issuers in any one industry, provided, however, that such limitation shall not apply to municipal securities other than those municipal securities backed only by the assets and revenues of non-governmental users. For purposes of this restriction, governments and their political subdivisions are not members of any industry. The Fund may become subject to guidelines which are more limiting than the investment restrictions set forth above in order to obtain and maintain long-term ratings on the New VRDP Shares or other Preferred Shares. See "The Fund's Investments — Investment Restrictions" for a complete list of the fundamental and non-fundamental investment policies of the Fund.

MANAGEMENT OF THE FUND

Trustees and Officers

The management of the Fund, including general supervision of the duties performed for the Fund under its investment management agreement with Nuveen Fund Advisors is the responsibility of the Fund's Board. The number of Board Members is twelve (12), each of whom is not considered an "interested person" (as the term "interested person" is defined in the 1940 Act). Information concerning the trustees and officers of the Fund, including, as applicable, their principal occupations and other affiliations, the number of portfolios each oversees, other directorships they hold and their compensation and share ownership is incorporated into this Information Memorandum by reference to the Fund's Annual Report (File No. 811-10345) filed on January 6, 2022.

Nuveen Fund Advisors—Investment Adviser

For a description of Nuveen Fund Advisors, please see the Fund’s Annual Report (File No. 811-10345) filed on January 6, 2022 and incorporated herein by reference.

Nuveen Asset Management—Sub Adviser

For a description of Nuveen Asset Management, please see the Fund’s Annual Report (File No. 811-10345) filed on January 6, 2022 and incorporated herein by reference.

Investment Management and Sub-Advisory Agreements

Pursuant to an investment management agreement between Nuveen Fund Advisors and the Fund, the Fund has agreed to pay an annual management fee for the services and facilities provided by Nuveen Fund Advisors, payable on a monthly basis, based on the sum of a fund-level fee and a complex-level fee. For such fee schedules, please see the Fund’s Annual Report (File No. 811-10345) filed on January 6, 2022 and incorporated herein by reference.

Portfolio Manager

Scott R. Romans, PhD, is a Managing Director of Nuveen Asset Management. He is responsible for managing several state-specific, tax-exempt portfolios, including the California Municipal Bond and the New York Municipal Bond Strategies. He also serves as portfolio manager for a number of closed-end funds. Before moving to his portfolio management role in 2003, he was a senior research analyst in the firm’s tax-exempt fixed income department, specializing in the education sector. He holds an undergraduate degree from the University of Pennsylvania, an M.S.F. in Finance from the Illinois Institute of Technology Stuart School of Business and an MA and PhD in Theology from the University of Chicago.

Portfolio Manager Compensation

For information regarding the portfolio manager compensation, please see the Fund’s Annual Report (File No. 811-10345) filed on January 6, 2022 and incorporated herein by reference.

NUVEEN ASSET MANAGEMENT CONFLICT OF INTEREST POLICIES

Actual or apparent conflicts of interest may arise when a portfolio manager has day-to-day management responsibilities with respect to more than one account. More specifically, portfolio managers who manage multiple accounts are presented a number of potential conflicts, including, among others, those discussed below.

The management of multiple accounts may result in a portfolio manager devoting unequal time and attention to the management of each account. Nuveen Asset Management seeks to manage such competing interests for the time and attention of portfolio managers by having portfolio managers focus on a particular investment discipline. Most accounts managed by a portfolio manager in a particular investment strategy are managed using the same investment models.

If a portfolio manager identifies a limited investment opportunity which may be suitable for more than one account, an account may not be able to take full advantage of that opportunity due to an allocation of filled purchase or sale orders across all eligible accounts. To deal with these situations, Nuveen Asset Management has adopted procedures for allocating limited opportunities across multiple accounts.

With respect to many of its clients’ accounts, Nuveen Asset Management determines which broker to use to execute transaction orders, consistent with its duty to seek best execution of the transaction. However, with

respect to certain other accounts, Nuveen Asset Management may be limited by the client with respect to the selection of brokers or may be instructed to direct trades through a particular broker. In these cases, Nuveen Asset Management may place separate, non-simultaneous, transactions for a fund and other accounts which may temporarily affect the market price of the security or the execution of the transaction, or both, to the detriment of the Fund or the other accounts.

Some clients are subject to different regulations. As a consequence of this difference in regulatory requirements, some clients may not be permitted to engage in all the investment techniques or transactions or to engage in these transactions to the same extent as the other accounts managed by the portfolio manager. Finally, the appearance of a conflict of interest may arise where Nuveen Asset Management has an incentive, such as a performance-based management fee, which relates to the management of some accounts, with respect to which a portfolio manager has day-to-day management responsibilities.

Nuveen Asset Management has adopted certain compliance procedures which are designed to address these types of conflicts common among investment managers. However, there is no guarantee that such procedures will detect each and every situation in which a conflict arises.

Conflicts of interest may also arise when the Sub-Adviser invests one or more of its client accounts in different or multiple parts of the same issuer's capital structure, including investments in public versus private securities, debt versus equity, or senior versus junior/subordinated debt, or otherwise where there are different or inconsistent rights or benefits. Decisions or actions such as investing, trading, proxy voting, exercising, waiving or amending rights or covenants, workout activity, or serving on a board, committee or other involvement in governance may result in conflicts of interest between clients holding different securities or investments. Generally, individual portfolio managers will seek to act in a manner that they believe serves the best interest of the accounts they manage. In cases where a portfolio manager or team faces a conflict among its client accounts, it will seek to act in a manner that it believes best reflects its overall fiduciary duty, which may result in relative advantages or disadvantages for particular accounts.

Code of Ethics

The Fund, Nuveen Fund Advisors, Nuveen Asset Management, Nuveen and other related entities have adopted codes of ethics (the "Code of Ethics") that essentially prohibit certain of their personnel, including the Portfolio Manager, from engaging in personal investments that compete or interfere with, or attempt to take advantage of a client's, including the Fund's, anticipated or actual portfolio transactions, and are designed to assure that the interests of clients, including Fund shareholders, are placed before the interests of personnel in connection with personal investment transactions. Personnel subject to the Code of Ethics may purchase shares of the Fund and may generally invest in securities in which the Fund may also invest subject to the restrictions set forth in the Code of Ethics. Text-only versions of the Code of Ethics of the Fund, Nuveen Fund Advisors, Nuveen Asset Management and Nuveen can be viewed online or downloaded from the EDGAR Database on the SEC's Internet web site at www.sec.gov. In addition, copies of those codes of ethics may be obtained, after mailing the appropriate duplicating fee, by writing to the SEC's Public Reference Section, 100 F Street, N.E., Washington, D.C. 20549 or by e-mail request at publicinfo@sec.gov.

BORROWINGS

The Fund's Declaration authorizes the Fund, without prior approval of holders of common shares or preferred shares, including New VRDP Shares, to borrow money. The Fund may issue notes or other evidence of indebtedness (including bank borrowings or commercial paper) and may secure any such borrowings subject to the requirements of the 1940 Act. Any borrowings will rank senior to the Fund's preferred shares, including the New VRDP Shares. The Fund, as a fundamental policy, may not issue debt securities that rank senior to New VRDP Shares, except for emergency or temporary purposes.

Limitations. Under the requirements of the 1940 Act, the Fund, immediately after issuing any borrowings that are senior securities representing indebtedness (as defined in the 1940 Act), must have an Asset Coverage of at least 300%. With respect to any such borrowings, asset coverage means the ratio which the value of the total assets of the Fund, less all liabilities and indebtedness not represented by senior securities, bears to the aggregate amount of any such borrowings that are senior securities representing indebtedness, issued by the Fund. Certain types of borrowings may also result in the Fund being subject to covenants in credit agreements (if any) relating to asset coverage or portfolio composition or otherwise. In addition, the Fund may be subject to certain restrictions imposed by guidelines of one or more rating agencies which may issue ratings for preferred shares, including New VRDP Shares, or indebtedness, if any, such as commercial paper or notes issued by the Fund. Such restrictions may be more stringent than those imposed by the 1940 Act. The incurrence of borrowings constituting senior securities representing indebtedness generally will require the consent of liquidity providers and purchasers under agreements relating to the Fund’s outstanding preferred shares and the New VRDP Shares.

Distribution Preference. The rights of lenders to the Fund to receive interest on and repayment of principal of any such borrowings will be senior to those of the holders of preferred shares (including New VRDP Shares), and the terms of any such borrowings may contain provisions which limit certain activities of the Fund, including the payment of dividends to holders of preferred shares in certain circumstances.

Voting Rights. The 1940 Act does (in certain circumstances) grant to the lenders to the Fund certain voting rights in the event of default in the payment of interest on or repayment of principal. In the event that such provisions would impair the Fund’s status as a regulated investment company under the Code, the Fund, subject to its ability to liquidate its portfolio, intends to repay the borrowings.

DESCRIPTION OF OUTSTANDING SHARES

Description of Common Shares

In addition to the preferred shares, the Fund’s Declaration authorizes the issuance of an unlimited number of common shares, par value \$0.01 per share. All common shares have equal rights to the payment of dividends and the distribution of assets upon liquidation. Common shares are fully paid and, subject to matters discussed in “Certain Provisions in the Declaration of Trust and By-Laws,” non-assessable when issued and have no preemptive, conversion rights or rights to cumulative voting.

Whenever preferred shares, including New VRDP Shares, are outstanding, common shareholders will not be entitled to receive any distributions from the Fund unless all accumulated dividends on preferred shares, including New VRDP Shares, have been paid, and unless asset coverage (as defined in the 1940 Act) with respect to preferred shares, including New VRDP Shares, would be at least 200% after giving effect to the distributions.

Description of Outstanding MFP Shares

The Fund’s outstanding MFP Shares, which are expected to remain outstanding following the completion of the Mergers, are as follows:

<u>Series</u>	<u>Shares Outstanding</u>	<u>Par Value Per Share</u>	<u>Liquidation Preference Per Share</u>	<u>Original Issue Date</u>	<u>Term Redemption Date</u>
Series A MFP Shares	1,500	\$0.01	\$100,000	May 2017	May 1, 2047
Series B MFP Shares	1,550	\$0.01	\$100,000	February 2018	February 3, 2048
Series C MFP Shares	3,360	\$0.01	\$100,000	June 2018	June 1, 2048

The Series A MFP Shares, the Series B MFP Shares and the Series C MFP Shares were issued to qualified institutional buyers through private transactions exempt from registration under the Securities Act.

The MFP Shares of each series are in the “Variable Rate Mode” (the “VR Mode”), in which the dividend is currently a variable rate determined by reference to an index rate plus an applicable spread. The Series B MFP Shares are “Adjustable Rate,” meaning that so long as the Series B MFP Shares are in the current VR Mode, the Fund and the beneficial owner or owners of the Series B MFP Shares may agree from time to time to adjust the dividend rate and other economic terms.

The term of the current VR Mode for the Series B MFP Shares ends on the Term Redemption Date set forth for such series in the table above, subject to earlier redemption, repurchase or transition to a new mode by the Fund. The term of the current VR Mode for the Series A MFP Shares currently ends on May 3, 2023, subject to extension or transition to a new mode, or earlier redemption or repurchase. The term of the current VR Mode for the Series C MFP Shares currently ends on June 21, 2023, subject to extension or transition to a new mode, or earlier redemption or repurchase. Under the respective statements establishing and fixing the rights and preferences of the MFP Shares, as supplemented (the “MFP Statements”), the Fund may terminate the VR Mode early or, as applicable, not extend it, and transition the applicable MFP Shares to a new mode (and, thereafter, until the term redemption date, subsequent new modes), during which many of the economic terms of the MFP Shares set forth in such MFP Statements may be modified. Modified terms for a new mode may include provisions with respect to (but not limited to) optional tender provisions, mandatory tender provisions, a liquidity facility or other credit enhancement, mandatory purchase provisions, the dividend rate setting provisions (including as to any maximum rate), and, if the dividend may be determined by reference to an index, formula or other method, the manner in which it will be determined and redemption provisions.

Dividends

The holders of outstanding MFP Shares of each series are entitled to receive, when, as and if declared by the Board, out of funds legally available therefor in accordance with the Fund’s Declaration and applicable law, cumulative cash dividends at the dividend rate or rates for the outstanding MFP Shares of such series payable on the dividend payment dates with respect to the outstanding MFP Shares of such series. Holders of outstanding MFP Shares are not entitled to any dividend, whether payable in cash, property or shares, in excess of such cumulative dividends on the outstanding MFP Shares. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on outstanding MFP Shares which may be in arrears, and no additional sum of money will be payable in respect of such arrearage.

Redemption

The outstanding MFP Shares of each series are subject to optional and mandatory redemption in certain circumstances. The Fund is obligated to redeem the outstanding MFP Shares on the Term Redemption Date set forth for each series in the table above, unless earlier redeemed or repurchased by the Fund, at a redemption price per share equal to the applicable liquidation preference per share (\$100,000) plus any accumulated but unpaid dividends (whether or not earned or declared). In the event the Fund fails to comply with asset coverage and/or effective leverage ratio requirements, as applicable, and any such failure is not cured within the applicable cure period, the Fund may become obligated to redeem such number of preferred shares as are necessary to achieve compliance with such requirements. In the case of Series A, B or C MFP Shares, the Fund is obligated to redeem all of the outstanding MFP Shares of the applicable series, in the event a mode change is initiated and a failed transition to a new mode occurs, or, in the case of Series B MFP Shares, a rate adjustment is initiated by the majority beneficial owner and a failed rate adjustment occurs, if such failure is not cured within the applicable cure period. Outstanding MFP Shares also may be redeemed in whole at any time or in part from time to time at the option of the Fund at a redemption price per share equal to the liquidation preference per share plus any accumulated but unpaid dividends (whether or not earned or declared).

Voting and Consent Rights

Except as otherwise provided in the Fund’s Declaration, the Statements, or as otherwise required by applicable law, (i) each holder of outstanding MFP Shares is entitled to one vote for each outstanding MFP Share

held on each matter submitted to a vote of shareholders of the Fund, and (ii) the holders of outstanding MFP Shares, along with holders of other outstanding preferred shares of the Fund, vote with holders of common shares of the Fund as a single class; provided, however, that holders of preferred shares, including outstanding MFP Shares, are entitled as a class to elect two trustees of the Fund at all times. The holders of outstanding common shares and preferred shares, including outstanding MFP Shares, voting as a single class, elect the balance of the trustees of the Fund.

Holders of outstanding MFP Shares of each series, as a separate class, have voting and consent rights with respect to certain actions that would materially and adversely affect any preference, right or power of the outstanding MFP Shares or holders of outstanding MFP Shares of the applicable series. In addition, holders of outstanding Series A MFP Shares, Series B MFP Shares and Series C MFP Shares have certain consent rights under the purchase agreement for the outstanding MFP Shares of the applicable series with respect to certain actions that would affect their investment in the Fund. Holders of outstanding MFP Shares also are entitled to vote as a class with holders of other preferred shares of the Fund on matters that relate to the conversion of the Fund to an open-end investment company, certain plans of reorganization adversely affecting holders of the preferred shares or any other action requiring a vote of security holders of the Fund under Section 13(a) of the 1940 Act. In certain circumstances, holders of preferred shares, including outstanding MFP Shares, are entitled to elect additional trustees in the event dividends are due and unpaid and sufficient cash or specified securities have not been deposited for their payment, or at any time holders of preferred shares are entitled under the 1940 Act to elect a majority of the trustees of the Fund.

Priority of Payment

The outstanding MFP Shares are senior in priority to the Fund’s common shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund. The outstanding MFP Shares of each series have equal priority as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund with the other preferred shares of the Fund, including the other series of outstanding MFP Shares, the Outstanding VRDP Shares and the New AMTP Shares and the New VRDP Shares to be issued in the Mergers, if any.

Description of Outstanding Fund VRDP Shares

The Fund’s Outstanding VRDP Shares, which are expected to remain outstanding following the completions of the Mergers, are set forth below:

<u>Series</u>	<u>Shares Outstanding</u>	<u>Par Value Per Share</u>	<u>Liquidation Preference Per Share</u>	<u>Offering Time</u>	<u>Mandatory Redemption Date</u>
Series 1 VRDP Shares	2,688	\$0.01	\$100,000	April 2016	March 1, 2040
Series 2 VRDP Shares	2,622	\$0.01	\$100,000	April 2016	March 1, 2040
Series 3 VRDP Shares	1,460	\$0.01	\$100,000	April 2016	June 1, 2040

Under the statement establishing and fixing the rights and preferences of the Outstanding VRDP Shares of each series (each, a “Statement”), the Fund is permitted to establish, from time to time, special rate periods during which many of the terms of the VRDP Shares set forth in such Statement may be modified. The Series 1 VRDP Shares and the Series 2 VRDP Shares are in an “Adjustable Rate Special Rate Period,” in which the dividend is currently a variable rate determined by reference to an index rate plus an applicable spread. So long as the Series 1 VRDP Shares and the Series 2 VRDP Shares are in the current respective special rate period, the Fund and the beneficial owner or owners of the VRDP Shares of the applicable series may agree from time to time to adjust the dividend rate and other economic terms. The term of the current special rate period for the Series 1 VRDP Shares and the Series 2 VRDP Shares ends on the Mandatory Redemption Date set forth for the applicable series in the table above, subject to earlier redemption, repurchase or transition to a new special rate period or minimum rate periods by the Fund.

Under the Statement for the outstanding Series 3 VRDP Shares, the Series 3 VRDP Shares currently pay an adjustable dividend rate set weekly by a remarketing agent. Holders of the outstanding Series 3 VRDP Shares have the right to give notice on any business day to tender the securities for remarketing in seven days. The outstanding Series 3 VRDP Shares are also subject to a mandatory tender for remarketing upon the occurrence of certain events, such as the non-payment of dividends by the Fund. Should a remarketing be unsuccessful, the dividend rate will reset to a maximum rate as defined in the governing documents of the outstanding Series 3 VRDP Shares.

The outstanding Series 3 VRDP Shares have the benefit of an unconditional demand feature pursuant to a purchase agreement provided by a bank acting as liquidity provider to ensure full and timely repayment of the liquidation preference amount plus any accumulated and unpaid dividends to holders upon the occurrence of certain events. The agreement for the outstanding Series 3 VRDP Shares requires the liquidity provider to purchase from holders all outstanding Series 3 VRDP Shares tendered for sale that were not successfully remarketed. The liquidity provider also must purchase all outstanding Series 3 VRDP Shares prior to termination of the purchase agreement for such series, including by reason of the failure of the liquidity provider to maintain the requisite level of short-term ratings, if the Fund has not obtained an alternate purchase agreement before the termination date.

The obligation of the liquidity provider for the outstanding Series 3 VRDP Shares to purchase the outstanding Series 3 VRDP Shares pursuant to the purchase agreement for such series runs to the benefit of the holders of the outstanding Series 3 VRDP Shares and is unconditional and irrevocable, and as such the short-term ratings assigned to the outstanding Series 3 VRDP Shares are directly linked to the short-term creditworthiness of the liquidity provider. The liquidity provider for the outstanding Series 3 VRDP Shares entered into a purchase agreement with respect to the outstanding Series 3 VRDP Shares, subject to periodic extension by agreement with the Fund.

Dividends

The holders of Outstanding VRDP Shares of each series are entitled to receive, when, as and if declared by the Board, out of funds legally available therefor in accordance with the Fund's Declaration and applicable law, cumulative cash dividends at the dividend rate for the Outstanding VRDP Shares of such series payable on the dividend payment dates with respect to the Outstanding VRDP Shares of such series. Holders of Outstanding VRDP Shares are not entitled to any dividend, whether payable in cash, property or shares, in excess of such cumulative dividends on the Outstanding VRDP Shares. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on Outstanding VRDP Shares which may be in arrears, and no additional sum of money will be payable in respect of such arrearage.

Redemption

The Outstanding VRDP Shares of each series are subject to optional and mandatory redemption in certain circumstances. The Fund is obligated to redeem the Outstanding VRDP Shares on the Mandatory Redemption Date set forth for each series in the table above, unless earlier redeemed or repurchased by the Fund, at a redemption price per share equal to the liquidation preference per share (\$100,000) plus any accumulated but unpaid dividends (whether or not earned or declared).

Pursuant to the Statement for the outstanding Series 3 VRDP Shares and the fee agreement with the liquidity provider for such series, the Fund will have an obligation to redeem, at a redemption price equal to \$100,000 per share plus accumulated but unpaid dividends thereon (whether or not earned or declared) until, but excluding, the date fixed by the Board for redemption, shares of such series purchased by the liquidity provider pursuant to its obligations under the purchase agreement if the liquidity provider continues to be the beneficial owner for a period of six months and such shares cannot be successfully remarketed. The Fund also will redeem, at a redemption price equal to the liquidation preference per share plus accumulated but unpaid dividends thereon

(whether or not earned or declared) until, but excluding, the date fixed by the Board for redemption, such number of preferred shares as is necessary to achieve compliance, if the Fund fails to maintain the minimum VRDP asset coverage required under the 1940 Act and the Fund's agreement with the liquidity provider for the outstanding Series 3 VRDP Shares, and such failure is not cured by the applicable cure date.

During the special rate period for the outstanding Series 1 and Series 2 VRDP Shares, in the event the Fund fails to comply with asset coverage and/or effective leverage ratio requirements and any such failure is not cured within the applicable cure period, the Fund may become obligated to redeem such number of preferred shares as are necessary to achieve compliance with such requirements. Also, during the special rate period for the outstanding Series 1 and Series 2 VRDP Shares, the Fund is obligated to redeem all of the Outstanding VRDP Shares of the applicable series, in the event a special rate period transition is initiated and a failed transition occurs, or if a rate adjustment is initiated by the majority beneficial owner and a failed rate adjustment occurs, if such failure is not cured within the applicable cure period.

Outstanding VRDP Shares also may be redeemed in whole at any time or in part from time to time at the option of the Fund at a redemption price per share equal to the liquidation preference per share plus any accumulated but unpaid dividends (whether or not earned or declared).

Voting and Consent Rights

Except as otherwise provided in the Fund's Declaration, the Statements, or as otherwise required by applicable law, (i) each holder of Outstanding VRDP Shares is entitled to one vote for each outstanding VRDP Share held on each matter submitted to a vote of shareholders of the Fund, and (ii) the holders of Outstanding VRDP Shares, along with holders of other outstanding preferred shares of the Fund, vote with holders of common shares of the Fund as a single class; provided, however, that holders of preferred shares, including Outstanding VRDP Shares, are entitled as a class to elect two trustees of the Fund at all times. The holders of outstanding common shares and preferred shares, including Outstanding VRDP Shares, voting as a single class, elect the balance of the trustees of the Fund.

Holders of Outstanding VRDP Shares of each series, as a separate class, have voting and consent rights with respect to certain actions that would materially and adversely affect any preference, right or power of the Outstanding VRDP Shares or holders of Outstanding VRDP Shares of the applicable series. In addition, holders of outstanding Series 1 and Series 2 VRDP Shares have certain consent rights under the purchase agreement entered into for the special rate period for the Outstanding VRDP Shares of the applicable series with respect to certain actions that would affect their investment in the Fund. Holders of Outstanding VRDP Shares also are entitled to vote as a class with holders of other preferred shares of the Fund on matters that relate to the conversion of the Fund to an open-end investment company, certain plans of reorganization adversely affecting holders of the preferred shares or any other action requiring a vote of security holders of the Fund under Section 13(a) of the 1940 Act. In certain circumstances, holders of preferred shares, including Outstanding VRDP Shares, are entitled to elect additional trustees in the event at least two full years' dividends are due and unpaid and sufficient cash or specified securities have not been deposited for their payment, or at any time holders of preferred shares are entitled under the 1940 Act to elect a majority of the trustees of the Fund.

Priority of Payment

The Outstanding VRDP Shares are senior in priority to the Fund's common shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund. The Outstanding VRDP Shares have equal priority as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund with the other preferred shares of the Fund, including the outstanding MFP Shares, the other series of Outstanding VRDP Shares and the New AMTP Shares and the New VRDP Shares to be issued in the Mergers, if any.

NET ASSET VALUE

The Fund's NAV is determined as of the close of regular session trading (normally 4:00 p.m. Eastern Time) on each day the New York Stock Exchange ("NYSE") is open for business. The Fund's NAV is calculated by taking the market value of the Fund's total assets, including interest or dividends accrued but not yet collected, less all liabilities, and dividing by the total number of Common Shares outstanding. The result, rounded to the nearest cent, is the NAV. All valuations are subject to review by the Fund's Board or its delegate.

The Fund utilizes independent pricing services approved by the Board to value portfolio instruments at their market value. If the pricing services are unable to provide a market value or if a significant event occurs such that the valuation(s) provided are deemed unreliable, the Fund may value portfolio instrument(s) at their fair value, which is generally the amount that an owner might reasonably expect to receive upon a current sale. Independent pricing services typically value non-equity portfolio instruments utilizing a range of market-based inputs and assumptions, including readily available market quotations obtained from broker-dealers making markets in such instruments, cash flows and transactions for comparable instruments. In valuing municipal securities, the pricing services may also consider, among other factors, the yields or prices of municipal securities of comparable quality, type of issue, coupon, maturity and rating and the obligor's credit characteristics considered relevant by the pricing service or the Board's designee. In pricing certain securities, particularly less liquid and lower quality securities, the pricing services may consider information about a security, its issuer or market activity provided by Nuveen Fund Advisors or Nuveen Asset Management.

If a price cannot be obtained from a pricing service or other pre-approved source, or if Nuveen Fund Advisors deems such price to be unreliable, or if a significant event occurs after the close of the local market but prior to the time at which the Fund's NAV is calculated, a portfolio instrument will be valued at its fair value as determined in good faith by the Board or persons acting at their direction. Nuveen Fund Advisors may determine that a price is unreliable in various circumstances. For example, a price may be deemed unreliable if it has not changed for an identified period of time, or has changed from the previous day's price by more than a threshold amount, and recent transactions and/or broker dealer price quotations differ materially from the price in question.

The valuations for fixed-income securities and certain derivative instruments are typically the prices supplied by independent third party pricing services, which may use market prices or broker/dealer quotations or a variety of fair valuation techniques and methodologies. Short-term fixed-income securities that will mature in 60 days or less are valued at amortized cost, unless it is determined that using this method would not reflect an investment's fair value. The valuations of certain fixed-income securities will generally be based on prices determined as of the earlier closing time of the markets on which they primarily trade, unless a significant event has occurred.

The Board has adopted valuation procedures for the Fund and has delegated the day-to-day responsibility for fair value determinations to Nuveen Fund Advisors' Valuation Committee. All fair value determinations made by the Valuation Committee are subject to review and ratification by the Board. As a general principle, the fair value of a portfolio instrument is the amount that an owner might reasonably expect to receive upon the instrument's current sale. A range of factors and analysis may be considered when determining fair value, including relevant market data, interest rates, credit considerations and/or issuer specific news. However, fair valuation involves subjective judgments and it is possible that the fair value determined for a portfolio instrument may be materially different from the value that could be realized upon the sale of that instrument.

CERTAIN PROVISIONS IN THE DECLARATION OF TRUST AND BY-LAWS

General

The by-laws of the Fund provide that by becoming a shareholder of the Fund, each shareholder shall be deemed to have agreed to be bound by the terms of the Declaration and by-laws. However, neither the Declaration nor the by-laws purport to require the waiver of a shareholder's rights under the federal securities laws.

Shareholder and Trustee Liability

Under Massachusetts law, shareholders could, under certain circumstances, be held personally liable for the obligations of the Fund. However, the Fund's Declaration contains an express disclaimer of shareholder liability for debts or obligations of the Fund and requires that notice of such limited liability be given in each obligation, contract or instrument made or issued by the Fund or the trustees. The Fund's Declaration further provides for indemnification out of the assets and property of the Fund for all loss and expense of any shareholder held personally liable for the obligations of the Fund. Thus, the risk of a shareholder incurring financial loss on account of shareholder liability is limited to circumstances in which the Fund would be unable to meet its obligations. The Fund believes that the likelihood of such circumstances is remote.

The Fund's Declaration provides that the obligations of the Fund are not binding upon the Fund's trustees individually, but only upon the assets and property of the Fund, and that the trustees will not be liable for errors of judgment or mistakes of fact or law. However, nothing in the Fund's Declaration protects a trustee against any liability to which he or she would otherwise be subject by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office.

Anti-Takeover Provisions

The Fund's Declaration and by-laws include provisions that could limit the ability of other entities or persons to acquire control of the Fund or to convert the Fund to open-end status. Specifically, the Fund's Declaration requires a vote by holders of at least two-thirds of the outstanding common shares and preferred shares entitled to vote, voting as a single class, except as described below, to authorize (1) a conversion of the Fund from a closed-end to an open-end investment company, (2) a merger or consolidation of the Fund or a series or class of the Fund with any corporation, association, trust or other organization or a reorganization or recapitalization of the Fund or a series or class of the Fund, (3) a sale, lease or transfer of all or substantially all of the Fund's assets (other than in the regular course of the Fund's investment activities), (4) in certain circumstances, a termination of the Fund or a series or class of the Fund, or (5) a removal of trustees by shareholders, and then only for cause, unless, with respect to (1) through (4), such transaction has already been authorized by the affirmative vote of two-thirds of the total number of trustees fixed in accordance with the Fund's Declaration or the Fund's by-laws, in which case the affirmative vote of the holders of at least a majority of the Fund's outstanding common shares and preferred shares entitled to vote, voting as a single class, is required; provided, however, that, where only a particular class or series is affected (or, in the case of removing a trustee, when the trustee has been elected by only one class), only the required vote by the applicable class or series will be required. For the purposes of the foregoing, the term "recapitalization" will not mean, without limitation, the issuance or redemption of preferred shares pursuant to the terms of the Fund's Declaration or the applicable Statement adopted with respect to such preferred shares, whether or not in conjunction with the issuance, retirement or redemption of other securities or indebtedness of the Fund. However, approval of shareholders is not required for any transaction, whether deemed a merger, consolidation, reorganization or otherwise, whereby the Fund issues shares in connection with the acquisition of assets (including those subject to liabilities) of any other investment company or similar entity. In the case of the conversion of the Fund to an open-end investment company, or in the case of any of the foregoing transactions constituting a plan of reorganization (as that term is used in the 1940 Act) which adversely affects the holders of preferred shares, the action in question will also require the affirmative vote of the holders of at least two-thirds of the Fund's preferred shares outstanding at the time, voting as a separate class, or, if such action has been authorized by the affirmative vote of two-thirds of the total number of trustees fixed in accordance with the Fund's Declaration or the Fund's by-laws, the affirmative vote of the holders of at least a majority of the Fund's preferred shares outstanding at the time, voting as a separate class. None of the foregoing voting provisions may be amended or repealed except by the vote of at least two-thirds of the common shares and preferred shares entitled to vote, voting as a single class. The votes required to approve the conversion of the Fund from a closed-end to an open-end investment company or to approve transactions constituting a plan of reorganization which adversely affects the holders of preferred shares are higher than those required by the 1940 Act. The Fund's Board believes that the provisions of the Fund's Declaration relating to such higher votes are in the best interests of the Fund.

In addition, the Fund's by-laws require the Board be divided into three classes with staggered terms. This provision of the by-laws could delay for up to two years the replacement of a majority of the Board. Holders of preferred shares, voting as a separate class, are entitled to elect two of the Fund's trustees.

The by-laws of the Fund provide that common shares held by a shareholder who obtains beneficial ownership of common shares in a "Control Share Acquisition" shall have the same voting rights as other common shares only to the extent authorized by the Fund's shareholders (the "Control Share Provision"). Such authorization shall require the affirmative vote of the holders of a majority (more than 50%) of the shares of the Fund entitled to vote in the election of trustees, excluding Interested Shares. Interested Shares include shares held by Fund officers and any person who has acquired common shares in a Control Share Acquisition. The by-laws define a "Control Share Acquisition," subject to various conditions and exceptions, generally to mean an acquisition of common shares that would give the beneficial owner, upon the acquisition of such shares, the ability to exercise voting power, but for the Control Share Provision, in the election of trustees (except for any elections of trustees by holders of preferred shares voting as a separate class) in any one of the following ranges: (i) one-tenth or more, but less than one-fifth of all voting power; (ii) one-fifth or more, but less than one-third of all voting power; (iii) one-third or more, but less than a majority of all voting power; or (iv) a majority or more of all voting power. For this purpose, all common shares acquired by a person within ninety days before or after the date on which such person acquires shares that result in a Control Share Acquisition, and all common shares acquired by such person pursuant to a plan to make a Control Share Acquisition, shall be deemed to have been acquired in the same Control Share Acquisition. Subject to various conditions and procedural requirements, including the delivery of a "Control Share Acquisition Statement" to the Fund setting forth certain required information, a shareholder who obtains or proposes to obtain beneficial ownership of common shares in a Control Share Acquisition generally may request a vote of shareholders to approve the authorization of voting rights of such shareholder with respect to such shares.

The provisions of the Fund's Declaration and by-laws described above could have the effect of depriving the common shareholders of opportunities to sell their common shares at a premium over the then-current market price of the common shares by discouraging a third party from seeking to obtain control of the Fund in a tender offer or similar transaction. The overall effect of these provisions is to render more difficult the accomplishment of a merger or the assumption of control by a third party. However, they provide the advantage of potentially requiring persons seeking control of the Fund to negotiate with its management regarding the price to be paid and facilitating the continuity of the Fund's investment objectives and policies. The Fund's Board has considered the foregoing anti-takeover provisions and concluded that they are in the best interests of the Fund.

The Fund's Declaration provides that shareholders will have no right to acquire, purchase or subscribe for any shares or securities of the Fund, other than such right, if any, as the Fund's Board in its discretion may determine.

Procedural Requirements on Derivative Actions, Exclusive Jurisdiction and Jury Trial Waiver

The by-laws of the Fund contain certain provisions affecting potential shareholder claims against the Fund, including procedural requirements for derivative actions, an exclusive forum provision, and the waiver of shareholder rights to a jury trial. Massachusetts is considered a "universal demand" state, meaning that under Massachusetts corporate law a shareholder must make a demand on the company before bringing a derivative action (i.e., a lawsuit brought by a shareholder on behalf of the company). The by-laws of the Fund provide detailed procedures for the bringing of derivative actions by shareholders (the "Demand By-Law") which are modeled on the substantive provisions of the Massachusetts corporate law derivative demand statute. The Demand By-Law is intended to permit legitimate inquiries and claims while avoiding the time, expense, distraction, and other harm that can be caused to the Fund or its shareholders as a result of spurious shareholder demands and derivative actions. Among other things, the Demand By-Law:

- provides that before bringing a derivative action, a shareholder must make a written demand to the Fund;
- establishes a 90 day review period, subject to extension in certain circumstances, for the Board to evaluate the shareholder's demand;

- establishes a mechanism for the Board to submit the question of whether to maintain a derivative action to a vote of shareholders;
- provides that if the Fund does not notify the requesting shareholder of the rejection of the demand within the applicable review period, the shareholder may commence a derivative action;
- establishes bases upon which a trustee will not be considered to be not independent for purposes of evaluating a derivative demand; and
- provides that if the trustees who are independent for purposes of considering a shareholder demand determine in good faith within the applicable review period that the maintenance of a derivative action is not in the best interest of the Fund, the shareholder shall not be permitted to maintain a derivative action unless he or she first sustains the burden of proof to the court that the decision of the trustees not to pursue the requested action was not a good faith exercise of their business judgment on behalf of the Fund.

The Demand By-Law may be more restrictive than procedures for bringing derivative suits applicable to other investment companies.

The by-laws also require that actions by shareholders against the Fund, except for actions under the U.S. federal securities laws, be brought only in a certain federal court in Massachusetts, or if not permitted to be brought in federal court, then in the Business Litigation Session of the Massachusetts Superior Court in Suffolk County (the “Exclusive Jurisdictions”), and that the right to jury trial be waived to the fullest extent permitted by law. Other investment companies may not be subject to similar restrictions. The designation of Exclusive Jurisdictions may make it more expensive for a shareholder to bring a suit than if the shareholder were permitted to select another jurisdiction. Also, the designation of Exclusive Jurisdictions and the waiver of jury trials limit a shareholder’s ability to litigate a claim in the jurisdiction and in a manner that may be more favorable to the shareholder. It is possible that a court may choose not to enforce these provisions of the Fund’s by-laws.

Reference should be made to the Fund’s Declaration and by-laws on file with the SEC for the full text of these provisions.

REPURCHASE OF COMMON SHARES; CONVERSION TO OPEN-END FUND

The Fund is a closed-end management investment company, and as such its shareholders do not have the right to cause the Fund to redeem their common shares. Instead, the common shares of the Fund trade in the open market at a price that is a function of several factors, including dividend levels (which are in turn affected by expenses), net asset value, call protection, dividend stability, portfolio credit quality, relative demand for and supply of such shares in the market, general market and economic conditions and other factors. Because common shares of closed-end management investment companies may frequently trade at prices lower than net asset value, the Fund’s Board has determined that, at least annually, it will consider action that might be taken to reduce or eliminate any material discount from net asset value in respect of common shares, which may include the repurchase of such shares in the open market or in private transactions, the making of a tender offer for such shares at net asset value, or the conversion of the Fund to an open-end investment company. There is no assurance that the Fund’s Board will decide to take any of these actions, or that share repurchases or tender offers will actually reduce market discount.

Notwithstanding the foregoing, at any time when the Fund’s preferred shares are outstanding, the Fund may not purchase, redeem or otherwise acquire any of its common shares unless (1) all accumulated but unpaid preferred shares dividends due to be paid have been paid and (2) at the time of such purchase, redemption or acquisition, the net asset value of the Fund’s portfolio (determined after deducting the acquisition price of the common shares) is at least 200% of the liquidation value (expected to equal the original purchase price per share plus any accumulated but unpaid dividends thereon) of the outstanding preferred shares.

If the Fund converted to an open-end investment company, it would be required to redeem all its preferred shares then outstanding (requiring in turn that it liquidate a portion of its investment portfolio), and the common shares would no longer be listed on an exchange. In contrast to a closed-end management investment company, shareholders of an open-end management investment company may require the company to redeem their shares at any time (except in certain circumstances as authorized by or under the 1940 Act) at their net asset value, less any redemption charge that is in effect at the time of redemption. See “Certain Provisions in the Fund’s Declaration and By-Laws” above for a discussion of the voting requirements applicable to the conversion of the Fund to an open-end management investment company.

Before deciding whether to take any action if the common shares trade below net asset value, the Board would consider all relevant factors, including the extent and duration of the discount, the liquidity of the Fund’s portfolio, the impact of any action that might be taken on the Fund or its shareholders and market considerations. Based on these considerations, even if the Fund’s common shares should trade at a discount, the Board may determine that, in the interest of the Fund, no action should be taken.

CUSTODIAN AND TRANSFER AGENT, DIVIDEND DISBURSING AGENT AND REDEMPTION AGENT

The custodian of the assets of the Fund is State Street Bank and Trust Company, One Lincoln Street, Boston, Massachusetts 02111. The custodian performs custodial, fund accounting and portfolio accounting services. The Fund’s transfer, shareholder services and dividend disbursing agent and redemption and paying agent is Computershare, 150 Royall Street, Canton, Massachusetts 02021. The Tender and Paying Agent is The Bank of New York Mellon, Corporate Trust Division, Dealing and Trading Group, 240 Greenwich Street, Floor 7E, New York, N.Y. 10286. The Tender and Paying Agent will act as the Fund’s tender agent, transfer agent and registrar, dividend disbursing agent and paying agent, calculation agent and redemption price disbursing agent with respect to the New VRDP Shares.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KPMG LLP, an independent registered public accounting firm, provides auditing services to the Fund. The principal business address of KPMG LLP is 200 East Randolph Street, Chicago, Illinois 60601.

AVAILABLE INFORMATION

The Fund is subject to the informational requirements of the Exchange Act and the 1940 Act and in accordance therewith files reports, proxy statements, registration statements and other information with the SEC. Reports, proxy statements, registration statements and other information filed by the Fund may be accessed through the EDGAR database on the SEC’s Internet site at <http://www.sec.gov>. You may obtain copies of this information, with payment of a duplication fee, by electronic request at the following e-mail address: publicinfo@sec.gov.

The Fund’s audited financial statements for the fiscal year ended October 31, 2021, together with the report of KPMG LLP thereon, are incorporated in this Memorandum by reference to its 2021 Annual Report. Copies of the Annual Report may be obtained from www.sec.gov or by visiting www.nuveen.com. Other than the financial statements included in the Fund’s Annual Report, the information contained in, or that can be accessed through, the SEC’s or the Fund’s website is not part of this Memorandum.

If at any time the Fund is not subject to Section 13(a) or 15(d) of the Exchange Act, the Fund will furnish to holders of New VRDP Shares and prospective investors, upon their request, the information specified in Rule 144A(d)(4) under the Securities Act in order to permit compliance with Rule 144A in connection with resales of New VRDP Shares.

Statements in this Memorandum about the contents of any contract or other document are not necessarily complete and in each instance reference is made to the copy of the contract or other documents available upon request from the Fund, subject to compliance with applicable confidentiality restrictions, each such statement being qualified in all respects by this reference.

APPENDIX A: Notice of Special Rate Period for the Initial Rate Period

NUVEEN MUNICIPAL CREDIT INCOME FUND

**STATEMENT ESTABLISHING AND FIXING THE
RIGHTS AND PREFERENCES OF SERIES 4
VARIABLE RATE DEMAND PREFERRED SHARES**

NUVEEN MUNICIPAL CREDIT INCOME FUND, a Massachusetts business trust (the “Fund”), hereby certifies that:

FIRST: Pursuant to authority expressly vested in the Board of Trustees of the Fund by Article IV of the Fund’s Declaration of Trust, the Board of Trustees has, by resolution, authorized the issuance of preferred shares, \$.01 par value per share, classified as Variable Rate Demand Preferred Shares with a liquidation preference of \$100,000 per share in such one or more series as may be authorized and issued from time to time (each, a “Series,” and each such Series being referred to herein as a “Series of VRDP,” and shares of all such Series being referred to herein individually as a “VRDP Share” and collectively as “VRDP Shares” or “VRDP”); and

SECOND: The preferences (including liquidation preference), voting powers, restrictions, limitations as to dividends, qualifications, and terms and conditions of redemption, of the shares of the Series 4 Variable Rate Demand Preferred Shares designated below are as follows or as set forth in an amendment or supplement hereto:

DESIGNATION OF SERIES 4 VRDP

Series 4: A series of preferred shares, par value \$.01 per share, liquidation preference \$100,000 per share, is hereby authorized and designated “**Series 4 Variable Rate Demand Preferred Shares**,” also referred to herein as “**Series 4 VRDP**,” “**Series 4 VRDP Shares**” or “**shares of Series 4 VRDP**,” and references to “**such Series**” with respect to the Series 4 VRDP Shares shall be interpreted as references to “**shares of such Series**,” as the context may require. Each share of Series 4 VRDP shall be issued on a date determined by the Board of Trustees of the Fund or pursuant to their delegated authority; and have such other preferences, voting powers, limitations as to dividends, qualifications and terms and conditions of redemption, in addition to those required by applicable law or as set forth in the Declaration, as set forth in Parts I and II of this Statement (as defined below). During the Initial Rate Period, which shall be a Special Rate Period, the Fund will pay dividends at the dividend rate or rates and on the Dividend Payment Dates as set forth in the Notice of Special Rate Period effective [●], 2023 attached hereto as Appendix A. The Series 4 VRDP shall constitute a separate series of preferred shares of the Fund and each share of Series 4 VRDP shall be identical.

The number of Series 4 VRDP Shares which the Board of Trustees has initially authorized for issuance is [1,480]. The Board of Trustees may, from time to time, authorize the issuance of additional Series 4 VRDP Shares in accordance with the terms hereof.

One Series 4 VRDP Share initially authorized for issuance as stated above shall be issued and distributed in respect of each Series 1 Variable Rate Demand Preferred Share of Nuveen Ohio Quality Municipal Income Fund (the “**Target Fund**”) outstanding on the date of distribution in connection with the merger of the Target Fund into the Fund as described in the Memorandum (as defined below).

DEFINITIONS

The following terms shall have the following meanings (with terms defined in the singular having comparable meanings when used in the plural and vice versa), unless the context otherwise requires:

(a) “**Agent Member**” means a Person with an account at the Securities Depository that holds one or more Series 4 VRDP Shares through the Securities Depository, directly or indirectly, for a Beneficial Owner and

that will be authorized and instructed, directly or indirectly, by a Beneficial Owner to disclose information to the Remarketing Agent and the Tender and Paying Agent with respect to such Beneficial Owner.

(b) “**Alternate VRDP Purchase Agreement**” means any agreement with a successor Liquidity Provider replacing the VRDP Purchase Agreement (or any replacement therefor) upon its termination in accordance with its terms and containing a Purchase Obligation substantially identical to the Purchase Obligation therein as determined by the Fund.

(c) “**Applicable Base Rate**” means the greater of (i) the SIFMA Municipal Swap Index Rate or (ii) One-Month Term SOFR.

(d) “**Applicable Percentage**” has the meaning set forth in the definition of the Maximum Rate.

(e) “**Applicable Rate**” means the dividend rate per annum on any Series 4 VRDP Shares for a Rate Period determined as set forth in paragraph (e)(i) of Section 2 of Part I of this Statement or in the definition of “Maximum Rate.”

(f) “**Applicable Rate Determination**” means each periodic operation of the process of determining the Applicable Rate for the Series 4 VRDP Shares for a Subsequent Rate Period, as provided in the Remarketing Agreement and Part II of this Statement.

(g) “**Applicable Spread**” means, in connection with the Maximum Rate for any Rate Period (and subject to adjustment as described in the definition of Maximum Rate) (i) when there is not a Failed Remarketing Condition, 200 basis points (2.00%), and (ii) while a Failed Remarketing Condition has occurred or is continuing, 200 basis points (2.00%) (up to 59 days of a continued Failed Remarketing Condition), 225 basis points (2.25%) (60 days but fewer than 90 days of a continued Failed Remarketing Condition), 250 basis points (2.50%) (90 days but fewer than 120 days of a continued Failed Remarketing Condition), 275 basis points (2.75%) (120 days but fewer than 150 days of a continued Failed Remarketing Condition), 300 basis points (3.00%) (150 days but fewer than 180 days of a continued Failed Remarketing Condition), and 400 basis points (4.00%) (180 days or more of a continued Failed Remarketing Condition); provided, that, if at any time when the Applicable Spread is 225 basis points (2.25%), 250 basis points (2.50%), 275 basis points (2.75%), 300 basis points (3.00%) or 400 basis points (4.00%) the Failed Remarketing Condition no longer exists due to the successful Remarketing of all Purchased VRDP Shares, such Applicable Spread of 225 basis points (2.25%), 250 basis points (2.50%), 275 basis points (2.75%), 300 basis points (3.00%) or 400 basis points (4.00%) will continue to be the Applicable Spread in connection with determining the Maximum Rate in effect for each Rate Period commencing with the first Subsequent Rate Period after the Failed Remarketing Condition no longer exists through and including the first Subsequent Rate Period ending on or after the 45th day after the day the Failed Remarketing Condition no longer exists; provided further, that (i) if a new Failed Remarketing Condition occurs prior to the end of such period and the Applicable Spread is then 225 basis points (2.25%), the date such new Failed Remarketing Condition occurs will be deemed to be the 60th day of a continued Failed Remarketing Condition, (ii) if a new Failed Remarketing Condition occurs prior to the end of such period and the Applicable Spread is then 250 basis points (2.50%), the date such new Failed Remarketing Condition occurs will be deemed to be the 90th day of a continued Failed Remarketing Condition, (iii) if a new Failed Remarketing Condition occurs prior to the end of such period and the Applicable Spread is then 275 basis points (2.75%), the date such new Failed Remarketing Condition occurs will be deemed to be the 120th day of a continued Failed Remarketing Condition, (iv) if a new Failed Remarketing Condition occurs prior to the end of such period and the Applicable Spread is then 300 basis points (3.00%), the date such new Failed Remarketing Condition occurs will be deemed to be the 150th day of a continued Failed Remarketing Condition, and (v) if a new Failed Remarketing Condition occurs prior to the end of such period and the Applicable Spread is then 400 basis points (4.00%), the date such new Failed Remarketing Condition occurs will be deemed to be the 180th day of a continued Failed Remarketing Condition, in each case, solely for purposes of determining the Applicable Spread.

(h) “**Beneficial Owner**” means a Person in whose name Series 4 VRDP Shares are recorded as beneficial owner of such VRDP Shares by the Securities Depository, an Agent Member or other securities intermediary on the records of such Securities Depository, Agent Member or securities intermediary, as the case may be, or such Person’s subrogee, including the Liquidity Provider to the extent it is at any time the Beneficial Owner of Series 4 VRDP Shares (irrespective of any assignment or transfer by the Liquidity Provider of its voting rights).

(i) “**Board of Trustees**” means the Board of Trustees of the Fund or any duly authorized committee thereof.

(j) “**Business Day**” means a day (a) other than a day on which commercial banks in The City of New York, New York are required or authorized by law or executive order to close and (b) on which the New York Stock Exchange is not closed.

(k) “**Code**” means the Internal Revenue Code of 1986, as amended.

(l) “**Common Shares**” means the common shares of beneficial interest, par value \$.01 per share, of the Fund.

(m) “**Custodian**” means a bank, as defined in Section 2(a)(5) of the 1940 Act, that has the qualifications prescribed in paragraph 1 of Section 26(a) of the 1940 Act, or such other entity as shall be providing custodian services to the Fund as permitted by the 1940 Act or any rule, regulation, or order thereunder, and shall include, as appropriate, any similarly qualified sub-custodian duly appointed by the Custodian.

(n) “**Date of Original Issue,**” with respect to any Series 4 VRDP Share, means the date on which the Fund initially issued such Series 4 VRDP Share.

(o) “**Declaration**” means the Declaration of Trust of the Fund, as it may be amended from time to time in accordance with the provisions thereof.

(p) “**Deposit Securities**” means, as of any date, any United States dollar-denominated security or other investment of a type described below that either (i) is a demand obligation payable to the holder thereof on any Business Day or (ii) has a maturity date, mandatory redemption date or mandatory payment date, on its face or at the option of the holder, preceding the relevant payment date in respect of which such security or other investment has been deposited or set aside as a Deposit Security:

- (1) cash or any cash equivalent;
- (2) any U.S. Government Security;
- (3) any Municipal Security that has a credit rating from at least one NRSRO that is the highest applicable rating generally ascribed by such NRSRO to Municipal Securities (long-term or short-term as to the applicable type of obligation) as of the date of this Statement (or such rating’s future equivalent), including (A) any such Municipal Security that has been pre-refunded by the issuer thereof with the proceeds of such refunding having been irrevocably deposited in trust or escrow for the repayment thereof and (B) any such fixed or variable rate Municipal Security that qualifies as an eligible security under Rule 2a-7 under the 1940 Act;
- (4) any investment in any money market fund registered under the 1940 Act that qualifies under Rule 2a-7 under the 1940 Act, or similar investment vehicle described in Rule 12d1-1(b)(2) under the 1940 Act, that invests principally in Municipal Securities or U.S. Government Securities or any combination thereof; or

- (5) any letter of credit from a bank or other financial institution that has a credit rating from at least one NRSRO that is the highest applicable rating generally ascribed by such NRSRO to bank deposits or short-term debt of banks or other financial institutions as of the date of this Statement (or such rating's future equivalent).

(q) “**Dividend Payment Date**,” except as otherwise provided in paragraph (d) of Section 2 of Part I of this Statement, means the date that is the first Business Day of each calendar month.

(r) “**Dividend Period**,” with respect to the Series 4 VRDP Shares, means the period from, and including, the Date of Original Issue in connection with the initial issuance of Series 4 VRDP Shares to, but excluding, the initial Dividend Payment Date for the Series 4 VRDP Shares and any period thereafter from, and including, one Dividend Payment Date for the Series 4 VRDP Shares to, but excluding, the next succeeding Dividend Payment Date for the Series 4 VRDP Shares.

(s) “**Effective Leverage Ratio**” has the meaning set forth in the VRDP Fee Agreement.

(t) “**Effective Leverage Ratio Cure Period**” has the meaning set forth in the VRDP Fee Agreement.

(u) “**Electronic Means**” means email transmission, facsimile transmission or other similar electronic means of communication providing evidence of transmission (but excluding online communications systems covered by a separate agreement) acceptable to the sending party and the receiving party, in any case if operative as between the relevant two parties, or, if not operative, by telephone (promptly confirmed by any other method set forth in this definition), which, in the case of notices to the Tender and Paying Agent, shall be sent by such means as set forth in Section 7.02 of the Tender and Paying Agent Agreement or as specified in the related notice.

(v) “**Exchange Act**” means the U.S. Securities Exchange Act of 1934, as amended.

(w) “**Extraordinary Corporate Event**” means, as to the Liquidity Provider, (i) the consolidation or amalgamation with, or the merger with and into, or the transfer of all or substantially all of the Liquidity Provider's assets to, another entity, or (ii) the dissolution, for any reason, of the Liquidity Provider other than in connection with the consolidation or amalgamation with, or the merger with and into, or the transfer of all or substantially all of the Liquidity Provider's assets to, another entity; provided, however, that with respect to (i) above, an Extraordinary Corporate Event does not include any of the listed occurrences where (x) the surviving entity, or transferee of all or substantially all of the Liquidity Provider's assets, (a) assumes all of the obligations of the Liquidity Provider under the terms of the VRDP Purchase Agreement and (b) has short-term debt ratings in one of the two highest rating categories from the Requisite NRSROs or such other short-term debt ratings, if any, as may be required for the Series 4 VRDP Shares to satisfy the eligibility criteria under Rule 2a-7 under the 1940 Act and (y) the Liquidity Provider has provided notice in writing to the Fund confirming the information described in clause (x) at least 10 days prior to the scheduled date of the applicable listed occurrence in clause (i) above.

(x) “**Failed Remarketing Condition**” means a Failed Remarketing Condition—Purchased VRDP Shares or a Failed Remarketing Condition—Unpurchased VRDP Shares.

(y) “**Failed Remarketing Condition—Purchased VRDP Shares**” means that the Liquidity Provider acquires and continues to be the beneficial owner for federal income tax purposes of any Series 4 VRDP Shares in connection with purchases made pursuant to the Purchase Obligation (whether as a result of an unsuccessful Remarketing or a Mandatory Purchase) on any Purchase Date including Series 4 VRDP Shares the Liquidity Provider continues to be the beneficial owner of for federal income tax purposes after the expiration or termination of the VRDP Purchase Agreement.

(z) “**Failed Remarketing Condition—Purchased VRDP Shares Redemption**” means redemption by the Fund, at a Redemption Price equal to \$100,000 per share *plus* accumulated but unpaid dividends thereon (whether or not earned or declared) to, but excluding, the date fixed by the Board of Trustees for redemption, of Series 4 VRDP Shares that the Liquidity Provider shall have acquired pursuant to the Purchase Obligation and continued to be the beneficial owner of for federal income tax purposes for a period of six months during which such VRDP Shares cannot be successfully remarketed (i.e., a Failed Remarketing Condition—Purchased VRDP Shares shall have occurred and be continuing for such period of time with respect to such VRDP Shares), determined by the Fund on a first-in, first-out basis, in accordance with and subject to the provisions of the VRDP Fee Agreement and this Statement.

(aa) “**Failed Remarketing Condition—Unpurchased VRDP Shares**” means that a Beneficial Owner (other than the Liquidity Provider or its affiliates) continues to hold Series 4 VRDP Shares, that were subject to a proper Tender, after any Purchase Date as a result of the failure by the Liquidity Provider for any reason to purchase such VRDP Shares pursuant to the Purchase Obligation (whether as a result of an unsuccessful Remarketing or a Mandatory Purchase) (“**Unpurchased VRDP Shares**”), until such time as all Outstanding Unpurchased VRDP Shares are (i) successfully remarketed pursuant to a Remarketing, (ii) purchased by the Liquidity Provider pursuant to the Purchase Obligation, or (iii) if not successfully remarketed pursuant to a Remarketing or purchased by the Liquidity Provider pursuant to the Purchase Obligation, the subject of a properly tendered Notice of Revocation (or any combination of the foregoing); and any Unpurchased VRDP Shares shall be deemed tendered for Remarketing until the earliest to occur of the foregoing events (i), (ii) or (iii) with respect to such Unpurchased VRDP Shares.

(bb) “**Failure to Deposit**” means, with respect to shares of Series 4 VRDP, a failure by the Fund to pay to the Tender and Paying Agent, not later than 12:00 noon, New York City time, (A) on the Business Day immediately preceding any Dividend Payment Date for shares of such Series, in funds available on such Dividend Payment Date in The City of New York, New York, the full amount of any dividend (whether or not earned or declared) to be paid on such Dividend Payment Date on any share of such Series or (B) on the Business Day immediately preceding any redemption date in funds available on such redemption date for shares of such Series in The City of New York, New York, the Redemption Price to be paid on such redemption date for any share of such Series after Notice of Redemption is provided pursuant to paragraph (c) of Section 9 of Part 1 of this Statement; provided, however, that the foregoing clause (B) shall not apply to the Fund’s failure to pay the Redemption Price in respect of Series 4 VRDP Shares when the related Notice of Redemption provides that redemption of such shares is subject to one or more conditions precedent and any such condition precedent shall not have been satisfied at the time or times and in the manner specified in such Notice of Redemption.

(cc) “**Final Notice of Purchase**” means, in connection with an Optional Tender or a Mandatory Tender, a Notice of Purchase delivered by the Tender and Paying Agent to the Liquidity Provider (or directly to the Liquidity Provider by Beneficial Owners or their Agent Members, in the case of an Optional Tender, or Holders, in the case of a Mandatory Tender, if there is no Tender and Paying Agent or for any reason the Tender and Paying Agent does not perform its obligations) on the Purchase Date indicating the number of Series 4 VRDP Shares to be purchased on such date pursuant to the Purchase Obligation, or, in connection with a Mandatory Purchase, the Mandatory Purchase Notice delivered by the Fund or the Tender and Paying Agent on behalf of the Fund.

(dd) “**Fitch**” means Fitch Ratings, Inc., a Delaware corporation, and its successors.

(ee) “**Gross-up Payment**” means payment to a Beneficial Owner of an amount which, when taken together with the aggregate amount of Taxable Allocations made to such Beneficial Owner to which such Gross-up Payment relates, would cause such Beneficial Owner’s dividends in dollars (after giving effect to regular federal income tax consequences) from the aggregate of such Taxable Allocations and the related Gross-up Payment to be equal to the dollar amount of the dividends which would have been received by such Beneficial Owner if the amount of such aggregate Taxable Allocations would have been excludable from the gross income of such Beneficial Owner.

Such Gross-up Payment shall be calculated (i) without consideration being given to the time value of money; (ii) only taking into account the regular federal income tax with respect to dividends received from the Fund (that is, without giving effect to any other federal tax based on income, such as (A) the alternative minimum tax or (B) the “Medicare tax,” which at the date hereof is imposed at the rate of 3.8% on the net investment income (which includes taxable dividends and net capital gains) of certain individuals, trusts and estates); and (iii) assuming that each Taxable Allocation and each Gross-up Payment (except to the extent such Gross-up Payment is designated as an exempt-interest dividend under Section 852(b)(5) of the Code or successor provisions) would be taxable in the hands of each Beneficial Owner at the maximum marginal regular federal individual income tax rate applicable to ordinary income or net capital gains, as applicable, or the maximum marginal regular federal corporate income tax rate applicable to ordinary income or net capital gains, as applicable, whichever is greater, in effect at the time such Gross-up Payment is made.

(ff) “**Holder**” means a Person in whose name a Series 4 VRDP Share is registered in the registration books of the Fund maintained by the Tender and Paying Agent.

(gg) “**Initial Rate Period**” means the period commencing on and including the Date of Original Issue in connection with the initial issuance of shares of the Series designated Series 4 Variable Rate Demand Preferred Shares of the Fund and ending on, and including, [●] (as such Rate Period may be shortened or extended in accordance with the Notice of Special Rate Period relating thereto).

(hh) “**Investment Adviser**” means Nuveen Fund Advisors, LLC, or any successor company or entity.

(ii) “**Late Charge**” has the meaning specified in paragraph (e)(i)(C) of Section 2 of Part I of this Statement.

(jj) “**Liquidation Preference**,” with respect to a given number of Series 4 VRDP Shares, means \$100,000 times that number.

(kk) “**Liquidity Account Investments**” means Deposit Securities or any other security or investment owned by the Fund that is rated at least investment grade by each NRSRO then rating such security or investment.

(ll) “**Liquidity Provider**” means any entity acting in such capacity pursuant to a VRDP Purchase Agreement.

(mm) “**Liquidity Provider Ratings Event**” means the Liquidity Provider shall fail to maintain at any time short-term debt ratings in one of the two highest ratings categories from the Requisite NRSROs or such other short-term debt ratings, if any, as may be required for the Series 4 VRDP Shares to satisfy the eligibility criteria under Rule 2a-7 under the 1940 Act.

(nn) “**Liquidity Provider Ratings Event Termination Date**” means the date established by the Tender and Paying Agent, acting upon instructions of the Fund pursuant to the Tender and Paying Agent Agreement, for termination of the VRDP Purchase Agreement upon the occurrence of a Liquidity Provider Ratings Event, which date shall be not less than 16 days nor more than 30 days following such Liquidity Provider Ratings Event.

(oo) “**Mandatory Purchase**” means the mandatory purchase of Outstanding Series 4 VRDP Shares by the Liquidity Provider pursuant to the VRDP Purchase Agreement in connection with a Mandatory Purchase Event.

(pp) “**Mandatory Purchase Date**” means the Purchase Date for a Mandatory Purchase in accordance with this Statement and the VRDP Purchase Agreement.

(qq) “**Mandatory Purchase Event**” means, (i) in connection with the termination of the VRDP Purchase Agreement due to its expiration as of a Scheduled Termination Date, by the fifteenth day prior to any such Scheduled Termination Date, (a) the Liquidity Provider shall not have agreed to an extension or further extension of the Scheduled Termination Date to a date not earlier than 180 days from the Scheduled Termination Date of the VRDP Purchase Agreement then in effect, and (b) the Fund shall not have obtained and delivered to the Tender and Paying Agent an Alternate VRDP Purchase Agreement with a termination date not earlier than 180 days from the Scheduled Termination Date of the VRDP Purchase Agreement then in effect, or (ii) in connection with the termination of the VRDP Purchase Agreement due to a Liquidity Provider Ratings Event or Related Party Termination Event, by the fifteenth day prior to the Liquidity Provider Ratings Event Termination Date or Related Party Termination Date, as the case may be, the Fund shall not have obtained and delivered to the Tender and Paying Agent an Alternate VRDP Purchase Agreement with a termination date not earlier than 180 days from the Liquidity Provider Ratings Event Termination Date or Related Party Termination Date, as the case may be, of the VRDP Purchase Agreement then in effect. The Mandatory Purchase Event shall be deemed to occur on such fifteenth day prior to any Scheduled Termination Date, Liquidity Provider Ratings Event Termination Date or Related Party Termination Date, as the case may be.

(rr) “**Mandatory Purchase Notice**” means, in connection with the Mandatory Purchase of Series 4 VRDP Shares, a notice delivered by the Fund or the Tender and Paying Agent on behalf of the Fund to the Holders and the Liquidity Provider specifying a Mandatory Purchase Date.

(ss) “**Mandatory Tender,**” with respect to a Mandatory Tender Event, means the mandatory tender of all Series 4 VRDP Shares by Holders for Remarketing or, in the event (i) no Remarketing occurs on or before the Purchase Date or (ii) pursuant to an attempted Remarketing, Series 4 VRDP Shares remain unsold and the Remarketing Agent does not purchase for its own account the unsold Series 4 VRDP Shares tendered to the Tender and Paying Agent for Remarketing (provided, that the Remarketing Agent may seek to sell such Series 4 VRDP Shares in a subsequent Remarketing prior to the Purchase Date), for purchase by the Liquidity Provider at the Purchase Price pursuant to Section 1 of Part II of this Statement and the VRDP Purchase Agreement.

(tt) “**Mandatory Tender Event**” means (a) each failure by the Fund to make a scheduled payment of dividends on any Series 4 VRDP Share, on a Dividend Payment Date; (b) the occurrence of a Liquidity Provider Ratings Event (which shall constitute a single Mandatory Tender Event upon the occurrence of such Liquidity Provider Ratings Event, whether or not continuing and whether or not such Liquidity Provider Ratings Event also results in a Mandatory Purchase Event; provided that, a subsequent Liquidity Provider Ratings Event, following restoration of the short-term debt ratings to the requisite level, shall constitute a new Mandatory Tender Event); (c) with the prior written consent of the Liquidity Provider with respect to its classification as a Mandatory Tender Event, each failure by the Fund to pay the Liquidity Provider the applicable fee due in advance under the terms of the VRDP Fee Agreement by seven Business Days prior to the beginning of the month to which such payment relates; (d) the eighth day prior to the scheduled date of the occurrence of an Extraordinary Corporate Event; (e) the Fund shall have obtained and delivered to the Tender and Paying Agent an Alternate VRDP Purchase Agreement by the fifteenth day prior to the Scheduled Termination Date, Liquidity Provider Ratings Event Termination Date or Related Party Termination Date, as the case may be, of the VRDP Purchase Agreement being replaced; (f) the occurrence of an Optional Early Replacement Event; (g) the Fund shall have provided a Notice of Proposed Special Rate Period in accordance with this Statement; or (h) in the event of a breach by the Fund of its Effective Leverage Ratio covenant with the Liquidity Provider in the VRDP Fee Agreement and the failure to cure such breach within 60 days from the date of such breach (which 60-day period would include the Effective Leverage Ratio Cure Period), to the extent that the Liquidity Provider (in its sole discretion) thereafter provides written notice to the Fund that the failure to timely cure such breach constitutes a Mandatory Tender Event (subject to the Fund curing such breach prior to the delivery date of such notice from the Liquidity Provider).

(uu) “**Mandatory Tender Notice**” means, in connection with the Mandatory Tender of Series 4 VRDP Shares, a notice delivered in accordance with the VRDP Purchase Agreement by the Fund or the Tender and Paying Agent on behalf of the Fund to the Holders and the Liquidity Provider specifying a Mandatory Tender Event and Purchase Date.

(vv) “**Market Value**” of any asset of the Fund means the market value thereof determined by an independent third-party pricing service designated from time to time by the Board of Trustees. The Market Value of any asset shall include any interest accrued thereon. The pricing service shall value portfolio securities at the mean between the quoted bid and asked price or the yield equivalent when quotations are readily available. Securities for which quotations are not readily available shall be valued at fair value as determined by the pricing service using methods which include consideration of: yields or prices of municipal bonds of comparable quality, type of issue, coupon, maturity and rating; indications as to value from dealers; and general market conditions. The pricing service may employ electronic data processing techniques or a matrix system, or both, to determine valuations.

(ww) “**Maximum Rate**” means, for the Series 4 VRDP Shares on any Rate Determination Date or in respect of the occurrence of a Failed Remarketing Condition for shares of such Series, the Applicable Percentage of the Applicable Base Rate *plus* the Applicable Spread. The Maximum Rate for Series 4 VRDP Shares will depend on the long-term rating assigned to the Series 4 VRDP Shares, the length of the Rate Period and whether or not the Fund has given notification prior to the Applicable Rate Determination for the Rate Period pursuant to Section 6 of Part II hereto that any ordinary income or capital gains will be included in the dividend on Series 4 VRDP Shares for that Rate Period. The Applicable Percentage of the Applicable Base Rate is as follows:

<u>Long-Term Ratings*</u>	<u>Applicable Percentage of Applicable Base Rate—No Notification</u>	
	<u>Fitch</u>	
<u>Moody's</u>		
Aa3 to Aaa	AA- to AAA	100%
Baa3 to A1	BBB- to A+	110%
Below Baa3**	Below BBB-*	135%

* And/or the equivalent ratings of another Rating Agency then rating the Series 4 VRDP Shares utilizing the higher of the ratings of the Rating Agencies then rating the Series 4 VRDP Shares.

** Includes unrated, if no Rating Agency is then rating the Series 4 VRDP Shares.

provided, however, that in the event the Fund has given notification prior to the Applicable Rate Determination for the Rate Period pursuant to Section 6 of Part II hereof that any ordinary income or capital gains will be included in the dividend on Series 4 VRDP Shares for that Rate Period, the Applicable Percentage in the foregoing table shall be divided by the quantity 1 minus the maximum marginal regular federal personal income tax rate applicable to ordinary income or the maximum marginal regular federal corporate income tax rate applicable to ordinary income, whichever is greater.

The Applicable Percentage as so determined and the Applicable Spread may be subject to upward (and, if previously adjusted upward, subsequent downward) adjustment as provided in the Remarketing Agreement, provided that, notwithstanding any provision to the contrary in the Remarketing Agreement, following such adjustment, the Maximum Rate is equal to or higher than the rates determined as set forth above, and immediately following any such upward adjustment, the Fund would be in compliance with the Minimum VRDP Asset Coverage. Furthermore, in the event of Special Rate Periods of greater than 364 days, the Maximum Rate may be subject to upward adjustment as provided in the Remarketing Agreement, provided that, notwithstanding any provision to the contrary in the Remarketing Agreement, immediately following any such upward adjustment, the Fund would be in compliance with the Minimum VRDP Asset Coverage.

A Maximum Rate in effect in respect of a Failed Remarketing Condition will continue to be the Applicable Rate (i) until the first day of the next succeeding Subsequent Rate Period after a Failed Remarketing Condition no longer exists in the case of a Minimum Rate Period, and (ii) as may be provided in the Notice of Special Rate Period in the case of a Special Rate Period.

Notwithstanding any provision to the contrary in the Remarketing Agreement, in no event shall the Maximum Rate exceed 15%; provided, however, that in the event the Fund has given notification prior to the Applicable Rate Determination for the Rate Period pursuant to Section 6 of Part II hereof that any ordinary income or capital gains will be included in the dividend on Series 4 VRDP Shares for that Rate Period, the Maximum Rate shall not exceed 15% divided by the quantity 1 minus the maximum marginal regular federal personal income tax rate applicable to ordinary income or the maximum marginal regular federal corporate income tax rate applicable to ordinary income, whichever is greater.

(xx) “**Memorandum**” means the proxy statement of the Target Fund, dated [●], and the Fund’s information memorandum attached thereto, as amended, revised or supplemented from time to time.

(yy) “**Minimum Rate Period**” means any Rate Period consisting of seven Rate Period Days, as adjusted to reflect any changes when the regular day that is a Rate Determination Date is not a Business Day.

(zz) “**Minimum VRDP Asset Coverage**” means asset coverage, as defined in Section 18(h) of the 1940 Act as of the date of the VRDP Fee Agreement with such changes thereafter as agreed with the prior written consent of the Liquidity Provider, of at least 200% or such higher percentage as required and specified in the VRDP Fee Agreement, or as otherwise provided in connection with a Special Rate Period, but, in any event, not more than 250%, with respect to all outstanding senior securities of the Fund which are stock, including all Outstanding VRDP Shares (or, in each case, if higher, such other asset coverage as may in the future be specified in or under the 1940 Act as the minimum asset coverage for senior securities which are stock of a closed-end investment company as a condition of declaring dividends on its common shares or stock).

(aaa) “**Minimum VRDP Asset Coverage Cure Date**,” means, with respect to the failure by the Fund to maintain the Minimum VRDP Asset Coverage as of the close of business on the last Business Day of each month (as required by Section 6 of Part I of this Statement), the tenth Business Day of the following month.

(bbb) “**Moody’s**” means Moody’s Investors Service, Inc., a Delaware corporation, and its successors.

(ccc) “**Municipal Securities**” means municipal securities as described in the Memorandum.

(ddd) “**1940 Act**” means the Investment Company Act of 1940, as amended.

(eee) “**Notice of Proposed Special Rate Period**” has the meaning specified in paragraph (c) of Section 4 of Part I of this Statement.

(fff) “**Notice of Purchase**” means, as the context requires, a Preliminary Notice of Purchase or a Final Notice of Purchase, in each case, substantially in the form attached to the VRDP Purchase Agreement.

(ggg) “**Notice of Redemption**” has the meaning specified in paragraph (c) of Section 9 of Part I of this Statement.

(hhh) “**Notice of Revocation**” means, in connection with the revocation by a Beneficial Owner or its Agent Member of its Notice of Tender, a notice, substantially in the form attached to the Tender and Paying Agent Agreement, delivered by a Beneficial Owner or its Agent Member to the Tender and Paying Agent indicating an intention to revoke the tender of some or all of the Series 4 VRDP Shares for sale on a Purchase Date pursuant to Section 1 of Part II of this Statement.

(iii) “**Notice of Special Rate Period**” has the meaning specified in paragraph (d)(i) of Section 4 of Part I of this Statement.

(jjj) “**Notice of Tender**” means, in connection with an Optional Tender, a notice, substantially in the form attached to the Tender and Paying Agent Agreement, delivered by a Beneficial Owner or its Agent Member to the Tender and Paying Agent, indicating an intention to tender Series 4 VRDP Shares for sale on a Purchase Date pursuant to Section 1 of Part II of this Statement.

(kkk) “**NRSRO**” means a “nationally recognized statistical rating organization” within the meaning of Section 3(a)(62) of the Exchange Act that is not an “affiliated person” (as defined in Section 2(a)(3) of the 1940 Act) of the Fund or the Liquidity Provider, including, at the date hereof, Fitch, Moody’s and S&P.

(lll) “**One-Month Term SOFR**” means, on any Rate Determination Date, the most recent Term SOFR Reference Rate for a tenor of one month as published by the Term SOFR Administrator prior to 5:00 p.m., New York City time, on such Rate Determination Date. Notwithstanding the foregoing, if One-month Term SOFR in respect of any Rate Period would otherwise be less than zero (0), One-Month Term SOFR for such Rate Period will be deemed to be zero (0). If the Fund determines that adequate and reasonable methods no longer exist for ascertaining One-month Term SOFR as provided above, the Fund shall replace One-Month Term SOFR with a substitute or successor rate that it determines in good faith to be a reasonably comparable index rate, provided that if the Fund determines that it is required to replace One-Month Term SOFR and there is an industry accepted substitute or successor index rate, the Fund shall replace One-Month Term SOFR with such index rate, and, without shareholder approval, amend or supplement this Statement as provided in paragraph (a) of Section 11 of Part 1 of this Statement accordingly to implement such replacement, including any conforming changes to tenor and/or spread adjustments, as necessary.

For purposes of the definition of One-Month Term SOFR:

“**SOFR**” means the Secured Overnight Financing Rate administered by the Federal Reserve Bank of New York (or any successor administrator).

“**Term SOFR Administrator**” means CME Group Benchmark Administration Limited (or any successor administrator).

“**Term SOFR Reference Rate**” means the forward-looking term rate administered by the Term SOFR Administrator based on SOFR.

(mmm) “**Optional Early Replacement Event**” means the Fund shall have obtained and delivered to the Tender and Paying Agent an Alternate VRDP Purchase Agreement and provided notice thereof (which notice also designates an Optional Early Termination Date) to Holders and the Liquidity Provider in accordance with the Tender and Paying Agent Agreement given at any time prior to the 30th calendar day preceding the then-prevailing Scheduled Termination Date. The date of the occurrence of the Optional Early Replacement Event shall be the date of such notice.

(nnn) “**Optional Early Termination Date**” means the date established by the Tender and Paying Agent, acting upon instructions of the Fund pursuant to the Tender and Paying Agent Agreement, for termination of the VRDP Purchase Agreement upon the occurrence of an Optional Early Replacement Event, which date shall be not less than 16 days nor more than 30 days following such Optional Early Replacement Event.

(ooo) “**Optional Tender**” means any tender of Series 4 VRDP Shares by a Beneficial Owner or its Agent Member to the Tender and Paying Agent, other than a Mandatory Tender, for Remarketing or, in the event (i) no Remarketing occurs on or before the Purchase Date, or (ii) pursuant to an attempted Remarketing Series 4 VRDP Shares remain unsold and the Remarketing Agent does not purchase for its own account the unsold Series

4 VRDP Shares tendered to the Tender and Paying Agent for Remarketing (provided that the Remarketing Agent may seek to sell such Series 4 VRDP Shares in a subsequent Remarketing prior to the Purchase Date), for purchase by the Liquidity Provider pursuant to Section 1 of Part II of this Statement and the VRDP Purchase Agreement.

(ppp) “**Other Special Rate Period Provisions**” has the meaning specified in paragraph (f) of Section 4 of Part I of this Statement.

(qqq) “**Outstanding**” means, as of any date with respect to VRDP Shares of any Series, the number of shares of such Series theretofore issued by the Fund except, without duplication, (i) any shares of such Series theretofore exchanged, redeemed or cancelled or delivered to the Tender and Paying Agent (or other relevant tender and paying agent) for cancellation or redemption by the Fund, (ii) any shares of such Series with respect to which, in the case of Series 4 VRDP Shares, the Fund has given a Notice of Redemption and irrevocably deposited with the Tender and Paying Agent sufficient Deposit Securities to redeem such VRDP Shares, pursuant to Section 9 of Part I of this Statement or, in the case of VRDP Shares of any other Series, the Fund has taken the equivalent action under the statement applicable to such shares, (iii) any shares of such Series as to which the Fund shall be a Beneficial Owner, and (iv) any shares of such Series represented by any certificate in lieu of which a new certificate has been executed and delivered by the Fund; provided, however, with respect to clause (ii), any Series 4 VRDP Share will be deemed to be Outstanding for purposes of the VRDP Purchase Agreement until redeemed by the Fund.

(rrr) “**Person**” means and includes an individual, a partnership, a corporation, a trust, an unincorporated association, a joint venture or other entity or a government or any agency or political subdivision thereof.

(sss) “**Preferred Shares**” means the preferred shares of the Fund, and includes the VRDP Shares.

(ttt) “**Preliminary Notice of Purchase**” has the meaning specified in paragraph (b) of Section 2 of Part II of this Statement.

(uuu) “**Purchase Date**,” with respect to any purchase of Series 4 VRDP Shares, means (i) in connection with an Optional Tender, the date specified in a Notice of Tender, which date shall be no earlier than the seventh day (or, if such day is not a Business Day, the next succeeding Business Day) following delivery to the Tender and Paying Agent of the Notice of Tender, (ii) in connection with a Mandatory Tender, the date specified in the Mandatory Tender Notice (or, if such day is not a Business Day, the next succeeding Business Day), subject to the immediately succeeding sentence below, or (iii) in connection with a Mandatory Purchase, the Mandatory Purchase Date specified in the Mandatory Purchase Notice (or, if such day is not a Business Day, the next succeeding Business Day). The Purchase Date in respect of a Mandatory Tender Event shall be not later than seven days following the date a Mandatory Tender Notice is sent to Holders by Electronic Means; provided, that: (A) the Purchase Date in connection with the failure of the Fund to pay the applicable fee to the Liquidity Provider may not be later than the last Business Day of the month such payment was due; (B) the Purchase Date in connection with the occurrence of an Extraordinary Corporate Event may not be later than the Business Day immediately preceding the occurrence of the Extraordinary Corporate Event (and, if no earlier Purchase Date is specified in a Mandatory Tender Notice with respect to such Extraordinary Corporate Event, the Business Day immediately preceding the occurrence of the Extraordinary Corporate Event shall be deemed to be the Purchase Date irrespective of the failure to have given or sent a Mandatory Tender Notice); (C) the Purchase Date in connection with the Fund obtaining an Alternate VRDP Purchase Agreement may not be later than the Business Day immediately preceding the termination of the VRDP Purchase Agreement being replaced; and (D) the Purchase Date in connection with a Notice of Proposed Special Rate Period may not be later than the first day of the proposed Special Rate Period.

(vvv) “**Purchase Obligation**” means the unconditional and irrevocable obligation of the Liquidity Provider during the term and pursuant to the terms of the VRDP Purchase Agreement to purchase Outstanding Series 4 VRDP Shares on any Purchase Date at the Purchase Price from Beneficial Owners, in the case of any Optional Tender, and Holders, in the case of any Mandatory Tender or any Mandatory Purchase, in each case following delivery of a Final Notice of Purchase with respect to such Series 4 VRDP Shares.

(www) “**Purchase Price**” means an amount equal to the Liquidation Preference of any Series 4 VRDP Shares to be purchased on a Purchase Date, *plus* any accumulated but unpaid dividends thereon (whether or not earned or declared), if any, to, but excluding, the relevant Purchase Date.

(xxx) “**Purchased VRDP Shares**” means all Series 4 VRDP Shares purchased by the Liquidity Provider pursuant to Article II of the VRDP Purchase Agreement, so long as the Liquidity Provider continues to be the beneficial owner for federal income tax purposes of such Series 4 VRDP Shares.

(yyy) “**Rate Determination Date**” means, with respect to the Series 4 VRDP Shares, the last day of a Rate Period for the Series 4 VRDP Shares or, if such day is not a Business Day, the next succeeding Business Day; provided, however, that the next succeeding Rate Determination Date will be determined without regard to any prior extension of a Rate Determination Date to a Business Day.

(zzz) “**Rate Period,**” with respect to the Series 4 VRDP Shares, means the Initial Rate Period and any Subsequent Rate Period, including any Special Rate Period.

(aaaa) “**Rate Period Days,**” for any Rate Period, means the number of days in such Rate Period.

(bbbb) “**Rating Agency**” means each NRSRO, if any, then providing a rating for the Series 4 VRDP Shares pursuant to the request of the Fund.

(cccc) “**Rating Agency Guidelines**” means the guidelines provided by each Rating Agency, as may be amended from time to time, applied by such Rating Agency in connection with the Rating Agency’s rating of Series 4 VRDP Shares.

(dddd) “**Redemption Date**” has the meaning specified in paragraph (c) of Section 9 of Part I of this Statement.

(eeee) “**Redemption Price**” means the applicable redemption price specified in paragraph (a) or (b) of Section 9 of Part I of this Statement.

(ffff) “**Related Party**” means a related party for purposes of Section 267(b) or Section 707(b) of the Code, as such provisions may be amended from time to time.

(gggg) “**Related Party Termination Date**” means the effective date of the termination of the VRDP Purchase Agreement in accordance with its terms following the occurrence of a Related Party Termination Event.

(hhhh) “**Related Party Termination Event**” means the Liquidity Provider becoming a Related Party of the Fund other than through the acquisition of Series 4 VRDP Shares pursuant to the terms of the VRDP Purchase Agreement.

(iiii) “**Remarketing**” means the remarketing of Series 4 VRDP Shares by the Remarketing Agent on behalf of Beneficial Owners thereof pursuant to an Optional Tender or on behalf of the Holders thereof pursuant to a Mandatory Tender, as provided in the Remarketing Agreement and Part II of this Statement.

(jjjj) “**Remarketing Agent**” means any entity appointed as such with respect to Series 4 VRDP Shares by a resolution of the Board of Trustees and any additional or successor companies or entities appointed by the Board of Trustees which have entered into a Remarketing Agreement with the Fund.

(kkkk) “**Remarketing Agreement**” means the Remarketing Agreement, if any, with respect to the Series 4 VRDP Shares, by and among the Fund, the Investment Adviser and the Remarketing Agent, as amended, modified or supplemented from time to time, or any similar agreement with a successor Remarketing Agent.

(llll) “**Remarketing Notice**” has the meaning specified in paragraph (b) of Section 2 of Part II of this Statement.

(mmmm) “**Remarketing Procedures**” means the procedures for conducting Remarketings set forth in Part II of this Statement.

(nnnn) “**Requisite NRSROs**” means (i) any two NRSROs that have issued a rating with respect to a security or class of debt obligations of an issuer; or (ii) if only one NRSRO has issued a rating with respect to such security or class of debt obligations of an issuer at the time a purchaser Acquires (as such term is defined in Rule 2a-7 under the 1940 Act) the security, that NRSRO.

(oooo) “**S&P**” means S&P Global Ratings, a business unit of Standard & Poor’s Financial Services LLC, and its successors.

(pppp) “**Scheduled Termination Date**” means the date designated as the initial Scheduled Termination Date in the VRDP Purchase Agreement, if any, in effect at such time, or any succeeding date to which the term of such VRDP Purchase Agreement is extended, or, as the case may be, the initial Scheduled Termination Date of any Alternate VRDP Purchase Agreement, or any succeeding date to which the term of the Alternate VRDP Purchase Agreement is extended.

(qqqq) “**SEC**” means the Securities and Exchange Commission.

(rrrr) “**Securities Act**” means the Securities Act of 1933, as amended.

(ssss) “**Securities Depository**” means The Depository Trust Company, New York, New York, and any substitute for or successor to such securities depository that shall maintain a book-entry system with respect to the VRDP Shares.

(tttt) “**SIFMA Municipal Swap Index**” means the Securities Industry and Financial Markets Association Municipal Swap Index, or such other weekly, high-grade index comprised of seven-day, tax-exempt variable rate demand notes produced by Bloomberg or its successor, or as otherwise designated by the Securities Industry and Financial Markets Association; provided, however, that if such index is no longer produced by Bloomberg or its successor, then SIFMA Municipal Swap Index shall mean (i) the S&P Municipal Bond 7 Day High Grade Rate Index produced by Standard & Poor’s Financial Services LLC or its successors or (ii) if the S&P Municipal Bond 7 Day High Grade Rate Index is no longer produced, such other reasonably comparable index selected in good faith by the Fund.

(uuuu) “**SIFMA Municipal Swap Index Rate**” means, on any Rate Determination Date, (i) the SIFMA Municipal Swap Index produced and made available on such date, or (ii) if such index is not made available by approximately 4:00 p.m., New York City time, on such date, the SIFMA Municipal Swap Index Rate as in effect from the previous Rate Determination Date.

(vvvv) “**Special Rate Period**,” with respect to the Series 4 VRDP Shares, means a Rate Period that is established in accordance with paragraph (a) of Section 4 of Part I of this Statement.

(www) “**Special Redemption Provisions**” has the meaning specified in paragraph (a)(i) of Section 9 of Part I of this Statement.

(xxxx) “**Statement**” means this statement establishing and fixing the rights and preferences of Series 4 VRDP Shares, as it may be amended or supplemented from time to time.

(yyyy) “**Subsequent Rate Period**,” with respect to shares of Series 4 VRDP, means the period from, and including, the first day following the Initial Rate Period of shares of such Series to, and including, the next Rate Determination Date for shares of such Series and any period thereafter from, and including, the first day following a Rate Determination Date for shares of such Series to, and including, the next succeeding Rate Determination Date for shares of such Series; provided, however, that if any Subsequent Rate Period is also a Special Rate Period, such term shall mean the period commencing on the first day of such Special Rate Period and ending on, and including, the last day of the last Dividend Period thereof; except for Special Rate Periods, each Subsequent Rate Period will be a Minimum Rate Period.

(zzzz) “**Taxable Allocation**” shall have the meaning specified in paragraph (a) of Section 3 of Part I of this Statement.

(aaaa) “**Tender**” means an Optional Tender or Mandatory Tender, as applicable.

(bbbb) “**Tender and Paying Agent**” means The Bank of New York Mellon, or any successor Person, which has entered into an agreement with the Fund to act in such capacity as the Fund’s tender agent, transfer agent, registrar, dividend disbursing agent, paying agent and redemption price disbursing agent and calculation agent in connection with the payment of regularly scheduled dividends with respect to the Series 4 VRDP Shares.

(cccc) “**Tender and Paying Agent Agreement**” means the Tender and Paying Agent Agreement with respect to the Series 4 VRDP Shares, dated as of [●], between the Fund and the Tender and Paying Agent, as amended, modified or supplemented from time to time, or any similar agreement with a successor Tender and Paying Agent.

(dddd) “**U.S. Government Securities**” means direct obligations of the United States or of its agencies or instrumentalities that are entitled to the full faith and credit of the United States and that, other than United States Treasury Bills, provide for the periodic payment of interest and the full payment of principal at maturity or call for redemption.

(eeee) “**Voting Period**” has the meaning specified in paragraph (b)(i) of Section 5 of Part I of this Statement.

(ffff) “**VRDP Fee Agreement**” means the Variable Rate Demand Preferred Shares (VRDP) Fee Agreement, if any, with respect to Series 4 VRDP Shares, between the Fund and the initial Liquidity Provider, as amended, modified or supplemented from time to time, or any similar agreement with a successor Liquidity Provider.

(gggg) “**VRDP Purchase Agreement**” means the Variable Rate Demand Preferred Shares (VRDP) Purchase Agreement, if any, with respect to Series 4 VRDP Shares, between the Tender and Paying Agent and the initial Liquidity Provider, as amended, modified or supplemented, or any Alternate VRDP Purchase Agreement.

PART I

1. Number of Authorized Shares; Effectiveness.

(a) The initial number of authorized shares constituting Series 4 VRDP is as set forth above under the title “Designation of Series 4 VRDP.”

(b) The effective date of this Statement is [●].

2. Dividends.

(a) **Ranking.** The shares of Series 4 VRDP shall rank on a parity with each other, with shares of any other Series of VRDP and with shares of any other series of Preferred Shares as to the payment of dividends by the Fund.

(b) **Cumulative Cash Dividends.** The Holders of Series 4 VRDP Shares shall be entitled to receive, when, as and if declared by the Board of Trustees, out of funds legally available therefor in accordance with the Declaration and applicable law, cumulative cash dividends at the Applicable Rate for shares of such Series, determined as set forth in paragraph (e) of this Section 2, and no more (except to the extent set forth in Section 3 of Part I of this Statement and Section 6 of Part II of this Statement), payable on the Dividend Payment Dates with respect to shares of such Series determined pursuant to paragraph (d) of this Section 2. Holders of Series 4 VRDP Shares shall not be entitled to any dividend, whether payable in cash, property or shares, in excess of full cumulative dividends, as herein provided, on Series 4 VRDP Shares. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on Series 4 VRDP Shares which may be in arrears, and no additional sum of money shall be payable in respect of such arrearage, except that the Fund shall pay as a supplemental dividend a Late Charge (as defined below in paragraph (e)(i)(C) of this Section 2) on account of a Failure to Deposit, if any, in respect of each day during the period commencing on the day a Failure to Deposit occurs through and including the day immediately preceding the earlier of (i) the day the Failure to Deposit is cured and (ii) the third Business Day next succeeding the day on which the Failure to Deposit occurred.

(c) **Dividends Cumulative from Date of Original Issue.** Dividends on Series 4 VRDP Shares shall be declared daily and accumulate at the Applicable Rate for shares of such Series from the Date of Original Issue thereof.

(d) **Dividend Payment Dates and Adjustment Thereof.** The Dividend Payment Date with respect to the Series 4 VRDP Shares shall be the first Business Day of each calendar month; provided, however, that:

(i) notwithstanding the foregoing, the Fund in its discretion may establish more frequent Dividend Payment Dates than monthly in respect of any Minimum Rate Period, and the Dividend Payment Date for the Dividend Period prior to the commencement of a Special Rate Period following a Minimum Rate Period shall be the Business Day immediately following the end of such Minimum Rate Period; and

(ii) notwithstanding the foregoing, the Fund in its discretion may establish the Dividend Payment Dates in respect of any Special Rate Period for the Series 4 VRDP Shares; provided, however, that such dates shall be set forth in the Notice of Proposed Special Rate Period, if any, and Notice of Special Rate Period relating to such Special Rate Period, as provided in accordance with Section 4 of Part I of this Statement, which Notice of Proposed Special Rate Period, if any, and Notice of Special Rate Period shall be filed with the Secretary of the Fund; and further provided that (1) any such Dividend Payment Date shall be a Business Day and (2) the last Dividend Payment Date in respect of such Special Rate Period shall be the Business Day immediately following the last day thereof, as such last day is determined in accordance with paragraph (b) of Section 4 of Part I of this Statement.

(e) Applicable Rates and Calculation of Dividends.

(i) **Applicable Rates.** The dividend rate or rates on the Series 4 VRDP Shares during the Initial Rate Period shall be as set forth in the Notice of Special Rate Period with respect to the Initial Rate Period. Except for Special Rate Periods, each Subsequent Rate Period will be a Minimum Rate Period. Except as may otherwise be provided for in a Special Rate Period, for each Subsequent Rate Period, the dividend rate on shares of such Series shall be equal to the rate per annum that results from the Applicable Rate Determination for shares of such Series on the Rate Determination Date immediately preceding such Subsequent Rate Period; provided, however, that:

(A) if an Applicable Rate Determination for any such Subsequent Rate Period is not held for any reason other than as described below, the dividend rate on shares of such Series for such Subsequent Rate Period will be adjusted to the Maximum Rate for shares of such Series on the Rate Determination Date therefor;

(B) in the event of a Failed Remarketing Condition, the Applicable Rate as of the close of business on the day the Failed Remarketing Condition first occurs will be adjusted to the Maximum Rate (with the Applicable Spread subject to adjustment as set forth in the definition of Applicable Spread), and the Maximum Rate will continue to be the Applicable Rate (i) until the first day of the next succeeding Subsequent Rate Period after a Failed Remarketing Condition no longer exists in the case of a Minimum Rate Period and (ii) as may be provided in the Notice of Special Rate Period in the case of a Special Rate Period;

(C) if any Failure to Deposit shall have occurred with respect to shares of such Series during any Dividend Period therefor, but, by 12:00 noon, New York City time, on the third Business Day next succeeding the date on which such Failure to Deposit occurred, such Failure to Deposit shall have been cured in accordance with paragraph (f) of this Section 2, and the Fund shall have paid to the Tender and Paying Agent as a late charge (“Late Charge”) daily supplemental dividends equal in the aggregate to the sum of (1) if such Failure to Deposit consisted of the failure timely to pay to the Tender and Paying Agent the full amount of dividends with respect to any Dividend Period for the shares of such Series, an amount computed by multiplying (x) the Applicable Rate for the Rate Period during which such Failure to Deposit occurred on the Dividend Payment Date for such Dividend Period *plus 2.00%* by (y) a fraction, the numerator of which shall be the number of days for which such Failure to Deposit had not been cured in accordance with paragraph (f) of this Section 2 (including the day such Failure to Deposit occurred and excluding the day such Failure to Deposit is cured) and the denominator of which shall be 360, and applying the rate obtained against the aggregate Liquidation Preference of the Outstanding shares of such Series (with the amount for each individual day on which such Failure to Deposit occurred or continued uncured being declared as a supplemental dividend on that day) and (2) if such Failure to Deposit consisted of the failure timely to pay to the Tender and Paying Agent the Redemption Price of the shares, if any, of such Series for which a Notice of Redemption had been provided by the Fund pursuant to paragraph (c) of Section 9 of Part I of this Statement, an amount computed by multiplying, (x) the Applicable Rate for the Rate Period during which such Failure to Deposit occurred on the applicable Redemption Date *plus 2.00%* by (y) a fraction, the numerator of which shall be the number of days for which such Failure to Deposit had not been cured in accordance with paragraph (f) of this Section 2 (including the day such Failure to Deposit occurred and excluding the day such Failure to Deposit is cured) and the denominator of which shall be 360, and applying the rate obtained against the aggregate Liquidation Preference of the Outstanding shares of such Series to be redeemed (with the amount for each individual day on which such Failure to Deposit occurred or continued uncured being declared as a supplemental dividend on that day), the Applicable Rate Determination will be held in respect of shares of such Series for the Subsequent Rate Period as provided above in this paragraph (e), unless a Rate Determination Date occurs on the date on which such Failure to Deposit occurred or on either of the two Business Days succeeding that date, and the

Failure to Deposit has not been cured on such Rate Determination Date in accordance with paragraph (f) of this Section 2, in which case no Applicable Rate Determination will be held in respect of shares of such Series for the Subsequent Rate Period relating to such Rate Determination Date and the dividend rate for shares of such Series for such Subsequent Rate Period will be the Maximum Rate for shares of such Series on the Rate Determination Date for such Subsequent Rate Period;

(D) if any Failure to Deposit shall have occurred with respect to shares of such Series during any Dividend Period therefor, and, by 12:00 noon, New York City time, on the third Business Day next succeeding the date on which such Failure to Deposit occurred, such Failure to Deposit shall not have been cured in accordance with paragraph (f) of this Section 2 or the Fund shall not have paid the applicable Late Charge to the Tender and Paying Agent, no Applicable Rate Determination will occur in respect of shares of such Series for the first Subsequent Rate Period therefor thereafter (or for any Subsequent Rate Period therefor thereafter to and including the Subsequent Rate Period during which (1) such Failure to Deposit is cured in accordance with paragraph (f) of this Section 2 and (2) the Fund pays the applicable Late Charge to the Tender and Paying Agent, in each case no later than 12:00 noon, New York City time, on the fourth Business Day prior to the end of such Subsequent Rate Period), and the dividend rate for shares of such Series for each such Subsequent Rate Period shall be a rate per annum equal to the Maximum Rate for shares of such Series on the Rate Determination Date for such Subsequent Rate Period (but with the prevailing rating for shares of such Series, for purposes of determining such Maximum Rate, being deemed to be “below ‘Baa3’/‘BBB-’”); or

(E) in connection with a Special Rate Period, the Fund may establish other or additional terms with respect to the dividend rate in accordance with Section 4 of Part I of this Statement.

Each dividend rate determined in accordance with this paragraph (e)(i) of Section 2 of Part I of this Statement shall be an “Applicable Rate.”

(ii) **Calculation of Dividends.** The amount of dividends per share payable on shares of Series 4 VRDP on any Dividend Payment Date shall equal the sum of the dividends accumulated but not yet paid for each Rate Period (or part thereof) in the related Dividend Period or Dividend Periods. The amount of dividends accumulated for each such Rate Period (or part thereof) shall be computed by multiplying the Applicable Rate in effect for shares of such Series for such Rate Period (or part thereof) by a fraction, the numerator of which shall be the number of days in each such Rate Period (or part thereof) and the denominator of which shall be the actual number of days in the year (365 or 366), and applying each such rate obtained against \$100,000.

(f) **Curing a Failure to Deposit.** A Failure to Deposit with respect to shares of Series 4 VRDP shall be cured for purposes of paragraph (e) above on the Business Day on which, by 12:00 noon, New York City time, the Fund shall have paid to the Tender and Paying Agent (A) all accumulated but unpaid dividends on shares of such Series and (B) without duplication, the Redemption Price for shares, if any, of such Series for which Notice of Redemption has been provided by the Fund pursuant to paragraph (c) of Section 9 of Part I of this Statement; provided, however, that the foregoing clause (B) shall not apply to the Fund’s failure to pay the Redemption Price in respect of VRDP Shares when the related Redemption Notice provides that redemption of such shares is subject to one or more conditions precedent and any such condition precedent shall not have been satisfied at the time or times and in the manner specified in such Notice of Redemption.

(g) **Dividend Payments by Fund to Tender and Paying Agent.** In connection with each Dividend Payment Date for Series 4 VRDP Shares, the Fund shall pay to the Tender and Paying Agent, not later than 12:00 noon, New York City time, on the earlier of (i) the third Business Day next succeeding the Rate Determination Date immediately preceding the Dividend Payment Date and (ii) the Business Day immediately preceding the Dividend Payment Date, an aggregate amount of Deposit Securities equal to the dividends to be paid to all Holders of shares of such Series on such Dividend Payment Date, or as otherwise provided for and in connection

with the designation of a Special Rate Period. If an aggregate amount of funds equal to the dividends to be paid to all Holders of shares of such Series on such Dividend Payment Date are not available in New York, New York, by 12:00 noon, New York City time, on the Business Day immediately preceding such Dividend Payment Date, the Tender and Paying Agent will notify the Liquidity Provider by Electronic Means of such fact prior to the close of business on such day.

(h) **Tender and Paying Agent as Trustee of Dividend Payments by Fund.** All Deposit Securities paid to the Tender and Paying Agent for the payment of dividends on Series 4 VRDP Shares shall be held in trust for the payment of such dividends by the Tender and Paying Agent for the benefit of the Holders specified in paragraph (i) of this Section 2. Any Deposit Securities paid to the Tender and Paying Agent in accordance with the foregoing but not applied by the Tender and Paying Agent to the payment of dividends will, to the extent permitted by law, upon request of the Fund, be repaid to the Fund as soon as possible after the date on which such Deposit Securities were so to have been applied.

(i) **Dividends Paid to Holders.** Dividends on the Series 4 VRDP Shares shall be declared daily to the Holders thereof at the close of business on each such day and paid on each Dividend Payment Date to the Holders thereof at the close of business on the day immediately preceding such Dividend Payment Date. In connection with any transfer of Series 4 VRDP Shares, the transferor as Beneficial Owner of Series 4 VRDP Shares shall be deemed to have agreed pursuant to the terms of the Series 4 VRDP Shares to transfer to the transferee the right to receive from the Fund any dividends declared and unpaid for each day prior to the transferee becoming the Beneficial Owner of the Series 4 VRDP Shares in exchange for payment of the Purchase Price for such Series 4 VRDP Shares by the transferee.

(j) **Dividends Credited Against Earliest Accumulated But Unpaid Dividends.** Any dividend payment made on Series 4 VRDP Shares that is insufficient to cover the entire amount of dividends payable shall first be credited against the earliest accumulated but unpaid dividends due with respect to such shares. Dividends in arrears for any past Dividend Period may be declared (to the extent not previously declared as required under paragraph (i) above) and paid at any time, without reference to any regular Dividend Payment Date, to the Holders as their names appear on the record books of the Fund on such date, not exceeding 15 days preceding the payment date thereof, as may be fixed by the Board of Trustees.

(k) **Dividends Designated as Exempt-Interest Dividends.** Dividends on Series 4 VRDP Shares shall be designated as exempt-interest dividends up to the amount of tax-exempt income of the Fund, to the extent permitted by, and for purposes of, Section 852 of the Code.

3. **Gross-Up Payments.** Holders of Series 4 VRDP Shares shall be entitled to receive, when, as and if declared by the Board of Trustees, out of funds legally available therefor, dividends in an amount equal to the aggregate Gross-up Payments as follows:

(a) If the Fund allocates any net capital gains or ordinary income taxable for regular federal income tax purposes to a dividend paid on Series 4 VRDP Shares without either having given advance notice thereof to the Remarketing Agent or simultaneously increasing such dividend payment by an additional amount, both as provided in Section 6 of Part II of this Statement (such allocation being referred to herein as a “Taxable Allocation”), the Fund shall, prior to the end of the calendar year in which such dividend was paid, provide notice thereof to the Remarketing Agent and direct the Tender and Paying Agent to send such notice with a Gross-up Payment to the Holder that was entitled to such dividend payment during such calendar year at such Holder’s address as the same appears or last appeared on the record books of the Fund.

(b) The Fund shall not be required to make Gross-up Payments with respect to any net capital gains or ordinary income determined by the Internal Revenue Service to be allocable in a manner different from the manner used by the Fund.

4. Designation of Special Rate Periods.

(a) **Preconditions for Special Rate Period.** The Fund, at its option, may designate any Rate Period for the Series 4 VRDP Shares as a Special Rate Period having the duration specified by the Fund in accordance with this Section 4, subject to adjustment as provided in paragraph (b) of this Section 4, or, if so designated by the Fund, ending on the final redemption date specified in paragraph (b)(i)(A) of Section 9 of Part I of this Statement. A designation of a Special Rate Period shall be effective only if (i) in the case of the designation of the Initial Rate Period as a Special Rate Period, notice thereof shall have been given in accordance with paragraph (d)(i) of this Section 4, (ii) in the case of the designation of a Special Rate Period to succeed a Minimum Rate Period, (A) notice thereof shall have been given in accordance with paragraph (c) and paragraph (d)(ii)(A) of this Section 4, (B) no Series 4 VRDP Shares are owned by the Liquidity Provider pursuant to the Purchase Obligation on either the Rate Determination Date for such proposed Special Rate Period or on the first day of such Special Rate Period and full cumulative dividends and any amounts due with respect to redemptions payable prior to such date have been paid in full, in each case, on the Series 4 VRDP Shares, and (C) if any Notice of Redemption shall have been provided by the Fund pursuant to paragraph (c) of Section 9 of Part I of this Statement with respect to any shares of such Series, the Redemption Price with respect to such shares shall have been deposited with the Tender and Paying Agent, or (iii) in the case of the designation of a Special Rate Period to succeed a Special Rate Period, notice thereof shall have been given in accordance with paragraph (d)(iii) of this Section 4.

(b) **Adjustment of Length of Special Rate Period.** In the event the Fund wishes to designate a Rate Period for the Series 4 VRDP Shares as a Special Rate Period, but the day that would otherwise immediately succeed the last day of such Special Rate Period is not a Business Day, then the Special Rate Period shall end on the next day immediately succeeded by a Business Day.

(c) **Notice in Respect of Proposed Special Rate Period.** If the Fund proposes to designate a Special Rate Period to succeed a Minimum Rate Period pursuant to paragraph (a)(i) of this Section 4, not less than 20 (or such lesser number of days as may be agreed to from time to time by the Remarketing Agent) nor more than 30 days prior to the date the Fund proposes to designate as the first day of such Special Rate Period (which shall be a day that would otherwise be the first day of a Minimum Rate Period), a notice (a “**Notice of Proposed Special Rate Period**”) shall be sent by the Fund by Electronic Means (or by first-class mail, postage prepaid, where the Series 4 VRDP Shares are in physical form outside the book-entry system of the Securities Depository) to the Holders of shares of such Series with copies provided to the Remarketing Agent, the Tender and Paying Agent and the Liquidity Provider. Each such notice shall state (A) that the Fund may exercise its option to designate a succeeding Subsequent Rate Period for the Series 4 VRDP Shares as a Special Rate Period, specifying the first day thereof, (B) that the Fund will, by 11:00 a.m., New York City time, on the second Business Day immediately preceding such first day (or by such later time or date, or both, as may be agreed to by the Remarketing Agent) notify the Remarketing Agent of either (x) its determination, subject to certain conditions, to exercise such option, or (y) its determination not to exercise such option, (C) the Rate Determination Date immediately prior to the first day of such Special Rate Period, (D) that such Special Rate Period shall not commence if (1) any Series 4 VRDP Shares are owned by the Liquidity Provider pursuant to the Purchase Obligation on either the Rate Determination Date for such proposed Special Rate Period or on the first day of such Special Rate Period or (2) full cumulative dividends or any amounts due with respect to redemptions payable prior to such Rate Determination Date have not been paid in full, in each case, on the Series 4 VRDP Shares, (E) the scheduled Dividend Payment Dates for shares of such Series during such Special Rate Period and (F) a description of the Other Special Rate Period Provisions, if any, applicable to shares of such Series in respect of such Special Rate Period.

(d) **Notices in Respect of Special Rate Period.** The Fund shall deliver a notice of Special Rate Period (a “**Notice of Special Rate Period**”) in accordance with paragraph (i), (ii)(A) or (iii) below or a notice that the Fund is electing not to designate a Special Rate Period in accordance with paragraph (ii)(B) below, as applicable:

(i) In connection with the designation of the Initial Rate Period as a Special Rate Period, pursuant to paragraph (a)(i) of this Section 4, the Fund shall deliver to the initial purchaser of the Series 4 VRDP Shares a Notice of Special Rate Period setting forth such terms and delivered at such time on or prior to the first day of such Rate Period as shall be agreed by such initial purchaser.

(ii) In connection with the designation of a Special Rate Period to succeed a Minimum Rate Period pursuant to paragraph (a)(ii) of this Section 4, no later than 11:00 a.m., New York City time, on the second Business Day immediately preceding the first day of such proposed Special Rate Period for the Series 4 VRDP Shares as to which notice has been given as set forth in paragraph (c) of this Section 4 (or such later time or date, or both, as may be agreed to by the Remarketing Agent), the Fund shall deliver to the Remarketing Agent and the Liquidity Provider either:

(A) a Notice of Special Rate Period stating (1) that the Fund has determined to designate the next succeeding Rate Period for shares of such Series as a Special Rate Period, specifying the same and the first day thereof, (2) the Rate Determination Date immediately prior to the first day of such Special Rate Period, (3) that such Special Rate Period shall not commence if (x) any Series 4 VRDP Shares are owned by the Liquidity Provider pursuant to the Purchase Obligation on either such Rate Determination Date or on the first day of such Special Rate Period or (y) full cumulative dividends or any amounts due with respect to redemptions payable, in each case, on Series 4 VRDP Shares, prior to such Rate Determination Date have not been paid in full, (4) the scheduled Dividend Payment Dates for shares of such Series during such Special Rate Period and (5) the Other Special Rate Period Provisions, if any, applicable to shares of such Series in respect of such Special Rate Period; or

(B) a notice stating that the Fund has determined not to exercise its option to designate a Special Rate Period for shares of such Series and that the next succeeding Rate Period of shares of such Series shall be a Minimum Rate Period.

(iii) In connection with designation of a Special Rate Period to succeed a Special Rate Period pursuant to paragraph (a)(iii) of this Section 4, the Fund shall deliver a Notice of Special Rate Period as specified in and otherwise in accordance with the Notice of Special Rate Period that designated the Special Rate Period being succeeded.

(e) **Failure to Deliver Notice of Special Rate Period.** If the Fund fails to deliver either of the notices described in paragraphs (d)(ii)(A) or (d)(iii) of this Section 4 of any proposed Special Rate Period to the Remarketing Agent, the Tender and Paying Agent and the Liquidity Provider by 11:00 a.m., New York City time, on the second Business Day immediately preceding the first day of such proposed Special Rate Period (or by such later time or date, or both, as may be agreed to by the Remarketing Agent and the Liquidity Provider), the Fund shall be deemed to have delivered a notice to the Remarketing Agent, and the Liquidity Provider with respect to such Special Rate Period to the effect set forth in paragraph (d)(ii)(B) of this Section 4. In the event the Fund delivers to the Remarketing Agent, the Tender and Paying Agent and the Liquidity Provider a notice described in paragraph (d)(ii)(A) of this Section 4, it shall file a copy of such notice with the Secretary of the Fund, and the contents of such notice shall be binding on the Fund.

(f) **Other Special Rate Period Provisions.** In connection with any Special Rate Period designated pursuant to this Section 4, the Fund, without the vote or consent of any Holder of Series 4 VRDP Shares, but with the prior written consent of the Liquidity Provider, if any (and to the extent that the Liquidity Provider is appointed as such for such Special Rate Period), may provide for provisions relating solely to such Special Rate Period that differ from those provided in this Statement, including, but not limited to, with respect to the

Purchase Obligation, optional tender provisions, mandatory tender provisions, mandatory purchase provisions, the dividend rate setting provisions (including as to the Maximum Rate), and, if the dividend may be determined by reference to an index, formula or other method, the manner in which it will be determined, Special Redemption Provisions or other redemption provisions (other than Section 9(b)(i)(A) of this Statement) and modified or new definitions (“Other Special Rate Period Provisions”); provided that such provisions do not affect the parity ranking of Series 4 VRDP Shares relative to any other series of Preferred Shares of the Fund then outstanding with respect to dividends or distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund.

(g) **Minimum Rate Period Succeeding a Special Rate Period.** The Fund, at its option, may designate the Rate Period (together with succeeding Rate Periods until the establishment of a Subsequent Rate Period as a Special Rate Period) succeeding a Special Rate Period as a Minimum Rate Period. Notice thereof shall be delivered in accordance with the Notice of Special Rate Period that designated the Special Rate Period being succeeded by the Minimum Rate Period.

5. Voting Rights.

(a) **One Vote Per VRDP Share.** Except as otherwise provided in the Declaration or as otherwise required by law, (i) each Holder of VRDP Shares shall be entitled to one vote for each VRDP Share held by such Holder on each matter submitted to a vote of shareholders of the Fund, and (ii) the holders of outstanding Preferred Shares, including each VRDP Share, and of Common Shares shall vote together as a single class; provided, however, that the holders of outstanding Preferred Shares, including VRDP Shares, voting as a class, to the exclusion of the holders of all other securities and classes of shares of beneficial interest of the Fund, shall be entitled to elect two trustees of the Fund at all times, each Preferred Share, including each VRDP Share, entitling the holder thereof to one vote. Subject to paragraph (b) of this Section 5, the holders of outstanding Common Shares and Preferred Shares, including VRDP Shares, voting together as a single class, shall elect the balance of the trustees.

(b) Voting for Additional Trustees.

(i) **Voting Period.** During any period in which any one or more of the conditions described in subparagraphs (A) or (B) of this paragraph (b)(i) shall exist (such period being referred to herein as a “Voting Period”), the number of trustees constituting the Board of Trustees shall be automatically increased by the smallest number that, when added to the two trustees elected exclusively by the holders of Preferred Shares, including VRDP Shares, would constitute a majority of the Board of Trustees as so increased by such smallest number; and the holders of Preferred Shares, including VRDP Shares, shall be entitled, voting as a class on a one-vote-per-share basis (to the exclusion of the holders of all other securities and classes of shares of beneficial interest of the Fund), to elect such smallest number of additional trustees, together with the two trustees that such holders are in any event entitled to elect. A Voting Period shall commence:

(A) if at the close of business on any Dividend Payment Date accumulated dividends (whether or not earned or declared) on any outstanding Preferred Shares, including VRDP Shares, equal to at least two full years’ dividends shall be due and unpaid and sufficient cash or specified securities shall not have been deposited with the Tender and Paying Agent for the payment of such accumulated dividends; or

(B) if at any time holders of Preferred Shares are entitled under the 1940 Act to elect a majority of the trustees of the Fund.

Upon the termination of a Voting Period, the voting rights described in this paragraph (b)(i) shall cease, subject always, however, to the re-vesting of such voting rights in the holders of Preferred Shares upon the further occurrence of any of the events described in this paragraph (b)(i).

(ii) **Notice of Special Meeting.** As soon as practicable after the accrual of any right of the holders of Preferred Shares to elect additional trustees as described in paragraph (b)(i) of this Section 5, the Fund shall call a special meeting of such holders, and the Fund shall mail a notice of such special meeting to such holders, such meeting to be held not less than 10 nor more than 20 days after the date of mailing of such notice. If a special meeting is not called by the Fund, it may be called by any such holder on like notice. The record date for determining the holders entitled to notice of and to vote at such special meeting shall be the close of business on the fifth Business Day preceding the day on which such notice is mailed. At any such special meeting and at each meeting of holders of Preferred Shares held during a Voting Period at which trustees are to be elected, such holders, voting together as a class (to the exclusion of the holders of all other securities and classes of shares of beneficial interest of the Fund), shall be entitled to elect the number of trustees prescribed in paragraph (b)(i) of this Section 5 on a one-vote-per-share basis.

(iii) **Terms of Office of Existing Trustees.** The terms of office of all persons who are trustees of the Fund at the time of a special meeting of Holders and holders of other Preferred Shares to elect trustees shall continue, notwithstanding the election at such meeting by the Holders and such other holders of other Preferred Shares of the number of trustees that they are entitled to elect, and the persons so elected by the Holders and such other holders of other Preferred Shares, together with the two incumbent trustees elected by the Holders and such other holders of other Preferred Shares and the remaining incumbent trustees elected by the holders of the Common Shares and Preferred Shares, shall constitute the duly elected trustees of the Fund.

(iv) **Terms of Office of Certain Trustees to Terminate Upon Termination of Voting Period.** Simultaneously with the termination of a Voting Period, the terms of office of the additional trustees elected by the Holders and holders of other Preferred Shares pursuant to paragraph (b)(i) of this Section 5 shall terminate, the remaining trustees shall constitute the trustees of the Fund and the voting rights of the Holders and such other holders to elect additional trustees pursuant to paragraph (b)(i) of this Section 5 shall cease, subject to the provisions of the last sentence of paragraph (b)(i) of this Section 5.

(c) Holders of VRDP Shares to Vote on Certain Other Matters.

(i) **Increases in Capitalization and Certain Amendments.** The Board of Trustees, without the vote or consent of the Holders of Series 4 VRDP Shares, may from time to time authorize and create, and the Fund may from time to time issue additional shares of, any Series of VRDP, including Series 4 VRDP Shares, or any classes or series of Preferred Shares ranking on a parity with Series 4 VRDP Shares with respect to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund. So long as any Series 4 VRDP Shares are Outstanding, the Fund shall not, without the affirmative vote or consent of the Holders of at least a majority of the Series 4 VRDP Shares Outstanding at the time, in person or by proxy, either in writing or at a meeting, voting as a separate class: (a) authorize, create or issue any class or series of shares ranking prior to the Series 4 VRDP Shares with respect to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund or (b) amend, alter or repeal the provisions of the Declaration, or this Statement, whether by merger, consolidation or otherwise, so as to materially and adversely affect any preference, right or power of the Series 4 VRDP Shares or the Holders or the Beneficial Owners thereof; provided, however, that (i) none of the actions permitted by the first sentence of this paragraph (c) or by paragraph (a) of Section 12 of Part I of this Statement will be deemed to so affect such preferences, rights or powers, (ii) a division of a VRDP Share will be deemed to so affect such preferences, rights or powers only if the terms of such division so affect the Holders of Series 4 VRDP Shares and (iii) the authorization, creation and issuance of classes or series of shares ranking junior to the Series 4 VRDP Shares with respect to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund will be deemed to so affect such preferences, rights or powers only if such issuance would, at the time thereof, cause the Fund not to satisfy the Minimum VRDP Asset Coverage. For purposes of the foregoing, except as otherwise set forth in this Statement, no matter shall be deemed to materially and

adversely affect any right, preference or power of the Series 4 VRDP Shares or the Holders thereof unless such matter (i) alters or abolishes any preferential right of such Series; (ii) alters or abolishes any right in respect of redemption of such Series; or (iii) creates or alters (other than to abolish or to comply with applicable law) any restriction on transfer applicable to such Series. So long as any Series 4 VRDP Shares are Outstanding, the Fund shall not, without the affirmative vote or consent of the Holders of at least 66²/₃% of the Series 4 VRDP Shares Outstanding at the time, in person or by proxy, either in writing or at a meeting, voting as a separate class, file a voluntary application for relief under federal bankruptcy law or any similar application under state law for so long as the Fund is solvent and does not foresee becoming insolvent. If any action set forth above requiring the vote of Holders of Series 4 VRDP Shares would adversely affect the rights of Series 4 VRDP in a manner different from any other Series of VRDP, the Fund will not approve any such action without the affirmative vote or consent of the Holders of at least a majority of the shares of the Series 4 VRDP Outstanding at the time, in person or by proxy, either in writing or at a meeting (the Series 4 VRDP voting as a separate class). Notwithstanding the foregoing, as set forth in paragraph (b) of Section 8 of Part I of this Statement, the Fund, without the vote, approval or consent of Holders of Series 4 VRDP Shares or other shareholders of the Fund, has the right to (x) terminate the services of any and all Rating Agencies providing a long-term rating for the Series 4 VRDP Shares, and such rating or ratings, to the extent it or they would have been taken into account in any of the provisions in this Statement, will be disregarded (other than the effect of the absence of such ratings for purposes of determining the Maximum Rate) and (y) provide for Other Special Rate Period Provisions in accordance with, but subject to the limitations set forth in, paragraph (f) of Section 4 of Part I of this Statement. No vote of the holders of Common Shares shall be required to amend, alter or repeal the provisions of this Statement.

(ii) **1940 Act Matters.** Unless a higher percentage is provided for in the Declaration, the affirmative vote of the holders of at least a “majority of the Outstanding Preferred Shares,” including VRDP Shares, outstanding at the time, voting as a separate class, shall be required to approve (A) any conversion of the Fund from a closed-end to an open-end investment company, (B) any plan of reorganization (as such term is used in the 1940 Act) adversely affecting such shares and (C) any other action requiring a vote of security holders of the Fund under Section 13(a) of the 1940 Act. For purposes of the foregoing, “majority of the Outstanding Preferred Shares” means (i) 67% or more of such shares present at a meeting, if the holders of more than 50% of such shares are present or represented by proxy, or (ii) more than 50% of such shares, whichever is less.

(iii) **Exclusive Right to Vote on Certain Matters.** Except as otherwise required by the 1940 Act, other applicable law or the Declaration, (i) whenever a vote of Holders of Series 4 VRDP Shares is otherwise required by this Statement, Holders of Outstanding Series 4 VRDP Shares will be entitled as a Series, to the exclusion of the holders of all other shares, including other Preferred Shares, Common Shares and other classes of shares of beneficial interest of the Fund, to vote on matters affecting Series 4 VRDP Shares only and (ii) Holders of Outstanding Series 4 VRDP Shares will not be entitled to vote on matters affecting any other Preferred Shares that do not adversely affect any of the rights of Holders of Series 4 VRDP Shares, as expressly set forth in the Declaration and this Statement.

(d) **Fund May Take Certain Actions Without Shareholder Approval.** The Fund is not required to maintain any particular short-term or long-term ratings for the Series 4 VRDP Shares, and, subject only to Section 8 of this Part I, the Fund, without the vote, approval or consent of any holder of Preferred Shares, including any Series of VRDP, or any other shareholder of the Fund, may from time to time adopt, amend, alter or repeal any or all of the definitions contained herein, add covenants and other obligations of the Fund, or confirm the applicability of covenants and other obligations set forth herein, in connection with obtaining, maintaining or changing the rating of any Rating Agency which is then rating the Series 4 VRDP Shares, and any such adoption, amendment, alteration or repeal will not be deemed to affect the preferences, rights or powers of Series 4 VRDP Shares, or the Holders thereof.

Subject only to Section 8 of this Part I, the Fund may, at any time, replace a Rating Agency or terminate the services of any Rating Agencies then providing a rating for the Series 4 VRDP Shares without replacement, in either case, without the vote, approval or consent of Holders of Series 4 VRDP Shares or other shareholders of the Fund. In the event a Rating Agency ceases to furnish a long-term rating for the Series 4 VRDP Shares or the Fund terminates the services of a Rating Agency then providing a long-term rating for the Series 4 VRDP Shares, such rating, to the extent it would have been taken into account in any of the provisions of the Series 4 VRDP Shares included in this Statement, will be disregarded, and only the ratings of the then-designated Rating Agency or Agencies, if any, will be taken into account (other than the effect of the absence of such ratings for purposes of determining the Maximum Rate).

Notwithstanding the foregoing, nothing in this Section 5 is intended in any way to limit the ability of (i) the Fund to make certain adjustments in the Remarketing Agreement as provided under the definition of "Maximum Rate," subject to the limitations set forth in such definition, or (ii) the Board of Trustees to amend or alter other provisions of this Statement, without the vote, approval or consent of any Holder of Series 4 VRDP Shares, or any other shareholder of the Fund, as otherwise provided in this Statement.

(e) **Voting Rights Set Forth Herein are Sole Voting Rights.** Unless otherwise required by law, the Holders of Series 4 VRDP Shares shall not have any voting rights, relative rights or preferences or other special rights other than those specifically set forth herein.

(f) **No Preemptive Rights or Cumulative Voting.** The Holders of Series 4 VRDP Shares shall have no preemptive rights or rights to cumulative voting.

(g) **Sole Remedy for Fund's Failure to Pay Dividends.** In the event that the Fund fails to pay any dividends on the Series 4 VRDP Shares, the sole remedy of the Holders under this Statement, without limitation of any rights to payment of such dividends or other rights under the Declaration, this Statement and applicable law, shall be the right to vote for trustees pursuant to the provisions of this Section 5.

(h) **Holders Entitled to Vote.** For purposes of determining any rights of the Holders to vote on any matter, whether such right is created by this Statement, by the other provisions of the Declaration, by statute or otherwise, no Holder shall be entitled to vote any Series 4 VRDP Share and no Series 4 VRDP Share shall be deemed to be "outstanding" for the purpose of voting or determining the number of shares required to constitute a quorum if, prior to or concurrently with the time of determination of shares entitled to vote or shares deemed outstanding for quorum purposes, as the case may be, the requisite Notice of Redemption with respect to such shares shall have been provided as set forth in paragraph (c) of Section 10 of Part I of this Statement and Deposit Securities with a Market Value at least equal to the Redemption Price for the redemption of such shares shall have been deposited in trust with the Tender and Paying Agent for that purpose. Series 4 VRDP Shares owned (legally or beneficially) or controlled by the Fund shall not have any voting rights or be deemed to be Outstanding for voting or for calculating the voting percentage required on any other matter or other purposes.

6. **Minimum VRDP Asset Coverage.** The Fund shall maintain, as of the close of business on the last Business Day of each month on which any Series 4 VRDP Share is Outstanding, the Minimum VRDP Asset Coverage.

7. **Restrictions on Dividends and Other Distributions.**

(a) **Dividends on Preferred Shares Other than the Series 4 VRDP Shares.** Except as set forth in the next sentence, no dividends shall be declared or paid or set apart for payment on the shares of any class or series of shares of beneficial interest of the Fund ranking, as to the payment of dividends, on a parity with Series 4 VRDP Shares for any period unless full cumulative dividends have been or contemporaneously are declared and paid on the shares of each Series of VRDP through its most recent dividend payment date. When dividends are not paid in full upon the shares of each Series of VRDP through its most recent dividend payment date or upon

the shares of any other class or series of shares of beneficial interest of the Fund ranking on a parity as to the payment of dividends with VRDP Shares through their most recent respective dividend payment dates, all dividends declared and paid upon VRDP Shares and any other such class or series of shares of beneficial interest ranking on a parity as to the payment of dividends with VRDP Shares shall be declared and paid pro rata so that the amount of dividends declared and paid per share on VRDP Shares and such other class or series of shares of beneficial interest shall in all cases bear to each other the same ratio that accumulated dividends per share on the VRDP Shares and such other class or series of shares of beneficial interest bear to each other (for purposes of this sentence, the amount of dividends declared and paid per Series 4 VRDP Share shall be based on the Applicable Rate for such share for the Dividend Periods during which dividends were not paid in full).

(b) **Dividends and Other Distributions With Respect to Common Shares Under the 1940 Act.** The Board of Trustees shall not declare any dividend (except a dividend payable in Common Shares), or declare any other distribution, upon the Common Shares, or purchase Common Shares, unless in every such case the Preferred Shares have, at the time of any such declaration or purchase, an asset coverage (as defined in and determined pursuant to the 1940 Act) of at least 200% (or such other asset coverage as may in the future be specified in or under the 1940 Act as the minimum asset coverage for senior securities which are shares or stock of a closed-end investment company as a condition of declaring dividends on its common shares or stock) after deducting the amount of such dividend, distribution or purchase price, as the case may be.

(c) **Other Restrictions on Dividends and Other Distributions.** For so long as any Series 4 VRDP Share is Outstanding, and except as set forth in paragraph (a) of this Section 7 and paragraph (c) of Section 10 of this Part I, the Fund shall not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or in options, warrants or rights to subscribe for or purchase, Common Shares or other shares, if any, ranking junior to the Series 4 VRDP Shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up) in respect of the Common Shares or any other shares of the Fund ranking junior to or on a parity with the Series 4 VRDP Shares as to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up, or call for redemption, redeem, purchase or otherwise acquire for consideration any Common Shares or any other such junior shares (except by conversion into or exchange for shares of the Fund ranking junior to the Series 4 VRDP Shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), or any such parity shares (except by conversion into or exchange for shares of the Fund ranking junior to or on a parity with Series 4 VRDP Shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), unless (i) full cumulative dividends on the Series 4 VRDP Shares through the most recently ended Dividend Period therefor shall have been paid or shall have been declared and sufficient funds for the payment thereof deposited with the Tender and Paying Agent and (ii) the Fund has redeemed the full number of Series 4 VRDP Shares required to be redeemed by any provision for mandatory redemption pertaining thereto.

8. Ratings.

(a) **Short-Term Ratings.** The Fund will use its reasonable best efforts to maintain at least one short-term rating on the Series 4 VRDP Shares, to the extent that the Liquidity Provider then has a short-term debt rating.

(b) **Long-Term Ratings.** The Fund is not required to maintain any, or any particular, long-term ratings for the Series 4 VRDP Shares. To the extent that the Fund does at any time maintain one or more long-term ratings for the Series 4 VRDP Shares from one or more Rating Agencies, the Fund may take any action resulting in a change in, or addition or termination of, any long-term rating for the Series 4 VRDP Shares without the vote, approval or consent of Holders of Series 4 VRDP Shares or any other shareholders of the Fund. The Rating Agency Guidelines, if any, as they may be amended from time to time by the respective Rating Agency, will be reflected in written documents, including the ratings methodologies of the applicable Rating Agency. The Rating Agency Guidelines may be amended by the respective Rating Agency without the approval of the Fund or its Board of Trustees or any Holders of Series 4 VRDP Shares, or any other shareholder of the Fund, and may be

changed or eliminated at any time without the vote, approval or consent of Holders of Series 4 VRDP Shares or any other shareholders of the Fund, including in connection with the change or termination by the Fund of any or all long-term ratings then applicable to the Series 4 VRDP Shares.

9. Redemption.

(a) Optional Redemption.

(i) Subject to the provisions of paragraph (iv) of this paragraph (a), the Series 4 VRDP Shares may be redeemed, at the option of the Fund, at any time, as a whole or from time to time in part, out of funds legally available therefor, at a redemption price per share equal to the sum of \$100,000 *plus* an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to, but not including, the date fixed for redemption; provided, however, that (1) the Series 4 VRDP Shares may not be redeemed in part if after such partial redemption fewer than 50 shares of such Series would remain Outstanding; (2) except as otherwise provided in the Notice of Special Rate Period relating to the Initial Rate Period, shares of Series 4 VRDP are not redeemable by the Fund during the Initial Rate Period; and (3) subject to subparagraph (ii) of this paragraph (a), the Notice of Special Rate Period relating to a Special Rate Period for shares of Series 4 VRDP, as delivered to the Remarketing Agent and filed with the Secretary of the Fund, may provide that shares of such Series shall not be redeemable during the whole or any part of such Special Rate Period or shall be redeemable during the whole or any part of such Special Rate Period only upon payment of such redemption premium or premiums as shall be specified therein (“**Special Redemption Provisions**”).

(ii) If fewer than all of the Outstanding shares of Series 4 VRDP are to be redeemed pursuant to subparagraph (i) of this paragraph (a), the number of shares of such Series to be redeemed shall be selected either *pro rata* from the Holders of shares of such Series in proportion to the number of shares of such Series held by such Holders or by lot or in such manner as the Fund’s Board of Trustees may determine to be fair and equitable and, in each case, in accordance with the applicable rules of the Securities Depository so long as the Series 4 VRDP Shares are held in the book-entry system of the Securities Depository. Subject to the provisions of this Statement and applicable law, the Fund’s Board of Trustees will have the full power and authority to prescribe the terms and conditions upon which Series 4 VRDP Shares will be redeemed from time to time.

(iii) The Fund may not on any date send a Notice of Redemption pursuant to paragraph (c) of this Section 9 in respect of a redemption contemplated to be effected pursuant to this paragraph (a) unless on such date the Fund has available Deposit Securities with maturity or tender dates not later than the day preceding the applicable Redemption Date and having a Market Value not less than the amount (including any applicable premium) due to Holders of Series 4 VRDP Shares by reason of the redemption of such shares on such Redemption Date.

(b) **Mandatory Redemption.** (i) (A) The Fund shall redeem all Outstanding Series 4 VRDP Shares on September 1, 2043, at a Redemption Price equal to \$100,000 per share *plus* accumulated but unpaid dividends thereon (whether or not earned or declared) to, but excluding, such date.

(B) The Fund shall redeem Preferred Shares if the Fund fails to maintain the Minimum VRDP Asset Coverage in accordance with this Statement and such failure is not cured on or before the Minimum VRDP Asset Coverage Cure Date. The number of Preferred Shares to be redeemed, which at the Fund’s sole option (to the extent permitted by the 1940 Act and Massachusetts law) may include any number or proportion of Preferred Shares of any series, shall be equal to the lesser of (i) the minimum number of Preferred Shares, the redemption of which, if deemed to have occurred immediately prior to the opening of business on the Minimum VRDP Asset Coverage Cure Date, would, together with all other Preferred Shares subject to retirement, result in the Fund’s maintaining the Minimum VRDP Asset Coverage on such

Minimum VRDP Asset Coverage Cure Date (provided, however, that, if there is no such minimum number of Preferred Shares the redemption of which would have such result, all VRDP Shares and other Preferred Shares then outstanding shall be redeemed) and (ii) the maximum number of Preferred Shares, that can be redeemed out of funds legally available therefor in accordance with the Declaration and applicable law. To the extent that the Fund redeems VRDP Shares in accordance with the foregoing, the Fund shall allocate the number of VRDP Shares to be redeemed *pro rata* among each Series of VRDP subject to redemption. The Fund shall effect such redemption on the date fixed by the Fund therefor, which date shall not be earlier than 10 days nor later than 30 days after the Minimum VRDP Asset Coverage Cure Date, except that, if the Fund does not have funds legally available for the redemption or retirement of all of the required number of VRDP Shares and other Preferred Shares which are subject to redemption or retirement or the Fund otherwise is unable as a result of applicable law to effect such redemption on or prior to 30 days after the Minimum VRDP Asset Coverage Cure Date, the Fund shall redeem those VRDP Shares and other Preferred Shares which it was unable to redeem or retire on the earliest practicable date on which it is able to effect such redemption or retirement. The Fund will redeem any Series 4 VRDP Shares at a redemption price equal to \$100,000 per share, plus accumulated but unpaid dividends thereon (whether or not earned or declared) to, but excluding, the date fixed by the Board of Trustees for redemption.

(C) Except in the case of a Failed Remarketing Condition—Purchased VRDP Shares Redemption, as described below, if fewer than all of the Outstanding shares of Series 4 VRDP are to be redeemed pursuant to this paragraph (b), the number of shares of such Series to be redeemed shall be selected either *pro rata* from the Holders of shares of such Series in proportion to the number of shares of such Series held by such Holders or by lot or in such manner as the Fund's Board of Trustees may determine to be fair and equitable and, in each case, in accordance with the applicable rules of the Securities Depository so long as the Series 4 VRDP Shares are held in the book-entry system of the Securities Depository. Subject to the provisions of this Statement and applicable law, the Fund's Board of Trustees will have the full power and authority to prescribe the terms and conditions upon which Series 4 VRDP Shares will be redeemed from time to time.

(ii) (A) In accordance with this Statement and if then required pursuant to the VRDP Fee Agreement, if the Liquidity Provider acquires any Series 4 VRDP Shares pursuant to the Purchase Obligation and continues to be the beneficial owner for federal income tax purposes of such Purchased VRDP Shares for a period of six months during which such Purchased VRDP Shares cannot be successfully remarketed (i.e., a Failed Remarketing Condition—Purchased VRDP Shares shall have occurred and be continuing for such period of time with respect to such Purchased VRDP Shares), the Fund shall effect a Failed Remarketing Condition—Purchased VRDP Shares Redemption; provided, that, as of the date of redemption: (i) to the extent any Series 4 VRDP Shares are Outstanding and held by Persons other than the Liquidity Provider, the Purchase Obligation of the Liquidity Provider whose Series 4 VRDP Shares are subject to the Failed Remarketing Condition—Purchased VRDP Shares Redemption remains in effect to the extent required by, and in accordance with, the VRDP Purchase Agreement to which such Liquidity Provider is a party, and (ii) to the extent (a) any Series 4 VRDP Shares are Outstanding and held by Persons other than the Liquidity Provider and (b) the Purchase Obligation of the Liquidity Provider whose Series 4 VRDP Shares are subject to the Failed Remarketing Condition—Purchased VRDP Shares Redemption remains in effect to the extent required by, and in accordance with, the VRDP Purchase Agreement to which such Liquidity Provider is a party, the Liquidity Provider whose Series 4 VRDP Shares are subject to the Failed Remarketing Condition—Purchased VRDP Shares Redemption shall have made written affirmation to the Fund not later than the Business Day immediately preceding the Redemption Date to the effect that the Liquidity Provider is in compliance with the Purchase Obligation in accordance with its terms. Notwithstanding the foregoing proviso, any failure or delay by the Liquidity Provider whose Series 4 VRDP Shares are subject to the Failed Remarketing Condition—Purchased VRDP Shares Redemption to deliver the affirmation referred to in the foregoing proviso shall not relieve the Fund of its obligation to effectuate a Failed Remarketing Condition—Purchased VRDP Shares Redemption and shall only result in a delay by the Fund to effectuate a Failed Remarketing Condition—Purchased VRDP Shares Redemption until one

(1) Business Day following the date that such Liquidity Provider delivers such affirmation or on which such affirmation is no longer required to be delivered. The six-month holding period for Purchased VRDP Shares acquired and held as a result of a continuing Failed Remarketing Condition—Purchased VRDP Shares shall be determined by the Fund on a first-in, first-out basis. The Fund shall effect a Failed Remarketing Condition—Purchased VRDP Shares Redemption on the date fixed by the Fund therefor, which date shall not be later than three Business Days after the expiration of the six-month holding period in respect of the applicable Purchased VRDP Shares, except that if the Fund does not have funds legally available for the redemption of all of the required number of Purchased VRDP Shares which are subject to the Failed Remarketing Condition—Purchased VRDP Shares Redemption or the Fund otherwise is unable as a result of applicable law to effect such redemption on or prior to three Business Days after the expiration of the applicable six-month holding period, the Fund shall redeem those Series 4 VRDP Shares which it was unable to redeem on the earliest practicable date on which it is able to effect such redemption.

(B) Upon the occurrence and during the continuance of a Failed Remarketing Condition—Purchased VRDP Shares with respect to any Series 4 VRDP Shares, by the fifth Business Day following delivery of notice thereof from the Liquidity Provider in accordance with the VRDP Fee Agreement, the Fund shall cause the Custodian to earmark, by means of appropriate identification on its books and records or otherwise in accordance with the Custodian’s normal procedures, from the other assets of the Fund (a “Liquidity Account”) Liquidity Account Investments with a Market Value equal to at least 110% of the Liquidation Preference of such Purchased VRDP Shares. If, while the Failed Remarketing Condition—Purchased VRDP Shares with respect to such Purchased VRDP Shares is continuing, the aggregate Market Value of the Liquidity Account Investments included in the Liquidity Account for such Purchased VRDP Shares as of the close of business on any Business Day is less than 110% of the Liquidation Preference of such Purchased VRDP Shares, then the Fund shall cause the Custodian and the Investment Adviser to take all such necessary actions, including earmarking additional assets of the Fund as Liquidity Account Investments, so that the aggregate Market Value of the Liquidity Account Investments included in the Liquidity Account for such Purchased VRDP Shares is at least equal to 110% of the Liquidation Preference of such Purchased VRDP Shares not later than the close of business on the next succeeding Business Day. With respect to assets of the Fund earmarked as Liquidity Account Investments, the Investment Adviser, on behalf of the Fund, shall be entitled to instruct the Custodian with a copy to the Liquidity Provider on any date to release any Liquidity Account Investments with respect to any Purchased VRDP Shares from such earmarking and to substitute therefor other Liquidity Account Investments, so long as (x) the assets of the Fund earmarked as Liquidity Account Investments with respect to such Purchased VRDP Shares at the close of business on such date have a Market Value equal to 110% of the Liquidation Preference of such Purchased VRDP Shares and (y) the assets of the Fund designated and earmarked as Deposit Securities at the close of business on such date have a Market Value equal to the Liquidity Requirement (if any) determined in accordance with subparagraph (C) below with respect to such Purchased VRDP Shares for such date. The Fund shall cause the Custodian not to permit any lien, security interest or encumbrance to be created or permitted to exist on or in respect of any Liquidity Account Investments included in the Liquidity Account for any Purchased VRDP Shares, other than liens, security interests or encumbrances arising by operation of law and any lien of the Custodian with respect to the payment of its fees or repayment for its advances.

(C) Subject to notice having been received as referred to in subparagraph (B) above, the Market Value of the Deposit Securities held in the Liquidity Account for any Purchased VRDP Shares, from and after the day (or, if such day is not a Business Day, the next succeeding Business Day) preceding the expiration of the six-month holding period for the Failed Remarketing Condition—Purchased VRDP Shares applicable to such Purchased VRDP Shares (which may result in multiple six month holding periods, each in respect of a Failed Remarketing Condition—Purchased VRDP Shares in respect of applicable Purchased VRDP Shares) specified in the table set forth below, shall not be less

than the percentage of the Liquidity Preference for such Purchased VRDP Shares set forth below opposite such day (the “Liquidity Requirement”), but in all cases subject to the cure provisions of subparagraph (D) below:

<u>Number of Days* Preceding the Six-Month Anniversary of Liquidity Provider’s Purchase</u>	<u>Value of Deposit Securities as Percentage of Liquidity Preference</u>
135	20%
105	40%
75	60%
45	80%
15	100%

* Or if such day is not a Business Day, the next succeeding Business Day

(D) If the aggregate Market Value of the Deposit Securities included in the Liquidity Account for any Purchased VRDP Shares as of the close of business on any Business Day is less than the Liquidity Requirement in respect of such Purchased VRDP Shares for such Business Day, then the Fund shall cause the earmarking of additional or substitute Deposit Securities in respect of the Liquidity Account for such Purchased VRDP Shares, so that the aggregate Market Value of the Deposit Securities included in the Liquidity Account for such Purchased VRDP Shares is at least equal to the Liquidity Requirement for such Purchased VRDP Shares not later than the close of business on the next succeeding Business Day.

(E) The Deposit Securities included in the Liquidity Account for any Purchased VRDP Shares may be applied by the Fund, in its discretion, towards payment of the Redemption Price for such Purchased VRDP Shares. Upon the earlier to occur of (x) the successful Remarketing of the Purchased VRDP Shares or (y) the deposit by the Fund with the Tender and Paying Agent with arrangements satisfactory to the Liquidity Provider of Deposit Securities having an initial combined Market Value sufficient to effect the redemption of such Purchased VRDP Shares on the Redemption Date for such Purchased VRDP Shares, the requirement of the Fund to maintain a Liquidity Account for such Purchased VRDP Shares as contemplated by this Section 9(b)(ii) shall lapse and be of no further force and effect.

(F) The provisions of subparagraphs (A) through (E) of this Section 9(b)(ii) may be amended by the Fund, by resolution of the Board of Trustees duly adopted, without shareholder approval in order to conform to the terms of a VRDP Fee Agreement or as otherwise necessary or desirable in the judgment of the Board of Trustees, provided that the Fund receives the prior written consent of the Liquidity Provider.

(iii) At least six months prior to the scheduled mandatory Redemption Date of September 1, 2043 specified in Section 9(b)(i) above, if any Series 4 VRDP Shares then remain Outstanding, the Fund shall cause the Custodian to earmark in a Liquidity Account (but without duplication of any Liquidity Account then in effect pursuant to Section 9(b)(ii) above), by means of appropriate identification on its books and records or otherwise in accordance with the Custodian’s normal procedures, from the other assets of the Fund, Liquidity Account Investments with a Market Value equal to at least 110% of the Liquidity Preference of the then Outstanding Series 4 VRDP Shares. The Fund shall maintain such Liquidity Account in accordance with Section 9(b)(ii)(B), (C) and (D) above and comply with the requirements set forth therein with respect to Liquidity Account Investments and the Liquidity Requirement; provided, that for purposes of this Section 9(b)(iii) all references therein to Purchased VRDP Shares shall be deemed to be to all Outstanding Series 4 VRDP Shares, all references therein to the Failed Remarketing Condition— Purchased VRDP Shares or the related six-month period shall be deemed to be to the six-month period preceding the scheduled mandatory Redemption Date of September 1, 2043, and the references to notice by

the Liquidity Provider shall not be applicable. The Deposit Securities included in the Liquidity Account for the Outstanding Series 4 VRDP Shares may be applied by the Fund, in its discretion, towards payment of the Redemption Price for the Outstanding Series 4 VRDP Shares. Upon the deposit by the Fund with the Tender and Paying Agent with arrangements satisfactory to the Liquidity Provider of Deposit Securities having an initial combined Market Value sufficient to effect the redemption of the Outstanding Series 4 VRDP Shares on the September 1, 2043 Redemption Date for the Outstanding Series 4 VRDP Shares, the requirement of the Fund to maintain a Liquidity Account for the Outstanding Series 4 VRDP Shares as contemplated by this Section 9(b)(iii) shall lapse and be of no further force and effect.

(c) **Notice of Redemption.** If the Fund shall determine or be required to redeem, in whole or in part, shares of Series 4 VRDP pursuant to paragraph (a) or (b)(i) of this Section 9, the Fund will send a notice of redemption (a “Notice of Redemption”), by Electronic Means (or by first class mail, postage prepaid, in the case where the Series 4 VRDP Shares are in physical form outside the book-entry system of the Securities Depository), to Holders thereof and the Liquidity Provider or, in the case of a redemption pursuant to paragraph (b)(ii) of this Section 9, only to the Liquidity Provider, or request the Tender and Paying Agent, on behalf of the Fund to promptly do so by Electronic Means (or by first class mail, postage prepaid, in the case where the Series 4 VRDP Shares are in physical form outside the book-entry system of the Securities Depository) so long as the Notice of Redemption is furnished by the Fund to the Tender and Paying Agent in electronic format at least five (5) Business Days prior to the date a Notice of Redemption is required to be delivered to the Holders, unless a shorter period of time shall be acceptable to the Tender and Paying Agent. A Notice of Redemption shall be sent to Holders not less than 10 days prior to the date fixed for redemption in such Notice of Redemption (the “Redemption Date”). Each such Notice of Redemption shall state: (i) the Redemption Date; (ii) the number of Series 4 VRDP Shares to be redeemed and the Series thereof; (iii) the CUSIP number for the Series 4 VRDP Shares; (iv) the Redemption Price or, if not then ascertainable, the manner of calculation thereof; (v) if applicable, the place or places where the certificate(s), if any, for such VRDP Shares (properly endorsed or assigned for transfer, if the Board of Trustees requires and the Notice of Redemption states) are to be surrendered for payment of the Redemption Price; (vi) that dividends on the Series 4 VRDP Shares to be redeemed will cease to accumulate from and after such Redemption Date; and (vii) the provisions of this Statement under which such redemption is made. If fewer than all Series 4 VRDP Shares held by any Holder are to be redeemed, the Notice of Redemption delivered to such Holder shall also specify the number of Series 4 VRDP Shares to be redeemed from such Holder. The Fund may provide in any Notice of Redemption relating to an optional redemption contemplated to be effected pursuant to this Statement that such redemption is subject to one or more conditions precedent not otherwise expressly stated herein and that the Fund shall not be required to effect such redemption unless each such condition has been satisfied at the time or times and in the manner specified in such Notice of Redemption. No defect in the Notice of Redemption or delivery thereof shall affect the validity of redemption proceedings, except as required by applicable law.

(d) **No Redemption Under Certain Circumstances.** Notwithstanding the provisions of paragraphs (a) or (b) of this Section 9, if any dividends on shares of Series 4 VRDP (whether or not earned or declared) are in arrears, no shares of such Series shall be redeemed unless all Outstanding shares of such Series are simultaneously redeemed, and the Fund shall not purchase or otherwise acquire any shares of such Series; provided, however, that the foregoing shall not prevent the purchase or acquisition of all Outstanding shares of such Series pursuant to the successful completion of an otherwise lawful purchase or exchange offer made on the same terms to, and accepted by, Holders of all Outstanding shares of such Series.

(e) **Absence of Funds Available for Redemption.** To the extent that any redemption for which a Notice of Redemption has been provided is not made by reason of the absence of legally available funds therefor in accordance with the Declaration and applicable law, such redemption shall be made as soon as practicable to the extent such funds become available. A failure to redeem Series 4 VRDP Shares shall be deemed to exist at any time after the date specified for redemption in a Notice of Redemption when the Fund shall have failed, for any reason whatsoever, to deposit in trust with the Tender and Paying Agent the Redemption Price with respect to any shares for which such Notice of Redemption has been sent; provided, however, that the foregoing shall not

apply in the case of the Fund's failure to deposit in trust with the Tender and Paying Agent the Redemption Price with respect to any shares where (i) the Notice of Redemption relating to such redemption provided that such redemption was subject to one or more conditions precedent and (ii) any such condition precedent shall not have been satisfied at the time or times and in the manner specified in such Notice of Redemption. Notwithstanding the fact that the Fund may not have redeemed Series 4 VRDP Shares for which a Notice of Redemption has been provided, dividends shall be declared and paid on Series 4 VRDP Shares in accordance with and subject to the conditions of this Statement and shall be included in the Redemption Price in respect of those Series 4 VRDP Shares for which a Notice of Redemption has been provided.

(f) **Tender and Paying Agent as Trustee of Redemption Payments by Fund.** All moneys paid to the Tender and Paying Agent for payment of the Redemption Price of Series 4 VRDP Shares called for redemption shall be held in trust by the Tender and Paying Agent for the benefit of Holders of shares so to be redeemed.

(g) **Deposit with the Tender and Paying Agent; Shares for Which Notice of Redemption Has Been Given Are No Longer Outstanding.** Provided a Notice of Redemption has been given pursuant to paragraph (c) of this Section 9, not later than 12:00 noon, New York City time, on a Business Day not less than ten (10) days preceding the Redemption Date specified in such notice, the Fund shall irrevocably deposit with the Tender and Paying Agent an aggregate amount of Deposit Securities with a Market Value at least equal to the Redemption Price to be paid on the Redemption Date for the Series 4 VRDP Shares that are subject to such notice. Provided a Notice of Redemption has been given pursuant to paragraph (c) of this Section 9, upon the deposit with the Tender and Paying Agent of Deposit Securities with a Market Value at least equal to the Redemption Price to be paid on the Redemption Date for the Series 4 VRDP Shares that are the subject of such notice, dividends on such shares shall cease to accumulate, except as included in the Redemption Price, and such shares shall no longer be deemed to be Outstanding, except as noted below with respect to the VRDP Purchase Agreement, for any purpose, and all rights of the Holders of the shares so called for redemption shall cease and terminate, except the right of such Holders to receive the Redemption Price, but without any interest or other additional amount, except as provided in paragraph (e)(i) of Section 2 of this Part I and in Section 3 of Part I of this Statement. Upon surrender in accordance with the Notice of Redemption of the certificates for any shares so redeemed (properly endorsed or assigned for transfer, if the Board of Trustees shall so require and the Notice of Redemption shall so state), the Redemption Price shall be paid by the Tender and Paying Agent to the Holders of Series 4 VRDP Shares subject to redemption. In the case that fewer than all of the shares represented by any such certificate are redeemed, a new certificate shall be issued, representing the unredeemed shares, without cost to the Holder thereof. The Fund shall be entitled to receive from the Tender and Paying Agent, promptly after the date fixed for redemption, any cash deposited with the Tender and Paying Agent in excess of (i) the aggregate Redemption Price of the Series 4 VRDP Shares called for redemption on such date and (ii) all other amounts to which Holders of Series 4 VRDP Shares called for redemption may be entitled. Any funds so deposited that are unclaimed at the end of 90 days from such Redemption Date shall, to the extent permitted by law, be repaid to the Fund, after which time the Holders of Series 4 VRDP Shares so called for redemption may look only to the Fund for payment of the Redemption Price and all other amounts to which they may be entitled. The Fund shall be entitled to receive, from time to time after the date fixed for redemption, any interest on the funds so deposited. Notwithstanding the foregoing, Series 4 VRDP Shares will be deemed to be Outstanding for purposes of the VRDP Purchase Agreement until redeemed by the Fund.

(h) **Compliance With Applicable Law.** In effecting any redemption pursuant to this Section 9, the Fund shall use its best efforts to comply with all applicable conditions precedent to effecting such redemption under the 1940 Act and any applicable Massachusetts law, but shall effect no redemption except in accordance with the 1940 Act and any applicable Massachusetts law.

(i) **Only Whole VRDP Shares May Be Redeemed.** In the case of any redemption pursuant to this Section 9, only whole Series 4 VRDP Shares shall be redeemed, and in the event that any provision of the Declaration would require redemption of a fractional share, the Tender and Paying Agent shall be authorized to round up so that only whole shares are redeemed.

(j) **Modification of Redemption Procedures.** Notwithstanding the foregoing provisions of this Section 9, the Fund may, in its sole discretion, modify the procedures set forth above with respect to notification of redemption for the Series 4 VRDP Shares, provided that such modification does not materially and adversely affect the Holders of the Series 4 VRDP Shares or cause the Fund to violate any law, rule or regulation; and provided further that no such modification shall in any way alter the obligations of the Tender and Paying Agent without its prior written consent. Furthermore, if in the sole discretion of the Board of Trustees, after consultation with counsel, modification of the foregoing redemption provisions are permissible under the rules and regulations or interpretations of the SEC and the Code (including in respect of the treatment of the Series 4 VRDP Shares as stock for U.S. federal income tax purposes) with respect to the redemption of Series 4 VRDP Shares owned by the Liquidity Provider, the Fund, without shareholder approval, by resolution of the Board of Trustees, may modify such redemption procedures.

10. Liquidation Rights.

(a) **Ranking.** The shares of Series 4 VRDP shall rank on a parity with each other, with shares of any other Series of VRDP and with shares of any other series of Preferred Shares as to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund.

(b) **Distributions Upon Liquidation.** Upon the dissolution, liquidation or winding up of the affairs of the Fund, whether voluntary or involuntary, the Holders of Series 4 VRDP Shares then Outstanding shall be entitled to receive and to be paid out of the assets of the Fund available for distribution to its shareholders, before any payment or distribution shall be made on the Common Shares or on any other class of shares of the Fund ranking junior to the Series 4 VRDP Shares upon dissolution, liquidation or winding up, an amount equal to the Liquidation Preference with respect to such shares *plus* an amount equal to all dividends thereon (whether or not earned or declared) accumulated but unpaid to (but not including) the date of final distribution in same day funds, together with any payments required to be made pursuant to Section 3 of Part I of this Statement in connection with the liquidation of the Fund. After the payment to the Holders of the Series 4 VRDP Shares of the full preferential amounts provided for in this paragraph (b), the Holders of Series 4 VRDP Shares as such shall have no right or claim to any of the remaining assets of the Fund.

(c) **Pro Rata Distributions.** In the event the assets of the Fund available for distribution to the Holders of Series 4 VRDP Shares upon any dissolution, liquidation or winding up of the affairs of the Fund, whether voluntary or involuntary, shall be insufficient to pay in full all amounts to which such Holders are entitled pursuant to paragraph (b) of this Section 10, no such distribution shall be made on account of Series 4 VRDP or any shares of any other class or series of Preferred Shares ranking on a parity with the Series 4 VRDP Shares with respect to the distribution of assets upon such dissolution, liquidation or winding up unless proportionate distributive amounts shall be paid on account of the Series 4 VRDP Shares, ratably, in proportion to the full distributable amounts for which holders of Series 4 VRDP Shares and all such parity shares are respectively entitled upon such dissolution, liquidation or winding up.

(d) **Rights of Junior Shares.** Subject to the rights of the holders of shares of any other series or class or classes of shares ranking on a parity with the Series 4 VRDP Shares with respect to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund, after payment shall have been made in full to the Holders of the Series 4 VRDP Shares as provided in paragraph (b) of this Section 10, but not prior thereto, any other series or class or classes of shares ranking junior to the Series 4 VRDP Shares with respect to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund shall, subject to the respective terms and provisions (if any) applying thereto, be entitled to receive any and all assets remaining to be paid or distributed, and the Holders of the Series 4 VRDP Shares shall not be entitled to share therein.

(e) **Certain Events Not Constituting Liquidation.** Neither the sale of all or substantially all the property or business of the Fund, nor the merger, consolidation or reorganization of the Fund into or with any business or statutory trust, corporation or other entity nor the merger, consolidation or reorganization of any

business or statutory trust, corporation or other entity into or with the Fund shall be a dissolution, liquidation or winding up, whether voluntary or involuntary, for the purposes of this Section 10.

11. Purchase Obligation. As long as Series 4 VRDP Shares are Outstanding, except as otherwise provided pursuant to Section 4 of Part I of this Statement in connection with a Special Rate Period, the Fund shall maintain a VRDP Purchase Agreement providing for a Purchase Obligation with a Liquidity Provider with short-term debt ratings in one of the two highest ratings categories from the Requisite NRSROs or such other short-term debt ratings, if any, as may be required for the Series 4 VRDP Shares to satisfy the eligibility criteria under Rule 2a-7 under the 1940 Act on an ongoing basis to the extent that the Fund can do so on a commercially reasonable basis as determined in the sole discretion of the Board of Trustees. If the Fund maintains a VRDP Purchase Agreement providing a Purchase Obligation, the provisions herein relating to the Liquidity Provider shall be operative and the following shall apply:

(a) The Fund shall notify, or cause the Tender and Paying Agent to notify, Holders by Electronic Means, or by first class mail, postage prepaid, in the case in which Series 4 VRDP Shares are in physical form outside the book-entry system of the Securities Depository, (A) of the occurrence of a Mandatory Tender Event or Mandatory Purchase Event, (B) in the event that there is a substitute Liquidity Provider (including, but not limited to, as to the Liquidity Provider, its consolidation or amalgamation with, or merger with and into, another entity, or the transfer of all or substantially all of the Liquidity Provider's assets to another entity), such notice to be provided at least seven days' prior to any such substitution, or (C) of any downgrade in the short-term or long-term rating of the Series 4 VRDP Shares or the short-term rating of the Liquidity Provider by an NRSRO then rating the Series 4 VRDP Shares or the Liquidity Provider, as applicable.

(b) In the event of a Failed Remarketing Condition, the Fund will require in the Tender and Paying Agent Agreement that the Tender and Paying Agent will notify the Fund and Holders by telephone or Electronic Means, or by first class mail, postage prepaid, in the case in which Series 4 VRDP Shares are in physical form outside the book-entry system of the Securities Depository, of such Failed Remarketing Condition.

(c) Each Series 4 VRDP Share shall be subject to Tender to the Tender and Paying Agent for Remarketing on the related Purchase Date or, in the event (i) no Remarketing occurs or (ii) pursuant to an attempted Remarketing shares remain unsold and the Remarketing Agent does not purchase for its own account the unsold Series 4 VRDP Shares tendered to the Tender and Paying Agent for Remarketing (provided that the Remarketing Agent may seek to sell such Series 4 VRDP Shares in a subsequent Remarketing prior to the Purchase Date), for purchase by the Liquidity Provider on such Purchase Date pursuant to a Final Notice of Purchase. If there is no Tender and Paying Agent or the Tender and Paying Agent does not perform such obligation pursuant to the VRDP Purchase Agreement, Beneficial Owners and their Agent Members shall have the right to tender their Series 4 VRDP Shares directly to the Liquidity Provider pursuant to a Final Notice of Purchase. In the event there is no Tender and Paying Agent or for any reason the Tender and Paying Agent does not, or in the reasonable judgment of the Fund will not, perform its obligations under the VRDP Purchase Agreement, the Fund (i) upon becoming aware thereof, shall promptly notify the Liquidity Provider, the Remarketing Agent and the Holders by Electronic Means of such event, and (ii) so long as such event is continuing, shall use its best efforts to direct the Remarketing Agent to forward, concurrently with the delivery thereof to the Liquidity Provider or as promptly as practicable thereafter, any Remarketing Notice to each Beneficial Owner or Holder tendering Series 4 VRDP Shares that are the subject of such notice.

(d) The Fund will require in the Tender and Paying Agent Agreement that, pursuant to a Tender, Series 4 VRDP Shares that are not sold in a Remarketing will be tendered by the Tender and Paying Agent to the Liquidity Provider for payment of the Purchase Price on the Purchase Date pursuant to the VRDP Purchase Agreement.

(e) Except as set forth in Section 10(b)(ii) of Part I of this Statement in connection with a mandatory redemption of Series 4 VRDP Shares, the Fund shall have no obligation to purchase Series 4 VRDP Shares acquired by the Liquidity Provider pursuant to the VRDP Purchase Agreement or otherwise.

(f) Series 4 VRDP Shares are subject to Mandatory Purchase by the Liquidity Provider upon the occurrence of a Mandatory Purchase Event. Promptly following the occurrence of a Mandatory Purchase Event, and in any event within three (3) Business Days thereafter, the Fund, or the Tender and Paying Agent at the direction of the Fund (provided, that the Tender and Paying Agent may require up to two (2) Business Days prior notification by Electronic Means by the Fund), shall provide a Mandatory Purchase Notice by Electronic Means to Holders and the Liquidity Provider, specifying a Mandatory Purchase Date for all Outstanding Series 4 VRDP Shares. The Mandatory Purchase Date shall not be later than seven days following the date a Mandatory Purchase Notice is sent to Holders by Electronic Means, and in any event shall be not later than the Business Day immediately preceding the termination of the VRDP Purchase Agreement. Any notice given in respect of a Mandatory Purchase under this Statement shall be conclusively presumed to have been duly given, whether or not the Holders or Beneficial Owners receive such notice. Upon the occurrence of a Mandatory Purchase Event, all Outstanding Series 4 VRDP Shares automatically shall be subject to Mandatory Purchase by the Liquidity Provider at the Purchase Price on the Mandatory Purchase Date, including any Series 4 VRDP Shares tendered pursuant to an Optional Tender or Mandatory Tender for which the Purchase Date has not yet occurred.

(g) In the event Series 4 VRDP Shares are issued in certificated form outside the book-entry system of the Securities Depository and a Holder fails to deliver such Series 4 VRDP Shares to which a Mandatory Purchase relates, on or prior to the Mandatory Purchase Date, the Holder of such Series 4 VRDP Shares will not be entitled to any payment (including any accumulated but unpaid dividends thereon, whether or not earned or declared) other than the Purchase Price of such undelivered Series 4 VRDP Shares as of the scheduled Purchase Date. Any such undelivered Series 4 VRDP Shares will be deemed to be delivered to the Tender and Paying Agent, and the Tender and Paying Agent will place stop-transfer orders against the undelivered Series 4 VRDP Shares. Any moneys held by the Tender and Paying Agent for the purchase of undelivered Series 4 VRDP Shares shall be held in a separate account, shall not be invested, and shall be held for the exclusive benefit of the Holder of such undelivered Series 4 VRDP Shares. The undelivered Series 4 VRDP Shares shall be deemed to be no longer Outstanding (except as to entitlement to payment of the Purchase Price), and the Fund will issue to the purchaser replacement Series 4 VRDP Share certificates in lieu of such undelivered Series 4 VRDP Shares.

(h) The Fund shall use its best efforts to engage at all times a Tender and Paying Agent to perform the duties specified in this Statement, the Tender and Paying Agent Agreement and the VRDP Purchase Agreement with respect to the Tender and Paying Agent.

The provisions of paragraphs (a) through (g) of this Section 12 may be amended by the Board of Trustees, by resolution duly adopted, without shareholder approval in order to conform to a VRDP Purchase Agreement providing a Purchase Obligation.

12. Miscellaneous.

(a) **Amendment of or Supplements to this Statement.** The Board of Trustees may, by resolution duly adopted, without shareholder approval (except as otherwise provided by this Statement or required by applicable law), amend or supplement this Statement to (1) reflect any amendments or supplements hereto which the Board of Trustees is entitled to adopt pursuant to the terms of this Statement without shareholder approval or (2) provide for the issuance of additional shares of Series 4 VRDP (and terms relating thereto). Each such additional share of Series 4 VRDP shall be governed by the terms of this Statement as so amended or supplemented.

(b) **No Fractional Shares.** No fractional Series 4 VRDP Shares shall be issued.

(c) **Status of VRDP Shares Redeemed, Exchanged or Otherwise Acquired by the Fund.** Series 4 VRDP Shares which are redeemed, exchanged or otherwise acquired by the Fund shall return to the status of authorized and unissued Preferred Shares without designation as to series, provided, however, that any Series 4 VRDP Shares which are provisionally delivered by the Fund to or for the account of an agent of the Fund or to or

for the account of a purchaser of such Series 4 VRDP Shares, but for which final payment is not received by the Fund, shall return to the status of authorized and unissued Series 4 VRDP Shares.

(d) **Purchase Obligation Part of VRDP Shares.** Each Holder and Beneficial Owner, by virtue of acquiring Series 4 VRDP Shares, is deemed to have agreed, for U.S. federal income tax purposes, to treat the Purchase Obligation as part of the Series 4 VRDP Shares rather than as a separate property right.

(e) **Treatment of VRDP Shares as Stock.** Each Holder and Beneficial Owner, by virtue of acquiring Series 4 VRDP Shares, is deemed to have agreed, for U.S. federal income tax purposes, to treat the Series 4 VRDP Shares as stock in the Fund.

(f) **Board May Resolve Ambiguities.** To the extent permitted by applicable law, the Board of Trustees may interpret or adjust the provisions of this Statement to resolve any inconsistency or ambiguity or to remedy any formal defect.

(g) **Headings Not Determinative.** The headings contained in this Statement are for convenience of reference only and shall not affect the meaning or interpretation of this Statement.

(h) **Notices.** All notices or communications, unless otherwise specified in the By-laws of the Fund or this Statement, shall be sufficiently given if in writing and delivered in person, by Electronic Means or mailed by first-class mail, postage prepaid.

PART II

1. Remarketing Procedures.

(a) Pursuant to an Optional Tender, Beneficial Owners may elect to tender their Series 4 VRDP Shares (in denominations of \$100,000 and integral multiples thereof) for Remarketing at the Purchase Price on the Purchase Date designated in the Notice of Tender (or, if such day is not a Business Day, on the next succeeding Business Day). Each Notice of Tender shall be irrevocable (except as described below) and effective upon receipt and shall:

(i) be delivered by a Beneficial Owner, directly or through its Agent Member, by email transmission (or, if email transmission shall be unavailable, by facsimile transmission), to the Tender and Paying Agent not later than 2:00 p.m., New York City time, on any Business Day;

(ii) state the series and the aggregate number of Series 4 VRDP Shares to be purchased, the CUSIP number of the Series 4 VRDP Shares to be purchased, and the Purchase Date and be in substantially the form of and contain such other information specified in an exhibit to the VRDP Purchase Agreement; and

(iii) state that the tendering Beneficial Owner acknowledges that such Beneficial Owner is required to deliver the Series 4 VRDP Shares that are the subject of a Notice of Tender (that has not been duly revoked as described below) on or before 2:00 p.m., New York City time, on the Purchase Date.

(b) Upon receipt of a Notice of Tender, the Tender and Paying Agent shall provide a copy to the Liquidity Provider and the Remarketing Agent (with a copy to the Fund) as promptly as practicable by Electronic Means, but no later than 4:00 p.m., New York City time, on the date of receipt or deemed receipt.

(c) Any Notice of Tender delivered to the Tender and Paying Agent by a Beneficial Owner or its Agent Member after 2:00 p.m., New York City time, shall be deemed to have been received by the Tender and Paying

Agent on the next succeeding Business Day, and the Purchase Date shall be adjusted such that the Purchase Date shall be the Business Day next succeeding the date specified as the Purchase Date in the relevant Notice of Tender.

(d) The determination of the Tender and Paying Agent as to whether a Notice of Tender has been properly delivered pursuant to the foregoing in paragraph (a)(i) and (ii) shall be conclusive and binding upon the Beneficial Owner and its Agent Member.

(e) (i) Series 4 VRDP Shares are subject to Mandatory Tender upon the occurrence of a Mandatory Tender Event.

(ii) Promptly following the occurrence of a Mandatory Tender Event, and in any event within three (3) Business Days thereafter, the Fund, or the Tender and Paying Agent at the direction of the Fund (provided, that the Tender and Paying Agent may require up to two (2) Business Days prior notification by Electronic Means by the Fund), shall provide a Mandatory Tender Notice by Electronic Means to Holders, the Remarketing Agent and the Liquidity Provider, specifying a Purchase Date for all Outstanding Series 4 VRDP Shares. Any notice given in respect of a Mandatory Tender under this Statement will be conclusively presumed to have been duly given, whether or not the Holders or Beneficial Owners receive such notice.

(iii) Upon the occurrence of a Mandatory Tender Event, all Outstanding Series 4 VRDP Shares automatically shall be subject to Mandatory Tender and delivered to the Tender and Paying Agent for purchase on the designated Purchase Date by purchasers in the Remarketing in the event of a successful Remarketing or otherwise by the Liquidity Provider, including any Series 4 VRDP Shares previously tendered pursuant to an Optional Tender for which the Purchase Date has not yet occurred. In the event that Series 4 VRDP Shares are issued in certificated form outside the book-entry system of the Securities Depository and a Holder of Series 4 VRDP Shares fails to deliver such Series 4 VRDP Shares to which a Mandatory Tender relates on or prior to the Purchase Date, the Holder of such Series 4 VRDP Shares shall not be entitled to any payment (including any accumulated but unpaid dividends thereon, whether or not earned or declared) other than the Purchase Price of such undelivered Series 4 VRDP Shares as of the scheduled Purchase Date. Any such undelivered Series 4 VRDP Shares will be deemed to be delivered to the Tender and Paying Agent, and the Tender and Paying Agent will place stop-transfer orders against the undelivered Series 4 VRDP Shares. Any moneys held by the Tender and Paying Agent for the purchase of undelivered Series 4 VRDP Shares will be held in a separate account by the Tender and Paying Agent, will not be invested, and will be held for the exclusive benefit of the Holder of such undelivered Series 4 VRDP Shares. The undelivered Series 4 VRDP Shares will be deemed to be no longer Outstanding (except as to entitlement to payment of the Purchase Price), and the Fund will issue to the purchaser replacement Series 4 VRDP Share certificates in lieu of such undelivered Series 4 VRDP Shares.

(iv) The Fund, in its sole discretion, may provide all (but not less than all) Beneficial Owners with a right to elect to retain their Series 4 VRDP Shares in connection with a Mandatory Tender for Remarketing. The terms and conditions of any such right to retain shall be as set forth in one or more notices given to Holders. Any such notice given in respect of a right to retain in connection with a Mandatory Tender under this Statement will be conclusively presumed to have been duly given, whether or not the Holders or Beneficial Owners receive such notice. Any Series 4 VRDP Shares duly retained as of the applicable Purchase Date in accordance with this provision and the applicable notice or notices shall be deemed successfully remarketed for purposes of the related Mandatory Tender for Remarketing.

(f) A Beneficial Owner or its Agent Member that delivered a Notice of Tender in connection with an Optional Tender may deliver in writing by email transmission (or if email transmission shall be unavailable, by facsimile transmission) to the Tender and Paying Agent, not later than 10:00 a.m., New York City time, on or prior to the Business Day immediately preceding the Purchase Date, a notice to the effect that such Beneficial Owner wishes to revoke its election to tender some or all of the Series 4 VRDP Shares that were specified in such

Notice of Tender to be purchased (a “Notice of Revocation”). Any Notice of Revocation delivered to the Tender and Paying Agent shall be promptly delivered by Electronic Means by the Tender and Paying Agent to the Liquidity Provider and the Remarketing Agent (with a copy to the Fund) by 12:00 noon, New York City time, on the Business Day immediately preceding the relevant Purchase Date. The Remarketing Agent (following receipt of such Notice of Revocation) shall notify the Tender and Paying Agent and the Liquidity Provider of the number of Series 4 VRDP Shares specified in such Notice of Revocation that are subject to an agreement of sale pursuant to a Remarketing by Electronic Means not later than 2:00 p.m., New York City time, on the Business Day immediately preceding the Purchase Date. The Tender and Paying Agent will contact the Remarketing Agent by Electronic Means by 1:45 p.m., New York City time, if such notification has not been received by that time. The Tender and Paying Agent shall deliver such notification to the Beneficial Owner or its Agent Member promptly following receipt from the Remarketing Agent, and in any event by 4:00 p.m., New York City time, on the Business Day immediately preceding the Purchase Date. Any such Notice of Revocation shall be effective (without further action on the part of the Beneficial Owner or its Agent Member) as a revocation of the Optional Tender of the number of Series 4 VRDP Shares specified therein as being sought to be revoked, but (except as set forth below) only if and to the extent that the Remarketing Agent has not entered into an agreement to sell such Series 4 VRDP Shares. A Notice of Revocation shall be effective as to the number of Series 4 VRDP Shares specified therein as having been revoked less the number of such Series 4 VRDP Shares in respect of which the Remarketing Agent has so notified the Tender and Paying Agent and the Liquidity Provider that it has entered into an agreement of sale. Notwithstanding the foregoing, (x) tendered Series 4 VRDP Shares, if any, unsold and in respect of which the Remarketing Agent has not entered into an agreement of sale at or after the time of receipt by the Remarketing Agent of a Notice of Revocation may, at the discretion of the Remarketing Agent, be allocated by the Remarketing Agent to such Notice of Revocation and (y) tendered Series 4 VRDP Shares, if any, that remain unsold on the related Purchase Date shall be allocated by the Remarketing Agent to each Notice of Revocation received in respect of Series 4 VRDP Shares tendered for purchase on such Purchase Date and not already satisfied in the chronological order in which each such Notice of Revocation was received by the Tender and Paying Agent, and each such Notice of Revocation shall be effective only to the extent of such allocation and availability of unsold Series 4 VRDP Shares.

(g) Except as otherwise provided pursuant to Section 4 of Part I of this Statement in connection with a Special Rate Period, the Fund shall use its best efforts to engage at all times a Remarketing Agent that is a nationally recognized securities dealer with expertise in remarketing variable-rate securities to use its best efforts to remarket all Series 4 VRDP Shares properly tendered pursuant to a Tender in accordance with Part II of this Statement.

2. Remarketing Schedule.

(a) In connection with any attempted Remarketing, all tendered Series 4 VRDP Shares shall be remarketed at the Purchase Price of such Series 4 VRDP Shares. The calculation of the Purchase Price of the Series 4 VRDP Shares that are remarketed or purchased by the Liquidity Provider shall be made by the Remarketing Agent in advance of such Remarketing or purchase and, together with the details of the aggregate number and Purchase Price of remarketed Series 4 VRDP Shares and the aggregate number and Purchase Price of Series 4 VRDP Shares to be purchased by the Liquidity Provider pursuant to the Purchase Obligation, shall be communicated by the Remarketing Agent to the Fund, the Liquidity Provider and the Tender and Paying Agent by Electronic Means by 2:00 p.m., New York City time, on the Business Day immediately preceding the Purchase Date, as described below. The proceeds of the sale of any remarketed Series 4 VRDP Shares by the Remarketing Agent relating to tendered Series 4 VRDP Shares shall be used by the Tender and Paying Agent for the purchase of the tendered Series 4 VRDP Shares at the Purchase Price, and the terms of the sale will provide for the wire transfer of such Purchase Price by the Remarketing Agent to be received by the Tender and Paying Agent no later than 11:00 a.m., New York City time, on the related Purchase Date for payment to the Agent Member of the Beneficial Owner, in the case of an Optional Tender, or Holder, in the case of a Mandatory Tender, tendering Series 4 VRDP Shares for sale through the Securities Depository in immediately available funds against delivery of the tendered Series 4 VRDP Shares to the Tender and Paying Agent through the

Securities Depository, the delivery of such Series 4 VRDP Shares to the Tender and Paying Agent through the Securities Depository no later than 2:00 p.m., New York City time, on the related Purchase Date, and the re-delivery of such Series 4 VRDP Shares by means of “FREE” delivery through the Securities Depository to the Remarketing Agent for delivery to the purchaser’s Agent Member through the Securities Depository by 3:00 p.m., New York City time, on the related Purchase Date.

(b) By 2:00 p.m., New York City time, on the Business Day immediately preceding each Purchase Date, the Remarketing Agent shall deliver a notice to the Tender and Paying Agent and the Liquidity Provider (a “Remarketing Notice”), by Electronic Means, that sets forth the number of Series 4 VRDP Shares, if any, that it successfully remarketed for purchase on such Purchase Date and the aggregate Purchase Price of such sold Series 4 VRDP Shares and the number of Series 4 VRDP Shares, if any, not successfully remarketed for purchase on such Purchase Date and the aggregate Purchase Price of such unsold Series 4 VRDP Shares to be paid by the Liquidity Provider. If the Remarketing Notice states that the Remarketing Agent has not successfully remarketed all of the Series 4 VRDP Shares to be purchased on such Purchase Date, the Tender and Paying Agent will promptly, and in any event not later than 4:00 p.m., New York City time, on such Business Day, deliver by Electronic Means to the Liquidity Provider (with a copy to the Fund) a Preliminary Notice of Purchase that, subject to delivery of the Final Notice of Purchase on the Purchase Date described below, provides for the purchase by the Liquidity Provider of the number of Series 4 VRDP Shares that the Remarketing Agent stated in the Remarketing Notice as not having been successfully remarketed, including the aggregate Purchase Price of such Series 4 VRDP Shares, as calculated by the Remarketing Agent. If the Remarketing Notice states that the Remarketing Agent has not successfully remarketed all of the Series 4 VRDP Shares to be purchased on such Purchase Date (or if Remarketing proceeds for any tendered Series 4 VRDP Shares have not been received for any reason by the Tender and Paying Agent by 11:00 a.m., New York City time, on the Purchase Date), the Tender and Paying Agent will deliver by Electronic Means to the Liquidity Provider (with a copy to the Fund) by 12:00 noon, New York City time, on such Purchase Date a Final Notice of Purchase that states the number of Series 4 VRDP Shares required to be purchased by the Liquidity Provider. For purposes of the Final Notice of Purchase, any tendered Series 4 VRDP Shares for which Remarketing proceeds have not been received for any reason by the Tender and Paying Agent by 11:00 a.m., New York City time, on the Purchase Date (other than VRDP Shares owned by the Liquidity Provider and tendered for Remarketing), shall be treated as not having been successfully remarketed and shall be required to be purchased by the Liquidity Provider. Except for manifest error, the payment obligation of the Liquidity Provider shall equal the Purchase Price of the Series 4 VRDP Shares stated in the Final Notice of Purchase delivered to the Liquidity Provider as being required to be purchased by the Liquidity Provider.

(c) The Liquidity Provider shall, no later than 2:00 p.m., New York City time, on a Purchase Date for any Series 4 VRDP Shares, wire transfer the aggregate Purchase Price of all Series 4 VRDP Shares in respect of which Final Notices of Purchase have been delivered to it for purchase on such date, as follows: (i) in the case of a Final Notice of Purchase delivered by the Tender and Paying Agent, by wire transfer, in immediately available funds, to the account of the Tender and Paying Agent specified by the Tender and Paying Agent in any such Final Notice of Purchase; and (ii) in the case of a Final Notice of Purchase delivered by a Beneficial Owner or its Agent Member, in the case of an Optional Tender, or by a Holder, in the case of a Mandatory Tender, in the event there is no Tender and Paying Agent or for any reason the Tender and Paying Agent does not perform its obligations under the VRDP Purchase Agreement and the Liquidity Provider has received a Remarketing Notice that such Series 4 VRDP Shares have not been the subject of an agreement of sale in a Remarketing and has received written notice from the Fund that there is no Tender and Paying Agent or that the Tender and Paying Agent does not intend to perform its obligations under the VRDP Purchase Agreement, by payment against delivery of the Series 4 VRDP Shares that are the subject of any such Final Notice of Purchase, in each case, through means of the Securities Depository in the case of Series 4 VRDP Shares in the form of global securities.

(d) Upon receipt by the Tender and Paying Agent from the Beneficial Owner or its Agent Member, in the case of an Optional Tender, or from the Holder, in the case of a Mandatory Tender, of tendered Series 4 VRDP Shares and the payment by the Tender and Paying Agent to such Beneficial Owner or its Agent Member,

or such Holder, as the case may be, of the Purchase Price therefor on the applicable Purchase Date, the Tender and Paying Agent shall deliver to the Liquidity Provider, by means of “FREE” delivery through the system of the Securities Depository, Series 4 VRDP Shares in satisfaction of the Liquidity Provider’s Purchase Obligation on such Purchase Date. Any funds paid by the Liquidity Provider and held in the account of the Tender and Paying Agent for the payment of the Purchase Price shall be held in trust for the benefit of the Liquidity Provider until the Series 4 VRDP Shares are delivered, against payment therefor, by the tendering Beneficial Owners or their Agent Members, in the case of an Optional Tender, or by the tendering Holder, in the case of a Mandatory Tender, or returned to the Liquidity Provider. Any funds paid by the Remarketing Agent and held in an account of the Tender and Paying Agent for the payment of the Purchase Price in connection with a Remarketing shall be held in trust for the benefit of the Remarketing Agent on account of purchasers purchasing in a Remarketing until the Series 4 VRDP Shares are delivered, against payment therefor, by the tendering Beneficial Owners or their Agent Members, in the case of an Optional Tender, or by the tendering Holders, in the case of a Mandatory Tender, or returned to the Remarketing Agent on account of purchasers purchasing in a Remarketing. Upon receipt of Series 4 VRDP Shares from the tendering Beneficial Owners or their Agent Members, in the case of an Optional Tender, or from the tendering Holders, in the case of a Mandatory Tender, by the Tender and Paying Agent, the Tender and Paying Agent shall pay, subject to receipt of the Purchase Price by the Tender and Paying Agent in the form of Remarketing proceeds from the Remarketing Agent, with respect to Series 4 VRDP Shares successfully remarketed by the Remarketing Agent, or in the form of payment pursuant to the VRDP Purchase Agreement from the Liquidity Provider, with respect to Series 4 VRDP Shares subject to purchase pursuant to the Purchase Obligation, the Purchase Price for such Series 4 VRDP Shares to the relevant tendering Beneficial Owners, Agent Members or Holders, as the case may be. In accordance with and subject to the foregoing, the Tender and Paying Agent shall effect any such payment on the applicable Purchase Date.

(e) Except as otherwise expressly provided for herein, the purchase and delivery of tendered Series 4 VRDP Shares in the form of global securities, the Remarketing or purchase by the Liquidity Provider thereof, and payments with respect to the foregoing, will be accomplished in accordance with the applicable procedures of the Securities Depository.

(f) The Remarketing Agent and the Tender and Paying Agent each shall use commercially reasonable efforts to meet the timing requirements set forth above. At any time that no Purchase Obligation is in effect (or with respect to a Remarketing of Series 4 VRDP Shares held by the Liquidity Provider as to which any then-effective Purchase Obligation by a successor liquidity provider is inapplicable), any Series 4 VRDP Shares unsold in a Remarketing shall be returned to the relevant tendering Beneficial Owners or their Agent Members, or the relevant tendering Holders, as the case may be, by the Tender and Paying Agent. The Remarketing Agent may, in its sole discretion, modify the settlement procedures set forth above with respect to any Remarketing upon ten (10) days’ prior written notice to the Fund, the Liquidity Provider and the Tender and Paying Agent, provided any such modification does not adversely affect the Holders, the Beneficial Owners, the Tender and Paying Agent, the Liquidity Provider or the Fund. The Remarketing Agent may sell Series 4 VRDP Shares for its own account outside of a Remarketing at a price other than the Purchase Price.

(g) In connection with the allocation of Series 4 VRDP tendered for Remarketing by the Liquidity Provider and any other Holder or Beneficial Owner of shares of Series 4 VRDP in any Remarketing, the Remarketing Agent shall allocate those shares of Series 4 VRDP previously acquired by the Liquidity Provider pursuant to its Purchase Obligation first to any purchasers in a Remarketing (such allocation coming first from those shares of Series 4 VRDP acquired earliest by the Liquidity Provider).

3. Determination of Applicable Rate.

(a) The Applicable Rate shall be determined by the Remarketing Agent on and as of each Rate Determination Date as the lowest rate under then-existing market conditions that in the Remarketing Agent’s sole judgment would result in the Series 4 VRDP Shares on the first day of the Subsequent Rate Period next succeeding the Rate Determination Date having a market value equal to the Liquidation Preference thereof (*plus*

accumulated but unpaid dividends thereon, whether or not earned or declared). Such determination shall be conclusive and binding upon the interested parties. The Applicable Rate shall not exceed the Maximum Rate.

(b) The Remarketing Agent shall establish the Applicable Rate by 5:00 p.m., New York City time, on each Rate Determination Date to the nearest one-thousandth (0.001) of one percent per annum for the Subsequent Rate Period. The Applicable Rate shall be in effect from and including the first day following such Rate Determination Date to and including the following Rate Determination Date. The Remarketing Agent shall make the Applicable Rate available after 5:00 p.m., New York City time, on the Rate Determination Date by Electronic Means to the Fund, the Tender and Paying Agent and the Liquidity Provider and post the Applicable Rate on Bloomberg.

(c) In the event that the Remarketing Agent establishes the Maximum Rate as the Applicable Rate for a Subsequent Rate Period, the Remarketing Agent shall notify the Fund and the Tender and Paying Agent. The Fund will require in the Tender and Paying Agent Agreement that the Tender and Paying Agent will notify the Liquidity Provider and the Holders of Series 4 VRDP Shares by first class mail, postage prepaid (in the case of physical shares outside the book-entry system of the Securities Depository), or Electronic Means (in the case of Series 4 VRDP Shares in the form of global securities), that the Applicable Rate for the Subsequent Rate Period is the Maximum Rate.

(d) In the event the Remarketing Agent does not or is unable to determine the Applicable Rate, or if there is no Remarketing Agent, the Applicable Rate shall be the Maximum Rate.

(e) In the event of a Failed Remarketing Condition, the Applicable Rate as of the close of business on the day the Failed Remarketing Condition first occurs will be adjusted to the Maximum Rate (with the Applicable Spread subject to adjustment as set forth in the definition of Applicable Spread) and the Maximum Rate will continue to be the Applicable Rate (i) until the first day of the next succeeding Subsequent Rate Period after a Failed Remarketing Condition no longer exists in the case of a Minimum Rate Period, and (ii) as may be provided in the Notice of Special Rate Period in the case of a Special Rate Period.

4. Failed Remarketing Condition. In the event of a Failed Remarketing Condition, pursuant to the Tender and Paying Agent Agreement, the Tender and Paying Agent shall provide notice of a Failed Remarketing Condition, promptly but in any event within two (2) Business Days of receipt by the Tender and Paying Agent of notice from the Fund of the occurrence of such Failed Remarketing Condition, by Electronic Means (or by first class mail, postage prepaid, in the case where the Series 4 VRDP Shares are in physical form outside the book-entry system of the Securities Depository) to the Holders (with a copy to the Fund).

5. Purchase of Series 4 VRDP Shares by Remarketing Agent. The Remarketing Agent in its sole discretion may purchase for its own account Series 4 VRDP Shares in a Remarketing; however, the Remarketing Agent shall not be obligated to purchase any Series 4 VRDP Shares that would otherwise remain unsold in a Remarketing. None of the Fund, the Tender and Paying Agent or the Remarketing Agent shall be obligated in any case to provide funds to make payment to a Beneficial Owner or its Agent Member or a Holder upon such Beneficial Owner's or Holder's tender of its Series 4 VRDP Shares in a Remarketing unless, in each case, such Series 4 VRDP Shares were acquired for the account of the Fund, the Tender and Paying Agent or the Remarketing Agent.

6. Notification of Allocations. Whenever the Fund intends to include any net capital gains or ordinary income taxable for regular federal income tax purposes in any dividend on the Series 4 VRDP Shares, the Fund shall (except as provided below) notify the Remarketing Agent and Tender and Paying Agent of the amount to be so included (i) not later than 14 calendar days preceding the first Rate Determination Date on which the Applicable Rate for such dividend is to be established, and (ii) for any successive Rate Determination Date on which the Applicable Rate for such dividend is to be established, not later than the close of business on the immediately preceding Rate Determination Date. Whenever such notice is received from the Fund, the Tender

and Paying Agent will notify each Holder and the Remarketing Agent will notify each potential Beneficial Owner or its Agent Member. With respect to a Rate Period for which such advance notice was given and whose dividends are comprised partly of such ordinary income or capital gains and partly of exempt-interest income, the different types of income will be paid in the same relative proportions for each day during the Rate Period. The Fund may also include such ordinary income or capital gains in a dividend on shares of Series 4 VRDP without giving advance notice thereof if it increases the dividends by an additional amount calculated as if such income was a Taxable Allocation and the additional amount was a Gross-up Payment, provided the Fund will notify the Tender and Paying Agent of the additional amounts to be included in such dividend at least five Business Days prior to the applicable Dividend Payment Date.

7. Transfers.

(a) Unless otherwise permitted by the Fund, a Beneficial Owner or Holder may sell, transfer or otherwise dispose of Series 4 VRDP Shares only in whole shares and only pursuant to a Remarketing in accordance with the Remarketing Procedures, provided, however, that (a) a sale, transfer or other disposition of Series 4 VRDP Shares from a Beneficial Owner who holds shares through an Agent Member to another Beneficial Owner who holds shares through the same Agent Member shall be permitted, and (b) in the case of all transfers other than pursuant to Remarketings, the Agent Member (or other Person, if permitted by the Fund) to whom such transfer is made shall advise the Remarketing Agent. The Fund has not registered the Series 4 VRDP Shares under the Securities Act. Accordingly, the Series 4 VRDP Shares are subject to restrictions on transferability and resale and may only be purchased by and sold to “qualified institutional buyers” (as defined in Rule 144A under the Securities Act or any successor provision) in accordance with Rule 144A under the Securities Act or any successor provision or any exemption from registration available and otherwise in accordance with the legend set forth on the face of the Series 4 VRDP Shares.

(b) The Investment Adviser, affiliated persons of the Investment Adviser (as defined in Section 2(a)(3) of the 1940 Act) (other than the Fund, in the case of a purchase of Series 4 VRDP Shares which are to be cancelled within 10 days of purchase by the Fund), and Persons over which the Investment Adviser, or affiliated persons of the Investment Adviser (as defined in Section 2(a)(3) of the 1940 Act), exercise discretionary investment or voting authority (other than the Fund, in the case of a purchase of Series 4 VRDP Shares which are to be cancelled within 10 days of purchase by the Fund), are not permitted to purchase, directly or indirectly, Series 4 VRDP Shares without the prior written consent of the Liquidity Provider, and any such purchases without such consent shall be void ab initio; provided, however, that the Fund shall give prompt notice to Beneficial Owners by Electronic Means upon any of the foregoing Persons, singly or in the aggregate, acquiring a beneficial interest in 20% or more of the Series 4 VRDP Shares; provided, further, that, without regard to the preceding requirements, purchases of Series 4 VRDP Shares may be made by broker-dealers that are affiliated persons of the Investment Adviser in riskless principal transactions with respect to such purchases of Series 4 VRDP Shares.

(c) If at any time the Fund is not furnishing information to the SEC pursuant to Section 13 or 15(d) of the Exchange Act, in order to preserve the exemption for resales and transfers under Rule 144A, the Fund shall furnish, or cause to be furnished, to holders of Series 4 VRDP Shares and prospective purchasers of Series 4 VRDP Shares, upon request, information with respect to the Fund satisfying the requirements of subsection (d)(4) of Rule 144A.

8. Global Certificate.

So long as any share of Series 4 VRDP shall be represented by one or more global certificates registered in the name of the Securities Depository or its nominee, no registration of transfer of such share of Series 4 VRDP shall be made on the books of the Fund to any Person other than the Securities Depository or its nominee.

IN WITNESS WHEREOF, Nuveen Municipal Credit Income Fund has caused these presents to be signed as of [●], 2023 in its name and on its behalf by its Chief Administrative Officer and attested by its Vice President and Secretary. The Declaration is on file with the Secretary of the Commonwealth of Massachusetts, and such officers of the Fund have executed this Statement as officers and not individually, and the obligations of the Fund set forth in this Statement are not binding upon any such officers, or the trustees of the Fund or shareholders of the Fund, individually, but are binding only upon the assets and property of the Fund.

NUVEEN MUNICIPAL CREDIT INCOME FUND

NOTICE OF SPECIAL RATE PERIOD

(DESIGNATING THE INITIAL RATE PERIOD AS A SPECIAL RATE PERIOD FOR SERIES 4 VARIABLE RATE DEMAND PREFERRED SHARES)

This Notice of Special Rate Period (this “**Notice**”) designates the Initial Rate Period commencing on the Rate Period Commencement Date and ending on the Rate Period Termination Date (subject to early transition in accordance with Section 3.5 below or extension in accordance with Section 3.1(a)(i) below or in the event of a Failed Transition Event (defined below)) as a Special Rate Period and establishes the Other Special Rate Period Provisions and other terms (collectively, the “**Special Rate Period Provisions**”) for the Series 4 VRDP Shares of Nuveen Municipal Credit Income Fund (the “**Fund**”) for the Initial Rate Period (including the Failed Transition Period (defined below), if any), all in accordance with the Statement Establishing and Fixing the Rights and Preferences of Series 4 Variable Rate Demand Preferred Shares effective [●] (the “**Statement**”). This Notice has been adopted by resolution of the Board of Trustees of the Fund.

ARTICLE 1

DEFINITIONS

1.1 Definitions. During the Initial Rate Period, unless the context or use indicates another or different meaning or intent, each of the following terms when used in this Notice shall have the meaning ascribed to it below, whether such term is used in the singular or plural and regardless of tense; capitalized terms used herein but not defined herein have the respective meanings therefor set forth in the Statement:

“**1940 Act Asset Coverage**” means “asset coverage,” as defined for purposes of Section 18(h) of the 1940 Act, of at least 200% with respect to all outstanding senior securities of the Fund which are shares of stock for purposes of the 1940 Act, including all Outstanding Series 4 VRDP Shares (or such other asset coverage as may in the future be specified in or under the 1940 Act or by rule, regulation or order of the United States Securities and Exchange Commission as the minimum asset coverage for senior securities which are shares of stock of a closed-end investment company).

“**Additional Amount Payment**” means a payment to a Designated Owner of Series 4 VRDP Shares of an amount which, when taken together with the aggregate amount of Taxable Allocations made to such Designated Owner to which such Additional Amount Payment relates, would cause such Designated Owner’s dividends in dollars (after regular federal income tax consequences) from the aggregate of such Taxable Allocations and the related Additional Amount Payment to be equal to the dollar amount of the dividends that would have been received by such Designated Owner if the amount of such aggregate Taxable Allocations would have been excludable (for regular federal income tax purposes) from the gross income of such Designated Owner. Such Additional Amount Payment shall be calculated (i) without consideration being given to the time value of money; (ii) assuming that no Designated Owner of Series 4 VRDP Shares is subject to the federal alternative minimum tax received from the Fund; (iii) only taking into account the regular federal income tax (and the tax imposed under Section 1411 of the Code or any successor provision) with respect to dividends received from the Fund (that is, without giving effect to any other federal tax based on income); and (iv) assuming that each Taxable Allocation and each Additional Amount Payment (except to the extent such Additional Amount Payment is reported as an exempt-interest dividend for purposes of Section 852(b)(5) of the Code or successor provisions) would be taxable in the hands of each Designated Owner of Series 4 VRDP Shares at the maximum marginal regular federal individual income tax rate (taking account of the tax imposed under Section 1411 of the Code or any successor provision) applicable to ordinary income or net capital gains, as applicable, or the maximum marginal regular federal corporate income tax rate applicable to ordinary income or net capital gain, as applicable, whichever is greater, in effect at the time such Additional Amount Payment is made.

“**Agent Member**” means a Person with an account at the Securities Depository that holds one or more Series 4 VRDP Shares through the Securities Depository, directly or indirectly, for a Designated Owner and that will be authorized and instructed, directly or indirectly, by a Designated Owner to disclose information to the Tender and Paying Agent with respect to such Designated Owner.

“**Applicable Spread**” means, with respect to any Dividend Reset Period for the Series 4 VRDP Shares, the percentage per annum set forth opposite the highest applicable credit rating most recently assigned to the Series 4 VRDP Shares by any Rating Agency in the table set forth directly below on the Rate Determination Date for such Dividend Reset Period; provided, however, that the “Applicable Spread” shall not apply for any Dividend Reset Period or portion thereof occurring during the Failed Transition Period, if any, except in the case of an Increased Rate Period occurring during the Failed Transition Period.

<u>Long Term Ratings*</u>		
<u>Moody’s</u>	<u>Fitch</u>	<u>Applicable Percentage**</u>
Aaa to Aa2	AAA to AA	[●]%
Aa3	AA-	[●]%
A1	A+	[●]%
A2	A	[●]%
A3	A-	[●]%
Baa1	BBB+	[●]%
Baa2	BBB	[●]%
Baa3	BBB-	[●]%

* And/or the equivalent ratings of another Rating Agency then rating the Series 4 VRDP Shares utilizing the highest of the ratings of the Rating Agencies then rating the Series 4 VRDP Shares.

** Unless an Increased Rate Period is in effect or the Increased Rate otherwise applies to any portion of a Dividend Reset Period, in which case the Applicable Spread shall be [●]% for such Increased Rate Period or such portion of a Dividend Reset Period, as the case may be.

“**Asset Coverage**” means “asset coverage,” as defined for purposes of Section 18(h) of the 1940 Act as in effect on the date hereof, with respect to all outstanding senior securities of the Fund which are shares of stock for purposes of the 1940 Act, including all Outstanding Series 4 VRDP Shares, determined on the basis of values calculated as of a time within 48 hours (only including Business Days) next preceding the time of such determination.

“**Asset Coverage Cure Date**” means, with respect to the failure by the Fund to maintain Asset Coverage of at least 225% as of the close of business on a Business Day (as required by Section 2.3(a)), the date that is thirty (30) calendar days following such Business Day.

“**Banks**” shall have the meaning as set forth in Section 2.15(a).

“**Below Investment Grade**” means, with respect to the Series 4 VRDP Shares and as of any date, the following ratings with respect to each Rating Agency (to the extent it is a Rating Agency on such date):

- (i) lower than BBB-, in the case of Fitch or Baa3, in the case of Moody’s;
- (ii) lower than an equivalent long-term credit rating to that set forth in clause (i), in the case of any other Rating Agency; and
- (iii) unrated, if no Rating Agency is rating the Series 4 VRDP Shares.

“**Business Day**” means a day (a) other than a day on which commercial banks in The City of New York, New York are required or authorized by law or executive order to close and (b) on which the New York Stock Exchange is not closed.

“**By-Laws**” means the By-Laws of the Fund as amended from time to time.

“**Closed-End Funds**” shall have the meaning as set forth in Section 2.15(a).

“**Code**” means the Internal Revenue Code of 1986, as amended.

“**Common Shares**” means the common shares of beneficial interest, par value \$.01 per share, of the Fund.

“**Custodian**” means a bank, as defined in Section 2(a)(5) of the 1940 Act, that has the qualifications prescribed in paragraph 1 of Section 26(a) of the 1940 Act, or such other entity as shall be providing custodian services to the Fund as permitted by the 1940 Act or any rule, regulation, or order thereunder, and shall include, as appropriate, any similarly qualified sub-custodian duly appointed by the Fund.

“**Custodian Agreement**” means, with respect to the Series 4 VRDP Shares, the Custodian Agreement by and between the Custodian and the Fund with respect to such Series.

“**Declaration**” shall have the meaning as set forth in the Statement.

“**Default**” shall mean a Dividend Default or a Redemption Default.

“**Deposit Securities**” shall have the meaning as set forth in the Statement.

“**Designated Owner**” means a Person in whose name Series 4 VRDP Shares are recorded as beneficial owner of such Series 4 VRDP Shares by the Securities Depository, an Agent Member or other securities intermediary on the records of such Securities Depository, Agent Member or securities intermediary, as the case may be.

“**Dividend Default**” shall have the meaning as set forth in Section 2.1(g)(i).

“**Dividend Payment Date**” means the first Business Day of each calendar month, commencing (and including) [●], the first Business Day following the last calendar day of the Initial Rate Period and each other date designated for the payment of dividends in accordance with this Notice, including, as applicable, any Special Dividend Payment Date.

“**Dividend Period**” means, with respect to any Dividend Payment Date, (i) in the case of the first Dividend Payment Date, the period from and including the Rate Period Commencement Date to and including [●], and (ii) for each subsequent Dividend Payment Date, (a) for each regular monthly Dividend Payment Date following a regular monthly Dividend Payment Date, the period from and including the first calendar day of the month ending immediately preceding the month in which the current Dividend Payment Date falls to and including the last calendar day of such month, (b) for each regular monthly Dividend Payment Date following a Special Dividend Payment Date, the period from and including the Special Dividend Payment Date to and including the last calendar day of the month immediately preceding the month in which the current Dividend Payment Date falls, (c) for each Special Dividend Payment Date following a regular monthly Dividend Payment Date, the period from and including the first calendar day of the month in which such regular monthly Dividend Payment Date falls to but excluding the Special Dividend Payment Date, and (d) for each Special Dividend Payment Date following another Special Dividend Payment Date, the period from and including the prior Special Dividend

Payment to but excluding the current Special Dividend Payment Date. Notwithstanding the foregoing, the final Dividend Period in the Initial Rate Period shall end on and include the last calendar day of the Initial Rate Period.

“Dividend Rate” means, with respect to any Dividend Reset Period and subject to the adjustment described in Section 2.9, for the Initial Dividend Reset Period, the Index Rate for the Initial Dividend Reset Period plus the Applicable Spread for such Dividend Reset Period and for each Subsequent Dividend Reset Period, the Index Rate in effect as of the Dividend Reset Date constituting the first day of such Dividend Reset Period plus the Applicable Spread for such Dividend Reset Period; provided, however, that, with respect to any Increased Rate Period (or any portion of a Dividend Reset Period to which the Increased Rate otherwise applies), the Dividend Rate shall mean the Increased Rate for such Increased Rate Period (or such portion of a Dividend Reset Period); provided further, that for any Dividend Reset Period (or portion thereof) during the Failed Transition Period, if any, “Dividend Rate” shall mean the Failed Transition Period Dividend Rate; and provided further that the Dividend Rate for any Dividend Reset Period (or portion thereof) shall in no event exceed the Maximum Rate.

“Dividend Reset Date” means the Rate Period Commencement Date and, thereafter, the first day of each Dividend Reset Period.

“Dividend Reset Period” means the Initial Dividend Reset Period and any Subsequent Dividend Reset Period.

“Effective Leverage Ratio” shall have the meaning as set forth in Section 2.3(d).

“Effective Leverage Ratio Cure Date” shall have the meaning as set forth in Section 2.4(b)(ii)(A).

“Electronic Means” means email transmission, facsimile transmission or other similar electronic means of communication providing evidence of transmission (but excluding online communications systems covered by a separate agreement) acceptable to the sending party and the receiving party, in any case if operative as between the relevant two parties, or, if not operative, by telephone (promptly confirmed by any other method set forth in this definition), which, in the case of notices to the Tender and Paying Agent and the Custodian, shall be sent by such means to each of its representatives set forth in the Tender and Paying Agent Agreement and the Custodian Agreement, respectively.

“Failed Transition Event” means that either (i) the Transition Notice required by Section 3.3(e) states that the Transition Remarketing Agent was unable to successfully remarket all of the Series 4 VRDP Shares to be purchased on the New Rate Period Commencement Date, (ii) the remarketing proceeds for any tendered Series 4 VRDP Shares are not received for any reason (x) by the Tender and Paying Agent by 4:30 p.m., New York City time or (y) if payment is made directly to the Designated Owners, by the Designated Owners by 3:00 p.m., New York City time, in each case, on the New Rate Period Commencement Date, or (iii) the Fund has otherwise been unsuccessful in extending the Initial Rate Period or establishing a new Subsequent Rate Period (in each of which cases the related Series 4 VRDP Shares will be treated as not having been successfully remarketed).

“Failed Transition Period” means, upon the occurrence of a Failed Transition Event, the period commencing on the date of such Failed Transition Event and ending on the earlier to occur of (i) the Failed Transition Redemption Date and (ii) the redemption, repurchase or successful Transition Remarketing of 100% of the Outstanding Series 4 VRDP Shares in accordance with the terms of this Notice.

“Failed Transition Period Applicable Spread” means, for each Dividend Reset Period or portion thereof occurring while the Failed Transition Period, if any, has occurred and is continuing: 200 basis points (2.00%) (up to 59 days of the continued Failed Transition Period), 225 basis points (2.25%) (60 days but fewer than 90 days of the continued Failed Transition Period), 250 basis points (2.50%) (90 days but fewer than 120 days of the continued Failed Transition Period), 275 basis points (2.75%) (120 days but fewer than 150 days of the continued

Failed Transition Period), 300 basis points (3.00%) (150 days but fewer than 180 days of the Failed Transition Period), and 400 basis points (4.00%) (180 days or more of the continued Failed Transition Period).

“**Failed Transition Period Dividend Rate**” means, with respect to any Dividend Reset Period (or portion thereof) occurring during the Failed Transition Period, if any, subject to the adjustment described in Section 2.9(a), the Index Rate for such Dividend Reset Period (or portion thereof) plus the Failed Transition Period Applicable Spread for such Dividend Reset Period (or portion thereof); provided, however, that, with respect to any Increased Rate Period (or any portion of a Dividend Reset Period to which the Increased Rate otherwise applies), the Failed Transition Period Dividend Rate shall mean the Increased Rate for such Increased Rate Period (or such portion of a Dividend Reset Period); and provided further, that the Failed Transition Period Dividend Rate for any Dividend Reset Period (or portion thereof) shall in no event exceed the Maximum Rate.

“**Failed Transition Redemption Date**” means [●].

“**Failed Transition Redemption Price**” shall have the meaning as set forth in Section 2.4(a).

“**Fitch**” shall have the meaning as set forth in the Statement.

“**Fund**” shall have the meaning as set forth the preamble to this Notice.

“**Holder**” means, with respect to the Series 4 VRDP Shares, a Person in whose name one or more of such shares are registered in the registration books of the Fund maintained by the Tender and Paying Agent or otherwise.

“**Increased Rate**” means, with respect to any Increased Rate Period for the Series 4 VRDP Shares or any portion of a Dividend Reset Period to which the Increased Rate otherwise applies, the Index Rate for such Dividend Reset Period or portion thereof plus an Applicable Spread of [●] %.

“**Increased Rate Period**” shall have the meaning as set forth in Section 2.1(g)(i).

“**Index Rate**” means, with respect to any Dividend Reset Period or portion thereof for the Series 4 VRDP Shares, (i) the SIFMA Municipal Swap Index made available by approximately 4:00 p.m., New York City time, on the Rate Determination Date for such Dividend Reset Period or (ii) if such index is not so made available on such date, the SIFMA Municipal Swap Index as determined on the previous Rate Determination Date. If the Index Rate in respect of any Dividend Reset Period would otherwise be less than zero (0), the Index Rate for such Dividend Reset Period will be deemed to be zero (0).

“**Initial Dividend Reset Period**” means the period commencing on and including the Rate Period Commencement Date and ending on, and including, [●].

“**Initial Rate Period**” means the Special Rate Period commencing on the Rate Period Commencement Date and ending on the Rate Period Termination Date (subject to early transition in accordance with Section 3.5 or to extension in accordance with Section 3.1(a)(i) below and including the Failed Transition Period, if any).

“**Investment Adviser**” shall have the meaning as set forth in the Statement.

“**Liquidation Preference**” shall have the meaning as set forth in the Statement.

“**Liquidity Account**” shall have the meaning as set forth in Section 2.10(a).

“**Liquidity Account Investments**” means Deposit Securities or any other security or investment owned by the Fund that is rated not less than A3 by Moody’s, A- by Standard & Poor’s, A- by Fitch or an equivalent rating by any other NRSRO (or any such rating’s future equivalent).

“**Liquidity Requirement**” shall have the meaning as set forth in Section 2.10(b).

“**Mandatory Redemption Price**” shall have the meaning as set forth in Section 2.4(b)(i)(A).

“**Mandatory Tender**” means the mandatory tender of all Series 4 VRDP Shares by the Designated Owners thereof for Transition Remarketing on the Purchase Date.

“**Market Value**” shall have the meaning as set forth in the Statement.

“**Maximum Rate**” means 15% per annum.

“**Moody’s**” shall have the meaning as set forth in the Statement.

“**New Rate Period Commencement Date**” shall have the meaning as set forth in Section 3.1(a).

“**Notice of Optional Early Transition**” shall have the meaning as set forth in Section 3.5(a).

“**Notice of Redemption**” shall have the meaning as set forth in Section 2.4(d)(i).

“**Notice of Subsequent Rate Period**” mean a notice in respect of the designation of a Subsequent Rate Period provided by the Fund pursuant to Section 3.2.

“**Notice of Taxable Allocation**” shall have the meaning as set forth in Section 2.9(a).

“**NRSRO**” shall have the meaning as set forth in the Statement.

“**Nuveen Person**” means the Investment Adviser or any affiliated person of the Investment Adviser (as defined in Section 2(a)(3) of the 1940 Act) (other than the Fund, in the case of a redemption or purchase of the Series 4 VRDP Shares which are to be cancelled within ten (10) days of purchase by the Fund).

“**Optional Early Transition**” shall have the meaning as set forth in Section 3.5(a).

“**Optional Early Transition Date**” shall have the meaning as set forth in Section 3.5(a).

“**Optional Redemption Date**” shall have the meaning as set forth in Section 2.4(c)(i).

“**Optional Redemption Price**” shall have the meaning as set forth in Section 2.4(c)(i).

“**Outstanding**” means, as of any date with respect to Series 4 VRDP Shares, the number of Series 4 VRDP Shares theretofore issued by the Fund except (without duplication):

(a) any Series 4 VRDP Shares theretofore exchanged, cancelled or redeemed or delivered to the Tender and Paying Agent for cancellation or redemption in accordance with the terms hereof;

(b) any Series 4 VRDP Shares as to which the Fund shall have given a Notice of Redemption and irrevocably deposited with the Tender and Paying Agent sufficient Deposit Securities to redeem such shares in accordance with Section 2.4 hereof; and

(c) any Series 4 VRDP Shares as to which the Fund shall be the Holder or the Designated Owner.

“**Person**” shall have the meaning as set forth in the Statement.

“**Preferred Shares**” means the authorized preferred shares of beneficial interest, par value \$.01 per share, of the Fund, including the Series 4 VRDP Shares, shares of any other series of such preferred shares now or hereafter issued by the Fund, and any other shares of beneficial interest hereafter authorized and issued by the Fund of a class having priority over any other class as to distribution of assets or payments of dividends.

“**Purchase Agreement**” means the Series 4 Variable Rate Demand Preferred Shares (VRDP) Purchase Agreement, dated as of [●], as amended from time to time, between the Fund and the Purchaser, as such agreement may be further amended, restated or modified from time to time.

“**Purchase Price**” means an amount equal to the Liquidation Preference of each Series 4 VRDP Share to be purchased on the New Rate Period Commencement Date, *plus* any accumulated but unpaid dividends thereon (whether or not earned or declared), if any, to, but excluding, the New Rate Period Commencement Date.

“**Purchaser**” means [●] as the purchaser of the Series 4 VRDP Shares pursuant to the Purchase Agreement.

“**Rate Determination Date**” means, with respect to the Initial Dividend Reset Period, the Wednesday immediately preceding the Rate Period Commencement Date, and, with respect to any Subsequent Dividend Reset Period, the last day of the immediately preceding Dividend Reset Period or, if such day is not a Business Day, the next succeeding Business Day; provided, however, that the next succeeding Rate Determination Date will be determined without regard to any prior extension of a Rate Determination Date to a Business Day.

“**Rate Period Commencement Date**” means [●].

“**Rate Period Extension/Change Notice**” has the meaning set forth in Section 3.2(a).

“**Rate Period Termination Date**” means the earlier of (i) [●], in the event of a successful transition to a new Subsequent Rate Period upon expiration of the Initial Rate Period, as such date may be extended in accordance with Section 3.1(a)(i), or such other date established pursuant to Article 3 as the final day of the Initial Rate Period preceding a successful transition to a Subsequent Rate Period, and (ii) the Failed Transition Redemption Date, as it may be extended in accordance with Section 3.1(a)(i).

“**Rating Agencies**” means, as of any date during the Initial Rate Period, (i) Fitch and Moody’s and (ii) any other NRSRO designated as a Rating Agency on such date in accordance with Section 2.6, in each case above, to the extent it maintains a rating on the Series 4 VRDP Shares on such date and the Board of Trustees has not terminated its designation as a Rating Agency in accordance with Section 2.6. Each of Fitch and Moody’s has initially been designated as a Rating Agency for purposes of the Series 4 VRDP Shares. In the event that at any time any Rating Agency (i) ceases to be a Rating Agency for purposes of the Series 4 VRDP Shares and such Rating Agency has been replaced by another Rating Agency in accordance with Section 2.6, any references to any credit rating of such replaced Rating Agency in this Notice shall be deleted for purposes hereof as provided below and shall be deemed instead to be references to the equivalent credit rating of the other Rating Agency that has replaced such Rating Agency using the most recent published credit ratings for the Series 4 VRDP Shares of such replacement Rating Agency or (ii) designates a new rating definition for any credit rating of such Rating Agency with a corresponding replacement rating definition for such credit rating of such Rating Agency, any references to such replaced rating definition of such Rating Agency contained in this Notice shall instead be deemed to be references to such corresponding replacement rating definition. In the event that at any time the designation of any Rating Agency as a Rating Agency for purposes of the Series 4 VRDP Shares is terminated in accordance with Section 2.6, any rating of such terminated Rating Agency, to the extent it would have been taken into account in any of the provisions of this Notice for such Series, shall be disregarded, and only the ratings of the then-designated Rating Agencies for such Series shall be taken into account for purposes of this Notice, provided that, for purposes of determining the Dividend Rate applicable to a Dividend Reset Period, any designation of a Rating Agency after the Rate Determination Date for such Dividend Reset Period will take effect on or as of the next succeeding Rate Determination Date.

“**Rating Agency Guidelines**” means the guidelines of any Rating Agency, as they may be amended or modified from time to time, compliance with which is required to cause such Rating Agency to continue to issue a rating with respect to the Series 4 VRDP Shares for so long as such Series is Outstanding during the Initial Rate Period.

“**Ratings Event**” shall have the meaning set forth in Section 2.1(g)(i).

“**Redemption Date**” shall have the meaning as set forth in Section 2.4(d)(i).

“**Redemption Default**” shall have the meaning as set forth in Section 2.1(g)(i).

“**Redemption Price**” shall mean the Failed Transition Redemption Price, the Mandatory Redemption Price or the Optional Redemption Price, as applicable.

“**Required Designated Owners**” shall have the meaning as set forth in Section 3.1(a)(i).

“**Retention Transition**” shall have the meaning as set forth in Section 3.3(c).

“**Securities Depository**” shall mean The Depository Trust Company and its successors and assigns or any other securities depository selected by the Fund that agrees to follow the procedures required to be followed by such securities depository as set forth in this Notice with respect to the Series 4 VRDP Shares.

“**SIFMA Municipal Swap Index**” means the Securities Industry and Financial Markets Association Municipal Swap Index, or such other weekly, high-grade index comprised of seven-day, tax-exempt variable rate demand notes produced by Bloomberg or its successor, or as otherwise designated by the Securities Industry and Financial Markets Association; provided, however, that if such index is no longer produced by Bloomberg or its successor, then SIFMA Municipal Swap Index shall mean (i) the S&P Municipal Bond 7 Day High Grade Rate Index produced by Standard & Poor’s Financial Services LLC or its successors or (ii) if the S&P Municipal Bond 7 Day High Grade Rate Index is no longer produced, such other reasonably comparable index selected in good faith by the Board of Trustees of the Fund.

“**Special Dividend Payment Date**” shall have the meaning as set forth in Section 2.1(h).

“**Subsequent Dividend Reset Period**” means the period from, and including, the first day following the Initial Dividend Reset Period to, and including, the next Wednesday (or, if such Wednesday is not a Business Day, the next Business Day) and each subsequent period from, and including, the first day following the end of the previous Subsequent Dividend Reset Period to, and including, the next Wednesday (or, if such Wednesday is not a Business Day, the next Business Day). Notwithstanding the foregoing, the final Dividend Reset Period in the Initial Rate Period shall end on and include the Rate Period Termination Date.

“**Tax Event**” shall have the meaning as set forth in Section 2.1(g)(i).

“**Taxable Allocation**” means, with respect to the Series 4 VRDP Shares, the allocation of any net capital gains or other income taxable for regular federal income tax purposes to a dividend paid in respect of such Series.

“**Tender and Paying Agent**” means, with respect to the Series 4 VRDP Shares, The Bank of New York Mellon and its successors or any other tender and paying agent appointed by the Fund with respect to such Series.

“**Tender and Paying Agent Agreement**” means, with respect to the Series 4 VRDP Shares, the Tender and Paying Agent Agreement dated as of [●], by and between the Fund and the Tender and Paying Agent, and as the same may be amended, restated or modified from time to time, or any similar agreement between the Fund and any other tender and paying agent appointed by the Fund.

“**Transition Notice**” shall have the meaning as set forth in Section 3.3(e).

“**Transition Remarketing**” means the remarketing of the Series 4 VRDP Shares by the Transition Remarketing Agent on behalf of the Designated Owners thereof pursuant to the Mandatory Tender in connection with the transition from the Initial Rate Period to a Subsequent Rate Period.

“**Transition Remarketing Agent**” means the entity or entities appointed as such by the Fund to conduct the Transition Remarketing.

“**Voting Period**” shall have the meaning as set forth in Section 2.5(b)(i).

1.2 Interpretation. (a) The headings preceding the text of Sections included in this Notice are for convenience only and shall not be deemed part of this Notice or be given any effect in interpreting this Notice. The use of the masculine, feminine or neuter gender or the singular or plural form of words herein shall not limit any provision of this Notice. The use of the terms “including” or “include” shall in all cases herein mean “including, without limitation” or “include, without limitation,” respectively. Reference to any Person includes such Person’s successors and assigns to the extent such successors and assigns are permitted by the terms of any applicable agreement, and reference to a Person in a particular capacity excludes such Person in any other capacity or individually. Reference to any agreement (including this Notice), document or instrument means such agreement, document or instrument as amended or modified and in effect from time to time in accordance with the terms thereof and, if applicable, the terms hereof. Except as otherwise expressly set forth herein, reference to any law means such law as amended, modified, codified, replaced or re-enacted, in whole or in part, including rules, regulations, enforcement procedures and any interpretations promulgated thereunder. References to Sections shall refer to those portions of this Notice, unless otherwise provided. The use of the terms “hereunder,” “hereof,” “hereto” and words of similar import shall refer to this Notice as a whole and not to any particular Article, Section or clause of this Notice.

(b) The Special Rate Period Provisions set forth in this Notice shall, during the Special Rate Period designated by this Notice, supersede the terms of the Statement to the extent inconsistent therewith. For the avoidance of doubt, without limiting the applicability of other sections, (i) Sections 1, 2(a), 9(b)(i)(A), 10(a) and 12 (other than 12(d)) of Part I of the Statement and Section 8 of Part II of the Statement shall apply during the Special Rate Period designated by this Notice, and (ii) Sections 2 (other than 2(a)), 3, 5, 6, 7, 8 and 9 (other than 9(b)(i)(A)), 10 (other than 10(a)), 11 and 12(d) of Part I of the Statement and Sections 1 through 7 of Part II of the Statement shall not apply during the Special Rate Period designated by this Notice

(c) This Notice shall be effective as of the Rate Period Commencement Date.

1.3 Liability of Officers, Trustees and Shareholders. The Declaration is on file with the Secretary of the Commonwealth of Massachusetts, and the officer of the Fund executing this Notice has executed this Notice as an officer and not individually, and the obligations of the Fund set forth in this Notice are not binding upon any such officer, or the trustees of the Fund or shareholders of the Fund, individually, but are binding upon the assets and property of the Fund.

ARTICLE 2

TERMS APPLICABLE TO THE SERIES 4 VARIABLE RATE DEMAND PREFERRED SHARES FOR THE INITIAL RATE PERIOD

The Series 4 VRDP Shares shall have the following terms for the Initial Rate Period:

2.1 Dividends and Distributions.

(a) The Holders of Series 4 VRDP Shares shall be entitled to receive, when, as and if declared by, or under authority granted by, the Board of Trustees, out of funds legally available therefor and in preference to

dividends and other distributions on Common Shares, cumulative cash dividends and other distributions on each share of such Series at the Dividend Rate for such Series, calculated as set forth herein, and no more. Dividends and other distributions on each Series 4 VRDP Share shall accumulate from the Date of Original Issue with respect to such share. The amount of dividends per share payable on Series 4 VRDP Shares on any Dividend Payment Date shall equal the sum of the dividends accumulated but not yet paid for each Dividend Reset Period (or portion thereof) in the related Dividend Period. The amount of dividends per share accumulated for each such Dividend Reset Period (or portion thereof) shall be computed by (i) multiplying the Dividend Rate in effect for Series 4 VRDP Shares for such Dividend Reset Period (or portion thereof) by a fraction, the numerator of which shall be the actual number of days in such Dividend Reset Period (or portion thereof) and the denominator of which shall be the actual number of days in the in the year in which such Dividend Reset Period (or portion thereof) occurs (365 or 366) and (ii) multiplying the product determined pursuant to clause (i) by the Liquidation Preference for a Series 4 VRDP Share. The Dividend Rate for the Series 4 VRDP Shares shall be adjusted to the Increased Rate for each Increased Rate Period (or portion of a Dividend Reset Period) as provided in Section 2.1(g) below. For each Dividend Reset Period (or portion thereof) during the Failed Transition Period, if any, the Dividend Rate shall be the Failed Transition Period Dividend Rate.

(b) Dividends on Series 4 VRDP Shares with respect to any Dividend Period shall be declared to the Holders of such shares as their names shall appear on the registration books of the Fund at the close of business on each day in such Dividend Period and shall be paid as provided in Section 2.1(f) hereof. In connection with any transfer of Series 4 VRDP Shares, the transferor shall, subject to any agreement between the transferor and transferee, transfer to the transferee the transferor's right to receive from the Fund any unpaid dividends so declared for each day prior to the transferee becoming the Holder or Designated Owner, as applicable, of the Series 4 VRDP Shares in consideration of a portion of the purchase price for such Series 4 VRDP Shares paid by the transferee.

(c) (i) No full dividends or other distributions shall be declared or paid on Series 4 VRDP Shares for any Dividend Period or portion thereof unless full cumulative dividends and other distributions due through the most recent dividend payment dates therefor for all outstanding Preferred Shares (including shares of other Series of VRDP Shares) ranking on a parity with the Series 4 VRDP Shares have been or contemporaneously are declared and paid through the most recent dividend payment dates therefor. If full cumulative dividends and other distributions due have not been declared and paid on all such outstanding Preferred Shares of any series, any dividends and other distributions being declared and paid on Series 4 VRDP Shares will be declared and paid as nearly pro rata as possible in proportion to the respective amounts of dividends and other distributions accumulated but unpaid on the shares of each such series of Preferred Shares on the relevant dividend payment date for such series. Subject to Section 2.9, no Holders of Series 4 VRDP Shares shall be entitled to any dividends or other distributions, whether payable in cash, property or shares, in excess of full cumulative dividends and other distributions as provided in this Section 2.1 on such Series 4 VRDP Shares.

(ii) For so long as any Series 4 VRDP Shares are Outstanding during the Initial Rate Period, without limiting Section 2.2, the Fund shall not: (x) declare or pay any dividend or other distribution (other than a dividend or distribution paid in Common Shares) in respect of the Common Shares, (y) call for redemption, redeem, purchase or otherwise acquire for consideration any Common Shares, or (z) pay any proceeds of the liquidation of the Fund in respect of the Common Shares, unless, in each case, (A) immediately thereafter, the Fund shall have 1940 Act Asset Coverage after deducting the amount of such dividend or distribution or redemption or purchase price or liquidation proceeds, (B) all cumulative dividends and other distributions on all Series 4 VRDP Shares and all other series of Preferred Shares ranking on a parity with the Series 4 VRDP Shares due on or prior to the date of the applicable dividend, distribution, redemption, purchase or acquisition shall have been declared and paid (or shall have been declared and Deposit Securities or sufficient funds (in accordance with the terms of such Preferred Shares) for the payment thereof shall have been deposited irrevocably with the paying agent for such Preferred Shares) and (C) the Fund shall have deposited Deposit Securities pursuant to and in accordance with the requirements of Section 2.4(d)(ii) hereof with respect to Outstanding Series 4 VRDP Shares to be redeemed pursuant to Section 2.4(a) or Section 2.4(b) hereof for which a Notice of Redemption shall

have been given or shall have been required to be given in accordance with the terms hereof on or prior to the date of the applicable dividend, distribution, redemption, purchase or acquisition.

(iii) Any dividend payment or other distributions made on Series 4 VRDP Shares shall first be credited against the dividends and other distributions accumulated with respect to the earliest Dividend Period for such Series for which dividends and other distributions have not been paid.

(d) Not later than 5:00 p.m., New York City time, on the Business Day immediately preceding each Dividend Payment Date for Series 4 VRDP Shares, the Fund shall deposit with the Tender and Paying Agent Deposit Securities having an aggregate Market Value on such date sufficient to pay the dividends and other distributions, if any, that are payable on such Dividend Payment Date in respect of the Series 4 VRDP Shares. The Fund may direct the Tender and Paying Agent with respect to the investment or reinvestment of any such Deposit Securities so deposited prior to the Dividend Payment Date, provided that such investment consists exclusively of Deposit Securities and provided further that the proceeds of any such investment will be available as same day funds at the opening of business on such Dividend Payment Date.

(e) All Deposit Securities deposited with the Tender and Paying Agent for the payment of dividends and other distributions, if any, payable on Series 4 VRDP Shares shall be held in trust for the payment of such dividends and other distributions by the Tender and Paying Agent for the benefit of the Holders of the Series 4 VRDP Shares entitled to the payment of such dividends and other distributions pursuant to Section 2.1(f). Any moneys paid to the Tender and Paying Agent in accordance with the foregoing but not applied by the Tender and Paying Agent to the payment of dividends and other distributions, including interest earned on such moneys while so held, will, to the extent permitted by law, be repaid to the Fund as soon as possible after the date on which such moneys were to have been so applied, upon request of the Fund.

(f) Dividends and any distributions made pursuant to Section 2.9(a) on the Series 4 VRDP Shares shall be paid on each Dividend Payment Date for such Series to the Holders of shares of such Series as their names appear on the registration books of the Fund at the close of business on the day immediately preceding such Dividend Payment Date (or, if such day is not a Business Day, the next preceding Business Day). Dividends and any distributions made pursuant to Section 2.9(a) in arrears on Series 4 VRDP Shares for any past Dividend Period may be declared (to the extent not previously declared) and paid at any time, without reference to any regular Dividend Payment Date, to the Holders of such shares as their names appear on the registration books of the Fund on such date, not exceeding fifteen (15) calendar days preceding the payment date thereof, as may be fixed by the Board of Trustees. No interest or sum of money in lieu of interest will be payable in respect of any dividend payment or payments of other distributions on Series 4 VRDP Shares which may be in arrears.

(g) (i) The Dividend Rate on the Series 4 VRDP Shares shall be adjusted to the Increased Rate for each Increased Rate Period. Subject to the cure provisions of Section 2.1(g)(iii), a Dividend Reset Period with respect to the Series 4 VRDP Shares shall be deemed to be an **“Increased Rate Period”** if on the first day of such Dividend Reset Period, (A) the Fund has failed to deposit with the Tender and Paying Agent by 12:00 noon, New York City time, on a Dividend Payment Date for such shares, Deposit Securities that will provide funds available to the Tender and Paying Agent on such Dividend Payment Date sufficient to pay the full amount of any dividend on the Series 4 VRDP Shares payable on such Dividend Payment Date (a **“Dividend Default”**) and such Dividend Default has not ended as contemplated by Section 2.1(g)(ii) on or prior to such first day; (B) the Fund has failed to deposit with the Tender and Paying Agent by 12:00 noon, New York City time, on an applicable Redemption Date for the Series 4 VRDP Shares (or any thereof), Deposit Securities that will provide funds available to the Tender and Paying Agent on such Redemption Date sufficient to pay the full amount of the Redemption Price payable in respect of such shares on such Redemption Date (a **“Redemption Default”**) and such Redemption Default has not ended as contemplated by Section 2.1(g)(ii) on or prior to such first day; (C) any Rating Agency has withdrawn the credit rating required to be maintained with respect to the Series 4 VRDP Shares pursuant to Section 2.6 other than due to the Rating Agency ceasing to rate tax-exempt closed-end management investment companies generally and such withdrawal is continuing; (D) a Ratings Event (as defined

below) has occurred and is continuing with respect to such Series; or (E) (i) a court or other applicable governmental authority has made a final determination that for U.S. federal income tax purposes the Series 4 VRDP Shares do not qualify as equity in the Fund and (ii) such determination results from an act or failure to act on the part of the Fund (a “**Tax Event**”). A “**Ratings Event**” shall be deemed to exist with respect to the Series 4 VRDP Shares at any time the Series 4 VRDP Shares have a long-term credit rating from at least one-half of the Rating Agencies designated at such time that is Below Investment Grade. For the avoidance of doubt, no determination by any court or other applicable governmental authority that requires the Fund to make an Additional Amount Payment in respect of a Taxable Allocation shall be deemed to be a Tax Event hereunder.

(ii) Subject to the cure provisions of Section 2.1(g)(iii), a Dividend Default or a Redemption Default on the Series 4 VRDP Shares shall end on the Business Day on which, by 12:00 noon, New York City time, an amount equal to all unpaid dividends and other distributions on such shares and any unpaid Redemption Price on such shares shall have been deposited irrevocably in trust in same-day funds with the Tender and Paying Agent.

(iii) No Increased Rate Period for the Series 4 VRDP Shares with respect to any Dividend Default or Redemption Default on such shares shall be deemed to have commenced if the amount of any dividend or any Redemption Price due in respect of the Series 4 VRDP Shares is deposited irrevocably in trust, in same-day funds, with the Tender and Paying Agent by 12:00 noon, New York City time, on a Business Day that is not later than three (3) Business Days after the applicable Dividend Payment Date or Redemption Date for the Series 4 VRDP Shares with respect to which such Default occurred, together with an amount equal to the Increased Rate on such shares applied to the aggregate Liquidation Preference of and for the period of such non-payment on such shares, determined as provided in Section 2.1(a).

(h) Notwithstanding the foregoing, the Fund in its discretion, and with the prior written consent of the Purchaser, may establish Dividend Payment Dates (each, a “**Special Dividend Payment Date**”) more frequent than monthly Dividend Payment Dates in respect of the Initial Rate Period; provided, that any such Special Dividend Payment Date shall be a Business Day.

2.2 Liquidation Rights.

(a) In the event of any liquidation, dissolution or winding up of the affairs of the Fund, whether voluntary or involuntary, the Holders of Series 4 VRDP Shares shall be entitled to receive out of the assets of the Fund available for distribution to shareholders, after satisfying claims of creditors but before any distribution or payment shall be made in respect of the Common Shares, a liquidation distribution equal to the Liquidation Preference for such shares, plus an amount equal to all unpaid dividends and other distributions on such shares accumulated to (but excluding) the date fixed for such distribution or payment on such shares (whether or not earned or declared by the Fund, but without interest thereon), and such Holders shall be entitled to no further participation in any distribution or payment in connection with any such liquidation, dissolution or winding up.

(b) If, upon any liquidation, dissolution or winding up of the affairs of the Fund, whether voluntary or involuntary, the assets of the Fund available for distribution among the Holders of all Outstanding Series 4 VRDP Shares and any other outstanding Preferred Shares ranking on a parity with the Series 4 VRDP Shares shall be insufficient to permit the payment in full to such Holders of the Liquidation Preference of such Series 4 VRDP Shares plus accumulated and unpaid dividends and other distributions on such shares as provided in Section 2.2(a) above and the amounts due upon liquidation with respect to such other Preferred Shares, then such available assets shall be distributed among the Holders of such Series 4 VRDP Shares and such other Preferred Shares ratably in proportion to the respective preferential liquidation amounts to which they are entitled. In connection with any liquidation, dissolution or winding up of the affairs of the Fund, whether voluntary or involuntary, unless and until the Liquidation Preference on each Outstanding Series 4 VRDP Share plus accumulated and unpaid dividends and other distributions on such shares as provided in Section 2.2(a) above

have been paid in full to the Holders of such shares, no dividends, distributions or other payments will be made on, and no redemption, purchase or other acquisition by the Fund will be made by the Fund in respect of, the Common Shares.

(c) Neither the sale of all or substantially all of the property or business of the Fund, nor the merger, consolidation or reorganization of the Fund into or with any other business or statutory trust, corporation or other entity, nor the merger, consolidation or reorganization of any other business or statutory trust, corporation or other entity into or with the Fund shall be a dissolution, liquidation or winding up, whether voluntary or involuntary, for the purpose of this Section 2.2.

2.3 Coverage & Leverage Tests.

(a) Asset Coverage Requirement. For so long as any Series 4 VRDP Shares are Outstanding during the Initial Rate Period the Fund shall have Asset Coverage of at least 225% as of the close of business on each Business Day. If the Fund shall fail to maintain such Asset Coverage as of any time as of which such compliance is required to be determined as aforesaid, the provisions of Section 2.4(b)(i) shall be applicable, which provisions to the extent complied with shall constitute the sole remedy for the Fund's failure to comply with the provisions of this Section 2.3(a).

(b) Calculation of Asset Coverage. For purposes of determining whether the requirements of Section 2.3(a) are satisfied, (i) no Series 4 VRDP Shares or other Preferred Shares shall be deemed to be Outstanding for purposes of any computation required by Section 2.3(a) if, prior to or concurrently with such determination, sufficient Deposit Securities or other sufficient funds (in accordance with the terms of such shares or other Preferred Shares) to pay the full redemption price for such shares or other Preferred Shares (or the portion thereof to be redeemed) shall have been deposited in trust with the paying agent for the Series 4 VRDP Shares or other Preferred Shares and the requisite notice of redemption for such shares or other Preferred Shares (or the portion thereof to be redeemed) shall have been given, and (ii) the Deposit Securities or other sufficient funds that shall have been so deposited with the applicable paying agent shall not be included as assets of the Fund for purposes of such computation.

(c) Effective Leverage Ratio Requirement. For so long as Series 4 VRDP Shares are Outstanding during the Initial Rate Period, the Effective Leverage Ratio shall not exceed 45% (or 46% solely by reason of fluctuations in the market value of the Fund's portfolio securities) as of the close of business on any Business Day. If the Effective Leverage Ratio shall exceed the applicable percentage provided in the preceding sentence as of the close of business on any Business Day, the provisions of Section 2.4(b)(ii) shall be applicable, which provisions to the extent complied with shall constitute the sole remedy for the Fund's failure to comply with the provisions of this Section 2.3(c).

(d) Calculation of Effective Leverage Ratio. For purposes of determining whether the requirements of Section 2.3(c) are satisfied, the "**Effective Leverage Ratio**" on any date shall mean the quotient of:

(i) The sum of (A) the aggregate liquidation preference of the Fund's "senior securities" (as that term is defined in the 1940 Act) that are stock for purposes of the 1940 Act, excluding, without duplication, any such senior securities for which the Fund has issued a notice of redemption and either has delivered Deposit Securities or sufficient funds (in accordance with the terms of such senior securities) to the paying agent for such senior securities or otherwise has adequate Deposit Securities or sufficient funds on hand for the purpose of such redemption; (B) the aggregate principal amount of the Fund's "senior securities representing indebtedness" (as that term is defined in the 1940 Act); and (C) the aggregate principal amount of floating rate securities not owned by the Fund that correspond to the associated inverse floating rate securities owned by the Fund; divided by

(ii) The sum of (A) the Market Value of the Fund's total assets (including amounts attributable to senior securities but excluding any assets consisting of Deposit Securities or funds referred to in clause (A) of

Section 2.3(d)(i) above), less the amount of the Fund's accrued liabilities (other than liabilities for the aggregate principal amount of senior securities representing indebtedness, including floating rate securities), and (B) the aggregate principal amount of floating rate securities not owned by the Fund that correspond to the associated inverse floating rate securities owned by the Fund.

2.4 Redemption. The Series 4 VRDP Shares shall be subject to redemption by the Fund as provided below:

(a) Failed Transition Redemption. The Fund shall redeem all Outstanding Series 4 VRDP Shares on the Failed Transition Redemption Date, if the Failed Transition Period is then continuing, at a price per share equal to the Liquidation Preference per share of such Series plus an amount equal to all unpaid dividends and other distributions on such share of such Series accumulated from and including the Date of Original Issue of such share of such Series to (but excluding) the Failed Transition Redemption Date (whether or not earned or declared by the Fund, but without interest thereon, and subject to Section 2.4(d)(vii)) (the “**Failed Transition Redemption Price**”).

(b) Asset Coverage and Effective Leverage Ratio Mandatory Redemption.

(i) Asset Coverage Mandatory Redemption.

(A) If the Fund fails to comply with the Asset Coverage requirement as provided in Section 2.3(a) as of any time as of which such compliance is required to be determined in accordance with Section 2.3(a) and such failure is not cured as of the Asset Coverage Cure Date other than as a result of the redemption required by this Section 2.4(b)(i), the Fund shall, to the extent permitted by the 1940 Act and Massachusetts law, by the close of business on the Business Day next following such Asset Coverage Cure Date, cause a notice of redemption to be issued, and cause to be deposited Deposit Securities or other sufficient funds in trust with the Tender and Paying Agent or other applicable paying agent, in each case in accordance with the terms of the Preferred Shares to be redeemed, for the redemption of a sufficient number of Preferred Shares, which at the Fund's sole option (to the extent permitted by the 1940 Act and Massachusetts law) may include any number or proportion of Series 4 VRDP Shares, to enable it to meet the requirements of Section 2.4(b)(i)(B). In the event that any Series 4 VRDP Shares then Outstanding are to be redeemed pursuant to this Section 2.4(b)(i), the Fund shall redeem such shares at a price per share equal to the Liquidation Preference per share of such Series plus an amount equal to all unpaid dividends and other distributions on such share of such Series accumulated from and including the Rate Period Commencement Date to (but excluding) the date fixed for such redemption by the Board of Trustees (whether or not earned or declared by the Fund, but without interest thereon, and subject to Section 2.4(d)(vii)) (the “**Mandatory Redemption Price**”).

(B) On the Redemption Date for a redemption contemplated by Section 2.4(b)(i)(A), the Fund shall redeem at the Mandatory Redemption Price, out of funds legally available therefor, such number of Preferred Shares (which may include at the sole option of the Fund any number or proportion of Series 4 VRDP Shares) as shall be equal to the lesser of (x) the minimum number of Preferred Shares, the redemption of which, if deemed to have occurred immediately prior to the opening of business on the Asset Coverage Cure Date, would result in the Fund having Asset Coverage on such Asset Coverage Cure Date of at least 225% (provided, however, that if there is no such minimum number of Series 4 VRDP Shares and other Preferred Shares the redemption or retirement of which would have such result, all Series 4 VRDP Shares and other Preferred Shares then outstanding shall be redeemed) and (y) the maximum number of Preferred Shares that can be redeemed out of funds expected to be legally available therefor in accordance with the Declaration and applicable law. Notwithstanding the foregoing, in the event that Preferred Shares are redeemed pursuant to this Section 2.4(b)(i), the Fund may at its sole option, but is not required to, include in the number of Preferred Shares being mandatorily redeemed pursuant to this Section 2.4(b) a sufficient number of Series 4 VRDP Shares that, when aggregated with other Preferred Shares redeemed by the Fund, would result, if deemed to have occurred immediately prior to the opening of business on the Asset Coverage Cure Date, in the Fund having Asset Coverage on such Asset Coverage Cure Date of up to and including 250%. The Fund shall effect such

redemption on the date fixed by the Fund therefor, which date shall not be later than thirty (30) calendar days after such Asset Coverage Cure Date, except that if the Fund does not have funds legally available for the redemption of all of the required number of Series 4 VRDP Shares and other Preferred Shares which have been designated to be redeemed or the Fund otherwise is unable to effect such redemption on or prior to thirty (30) calendar days after such Asset Coverage Cure Date, the Fund shall redeem those Series 4 VRDP Shares and other Preferred Shares which it was unable to redeem on the earliest practicable date on which it is able to effect such redemption. If fewer than all of the Outstanding Series 4 VRDP Shares are to be redeemed pursuant to this Section 2.4(b)(i), the number of Series 4 VRDP Shares to be redeemed from the respective Holders shall be selected (A) pro rata among the Outstanding shares of such Series, (B) by lot or (C) in such other manner as the Board of Trustees may determine to be fair and equitable, in each case, in accordance with the 1940 Act; provided that such method of redemption as set forth in clause (A), (B) or (C) of this Section 2.4(b)(i)(B) shall be subject to any applicable procedures established by the Securities Depository.

(ii) Effective Leverage Ratio Mandatory Redemption.

(A) If the Fund fails to comply with the Effective Leverage Ratio requirement as provided in Section 2.3(c) or as determined in accordance with Section 6.13 of the Purchase Agreement (if then in effect) as of any time as of which such compliance is required to be determined in accordance with Section 2.3(c) and, in any such case, such failure is not cured as of the close of business on the date that is seven (7) Business Days following the Business Day on which such non-compliance is first determined (the “**Effective Leverage Ratio Cure Date**”) other than as a result of the redemption or other transactions required by this Section 2.4(b)(ii), the Fund shall not later than the close of business on the Business Day next following the Effective Leverage Ratio Cure Date cause the Effective Leverage Ratio (determined in accordance with the requirements applicable to the determination of the Effective Leverage Ratio under this Notice and under the Purchase Agreement) to not exceed the Effective Leverage Ratio required under Section 2.3(c) (without giving effect to the parenthetical provision in the first sentence of Section 2.3(c)) as so determined, by (x) engaging in transactions involving or relating to the floating rate securities not owned by the Fund and/or the inverse floating rate securities owned by the Fund, including the purchase, sale or retirement thereof, (y) to the extent permitted by the 1940 Act and Massachusetts law, causing a notice of redemption to be issued, and, in addition, causing to be irrevocably deposited Deposit Securities or other sufficient funds in trust with the Tender and Paying Agent or other applicable paying agent, in each case in accordance with the terms of the Preferred Shares to be redeemed, for the redemption at the redemption price specified in the terms of such Preferred Shares of a sufficient number of Preferred Shares, which at the Fund’s sole option (to the extent permitted by the 1940 Act and Massachusetts law) may include any number or proportion of Series 4 VRDP Shares, or (z) engaging in any combination of the actions contemplated by clauses (x) and (y) of this Section 2.4(b)(ii)(A). In the event that any Series 4 VRDP Shares are to be redeemed pursuant to clause (y) of this Section 2.4(b)(ii)(A), the Fund shall redeem such Series 4 VRDP Shares at a price per Series 4 VRDP Share equal to the Mandatory Redemption Price. Notwithstanding the foregoing, in the event that Preferred Shares are redeemed pursuant to this Section 2.4(b)(ii), the Fund may at its sole option, but is not required to, include in the number of Preferred Shares being mandatorily redeemed pursuant to this Section 2.4(b)(ii) a sufficient number of Series 4 VRDP Shares that, when aggregated with other Preferred Shares redeemed by the Fund, would result, if deemed to have occurred immediately prior to the opening of business on the Effective Leverage Ratio Cure Date, in the Fund having an Effective Leverage Ratio on such Effective Leverage Ratio Cure Date of no less than 40%.

(B) On the Redemption Date for a redemption contemplated by clause (y) of Section 2.4(b)(ii)(A), the Fund shall not redeem more than the maximum number of Preferred Shares that can be redeemed out of funds expected to be legally available therefor in accordance with the Declaration and applicable law. If the Fund is unable to redeem the required number of Series 4 VRDP Shares and other Preferred Shares which have been designated to be redeemed in accordance with clause (y) of Section 2.4(b)(ii)(A) due to the unavailability of legally available funds, the Fund shall redeem those Series 4 VRDP Shares and other Preferred Shares which it was unable to redeem on the earliest practicable date on which it is able to effect such redemption. If fewer than all of the Outstanding Series 4 VRDP Shares are to be redeemed pursuant to clause (y)

of Section 2.4(b)(ii)(A), the number of Series 4 VRDP Shares to be redeemed from the respective Holders shall be selected (A) pro rata among the Outstanding shares of such Series, (B) by lot or (C) in such other manner as the Board of Trustees may determine to be fair and equitable, in each case, in accordance with the 1940 Act; provided that such method of redemption as set forth in clause (A), (B) or (C) of this Section 2.4(b)(ii)(B) shall be subject to any applicable procedures established by the Securities Depository.

(c) Optional Redemption.

(i) Subject to the provisions of Section 2.4(c)(ii), the Fund may at its option on any Business Day (an “**Optional Redemption Date**”) redeem in whole or from time to time in part the Outstanding Series 4 VRDP Shares, at a redemption price per Series 4 VRDP Share (the “**Optional Redemption Price**”) equal to (x) the Liquidation Preference per Series 4 VRDP Share plus (y) an amount equal to all unpaid dividends and other distributions on such Series 4 VRDP Share accumulated from and including the Date of Original Issue to (but excluding) the Optional Redemption Date (whether or not earned or declared by the Fund, but without interest thereon and subject to Section 2.4(d)(vii)).

(ii) If fewer than all of the outstanding Series 4 VRDP Shares are to be redeemed pursuant to Section 2.4(c)(i), the shares of such Series to be redeemed from the respective Holders shall be selected either (A) pro rata among the Holders of such Series, (B) by lot or (C) in such other manner as the Board of Trustees may determine to be fair and equitable; provided that, in each case, such method of redemption as set forth in clause (A), (B) or (C) of this Section 2.4(c)(ii) shall be subject to any applicable procedures established by the Securities Depository. Subject to the provisions of the Statement and this Notice and applicable law, the Board of Trustees will have the full power and authority to prescribe the terms and conditions upon which Series 4 VRDP Shares will be redeemed pursuant to this Section 2.4(c) from time to time.

(iii) The Fund may not on any date deliver a Notice of Redemption pursuant to Section 2.4(d) in respect of a redemption contemplated to be effected pursuant to this Section 2.4(c) unless on such date the Fund has available Deposit Securities for the Optional Redemption Date contemplated by such Notice of Redemption having a Market Value not less than the amount (including any applicable premium) due to Holders of Series 4 VRDP Shares by reason of the redemption of such Series 4 VRDP Shares on such Optional Redemption Date.

(iv) Series 4 VRDP Shares redeemed at the Fund’s sole option in accordance with, but solely to the extent contemplated by, Section 2.4(b)(i)(B) or Section 2.4(b)(ii) shall be considered mandatorily redeemed in accordance therewith and not subject to this Section 2.4(c).

(d) Procedures for Redemption.

(i) If the Fund shall determine or be required to redeem, in whole or in part, Series 4 VRDP Shares pursuant to Section 2.4(a), (b) or (c), the Fund shall deliver a notice of redemption (the “**Notice of Redemption**”), by overnight delivery, by first class mail, postage prepaid or by Electronic Means to Holders thereof, or request the Tender and Paying Agent, on behalf of the Fund, to promptly do so by overnight delivery, by first class mail, postage prepaid or by Electronic Means. A Notice of Redemption shall be provided not more than forty-five (45) calendar days prior to the date fixed for redemption and not less than ten (10) calendar days (or such shorter or longer notice period as may be consented to by all of the Designated Owners of the Series 4 VRDP Shares, which consent shall not be deemed to be a vote required by Section 2.5) prior to the date fixed for redemption pursuant to Section 2.4(d) in such Notice of Redemption (the “**Redemption Date**”). Each such Notice of Redemption shall state: (A) the Redemption Date; (B) the Series and number of Series 4 VRDP Shares to be redeemed; (C) the CUSIP number for the Series 4 VRDP Shares; (D) the applicable Redemption Price on a per share basis or, if not then ascertainable, the manner of calculation thereof; (E) if applicable, the place or places where the certificate(s) for such shares (properly endorsed or assigned for transfer, if the Board of Trustees requires and the Notice of Redemption states) are to be surrendered for payment of the Redemption Price; (F) that dividends on the Series 4 VRDP Shares to be redeemed will cease to accumulate from and after

such Redemption Date; and (G) the provisions of this Notice under which such redemption is made. If fewer than all Series 4 VRDP Shares held by any Holder are to be redeemed, the Notice of Redemption delivered to such Holder shall also specify the number of Series 4 VRDP Shares to be redeemed from such Holder and/or the method of determining such number. The Fund may provide in the Notice of Redemption relating to the Failed Transition Redemption Date that such redemption is subject to the condition of the Failed Transition Period being continuing on the related Failed Transition Redemption Date. The Fund may provide in any Notice of Redemption relating to an optional redemption contemplated to be effected pursuant to this Notice that such redemption is subject to one or more conditions precedent and that the Fund shall not be required to effect such redemption unless each such condition has been satisfied at the time or times and in the manner specified in such Notice of Redemption. No defect in the Notice of Redemption or delivery thereof shall affect the validity of redemption proceedings, except as required by applicable law.

(ii) If the Fund shall give a Notice of Redemption, then at any time from and after the giving of a Notice of Redemption and prior to 5:00 p.m., New York City time, on the Business Day immediately preceding the Redemption Date (so long as any conditions precedent to such redemption have been met or waived by the Fund), the Fund shall (A) deposit with the Tender and Paying Agent Deposit Securities having an aggregate Market Value on the date thereof no less than the Redemption Price of the Series 4 VRDP Shares to be redeemed on the Redemption Date and (B) give the Tender and Paying Agent irrevocable instructions and authority to pay the applicable Redemption Price to the Holders of the Series 4 VRDP Shares called for redemption and redeemed on the Redemption Date. Notwithstanding the provisions of clause (A) of the preceding sentence, if the Redemption Date is the Failed Transition Redemption Date, then such deposit of Deposit Securities (which may come in whole or in part from the Liquidity Account) shall be made no later than fifteen (15) calendar days prior to the Failed Transition Redemption Date. The Fund may direct the Tender and Paying Agent with respect to the investment of any Deposit Securities consisting of cash so deposited prior to the Redemption Date, provided that the proceeds of any such investment shall be available at the opening of business on the Redemption Date as same day funds.

(iii) Upon the date of the deposit of such Deposit Securities, all rights of the Holders of the Series 4 VRDP Shares so called for redemption shall cease and terminate except the right of the Holders thereof to receive the Redemption Price thereof and such Series 4 VRDP Shares shall no longer be deemed Outstanding for any purpose whatsoever (other than (A) the transfer thereof prior to the applicable Redemption Date and (B) the accumulation of dividends thereon in accordance with the terms hereof, including Section 2.4(d)(vii), up to (but excluding) the applicable date of redemption of the Series 4 VRDP Shares, which accumulated dividends, unless previously declared and paid as contemplated by the last sentence of Section 2.4(d)(vi) below, shall be payable as part of the applicable Redemption Price on the date of redemption of the Series 4 VRDP Shares). The Fund shall be entitled to receive, promptly after the Redemption Date, any Deposit Securities in excess of the aggregate Redemption Price of the Series 4 VRDP Shares called for redemption and redeemed on the Redemption Date. Any Deposit Securities so deposited that are unclaimed at the end of three hundred and sixty five (365) calendar days from the date of redemption of the Series 4 VRDP Shares shall, to the extent permitted by law, be repaid to the Fund, after which the Holders of the Series 4 VRDP Shares so called for redemption shall look only to the Fund for payment of the Redemption Price thereof. The Fund shall be entitled to receive, from time to time after the date of redemption, any interest on the Deposit Securities so deposited.

(iv) On or after the Redemption Date, each Holder of Series 4 VRDP Shares in certificated form (if any) that are subject to redemption shall surrender the certificate(s) evidencing such Series 4 VRDP Shares to the Fund at the place designated in the Notice of Redemption and shall then be entitled to receive the Redemption Price for such Series 4 VRDP Shares, without interest, and, in the case of a redemption of fewer than all the Series 4 VRDP Shares represented by such certificate(s), a new certificate representing the Series 4 VRDP Shares that were not redeemed.

(v) Notwithstanding the other provisions of this Section 2.4, except as otherwise required by law, the Fund shall not redeem any Series 4 VRDP Shares or other series of Preferred Shares ranking on a parity with

the Series 4 VRDP Shares with respect to dividends and other distributions unless all accumulated and unpaid dividends and other distributions on all Outstanding Series 4 VRDP Shares and such other series of Preferred Shares for all applicable past dividend periods (whether or not earned or declared by the Fund) (x) shall have been or are contemporaneously paid or (y) shall have been or are contemporaneously declared and Deposit Securities or sufficient funds (in accordance with the terms of such Series 4 VRDP Shares or other Preferred Shares) for the payment of such dividends and other distributions shall have been or are contemporaneously deposited with the Tender and Paying Agent or other applicable paying agent for such Series 4 VRDP Shares or other Preferred Shares in accordance with the terms of such Series 4 VRDP Shares or other Preferred Shares, provided, however, that the foregoing shall not prevent the purchase or acquisition of Outstanding Series 4 VRDP Shares pursuant to an otherwise lawful purchase or exchange offer made on the same terms to Holders of all Outstanding Series 4 VRDP Shares and any such other series of Preferred Shares for which all accumulated and unpaid dividends and other distributions have not been paid.

(vi) To the extent that any redemption for which Notice of Redemption has been provided is not made by reason of the absence of legally available funds therefor in accordance with the Declaration, this Notice and applicable law, such redemption shall be made as soon as practicable to the extent such funds become available. In the case of any redemption pursuant to Section 2.4(c), no Redemption Default shall be deemed to have occurred if the Fund shall fail to deposit in trust with the Tender and Paying Agent the Redemption Price with respect to any shares where (1) the Notice of Redemption relating to such redemption provided that such redemption was subject to one or more conditions precedent and (2) any such condition precedent shall not have been satisfied at the time or times and in the manner specified in such Notice of Redemption. Notwithstanding the fact that a Notice of Redemption has been provided with respect to any Series 4 VRDP Shares, dividends may be declared and paid on each Dividend Payment Date for the Series 4 VRDP Shares in accordance with their terms if Deposit Securities for the payment of the Redemption Price of such Series 4 VRDP Shares shall not have been deposited in trust with the Tender and Paying Agent for that purpose.

(vii) Notwithstanding anything to the contrary herein or in any Notice of Redemption, if the Fund shall not have redeemed Series 4 VRDP Shares on the applicable Redemption Date, the Holders of the Series 4 VRDP Shares subject to redemption shall continue to be entitled to receive dividends on such shares at the Dividend Rate for the period from, and including, such Redemption Date through, but excluding, the date on which such shares are actually redeemed and such dividends, to the extent accumulated, but unpaid, during such period (whether or not earned or declared but without interest thereon), together with any Additional Amount Payment applicable thereto, shall be included in the Redemption Price for the Series 4 VRDP Shares.

(e) Tender and Paying Agent as Trustee of Redemption Payments by Fund. All Deposit Securities transferred to the Tender and Paying Agent for payment of the Redemption Price of Series 4 VRDP Shares called for redemption shall be held in trust by the Tender and Paying Agent for the benefit of Holders of Series 4 VRDP Shares so to be redeemed until paid to such Holders in accordance with the terms hereof or returned to the Fund in accordance with the provisions of Section 2.4(d)(iii) above.

(f) Compliance With Applicable Law. In effecting any redemption pursuant to this Section 2.4, the Fund shall use its best efforts to comply with all applicable conditions precedent to effecting such redemption under the 1940 Act and any applicable law, but shall effect no redemption except in accordance with the 1940 Act and any applicable law.

(g) Modification of Redemption Procedures. Notwithstanding the foregoing provisions of this Section 2.4, the Fund may, in its sole discretion and without a shareholder vote, modify the procedures set forth above with respect to notification of redemption for the Series 4 VRDP Shares, provided that such modification does not materially and adversely affect the Holders of the Series 4 VRDP Shares or cause the Fund to violate any applicable law, rule or regulation; and provided further that no such modification shall in any way alter the rights or obligations of the Tender and Paying Agent without its prior consent.

2.5 Voting Rights.

(a) One Vote Per Series 4 VRDP Share. Except as otherwise provided in the Declaration or this Notice or as otherwise required by law, (i) each Holder of Series 4 VRDP Shares shall be entitled to one vote for each Series 4 VRDP Share held by such Holder on each matter submitted to a vote of shareholders of the Fund, and (ii) the holders of outstanding Preferred Shares, including Outstanding Series 4 VRDP Shares, and Common Shares shall vote together as a single class; provided, however, that the holders of outstanding Preferred Shares, including Outstanding Series 4 VRDP Shares, shall be entitled, as a class, to the exclusion of the Holders of all other securities and Common Shares of the Fund, to elect two trustees of the Fund at all times. Subject to Section 2.5(b), the Holders of outstanding Common Shares and Preferred Shares, including Series 4 VRDP Shares, voting together as a single class, shall elect the balance of the trustees.

(b) Voting For Additional Trustees.

(i) Voting Period. During any period in which any one or more of the conditions described in clauses (A) or (B) of this Section 2.5(b)(i) shall exist (such period being referred to herein as a “**Voting Period**”), the number of trustees constituting the Board of Trustees shall be automatically increased by the smallest number that, when added to the two trustees elected exclusively by the Holders of Preferred Shares, including Series 4 VRDP Shares, would constitute a majority of the Board of Trustees as so increased by such smallest number; and the Holders of Preferred Shares, including Series 4 VRDP Shares, shall be entitled, voting as a class on a one-vote-per-share basis (to the exclusion of the Holders of all other securities and classes of shares of beneficial interest of the Fund), to elect such smallest number of additional trustees, together with the two trustees that such Holders are in any event entitled to elect. A Voting Period shall commence:

(A) if, at the close of business on any dividend payment date for any outstanding Preferred Shares including any Outstanding Series 4 VRDP Shares, accumulated dividends (whether or not earned or declared) on such outstanding Preferred Shares equal to at least two (2) full years’ dividends shall be due and unpaid and sufficient cash or specified securities shall not have been deposited with the Tender and Paying Agent or other applicable paying agent for the payment of such accumulated dividends; or

(B) if at any time Holders of Preferred Shares are otherwise entitled under the 1940 Act to elect a majority of the Board of Trustees of the Fund.

Upon the termination of a Voting Period, the voting rights described in this Section 2.5(b)(i) shall cease, subject always, however, to the revesting of such voting rights in the Holders of Preferred Shares upon the further occurrence of any of the events described in this Section 2.5(b)(i).

(ii) Notice of Special Meeting. As soon as practicable after the accrual of any right of the Holders of Preferred Shares to elect additional trustees as described in Section 2.5(b)(i), the Fund shall call a special meeting of such Holders and notify the Tender and Paying Agent and/or such other Person as is specified in the terms of such Preferred Shares to receive notice (i) by mailing or delivery by Electronic Means or (ii) in such other manner and by such other means as are specified in the terms of such Preferred Shares, a notice of such special meeting to such Holders, such meeting to be held not less than ten (10) nor more than thirty (30) calendar days after the date of the delivery by Electronic Means or mailing of such notice or the delivery of such notice by such other means as are described in clause (ii) above. If the Fund fails to call such a special meeting, it may be called at the expense of the Fund by any such Holder on like notice. The record date for determining the Holders of Preferred Shares entitled to notice of and to vote at such special meeting shall be the close of business on the fifth (5th) Business Day preceding the calendar day on which such notice is mailed or otherwise delivered. At any such special meeting and at each meeting of Holders of Preferred Shares held during a Voting Period at which trustees are to be elected, such Holders, voting together as a class (to the exclusion of the Holders of all other securities and classes of shares of beneficial interest of the Fund), shall be entitled to elect the number of trustees prescribed in Section 2.5(b)(i) on a one-vote-per-share basis.

(iii) Terms of Office of Existing Trustees. The terms of office of the incumbent trustees of the Fund at the time of a special meeting of Holders of Preferred Shares to elect additional trustees in accordance with Section 2.5(b)(i) shall not be affected by the election at such meeting by the Holders of Series 4 VRDP Shares and such other Holders of Preferred Shares of the number of trustees that they are entitled to elect, and the trustees so elected by the Holders of Series 4 VRDP Shares and such other Holders of Preferred Shares, together with the two (2) trustees elected by the Holders of Preferred Shares in accordance with Section 2.5(a) hereof and the remaining trustees elected by the holders of the Common Shares and Preferred Shares, shall constitute the duly elected trustees of the Fund.

(iv) Terms of Office of Certain Trustees to Terminate Upon Termination of Voting Period. Simultaneously with the termination of a Voting Period, the terms of office of the additional trustees elected by the Holders of the Preferred Shares pursuant to Section 2.5(b)(i) shall terminate, the remaining trustees shall constitute the trustees of the Fund and the voting rights of the Holders of Preferred Shares to elect additional trustees pursuant to Section 2.5(b)(i) shall cease, subject to the provisions of the last sentence of Section 2.5(b)(i).

(c) Holders of Series 4 VRDP Shares to Vote on Certain Matters.

(i) Certain Amendments Requiring Approval of Series 4 VRDP Shares. Except as otherwise permitted by Sections 2.4(g) or 2.14, so long as any Series 4 VRDP Shares are Outstanding during the Initial Rate Period, the Fund shall not, without the affirmative vote or consent of the Holders of at least a majority of the Series 4 VRDP Shares Outstanding at the time, voting together as a separate class, amend, alter or repeal the provisions of the Declaration, the Statement or this Notice, whether by merger, consolidation or otherwise, so as to materially and adversely affect any preference, right or power of such Series 4 VRDP Shares or the Holders thereof; provided, however, that (i) a change in the capitalization of the Fund in accordance with Section 2.7 hereof shall not be considered to materially and adversely affect the rights and preferences of the Series 4 VRDP Shares, and (ii) a division of a Series 4 VRDP Share shall be deemed to materially and adversely affect such preferences, rights or powers only if the terms of such division materially and adversely affect the Holders of the Series 4 VRDP Shares. For purposes of the foregoing, no matter shall be deemed to materially and adversely affect any preference, right or power of a Series 4 VRDP Share or the Holder thereof unless such matter (i) alters or abolishes any preferential right of such Series 4 VRDP Share, or (ii) creates, alters or abolishes any right in respect of redemption of such Series 4 VRDP Share (other than solely as a result of a division of a Series 4 VRDP Share). So long as any Series 4 VRDP Shares are Outstanding during the Initial Rate Period, the Fund shall not, without the affirmative vote or consent of at least 66 $\frac{2}{3}$ % of the Holders of the Series 4 VRDP Shares Outstanding at the time, voting as a separate class, file a voluntary application for relief under Federal bankruptcy law or any similar application under state law for so long as the Fund is solvent and does not foresee becoming insolvent. Additionally, notwithstanding the foregoing, no amendment, alteration or repeal of (1) the obligation of the Fund to (x) pay the Failed Transition Redemption Price on the Failed Transition Redemption Date, (y) accumulate dividends at the Dividend Rate (as set forth in this Notice) for the Series 4 VRDP Shares, or (z) pay the Optional Redemption Premium or (2) the Liquidation Preference for the Series 4 VRDP Shares, shall be effected without, in each case, the prior unanimous vote or consent of the Holders of the Series 4 VRDP Shares. For the avoidance of doubt, no vote of the holders of Common Shares shall be required to amend, alter or repeal the provisions of this Notice.

(ii) 1940 Act Matters. Unless a higher percentage is provided for in the Declaration, the affirmative vote of the Holders of at least “a majority of the outstanding Preferred Shares,” including Series 4 VRDP Shares Outstanding at the time, voting as a separate class, shall be required (A) to approve any conversion of the Fund from a closed-end to an open-end investment company, (B) to approve any plan of reorganization (as such term is used in the 1940 Act) adversely affecting such shares, or (C) to approve any other action requiring a vote of security holders of the Fund under Section 13(a) of the 1940 Act. For purposes of the foregoing, the vote of a “majority of the outstanding Preferred Shares” means the vote at an annual or special meeting duly called of

(i) sixty-seven percent (67%) or more of such shares present at a meeting, if the Holders of more than fifty percent (50%) of such shares are present or represented by proxy at such meeting, or (ii) more than fifty percent (50%) of such shares, whichever is less.

(iii) Exclusive Right to Vote on Certain Matters. Except as otherwise required by the 1940 Act, other applicable law or the Declaration, (i) whenever a vote of Holders of Series 4 VRDP Shares is otherwise required by this Notice, Holders of Outstanding Series 4 VRDP Shares will be entitled as a Series, to the exclusion of the holders of all other shares, including other Preferred Shares, Common Shares and other classes of shares of beneficial interest of the Fund, to vote on matters affecting Series 4 VRDP Shares only and (ii) Holders of Outstanding Series 4 VRDP Shares will not be entitled to vote on matters affecting any other Preferred Shares that do not adversely affect any of the rights of Holders of Series 4 VRDP Shares, as expressly set forth in the Declaration and this Notice.

(d) Voting Rights Set Forth Herein Are Sole Voting Rights. Unless otherwise required by law, the Declaration or this Notice, the Holders of Series 4 VRDP Shares shall not have any relative rights or preferences or other special rights with respect to voting such Series 4 VRDP Shares other than those specifically set forth in this Section 2.5; provided, however, that nothing in the Statement or this Notice shall be deemed to preclude or limit the right of the Fund (to the extent permitted by applicable law) to contractually agree with any Holder or Designated Owner of Series 4 VRDP Shares that any action or inaction by the Fund shall require the consent or approval of such Holder or Designated Owner.

(e) No Preemptive Rights or Cumulative Voting. The Holders of Series 4 VRDP Shares shall have no preemptive rights or rights to cumulative voting.

(f) Sole Remedy for Fund's Failure to Declare or Pay Dividends. In the event that the Fund fails to declare or pay any dividends on the Series 4 VRDP Shares, the sole remedy of the Holders under this Notice, without limitation of any rights to payment of such dividends or other rights under the Declaration, this Notice or the Statement and applicable law, shall be the right to vote for trustees pursuant to the provisions of this Section 2.5. Nothing in this Section 2.5(f) shall be deemed to affect the obligation of the Fund to accumulate and, if permitted by applicable law, the Declaration, this Notice and the Statement, pay dividends at the Increased Rate in the circumstances contemplated by Section 2.1(g) hereof.

(g) Holdings Entitled to Vote. For purposes of determining any rights of the Holders of Series 4 VRDP Shares to vote on any matter, whether such right is created by the Statement or this Notice, by the Declaration, by statute or otherwise, no Holder of Series 4 VRDP Shares shall be entitled to vote any Series 4 VRDP Share and no Series 4 VRDP Share shall be deemed to be "Outstanding" for the purpose of voting or determining the number of shares required to constitute a quorum if, prior to or concurrently with the time of determination of shares entitled to vote or the time of the actual vote on the matter, as the case may be, the requisite Notice of Redemption with respect to such Series 4 VRDP Share shall have been given in accordance with this Notice and the requisite Deposit Securities for the payment of the Redemption Price of such Series 4 VRDP Share shall have been deposited in trust with the Tender and Paying Agent for that purpose. No Series 4 VRDP Share held by the Fund shall have any voting rights or be deemed to be outstanding for voting or for calculating the voting percentage required on any other matter or other purposes.

2.6 Rating Agencies. The Fund shall use commercially reasonable efforts to cause the Rating Agencies to issue long-term credit ratings with respect to the Series 4 VRDP Shares for so long as such Series is Outstanding during the Initial Rate Period. The Fund shall use commercially reasonable efforts to comply with any applicable Rating Agency Guidelines. If a Rating Agency shall cease to rate the securities of tax-exempt closed-end management investment companies generally, the Board of Trustees shall terminate the designation of such Rating Agency as a Rating Agency hereunder. The Board of Trustees may elect to terminate the designation of any Rating Agency as a Rating Agency hereunder with respect to Series 4 VRDP Shares so long as either (i) immediately following such termination, there would be at least one Rating Agency with respect to such

Series or (ii) it replaces the terminated Rating Agency with another NRSRO and provides notice thereof to the Holders of such Series; provided that such replacement shall not occur unless such a replacement Rating Agency shall have at the time of such replacement (i) published a rating for the Series 4 VRDP Shares and (ii) entered into an agreement with the Fund to continue to publish such rating subject to the Rating Agency's customary conditions. The Board of Trustees may also elect to designate one or more other NRSROs as Rating Agencies hereunder with respect to Series 4 VRDP Shares by notice to the Holders of the Series 4 VRDP Shares. The Rating Agency Guidelines of any Rating Agency may be amended by such Rating Agency without the vote, consent or approval of the Fund, the Board of Trustees or any Holder of Series 4 VRDP Shares or any other shareholder of the Fund.

2.7 Issuance of Additional Preferred Shares. So long as any Series 4 VRDP Shares are Outstanding, the Fund may, without the vote or consent of the Holders thereof, authorize, establish and create and issue and sell shares of one or more series of a class of Preferred Shares ranking on a parity with Series 4 VRDP Shares as to the payment of dividends and the distribution of assets upon dissolution, liquidation or the winding up of the affairs of the Fund, in addition to then Outstanding Series 4 VRDP Shares, and authorize, issue and sell additional shares of any such Series of Preferred Shares then outstanding or so established and created, including additional Series 4 VRDP Shares, in each case in accordance with applicable law, provided that the Fund shall, immediately after giving effect to the issuance of such Preferred Shares and to its receipt and application of the proceeds thereof, including to the redemption of Preferred Shares with such proceeds, have Asset Coverage (calculated in the same manner as is contemplated by Section 2.3(b)) of at least 225% and an Effective Leverage Ratio not greater than 45%.

2.8 Status of Redeemed, Exchanged or Repurchased Series 4 VRDP Shares. Series 4 VRDP Shares that at any time have been redeemed, exchanged or purchased by the Fund shall, after such redemption, exchange or purchase, have the status of authorized but unissued Preferred Shares.

2.9 Distributions with respect to Taxable Allocations². . Whenever a Taxable Allocation is to be paid by the Fund with respect to the Series 4 VRDP Shares with respect to any Dividend Period and either the Increased Rate or the Maximum Rate is not in effect during such Dividend Period, the Fund shall comply with one of clause (a), clause (b) or clause (c) of this Section 2.9:

(a) The Fund may provide notice to the Tender and Paying Agent prior to the commencement of any Dividend Period of the amount of the Taxable Allocation that will be made in respect of Series 4 VRDP Shares for such Dividend Period (a "**Notice of Taxable Allocation**"). Such Notice of the Taxable Allocation will state the amount of the dividends payable in respect of each Series 4 VRDP Share for such Dividend Period that will be treated as a Taxable Allocation and the adjustment to the Dividend Rate for each Dividend Reset Period (or portion thereof) included in such Dividend Period that will be required to pay the Additional Amount Payment in respect of the Taxable Allocation paid on such Series 4 VRDP Share for such Dividend Period. In lieu of adjusting the Dividend Rate, the Fund may make, in addition to and in conjunction with the payment of regular dividends for such Dividend Period, a supplemental distribution in respect of each share of such series for such Dividend Period equal to the Additional Amount Payment payable in respect of the Taxable Allocation paid on such share for such Dividend Period. The Fund will use commercially reasonable efforts to effect the adjustment or distribution in respect of Taxable Allocations in respect of the Series 4 VRDP Shares as provided in this Section 2.9(a), and shall only effect the distribution in respect of Taxable Allocations as described in Section 2.9(b) and/or Section 2.9(c) if such commercially reasonable efforts do not reasonably permit the Fund to effect the adjustment or distribution in respect of a Taxable Allocation as contemplated by this Section 2.9(a).

(b) If the Fund does not provide a Notice of Taxable Allocation as provided in Section 2.7(a) with respect to a Taxable Allocation that is made in respect of the Series 4 VRDP Shares, the Fund may make one or more supplemental distributions on the Series 4 VRDP Shares equal to the Additional Amount Payment due in respect of such Taxable Allocation. Any such supplemental distribution in respect of the Series 4 VRDP Shares shall be made reasonably promptly following any such Taxable Allocation and may be declared and paid on any

date, without reference to any regular Dividend Payment Date, to the Holders of the Series 4 VRDP Shares as their names appear on the registration books of the Fund on such date, not exceeding fifteen (15) calendar days preceding the payment date of such supplemental distribution, as may be fixed by the Board of Trustees.

(c) If in connection with a redemption of Series 4 VRDP Shares, the Fund makes a Taxable Allocation without having either given advance notice thereof pursuant to Section 2.9(a) or made one or more supplemental distributions pursuant to Section 2.9(b), the Fund shall direct the Tender and Paying Agent to send an Additional Amount Payment in respect of such Taxable Allocation to each Designated Owner of such shares at such Person's address as the same appears or last appeared on the record books of the Fund. For such purpose, the Fund and the Tender and Paying Agent may rely on the address most recently provided by the Designated Owner in accordance with the Purchase Agreement (including any transferee certificate delivered in accordance therewith).

(d) Except as required by the Purchase Agreement, for so long as the applicable provisions of the Purchase Agreement shall be in effect, the Fund shall not be required to pay an Additional Amount Payment with respect to the Series 4 VRDP Shares with respect to any net capital gain or ordinary income determined by the Internal Revenue Service to be allocable in a manner different from the manner used by the Fund.

2.10 Failed Transition Redemption Liquidity Account and Liquidity Requirement.

(a) By the first Business Day following the occurrence and during the continuance of the Failed Transition Period, the Fund shall cause the Custodian to earmark, by means of appropriate identification on its books and records or otherwise in accordance with the Custodian's normal procedures, from the other assets of the Fund (a "**Liquidity Account**") Liquidity Account Investments with a Market Value equal to at least 110% of the Liquidation Preference of the Outstanding Series 4 VRDP Shares. If, while the Failed Transition Period is continuing, the aggregate Market Value of the Liquidity Account Investments included in the Liquidity Account as of the close of business on any Business Day is less than 110% of the Liquidation Preference of the Outstanding Series 4 VRDP Shares, then the Fund shall cause the Custodian and the Investment Adviser to take all such necessary actions, including earmarking additional assets of the Fund as Liquidity Account Investments, so that the aggregate Market Value of the Liquidity Account Investments included in the Liquidity Account is at least equal to 110% of the Liquidation Preference of the Outstanding Series 4 VRDP Shares not later than the close of business on the next succeeding Business Day. With respect to assets of the Fund earmarked as Liquidity Account Investments, the Investment Adviser, on behalf of the Fund, shall be entitled to instruct the Custodian on any date to release any Liquidity Account Investments from such earmarking and to substitute therefor other Liquidity Account Investments, so long as (x) the assets of the Fund earmarked as Liquidity Account Investments at the close of business on such date have a Market Value at least equal to 110% of the Liquidation Preference of the Outstanding Series 4 VRDP Shares and (y) the assets of the Fund designated and earmarked as Deposit Securities at the close of business on such date have a Market Value at least equal to the Liquidity Requirement (if any) determined in accordance with paragraph (b) below with respect to the Outstanding Series 4 VRDP Shares for such date. The Fund shall cause the Custodian not to permit, and the Fund shall otherwise not permit, any lien, security interest or encumbrance to be created or permitted to exist on or in respect of any Liquidity Account Investments included in the Liquidity Account, other than liens, security interests or encumbrances arising by operation of law and any lien of the Custodian with respect to the payment of its fees or repayment for its advances.

(b) The Market Value of the Deposit Securities held in the Liquidity Account, from and after the day (or, if such day is not a Business Day, the next succeeding Business Day) preceding the Failed Transition Redemption Date specified in the table set forth below, shall not be less than the percentage of the Liquidation

Preference for the Outstanding Series 4 VRDP Shares set forth below opposite such day (the “**Liquidity Requirement**”), but in all cases subject to the cure provisions of subsection (c) below:

<u>Number of Days Preceding the Failed Transition Redemption Date</u>	<u>Market Value of Deposit Securities as Percentage of Liquidation Preference</u>
150	20%
120	40%
90	60%
60	80%
30	100%

(c) If the aggregate Market Value of the Deposit Securities included in the Liquidity Account as of the close of business on any Business Day is less than the Liquidity Requirement in respect of the Outstanding Series 4 VRDP Shares for such Business Day, then the Fund shall cause the earmarking of additional or substitute Deposit Securities in respect of the Liquidity Account, so that the aggregate Market Value of the Deposit Securities included in the Liquidity Account is at least equal to the Liquidity Requirement for the Outstanding Series 4 VRDP Shares not later than the close of business on the next succeeding Business Day.

(d) The Deposit Securities included in the Liquidity Account may be applied by the Fund, in its discretion, towards payment of the Failed Transition Redemption Price for the Outstanding Series 4 VRDP Shares. Upon the earlier to occur of (x) the successful Transition Remarketing of the Outstanding Series 4 VRDP Shares or (y) the deposit by the Fund with the Tender and Paying Agent of Deposit Securities having an initial combined Market Value sufficient to effect the redemption of the Outstanding Series 4 VRDP Shares on the Failed Transition Redemption Date for the Outstanding Series 4 VRDP Shares, the requirement of the Fund to maintain a Liquidity Account for the Outstanding Series 4 VRDP Shares as contemplated by this Section 2.10 shall lapse and be of no further force and effect.

2.11 Notice. All notices or communications hereunder, unless otherwise specified in this Notice, shall be sufficiently given if in writing and delivered in person, by telecopier, by Electronic Means or by overnight delivery. Notices delivered pursuant to this Section 2.11 shall be deemed given on the date received.

2.12 Termination. In the event that no Series 4 VRDP Shares are Outstanding, all rights and preferences of the Series 4 VRDP Shares established and designated hereunder shall cease and terminate, and all obligations of the Fund under the Statement and this Notice with respect to such Series shall terminate.

2.13 Actions on Other than Business Days. Unless otherwise provided herein, if the date for making any payment, performing any act or exercising any right, in each case as provided for in this Notice, is not a Business Day, such payment shall be made, act performed or right exercised on the next succeeding Business Day, with the same force and effect as if made or done on the nominal date provided therefor, and, with respect to any payment so made, no dividends, interest or other amount shall accrue for the period between such nominal date and the date of payment.

2.14 Modification. To the extent permitted by Section 2.5(c) and the Purchase Agreement, the Board of Trustees, without the vote of the Holders of the Series 4 VRDP Shares, may interpret, supplement or amend the provisions of this Notice or the Statement to supply any omission, resolve any inconsistency or ambiguity or to cure, correct or supplement any defective or inconsistent provision, including any provision that becomes defective after the date hereof because of impossibility of performance or any provision that is inconsistent with any provision of any other Preferred Shares of the Fund so long as the amendment does not adversely affect the rights and preferences of the Series 4 VRDP Shares affected thereby.

2.15 Transfers.

(a) A Designated Owner or Holder of any Series 4 VRDP Shares may sell, transfer or otherwise dispose of Series 4 VRDP Shares only in whole shares and only to (1) (i) Persons that such Designated Owner or Holder reasonably believes are “qualified institutional buyers” (as defined in Rule 144A under the Securities Act or any successor provision) in accordance with Rule 144A under the Securities Act or any successor provision that are registered closed-end management investment companies, the shares of which are traded on a national securities exchange (“**Closed-End Funds**”), bank entities that are 100% direct or indirect subsidiaries of banks’ publicly traded parent holding companies (collectively, “**Banks**”), insurance companies or registered open-end management investment companies, (ii) tender option bond trusts in which all investors are Persons that such Designated Owner or Holder reasonably believes are “qualified institutional buyers” (as defined in Rule 144A under the Securities Act or any successor provision) that are Closed-End Funds, Banks, insurance companies, or registered open-end management investment companies, or (iii) other investors with the prior written consent of the Fund and (2) unless the prior written consent of the Fund and the Holder(s) of more than 50% of the Outstanding Series 4 VRDP Shares is obtained, not a Nuveen Person, if such Nuveen Person would, after such sale and transfer, own more than 20% of the Outstanding Series 4 VRDP Shares.

(b) If at any time the Fund is not furnishing information pursuant to Section 13 or 15(d) of the Exchange Act, in order to preserve the exemption for resales and transfers under Rule 144A, the Fund shall furnish, or cause to be furnished, to holders of Series 4 VRDP Shares and prospective purchasers of Series 4 VRDP Shares, upon request, information with respect to the Fund satisfying the requirements of subsection (d)(4) of Rule 144A.

2.16 No Additional Rights. Unless otherwise required by law or the Declaration, the Holders of Series 4 VRDP Shares shall not have any relative rights or preferences or other special rights with respect to such Series 4 VRDP Shares other than those specifically set forth in the Statement and this Notice; provided, however, that nothing in this Notice or the Statement shall be deemed to preclude or limit the right of the Fund (to the extent permitted by applicable law) to contractually agree with any Holder or Designated Owner of Series 4 VRDP Shares with regard to any special rights of such Holder or Designated Owner with respect to its investment in the Fund.

ARTICLE 3

EXTENSION OF SPECIAL RATE PERIOD OR DESIGNATION OF NEW SUBSEQUENT RATE PERIOD

3.1 General Provisions.

(a) The Fund agrees to use its reasonable best efforts, to the extent that it can do so on a commercially reasonable basis, to extend the Initial Rate Period or transition to a new Subsequent Rate Period by:

(i) extending the Initial Rate Period through an extension of the Rate Period Termination Date then in effect, the terms of which extension are agreed to in writing by the Designated Owners of 100% of the Outstanding Series 4 VRDP Shares (the “**Required Designated Owners**”) and, to the extent different from the terms of the Initial Rate Period already in effect, are set forth in a new or amended Notice of Subsequent Rate Period; or

(ii) establishing a new Subsequent Rate Period to succeed the Initial Rate Period that will result in a transition to such new Subsequent Rate Period on the first Business Day immediately following the last day of the Initial Rate Period, as such day may be accelerated in accordance with Section 3.5 (such first Business Day,

whether or not a new Subsequent Rate Period commences on such day, as so accelerated, being referred to in this Notice of Subsequent Rate Period as the “**New Rate Period Commencement Date**”), the terms of which are agreed to in writing by the Required Designated Owners and are set forth in a new Notice of Subsequent Rate Period; or

(iii) establishing any other Subsequent Rate Period to succeed the Initial Rate Period that will result in a transition to such Subsequent Rate Period on the New Rate Period Commencement Date, with terms as set forth in a new Notice of Subsequent Rate Period designating the terms of such Subsequent Rate Period;

provided, that, if the Fund is not successful in extending the Initial Rate Period or transitioning to a new Subsequent Rate Period by using its reasonable best efforts to implement any one of the actions described in clauses (i), (ii) and (iii) above, it shall use its reasonable best efforts to attempt the actions described in one or both of the remaining two clauses until a Subsequent Rate Period to succeed the Initial Rate Period or an extension of the Initial Rate Period is established or no Series 4 VRDP Shares remain Outstanding.

(b) In the event that the Fund successfully establishes a new Subsequent Rate Period succeeding the Initial Rate Period, and no Failed Transition Event otherwise shall have occurred and be continuing as of the New Rate Period Commencement Date, then on and as of the New Rate Period Commencement Date, the Series 4 VRDP Shares shall be subject to the terms established for such Subsequent Rate Period. If a Failed Transition Event shall have occurred, the Subsequent Rate Period designated by the Fund shall not be established, pursuant to Section 3.3(c), all tendered Series 4 VRDP Shares, if any, shall be returned to the relevant tendering Holders by the Tender and Paying Agent, and all of the then Outstanding Series 4 VRDP Shares shall be redeemed by the Fund on the Failed Transition Redemption Date in accordance with Section 2.3(b).

(c) The Fund shall use its best efforts to cause the extension of the Initial Rate Period or transition to a new Subsequent Rate Period succeeding the Initial Rate Period and the terms and conditions of such Subsequent Rate Period to be consistent with the continuing qualification of the Series 4 VRDP Shares as equity in the Fund for U.S. federal income tax purposes, and it shall be a condition precedent to such transition that the Fund shall have received an opinion of counsel to the effect that the Series 4 VRDP Shares will continue to qualify as equity in the Fund for U.S. federal income tax purposes.

3.2 Election and Notice of Subsequent Rate Period Extension or Change.

(a) The Fund shall provide notice of the termination or expiration of the Initial Rate Period and proposed extension of the Initial Rate Period or transition to a Subsequent Rate Period succeeding the Initial Rate Period by delivering a notice of Subsequent Rate Period extension or change (a “**Rate Period Extension/Change Notice**”) by overnight delivery, by first class mail, postage prepaid or by Electronic Means to the Holders of the Series 4 VRDP Shares, or by requesting the Tender and Paying Agent, on behalf of the Fund, to promptly do so. The Rate Period Extension/Change Notice shall be provided not more than forty-five (45) calendar days and not less than ten (10) Business Days or such shorter or longer notice period as may be consented to by the Required Designated Owners, or, if so provided in the Purchase Agreement (if in effect), the Purchaser (which consent shall not be deemed to be a vote required by Section 2.5)) prior to the Rate Period Termination Date for the Initial Rate Period specified in such Rate Period Extension/Change Notice; provided that, no minimum notice period shall be required in connection with delivery of a Rate Period Extension/Change Notice following a Failed Transition Event.. Subject to the notice requirement in the immediately preceding sentence, in the case of an Optional Early Transition, the Fund may select any Wednesday that is a Business Day, and for which the next calendar day is also a Business Day, as the Rate Period Termination Date, with the new Subsequent Rate Period to commence on the New Rate Period Commencement Date and end not later than the final mandatory redemption date specified in paragraph (b)(i)(A) of Section 9 of Part I of the Statement. The terms of the extension of the Initial Rate Period or the new Subsequent Rate Period may not, in any event, affect the parity ranking of Series 4 VRDP Shares relative to each other or to any other series of Preferred Shares of the Fund then outstanding with respect to dividends or distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund.

(b) The Rate Period Extension/Change Notice shall state, as applicable: (A) the Rate Period Termination Date then in effect and the proposed extended Rate Period Termination Date, if any; (B) the series of VRDP Shares to which the notice relates; (C) the CUSIP number for the Series 4 VRDP Shares; (D) the Purchase Price on a per share basis; (E) that (i) all Outstanding Series 4 VRDP Shares will be subject to Mandatory Tender for Transition Remarketing and purchase on the New Rate Period Commencement Date, and (ii) in the event of a Failed Transition Event, all tendered Series 4 VRDP Shares will be returned to the relevant tendering Holders; (F) if applicable, the place or places where the certificate(s) for such shares (properly endorsed or assigned for transfer, if the Board of Trustees requires and the Rate Period Extension/Change Notice states) are to be surrendered for payment of the Purchase Price; and (G) that the notice relates to a Subsequent Rate Period extension or Subsequent Rate Period change and, if applicable, pursuant to an Optional Early Transition. The Fund may provide in any Rate Period Extension/Change Notice that such Subsequent Rate Period extension or change is subject to one or more additional conditions precedent and that the Fund shall not be required to effect such change unless each such condition has been satisfied at the time or times and in the manner specified in such Rate Period Extension/Change Notice; provided, that no such conditions shall affect the timing of termination or expiration of the Initial Rate Period or the consequences of a Failed Transition Event.

3.3 Extension of the Initial Rate Period or Transition to a New Subsequent Rate Period.

(a) In the case of an extension of the Initial Rate Period in accordance with Section 3.1(a)(i) above or a transition to a new Subsequent Rate Period succeeding the Initial Rate Period in accordance with Section 3.1(a)(ii) above, the Required Designated Owners by agreement with the Fund as to such extension or new Subsequent Rate Period shall be deemed to have irrevocably waived their right to the Mandatory Tender of their Series 4 VRDP Shares and shall retain their Series 4 VRDP Shares upon extension of the Initial Rate Period or as of the New Rate Period Commencement Date, as applicable. Such agreement and waiver shall be binding upon the then-current Holders and Designated Owners and each subsequent Holder and Designated Owner of the Series 4 VRDP Shares. Notice of such agreement, waiver and retention of shares shall be delivered by the Fund by Electronic Means to the Tender and Paying Agent by not later than 4:00 p.m., New York City time, on the Business Day preceding the Subsequent Rate Period Termination Date then in effect.

(b) In the case of a transition to a new Subsequent Rate Period succeeding the Initial Rate Period in accordance with Section 3.1(a)(iii) above, or otherwise in a successful transition not consented to by the Required Designated Owners, all Outstanding Series 4 VRDP Shares automatically shall be subject to Mandatory Tender for Transition Remarketing and delivered to the Tender and Paying Agent for purchase by purchasers in the Transition Remarketing on the New Rate Period Commencement Date, in the event of a successful Transition Remarketing. All tendered Series 4 VRDP Shares shall be remarketed at the Purchase Price of such Series 4 VRDP Shares. The calculation of the Purchase Price of the Series 4 VRDP Shares shall be made by the Transition Remarketing Agent in advance of the New Rate Period Commencement Date. The Fund shall use its best efforts to engage Nuveen Securities, LLC or another Person with expertise in remarketing variable-rate securities as Transition Remarketing Agent, and to cause the Transition Remarketing Agent to agree to use its best efforts to find purchasers for all the Series 4 VRDP Shares subject to Mandatory Tender pursuant to this Section 3.3, if the Fund determines that such appointment is necessary or desirable in order to achieve a successful transition to a Subsequent Rate Period.

(c) The retention of Series 4 VRDP Shares by the Designated Owners thereof pursuant to Section 3.3(a) (a “**Retention Transition**”) shall be deemed to constitute a successful Transition Remarketing. Otherwise, a Transition Remarketing shall be deemed successful only if a Failed Transition Event shall not have occurred. Upon the occurrence of a Failed Transition Event, all tendered Series 4 VRDP Shares shall be returned to the relevant tendering Holders by the Tender and Paying Agent.

(d) In the event of a successful Transition Remarketing (other than a Retention Transition), the proceeds of the sale of the tendered Series 4 VRDP Shares may be paid (i) through the Tender and Paying Agent or (ii) to the Designated Owners (directly or through the Securities Depository) as directed by the Fund. In the

case of (i), the proceeds shall be used by the Tender and Paying Agent for the purchase of the tendered Series 4 VRDP Shares at the Purchase Price, and the terms of the sale will provide for the wire transfer of such Purchase Price by the Transition Remarketing Agent (or the purchasers, as shall be agreed by the relevant parties) to be received by the Tender and Paying Agent no later than 11:00 a.m., New York City time, on the New Rate Period Commencement Date for payment to the Holders tendering Series 4 VRDP Shares for sale through the Securities Depository in immediately available funds, and, in the case of (ii), the terms of the sale will provide for the wire transfer of such Purchase Price by the Transition Remarketing Agent (or the purchasers, as shall be agreed by the relevant parties) to be made by no later than 11:00 a.m., New York City time (or such other time as the Transition Remarketing Agent and/or the purchasers and the Designated Owners may agree), on the New Rate Period Commencement Date, in either case, against delivery of the tendered Series 4 VRDP Shares either (x) to the Tender and Paying Agent through the Securities Depository on the New Rate Period Commencement Date and the re-delivery of such Series 4 VRDP Shares by means of “FREE” delivery through the Securities Depository to the Transition Remarketing Agent for delivery to the relevant purchaser or its Agent Member or (y) directly to the Transition Remarketing Agent or the relevant purchaser or its Agent Member, through the Securities Depository by 3:00 p.m., New York City time, on the New Rate Period Commencement Date.

(e) By 3:30 p.m., New York City time, on the New Rate Period Commencement Date, the Transition Remarketing Agent (or the purchasers, if there is no Transition Remarketing Agent) shall deliver a notice to the Tender and Paying Agent and the Fund (a “**Transition Notice**”), by Electronic Means, that provides notice of the successful Transition Remarketing of all Outstanding Series 4 VRDP Shares or, if applicable, the number of Series 4 VRDP Shares, if any, not successfully remarketed for purchase on the New Rate Period Commencement Date, and the Purchase Price per Series 4 VRDP Share. If (i) the Transition Notice states, if applicable, that the Transition Remarketing Agent has not successfully remarketed all of the Series 4 VRDP Shares to be purchased on the New Rate Period Commencement Date, or (ii) the remarketing proceeds for any tendered Series 4 VRDP Shares have not been received for any reason (x) by the Tender and Paying Agent by 4:30 p.m., New York City time, or (y) if payment is made directly to the Designated Owners, by the Designated Owners by 3:00 p.m., New York City time, in each case, on the New Rate Period Commencement Date, or (iii) the Fund has otherwise been unsuccessful in establishing a new Rate Period (in each of which cases the Series 4 VRDP Shares will be treated as not having been successfully remarketed), the Tender and Paying Agent will promptly, and in any event by approximately 5:00 p.m., New York City time, on the New Rate Period Commencement Date, deliver by Electronic Means to the Holders, the Fund and the Transition Remarketing Agent a notice stating that a Failed Transition Event has occurred; provided, that, if payment for all Outstanding Series 4 VRDP Shares is being made through the Tender and Paying Agent and is received by the Tender and Paying Agent after 2:45 p.m., New York City time, but by 4:30 p.m., New York City time, on such day, if applicable, or if the Fund and the Required Designated Owners agree in writing to waive the occurrence of a Failed Transition Event on such day, then the Rate Period Termination Date shall be deemed changed to such day and the New Rate Period Commencement Date shall be deemed changed to the immediately succeeding Business Day. The New Rate Period Commencement Date, and the date, if any, to which it shall have been postponed in accordance with the foregoing, shall be a Dividend Payment Date.

(f) Any funds paid by the Transition Remarketing Agent and held in an account of the Tender and Paying Agent for the payment of the Purchase Price in connection with the Transition Remarketing shall be held in trust for the benefit of the Transition Remarketing Agent on account of purchasers of the Series 4 VRDP Shares in the Transition Remarketing until the Series 4 VRDP Shares are delivered by the tendering Holders against payment therefor, or returned to the Transition Remarketing Agent on account of such purchasers. In the event of a successful Transition Remarketing, upon receipt of Series 4 VRDP Shares from the tendering Holders by the Tender and Paying Agent, the Tender and Paying Agent shall pay, subject to receipt of the Purchase Price by the Tender and Paying Agent in the form of remarketing proceeds from the Transition Remarketing Agent, the Purchase Price for such Series 4 VRDP Shares to such tendering Holders. In accordance with and subject to the foregoing, the Tender and Paying Agent shall effect any such payment on the New Rate Period Commencement Date.

(g) Except as otherwise expressly provided for herein, the purchase and delivery of tendered Series 4 VRDP Shares in the form of global securities, the Transition Remarketing, and payments with respect to the foregoing, will be accomplished in accordance with the applicable procedures of the Securities Depository.

(h) The Transition Remarketing Agent shall not be obligated to purchase any Series 4 VRDP Shares that would otherwise remain unsold in the Transition Remarketing. The Transition Remarketing Agent in its sole discretion may, however, purchase for its own account Series 4 VRDP Shares in the Transition Remarketing. None of the Fund, the Tender and Paying Agent or the Transition Remarketing Agent shall be obligated in any case to provide funds to make payment to a Holder upon such Holder's tender of its Series 4 VRDP Shares in the Transition Remarketing unless, in each case, such Series 4 VRDP Shares were acquired for the account of the Fund, the Tender and Paying Agent or the Transition Remarketing Agent.

(i) In the event that Series 4 VRDP Shares are issued in certificated form outside the book-entry system of the Securities Depository and a Holder of Series 4 VRDP Shares fails to deliver such Series 4 VRDP Shares on or prior to the New Rate Period Commencement Date, the Holder of such Series 4 VRDP Shares shall not be entitled to any payment (including any accumulated but unpaid dividends thereon, whether or not earned or declared) other than the Purchase Price of such undelivered Series 4 VRDP Shares as of the New Rate Period Commencement Date. Any such undelivered Series 4 VRDP Shares will be deemed to be delivered to the Tender and Paying Agent, and the Tender and Paying Agent will place stop-transfer orders against the undelivered Series 4 VRDP Shares. Any moneys held by the Tender and Paying Agent for the purchase of undelivered Series 4 VRDP Shares will be held in a separate account by the Tender and Paying Agent, will not be invested, and will be held for the exclusive benefit of the Holder of such undelivered Series 4 VRDP Shares. The undelivered Series 4 VRDP Shares will be deemed to be no longer Outstanding (except as to entitlement to payment of the Purchase Price), and the Fund will issue to the purchaser replacement Series 4 VRDP Share certificates in lieu of such undelivered Series 4 VRDP Shares.

(j) The Transition Remarketing Agent may modify the settlement procedures set forth above with respect to the Transition Remarketing (other than timing requirements) with the written consent of the Fund, the Tender and Paying Agent and the Designated Owners. The Fund may modify or waive each of the timing requirements set forth above with the written consent of the Designated Owners, the Transition Remarketing Agent and the Tender and Paying Agent, in each case such consent to be required only to the extent such party is affected thereby.

(k) Upon the occurrence of a successful Transition Remarketing, the Fund will be deemed to have successfully established a new Subsequent Rate Period, and the Series 4 VRDP Shares shall be subject to the terms established for the new Subsequent Rate Period.

3.4 Failed Transition Event.

(a) If a Failed Transition Event occurs, the extension of the Initial Rate Period or the new Subsequent Rate Period, as applicable, designated by the relevant Rate Period Extension/Change Notice shall not be established. In such event, subject to Section 3.4(b), the Failed Transition Period shall commence and be deemed an extension of the Initial Rate Period and, for each Dividend Reset Period or portion thereof during the Failed Transition Period, the Dividend Rate shall be the Failed Transition Period Dividend Rate. Pursuant to Section 3.3(c), all tendered Series 4 VRDP Shares shall be returned to the relevant tendering Holders by the Tender and Paying Agent.

(b) During the Failed Transition Period, the Fund shall continue to use its reasonable best efforts to successfully establish a Subsequent Rate Period for the Series 4 VRDP Shares, or use its reasonable best efforts to extend the Initial Rate Period in accordance with Section 3.1 and, in connection with each such attempt, may designate by a Rate Period Extension/Change Notice, a Subsequent Rate Period with new or different terms in accordance with Section 3.2, until a Subsequent Rate Period to succeed the Initial Rate Period or an extension of the

Initial Rate Period is established or no Series 4 VRDP Shares remain Outstanding. If a Failed Transition Event occurs in connection with the Transition Remarketing relating to such continued attempt to establish a Subsequent Rate Period to extend or succeed the Initial Rate Period, any such Failed Transition Event shall not alter the Failed Transition Period, the Failed Transition Redemption Date or the Failed Transition Period Dividend Rate. In the event that the Fund successfully extends the Initial Rate Period or establishes a Subsequent Rate Period to succeed the Initial Rate Period, the Failed Transition Period shall terminate, and the Series 4 VRDP Shares shall be subject to the terms established for such extension or new Subsequent Rate Period.

3.5 Optional Early Transition to Subsequent Rate Period at the Option of the Fund.

(a) For the purpose of effecting an early transition to a new Subsequent Rate Period with respect to all of the Outstanding Series 4 VRDP Shares, the Fund may at its option accelerate the expiration date of the Initial Rate Period (“an **Optional Early Transition**”) to any Business Day (the “**Optional Early Transition Date**”) by delivering a Rate Period Extension/Change Notice in accordance with Section 3.2 above. The proposed transition to a new Subsequent Rate Period to follow the expiration of the Initial Rate Period on the Optional Early Transition Date shall otherwise be effected in accordance with, and governed by, this Article 3 of this Notice.

(b) Notwithstanding the foregoing provisions of this Section 3.5, the Fund may, in its sole discretion and without a shareholder vote, modify the procedures set forth above with respect to notification of optional early transition for the Series 4 VRDP Shares, provided that such modification does not materially and adversely affect the Holders of the Series 4 VRDP Shares or cause the Fund to violate any applicable law, rule or regulation; and provided further that no such modification shall in any way alter the rights or obligations of the Tender and Paying Agent without its prior written consent.
